Re: NEPA Technical Inquiry 0117 - Tri-Fold Brochure, TI 14, SOWS

Dear NEPA Call-In User:

This letter is in response to your July 2, 1997 request for a copy of the NEPA Call-In tri-fold brochure and technical inquiry (TI) 14, "Summary of NEPA Call-In Services." You also requested electronic copies of the statements of work (SOWs) for an environmental impact statement (EIS) and environmental site assessments (ESAs) you provided to NEPA Call-In. You provided hard copies of these SOWs to NEPA Call-In for TI 111, "Sample Scopes of Work: EA, EIS, ESA," which we converted to electronic format.

NEPA Call-In faxed, at your request, copies of the tri-fold brochure and TI 14 on July 2, 1997. We are enclosing electronic copies (on 3.5" diskette in Microsoft Word 6.0 format) of the EIS, and Phase I and Phase II ESAs you provided to NEPA Call-In.

The materials in this TI have been prepared for use by GSA employees and contractors and are made available at this site only to permit the general public to learn more about NEPA. The information is not intended to constitute legal advice or substitute for obtaining legal advice from an attorney licensed in your state and may or may not reflect the most current legal developments. Readers should also be aware that this response is based upon laws, regulations, and policies in place at the time it was prepared and that this response will not be updated to reflect changes to those laws, regulations and policies.

Sincerely,

(Original Signed)

NEPA Call-In Researcher
