

ACKNOWLEDGMENTS

To each of you who contributed your time, expertise, and insight to compiling and producing this year's AFR: thank you. Without you, we could not have demonstrated the U.S. General Services Administration's commitment to prudent financial management and stewardship of the resources entrusted to us by the American people.

The FY 2021 AFR represents our agency's dedication to delivering on our mission to provide value and savings in real estate, acquisition, technology, and critical mission-support services across Government.

Our AFR was led by the Office of Financial Management, whose year-round efforts to compile the GSA's financial statements and accompanying notes, monitor internal controls, and manage the financial statement audit position GSA to be an effective and responsible steward of public funds.
