FY 2016 Project Summary
The U.S. General Services Administration (GSA) proposes the acquisition of a site and
the design and construction of a new U.S. Courthouse of approximately 229,000 gross
square feet (GSF), including 42 inside parking spaces, in Des Moines, IA. GSA will
construct the courthouse to meet the 10-year space needs of the court and court-related
agencies and the site will accommodate the anticipated 30-year needs of the court. The
Judiciary’s Courthouse Project Priorities list (approved by the Judicial Conference of the
United States on September 17, 2015) includes a courthouse project in Des Moines, IA.

FY 2016 House and Senate Committee Approval Requested
(Site, Design, Construction, Management & Inspection)............................$136,602,000

FY 2016 Funding (as outlined in the FY 2016 Spend Plan)
(Site, Design, Construction, Management & Inspection)............................$136,602,000

Overview of Project
The courts and related agencies currently occupy space in the existing historic U.S.
Courthouse in downtown Des Moines and in an adjacent leased Courthouse Annex. The
new courthouse will consolidate all of the district court and court-related space into one
facility, with the exception of the U.S. Department of Justice–Office of the U.S.
Attorney, which will remain in leased space. The new courthouse will provide 9
courtrooms and 13 chambers consistent with the application of courtroom sharing
policies and limitation on the provision of space for projected judgeships. The site for the
new courthouse is still to be determined.
PROSPECTUS
NEW U.S. COURTHOUSE
DES MOINES, IOWA

Prospectus Number: PIA-CTC-DM16
Congressional District: 03

Site Information
To Be Acquired: 3-5 acres

Building Area
Gross square feet (excluding inside parking): 210,000 GSF
Gross square feet (including inside parking): 229,000 GSF
Inside parking spaces: 42

Estimated Project Budget
Estimated Site: $6,000,000
Estimated Design: $9,571,000
Estimated Construction Cost (ECC) ($502 GSF, including inside parking): $114,969,000
Estimated Management and Inspection (M&I): $6,062,000
Estimated Total Project Cost (ETPC)*: $136,602,000

*Tenant agencies may fund an additional amount for alterations above the standard normally provided by the GSA.

Schedule
Design and Construction: FY 2016 - FY 2022

Tenant Agencies

1 Square footage and number of parking spaces are approximate. The project may contain a variance in gross square footage from that listed in this prospectus.

2 As noted in the estimated project budget above, GSA identified sub-totals comprising the estimated project budget are intended to provide a breakdown in support of the ETPC. The actual total cost to perform the entire project may differ from what is represented in this prospectus by the various subcomponents.
Prospectus Number: PIA-CTC-DM 16
Congressional District: 03

Justification
The existing U.S. Courthouse, constructed in 1929, does not meet the U.S. Courts Design Guide standards, does not provide for future expansion, and lacks adequate security. The existing prisoner sallyport and secured elevator provide access to only half of the courtrooms. Due to lack of available space in the U.S. Courthouse, several court functions and court-related agencies currently occupy space in the leased Courthouse Annex. The District court and Bankruptcy court operations are split between the two buildings, also causing a split of U.S. Marshals Service operations. In addition, secured parking is only available in the leased Courthouse Annex, across a parking lot from the U.S. Courthouse.

The new courthouse will allow for co-location of court operations, separate circulation for the public, judges, and prisoners, thereby improving security as well as efficiency of court operations. Relocation of agencies from leased space to the new courthouse will result in savings of approximately $1,795,000 in future annual lease payments to the private sector.

*The Court of Appeals and Bankruptcy judges are currently in the leased Courthouse Annex
**In addition to the active Magistrate judges, a recalled Magistrate judge shares a courtroom and chambers.
Summary of Energy Compliance

This project will be designed to conform to requirements of the Facilities Standards for the Public Buildings Service and will implement strategies to meet the Guiding Principles for High Performance and Sustainable Buildings. GSA encourages design opportunities to increase energy and water efficiency above the minimum performance criteria.

Future of Existing Federal Building

The Federal tenancy in Des Moines does not support the need for two courthouses; therefore, GSA will explore alternatives associated with the disposal of the existing courthouse. Some of these alternatives include donation or exchange.
