Re: NEPA Call-In Technical Inquiry 0062 - CEQ P2 Guidance

Dear NEPA Call-In User:

This letter is in response to your April 2, 1997 request for the Council on Environmental Quality (CEQ) guidance on incorporating pollution prevention into the National Environmental Policy Act (NEPA) decision making process. Your inquiry was a result of the GSA Environmental Quality Advisory Group (EQAG) meeting on April 2 and 3, 1997.

NEPA Call-In reviewed its files and located a copy of the CEQ's Federal Register Notice, Volume 58, Number 18, January 29, 1993, "National Environmental Policy Act; Pollution Prevention," (enclosed).

The materials in this TI have been prepared for use by GSA employees and contractors and are made available at this site only to permit the general public to learn more about NEPA. The information is not intended to constitute legal advice or substitute for obtaining legal advice from an attorney licensed in your state and may or may not reflect the most current legal developments. Readers should also be aware that this response is based upon laws, regulations, and policies in place at the time it was prepared and that this response will not be updated to reflect changes to those laws, regulations and policies.

Sincerely,

(Original Signed)
