Re: NEPA Technical Inquiry 0009 - Legacy Resource Management Program

Dear NEPA Call-In User:

This letter is in response to your request for the Air Combat Command (ACC) publication entitled "Legacy Resource Management Program."

NEPA Call-In contacted Captain Tim Fuller, Environmental Management, HQ ACC/CEVV, (757) 764-4430, who referred us to Mr. Roy Barker, Analysis Branch, HQ ACC/CEVV.

We contacted Mr. Barker, (757) 764-3056, for a copy of the publication. Mr. Barker stated he did not know of a publication entitled "Legacy Resource Management Program," and referred us to Dr. Douglas Ripley, Natural Resources Program Manager, Headquarters United States Air Force, HQ USAF/CEVP, (703) 695-6118.

NEPA Call-In contacted Dr. Ripley, Legacy Program point of contact, who was not aware of a document with the title you provided.

In our follow up call to you, you stated a GSA representative in Texas gave you the title "Legacy Resource Management Program" and suggested we contact him for more information.

We contacted the representative who stated the title is "Legal Resource Book, Historic Preservation and Cultural Resource Management," Corp of Engineers, prepared for ACC. He also stated seven hundred of these documents were produced and distributed to Army, Air Force, Marine and Navy installations, but it is no longer available. The Representative suggested we contact Mr. Mike Hilger, Fort Sam Houston, San Antonio, Texas for a copy.

Finally, NEPA Call-In contacted Mr. Mike Hilger, Historical Architect, Fort Sam Houston, (210) 221-4930. Mr. Hilger provided a copy of the publication (enclosed).

The materials in this TI have been prepared for use by GSA employees and contractors and are made available at this site only to permit the general public to learn more about NEPA.
