Welcome to Today’s Presentation

FY18 RWA Policy Updates

the presentation will start at 1:00pm Eastern

Note: Phones are automatically muted during the presentation. You have the ability to send questions to your fellow attendees and our presentation team via your “Chat” pane. Our team will answer as many of the questions as possible throughout and at the end of the presentation. All questions will be captured, and answers sent to all participants prior to the next presentation.
• Prior Presentation – **eRETA eNCORE!**

• **TODAY** – **FY18 RWA Policy Updates!**
FY18 RWA Policy Updates

Presented by:
Ashlee Carlson
Reimbursable Services Program Manager
GSA-PBS Project Delivery Excellence Division
Office of Design & Construction

Jeff Franz
Reimbursable Services Program Analyst
GSA-PBS Project Delivery Excellence Division
Office of Design & Construction

Hosted by:
James Fotopoulos
Regional Account Manager
Portfolio Management Division/Office of Client Solutions
GSA Region 6 - Kansas City, MO
An RWA is an agreement between GSA and a customer whereby GSA agrees to provide materials and/or services and the customer agrees to reimburse GSA’s costs.

RWAs capture and bill the costs of altering, renovating, repairing, or providing services in GSA-managed space that go over and above the basic operations financed through rent.

The RWA identifies the specific needs of the customer and establishes a financial agreement.

The RWA (GSA Form 2957) is accepted by OMB as GSA’s formal Inter-Agency Agreement (IAA) with agencies.
Full Funding Requirement:

The policy clarifies fiscal law that requires full funding of an RWA’s scope of work prior to RWA acceptance. Incremental funding is not permitted.

- **Example of Incremental Funding (PROHIBITED):**
  - Estimate for scope of work is $5 million. RWA being provided is only for $3 million, thus not fully funding the RWA.

- **Solutions:**
  - Reject the RWA and have customer provide full $5 million, OR
  - Reduce the scope of work
Antecedent Liabilities:

The Policy identifies appropriate funding for antecedent liabilities that arise during project execution.

- **Example of Antecedent Liability:**
  - Costs to remove asbestos that was not evident before starting construction.

- **Solutions:**
  - Amendment with funds from Fiscal Year in which original RWA was accepted, OR
  - Provide signed Statement of Further Written Assurance verifying that those funds are not available, thus currently available funds may be provided.
Cost Estimates:

New policy clarifies GSA can accept:
- Customer provided cost estimate validated by a GSA PM / Cost Estimator
- GSA Cost Estimate or IGE

Summary Cost Estimate (SCE) * is still required for all RWAs and must be supported by an estimate as defined above and in the policy.

*or Overtime Utility Estimate (OUE)
RWAs for above-standard TI must cite currently available funds and be received and accepted by PBS no later than the date of lease award.

**What is the latest time an RWA is required for above standard TI costs?**

*RWAs for above-standard TI costs must cite currently available funds and be received and accepted by PBS no later than the date of lease award.*

**What is the earliest time PBS can receive and accept an RWA for above standard TI costs?**

*Currently available funds may be provided as soon as the project is identified, scoped, and estimated.*
What if PBS awarded a lease in a previous FY and did not request the necessary funds to cover the costs above the TIA, as identified by the Cost Estimate?

*Customer provides funds now that were available in the FY the lease was awarded.*

What does the customer do if they not have funds available from the FY of lease award?

*Customer works with PBS to descope the requirements so that it can accept the space provided by PBS within the TIA.*

Can a customer provide current year funds now with a signed Statement of Further Written Assurance?

*No, a Statement of Further Written Assurance is only appropriate for antecedent liabilities. This situation deals with funding the initial bona fide need and requires funds be provided that were available when the bona fide need arose.*
RWA Intake & Submission

• **Where do I send RWAs?**
  - Customers can submit RWAs directly to GSA online via eRETA. Visit [www.gsa.gov/ereta](http://www.gsa.gov/ereta) for specific details.
  - If not using eRETA to submit RWAs, customers can send to the regional RWA mailbox or regional RWA Manager. Visit [www.gsa.gov/rwa](http://www.gsa.gov/rwa) for specific details.

• **What is the RWA intake and submission process?** It is the time from the customer signature date (approval/commitment of funding) to the date GSA signs/accepts the RWA and the RWA is subsequently entered into “submitted” status in RETA. GSA is targeting the RWA intake and submission process being conducted within 15 business days from receipt of a fully executable RWA.

• **What was the deadline for receipt of fully executable RWAs for FY17?** A fully executable RWA, one in which all information is accurate and supported by a scope of work and cost estimate, must be received by GSA for all nonseverable RWAs by **August 31, 2017** to be considered for acceptance.
RETA/eRETA stands for “RWA Entry and Tracking Application” – GSA’s electronic repository for all RWA projects.

RETA/eRETA is technically one application; the primary differences are:

- Logging in (internally vs externally)
- RWAs that are accessible (customers by AB Code, GSA by GSA Region)

RETA/eRETA contains all RWA financial information as well as an electronic document file that includes copies of the RWA 2957 form, Receipt, Acceptance, Completion and Closeout letters, and much more.

RWA Financial Information in RETA is updated 3x a day from GSA’s Financial Management System.
eRETA and Electronic RWA Enhancements

- New electronic efficiency features rolled out in 2017 allow our RWA customers to:
  - Submit new RWA Work Requests electronically online
    - RWAs can no longer get “lost” since requests are saved in the system.
    - Keep GSA accountable to responding to your requests!
    - eRETA quality checks lots of information instantly - no waiting for GSA!
    - Increases efficiencies due to automated routing to all POCs.
  - Electronically initiate amendments for existing RWAs and submit them into GSA’s database or route them to GSA for acceptance.
  - Upload documentation into eRETA to maintain an electronic “RWA file”.

- Digital signature functionality to sign RWAs
  - No eRETA access required to digitally sign - just need an email address. You can even sign from your phone!

- These features are all optional, but highly encouraged
Reimbursable Services Program
• Find a multitude of information on RWAs including Policy and Guidance at www.gsa.gov/rwa.

External RWA Entry and Tracking Application (eRETA)
• Visit www.gsa.gov/ereta to find more information on eRETA, including user guides, video demonstrations, and more!

RWA Managers
• For region or project specific RWA questions, refer to the RWA Managers Map at http://gsa.gov/portal/getMediaData?mediaId=128338 - also located at www.gsa.gov/rwa.
