

CHANGE 5
EFFECTIVE March 28, 2012

The General Services Administration (GSA) and the Department of Navy, Naval Supply Systems Command (NAVSUP), Fleet Logistic Centers (FLCs) are currently reconsidering the best options available to handle the shipments recently included in the request for rate offers for the non-alternating, Agency Specific Code (NAVDD). GSA and the FLCs will continue with their discussions, but at this time a decision has been made to rescind the request for submission of rate offers for NAVDD until such a time that more specific details can be provided.

We at GSA appreciate the support of our partner TSPs during this process and as we try to help the FLCs best meet their requirements. For those TSPs who have already submitted rate offers for NAVDD, those rate offers will automatically be deleted. We apologize for any inconvenience on the part of our TSPs partners.

As identified in Change 4, the supplemental filing window due date identified in Section 1-2.5 of the RFO has been extended to April 4, 2012. The 2011-2012 RFO can be found at www.gsa.gov/transportation. Click on “Household Goods Transportation” and then on “[HTOS and RFO Reference Library](#).”

If you have any questions regarding the RFO, please contact Robyn Bennett at robyn.bennett@gsa.gov or 816-823-3646 or Kim Chancellor at kim.chancellor@gsa.gov or 816-823-3646.

If you have any questions regarding the FLCs shipments, please contact the FLCs directly.
