Federal Fleet Management: Frequently Asked Questions (FAQ)
Q? Can I use a GOV to...?

A! It depends:

• Official use means using a vehicle to perform your agency’s mission as defined and authorized by your agency
• Contact agency fleet manager or general counsel for agency policy
• Personal liability (and DOJ defense) is based on local law under Federal Tort Claims Act
• Incidental use is a taxable benefit reported to the IRS; see https://www.irs.gov/pub/irs-pdf/p5137.pdf
• Perception- how would a taxpayer view the use of the vehicle?
Q? Can I drive my GOV home for TDY purposes?

A! Maybe!

- Home-to-Work regulations do not apply to employees on official travel.
  - Official travel orders must authorize GOV use.
Q? Can I drive my GOV in a foreign country?

A! Complicated.

- Many foreign countries do not recognize the U.S. Government self-insurance
- If your agency is not covered under a SOFA or other diplomatic treaty which specifically addresses liability issues.
- General Counsel’s office of GSA has determined that an agency must purchase additional liability insurance to operate vehicles in foreign countries
- The Federal Torts Claims Act does not protect Federal employees outside the United States
- Contact your agency’s General Counsel’s office for assistance
- If short duration trips, consider commercial rentals that are inclusive of insurance in foreign countries.
Q? Can I transport my spouse/kids/neighbor in my GOV?

A! Maybe.

- Governmentwide regulations are silent. But your agency may have a policy
- Remember the Federal Tort Claims Act
- Who would be liable if something happened?
- Is a Federal employee being displaced? In other words, is it costing taxpayers?
- Again: perception. How does it look?
Q? Can a contractor drive a GOV?

A! Of course!

Applicable regulations:
- 41 CFR 102-34.21
- FAR 51.2- Contractor Use of GSA Fleet Vehicles
- 41 CFR 101-39.202 Contractor Authorized Services

Considerations:
- Has the contracting officer authorized use of GOV’s?
- Does the contractor have liability insurance?
- Do drivers have state drivers license for applicable vehicle type?
Q: Can I transport a non-Federal passenger in my GOV?

A: For work, yes.

- Official use is performing your mission as defined & authorized by the agency.
- Official use can include transporting a non-Fed.
- **Federal Tort Claims Act covers Federal employees in scope of employment**.
- Contact your agency fleet manager and/or general counsel for policy guidance.
Q? At the end of the day can I ride my agency shuttle to the subway station?

A! Yes!

• Transportation Equity Act of 2005 specifically allows this
• Agencies may operate shuttles to transport employees between place of business and mass transit stations for the purpose of facilitating commute
• Head of the agency must make a determination
Who pays for tolls?

Federal agencies are required to pay tolls

- Reimbursable expense
- Agencies may set up accounts with "EZ Pass" or similar
- Tolls are not included in GSA Fleet lease rates
- Tolls may not be paid with GSA Fleet fuel card
Can I use the express or hot lane in a GOV?

- Drivers do have to pay for any tolls incurred while driving a GOV
- GSA does not regulate local travel
- Agency decision
  - Mission essential
  - Saves government time and money
  - Not for the convenience of the employee
- Agency policy also dictates whether use the purchase, travel or fleet card- GSA Smartpay neutral
- Home to Work Transportation- proximity of work location to home and cost analysis
Who pays for tickets?

Employees are personally responsible for tickets/fines

- NOT a reimbursable expense
- Appropriated funds may not be used
- Tickets mailed to agency must be delivered to employee
Q? Where do I report misuse of a GOV?

A! Lots of places!
- vehicle.policy@gsa.gov
- howsmydriving@gsa.gov
- Agency Fleet manager: www.gsa.gov/vehiclepolicy
Q? What information do I include in a GOV misuse report?

A! If possible, include…

– Date and time of incident
– Location
– Activity that is the cause of your concern
– Description of vehicle
– Description of driver and passengers

• The final rule took effect on August 8, 2016.
• The use of electronic alternatives that produce nicotine or other vapors is also prohibited in federally owned or leased buildings.
• GSA OGP is drafting guidance to update FMR Bulletin B-3 to advise agencies to write internal policies on the prohibited use of tobacco products in federal vehicles to include electronic alternatives that produce nicotine or other vapors.
Q? My agency has acquired some tactical SWAT units. I don’t have to report them in FAST, right?

A! Wrong! Those “tactical” police units are not military, they are civilian, purchased off GSA Schedules. Not exempt! Report them as “law enforcement.”
Q? My agency contains an intelligence activity that reports to the Director of National Intelligence. Is it exempt?

A! Nope. An intelligence activity that is part of a larger agency is subject to the same requirements as the rest of the agency (one exception). The vehicles are not exempt.
