Subject: Updated RWA IPAC Data Fields Brochure Now Available

In an effort to keep GSA customers informed of changes that may impact their billing processes, this email is to inform you that the RWA IPAC Data Fields Brochure (PDF) has been updated to reflect recent changes to how GSA will populate RWA IPAC data fields for its billing customers. Version 2 of this brochure is now available at http://www.gsa.gov/portal/getMediaData?mediaId=166687 (PDF) and includes the following revisions:

The following data fields will continue to be populated with "NA":
  - Contract line item number
  - Job number

Two additional data fields will be changing effective July 2013:
  - Fiscal station number
  - (ACT) trace number

Examples of the following data fields have been corrected:
  - Document reference number
  - Fiscal station number
  - Accounting classification code
  - Obligating document number
  - Sender Treasury account symbol
  - (ACT) trace number

Please use the information in this brochure to prepare to load data correctly into your internal systems without disruption when these changes take effect in July 2013.

We will continue to communicate with you to support your transition to VCSS. Please visit http://www.gsa.gov/baar for more information. Note that all our communications materials can be found here: http://www.gsa.gov/portal/content/142063.

The GSA Billing and Accounts Receivable (BAAR) Team
