GSA Total Workplace

Total Workplace Offerings

National Workplace Engagement

Partnering with agencies in creating a customized workplace program to advance new workplace strategies across their real estate portfolio to meet the client's business, sustainability, and real estate goals. (GSA funded strategy/Client funded implementation)

Pilot /Demonstration Program

Targeted program working with agencies to develop a small-scale demonstration work space to test and demonstrate new workplace strategies and serve as a catalyst for broad implementation across their real estate portfolio. (GSA funded strategy/Client funded implementation)

Furniture and Information Technology (FIT)

A national funding initiative that integrates FAS and PBS resources into a new GSA service offering to help other federal agencies use their workspace more efficiently and effectively.

What is FIT (Furniture & Technology)?

FIT is a national GSA initiative that integrates FAS and PBS resources into a new service offering.

The offering provides funding that supports new workplace strategies.

GSA Total Workplace

Furniture and Information Technology (FIT)

What is FIT?

- FIT addresses an agency's furniture and IT requirements necessary to right-size their space.
- No up-front funding required; it minimizes an agency's initial capital investment and does not create an obligation need. The furniture and IT costs are amortized into the rent.
- Products, not services, are offered
- Multi-year term agreement with the customer agency:
 - 3-years for IT; 5-years for furniture.
- Ownership transfers to the customer at the end of the agreement

Furniture and Information Technology(FIT)

FIT Objectives:

- 1. Create a place where people want to come to work.
- 2. Encourage and support collaboration.
- 3. Improve productivity.
- 4. Improve space utilization.
- 5. Produce energy and carbon savings.
- 6. Save taxpayer dollars.

GSA Total Workplace

Furniture and Information Technology (FIT)

FIT Qualification Checklist Four Mandatory Requirements:

- . Comply with your agency's utilization rate policy **or** 100-150 USF for TTO (total office), and 170 USF for the all-in UR.
- 2. Maximize natural light by specifying furniture panels no taller than 54".
- 3. Open workstations must not exceed 50 SF.
- 4. Offices must not exceed 150 SF. FIT Furniture can be purchased for offices 80 to150 SF only.

Furniture and Information Technology (FIT)

FIT Qualification Checklist - Optional Design Requirements A Minimum of SIX factors must be incorporated:

- 1. Locate enclosed offices support spaces on interior walls.
- 2. Utilize glass walls instead of solid walls where appropriate.
- 3. Create open, interactive, free-flowing space to encourage collaboration.
- 4. Analyze work patterns / job duties to determine appropriate workspace size.
- 5. Consider the importance of acoustics in the open work environment.
- 6. Offer a variety of reduced-noise spaces, such as phone booths and quiet rooms.
- 7. Maximize space utilization by offering desk-sharing opportunities.
- 8. Share meeting spaces by utilizing an organization-wide reservation system.
- 9. Embrace mobility: offer a telework program for a minimum of one day/week.

The Supplemental OA must be signed by the Agency, the GSA Furniture Representative, and/or the GSA IT Representative.

I agree to the initial terms with the understanding modifications will be made over time.

FIT Process Flow Chart

GSA Total Workplace

Furniture and Information Technology (FIT)

FIT Process Flow Chart

FIT - Information Technology

FIT - Information Technology (IT) Equipment available through the Total Workplace program:

- Tablets
- Laptops
- Notebooks

- Mobile Computing Devices
- Networking and Telecommunications Equipment
- Video Tele-Conferencing (VTC) Equipment

FIT - Information Technology

Information Technology NOT available through the Total Workplace program:

- Software licenses
- Extended warranties
- Stand-alone wiring
- Technical advisory services
- •Any other IT service

FIT - Information Technology

How FIT (IT) Works

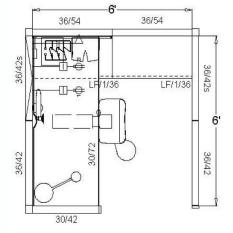

- 1. Requests for IT are made through your PBS point of contact.
- 2. Clients are responsible for identifying the IT items needed a complete bill of materials.
- 3. GSA's National Information Technology Commodity Program (NITCP) is the default source for IT commodity acquisition services under FIT.
- 4. NITCP or Regional FAS office will conduct all acquisition activities and your PBS Project Manager will manage the process.
