

January 1999

Re: NEPA Technical Inquiry 0457 - Who Processes LOMAs and LOMRs for FEMA?

This letter is in response to your January 25, 1999 request for information about who processes Letters of Map Amendment (LOMAs) and Letters of Map Revision (LOMRs) for the Federal Emergency Management Agency (FEMA) and the National Flood Insurance Program (NFIP). You stated you are aware that requests for such actions are processed by FEMA contractors and you would like the name and number of the contractor.

NEPA Call-In reviewed NFIP information on the FEMA world wide web site and found a toll free telephone number for LOMA and LOMR requests. When dialed from Texas, the number, (877) 336-2627, defaults to Baker and Associates, which is the FEMA contractor for LOMA and LOMR requests. This information was hand-delivered to you while you were in Washington D.C. on Wednesday, January 26, 1999.

The materials in this TI have been prepared for use by GSA employees and contractors and are made available at this site only to permit the general public to learn more about NEPA. The information is not intended to constitute legal advice or substitute for obtaining legal advice from an attorney licensed in your state and may or may not reflect the most current legal developments. Readers should also be aware that this response is based upon laws, regulations, and policies in place at the time it was prepared and that this response will not be updated to reflect changes to those laws, regulations and policies.

Sincerely,

(original signed)

NEPA Call-In Researcher
