

Is your agency doing its part for veterans?

GSA Schedules can make it easier to reach the statutory goal for contracting with service-disabled veteran-owned small businesses.

GSA: A vanguard for veteran-owned

Veterans Entrepreneurship and Small Business Development Act of 1999, Public Law 106-50

Established the governmentwide goal for participation by service-disabled veteran-owned small businesses at 3% of the total value of prime contract awards for each fiscal year.

Veterans Entrepreneurship and Benefits Improvement Act of 2003, Public Law 108-183

Allows sole-source contracts and contract set-asides.

Executive Order 13360, Providing Opportunities for Service-Disabled Veteran Businesses To Increase Their Federal Contracting and Subcontracting, October 2004

Directs agencies to more effectively implement the Veterans Entrepreneurship and Small Business Development Act.

Since 1999, GSA has worked to make reaching these acquisition goals easier for federal agencies.

businesses in federal acquisitions

We are proud of our accomplishments:

- GSA Schedule contracts comprise 15 percent of veteran-owned business contract revenue. GSA Schedules are the fastest-growing contract vehicle being used by federal agencies to contract with service-disabled veteran-owned businesses.
- Being on GSA Schedule has provided veteran-owned businesses effective revenue opportunities. The average Schedule order totals nearly three times the average open-market contract order.
- e-Library (GSA's online Schedule vendor database) and e-Buy (the online Schedule Request-for-Quote tool) enable users to sort and view veteran and service-disabled veteran ownership status during the acquisition process.
- GSA's Federal Procurement Data System (FPDS) Individual Contract Action Report (ICAR) database officially began using the Veterans Ownership Code in FY 2000.
- GSA, the Department of Veteran Affairs, the Department of Defense, the Defense Logistics Agency, the Small Business Administration and a number of federal departments, agencies and allied organizations are working in partnership to create new opportunities for veteran-owned and service-disabled veteran-owned businesses.
- In 2005, GSA began solicitation for the VETS (Veterans Technology Services) Governmentwide Acquisition Contract (GWAC), a service-disabled veteran-owned small business set-aside GWAC. The VETS GWAC is designed to provide worldwide information technology solutions to federal agencies, while strengthening federal contracting opportunities for service-disabled veteran-owned small business concerns.

A long way to go: 3 percent statutory

How is the federal government doing?

The Veteran's Entrepreneurship and Small Business Development Act was passed in 1999 and established the governmentwide statutory goal at a minimum of 3 percent of the total value of contract awards for each fiscal year to be awarded to service-disabled veteran-owned small businesses. Despite additional legislation in 2003 and an executive order in 2004, this goal has not been met:

- Federal agencies spent 0.6 percent of their total prime contract dollars with veteran-owned businesses.
- Federal agencies spent only 0.12 percent of their contract dollars with service-disabled veteran businesses. This means that awards to service-disabled veteran-owned small businesses will have to grow 25 times to reach the statutory goal of 3 percent of all federal contract spending.
- The top 100 veteran-owned businesses account for 42.8 percent of all veteran-owned business spending. Half of total prime contract dollars went to 0.7 percent of veteran-owned businesses.

Data Source: SBA Report: Characteristics of Federal Government Procurement Spending with Veteran-Owned Businesses, June 2004

goal versus the 0.12 percent reality.

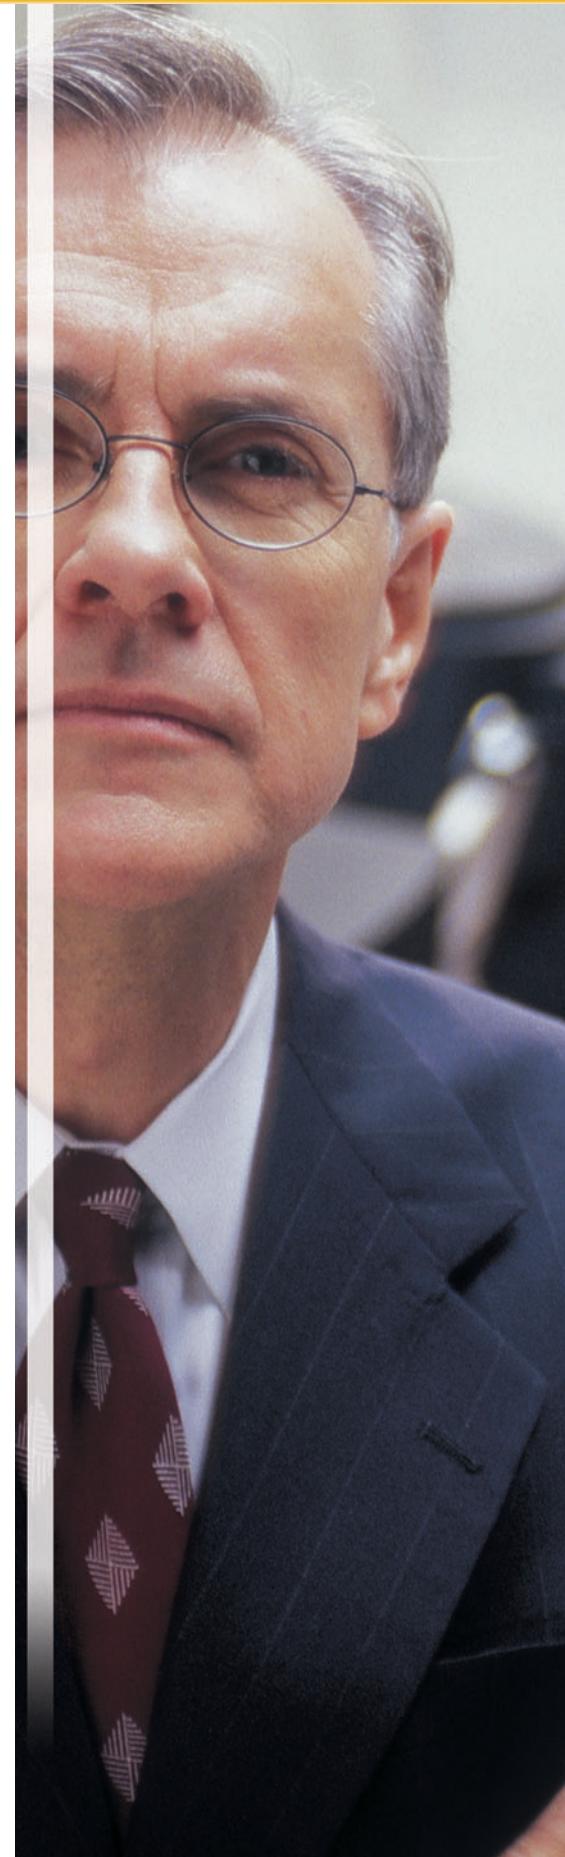

How is your agency doing?

Current federal spending with veteran-owned businesses is concentrated within a few agencies. In fact, eight of 10 dollars spent with veteran-owned businesses come from just five agencies, and the top 10 agencies listed below comprise 93.1 percent* of all federal veteran-owned business spending.

| Spending with Veteran-Owned Businesses | | | |

Allow veteran-owned small businesses the opportunity to participate in your next acquisition. The GSA Multiple Award Schedule Program can make it easy.

How the GSA Schedules

Veteran-owned businesses

The Schedules program:

- **Helps leverage marketing resources**

The Multiple Award Schedules program allows veteran-owned businesses to leverage marketing resources to reach throughout the federal community cost-effectively. The program creates a single, powerful channel that connects businesses to federal agencies. With GSA's online tools, businesses can provide information to the entire federal purchasing community.

- **Reduces Administrative Burden and Contracting Costs**

Widely used multiple-agency contract vehicles (such as the Schedules program) offer veteran-owned businesses the opportunity to do business with multiple agencies under an existing contract. Agencies place purchase orders and task orders against this existing contract. This prevents the administrative, time and cost burdens that are common with multiple open-market contracts.

program benefits ...

Federal agencies

The Schedules program:

- **Supports statutory goals**

Public Law 106-50 establishes that the statutory goal for prime contract dollars awarded to service-disabled veteran-owned small businesses stands at 3 percent. With the Schedules program, identifying and including veteran-owned businesses in the competition for your agency's business requires minimal effort on your part, and it can make a considerable, positive impact on veteran-owned businesses.

- **Reduces Administrative Burden and Contracting Costs**

The Schedules program and GSA's online tools offer a streamlined, automated way to identify and include veteran-owned businesses in the research and Request-for-Quote (RFQ) process. Your agency can place purchase orders and task orders against an existing contract. This prevents the administrative, time and cost burden of multiple open-market contracts.

Using GSA's online tools to

Use GSA's online tools to find veteran-owned and service-disabled veteran-owned businesses

GSA's online acquisition tools are designed to make purchasing easier and faster for government agencies. e-Tools expedite government acquisition activities, such as sourcing products and services, placing orders, and managing the bid process. The e-Tools also benefit GSA Schedule holders by allowing vendors to post and update information and, with greater efficiency, learn about business opportunities.

e-Tools:

GSAAdvantage[®] – GSA's leading online shopping and ordering system provides access to thousands of vendors and millions of services and products. (Page 7 contains further information about **GSAAdvantage[®]**.)

e-Library – GSA's online source for GSA and VA Schedules contract information. Users can easily find sources by searching via Schedule number, contractor's name, contract number, Special Item Number (SIN), or keyword. (Page 8 contains further information about e-Library.)

e-Buy – GSA's online Request-for-Quote (RFQ) tool for federal purchasing agents. Buyers can create RFQs for any of the products or services offered via GSA's Multiple Award Schedules program. (Page 9 contains further information about e-Buy.)

With e-Tools, GSA has simplified the process of locating veteran-owned businesses by classifying vendors by socioeconomic status. To help distinguish whether a vendor is a veteran-owned or service-disabled veteran-owned business, the vendors are labeled with the socioeconomic indicators shown below:

- v Veteran-owned small business
- dv Service-disabled veteran-owned small business

Questions about using any of GSA's online acquisition tools can be directed to the help desk at (877) 472-3777.

GSAAdvantage[®]: purchasing power

GSAAdvantage[®], GSA's premier online shopping and ordering system, gives federal purchasing agents access to millions of products and services from thousands of commercial vendors.

GSAAdvantage[®] offers an efficient, effective way to shop, allowing customers to compare alternatives in detail, order online, check order status, and handle payment with the GSA SmartPay[®] Purchase Card or an account with an Activity Address Code.

The screenshot shows the 'Advanced Search' interface. At the top, there are dropdown menus for 'Search for:' and 'Search in:', both set to 'All Categories'. Below these are several filter sections: 'Restrict your search' (checkboxes for UNICOR, CPG, SBA, VA Medical items, and various business types like Small business, Veteran owned small business, etc.); 'Price more than \$ []' and 'Price less than \$ []'; and a 'Find it!' button. The background features a red diagonal graphic.

The screenshot shows the main GSAAdvantage homepage. It includes a search bar with placeholder text 'Enter keywords, part#/NSN, manufacturer, contractor, contract #', a 'Look in...' dropdown, and a 'Find it!' button. Below the search is a 'Welcome' message: 'With millions of products and services at your fingertips, GSA Advantage provides the most convenient one-stop shopping source to meet all your procurement needs. With GSA Advantage you have...'. To the left is a 'Browse By Category' sidebar with links to Building & Industrial, Furniture & Furnishings, Hospitality, Cleaning, & Chemicals, IT Solutions & Electronics, Laboratory, Scientific, & Medical, Law Enforcement, Fire, & Security, Office Solutions, Recreation & Apparel, Services, Tools, Hardware, & Machinery, and Vehicles & Watercraft. A 'Special Categories' section lists the JWOD Program. On the right, there are several buttons: 'Requisition Status', 'NSN Quick Order', 'FEDSTRIPE', 'Password assistance', 'How do I get order status?', 'About overseas ordering', 'How do I obtain a GSA Supply Catalog?', and 'View our Tutorial...'. A 'GSA e-Buy' box encourages users to get quotes using the service, and a 'Vendor Help' box provides links for getting contracts, getting on GSA, and receiving orders.

e-Buy: the online Request for Quote tool

e-Buy, a component of GSAAdvantage®, is an online Request for Quote (RFQ) tool designed to facilitate the request for quotes for a wide range of commercial supplies and services that are offered by GSA Schedule contractors on GSAAdvantage®.

e-Buy maximizes federal agencies' buying power by leveraging the power of the Internet to increase Schedule contractor participation. This enables buyers to obtain quotations that result in "best value" purchasing decisions.

For Schedule contractors, e-Buy provides greater opportunities to offer quotes and increase business volume for supplies and services provided under their Schedule contracts.
