Re: NEPA Technical Inquiry 0044A - Success Stories

Dear NEPA Call-In User:

This letter is in further response to your March 17, 1997 request for success stories from the GSA regions. Specifically, you are looking for success stories on recycling, the improvement of indoor air quality, energy conservation, new initiatives (new items identified to recycle), and energy conserving products. You will include these success stories in an accomplishments report for GSA.

#### SUMMARY OF FINDINGS

In our previous response dated April 8, 1997, we stated we contacted each of the Regions and provided success stories from Regions 1, 2, 3, 4, 8, and 9. Regions 5, 6, and 10 did not have any success stories to submit. Finally, we stated we were coordinating with Region 7 and the National Capital Region for their success stories which we stated we would forward to you upon receipt.

#### DETAILED FINDINGS

Since our previous response, NEPA Call-In contacted Chief, Environmental Section, Support Services Branch, Region 7, who stated they did not have any success stories to submit at this time.

NEPA Call-In contacted Environmental Quality Advisory Group (EQAG) Point of Contact, National Capital Region, who also stated they did not have any success stories to submit at this time.

The materials in this TI have been prepared for use by GSA employees and contractors and are made available at this site only to permit the general public to learn more about NEPA. The information is not intended to constitute legal advice or substitute for obtaining legal advice from an attorney licensed in your state and may or may not reflect the most current legal developments. Readers should also be aware that this response is based upon laws, regulations, and policies in place at the time it was prepared and that this response will not be updated to reflect changes to those laws, regulations and policies.

Sincerely,

(Original Signed)

NEPA Call-In Researcher
