NEGOITIATED AREAWIDE CONTRACT  
No. GS-00P-15-BSD-1161  
BETWEEN THE  
UNITED STATES OF AMERICA  
AND  
AGL RESOURCES INC.  

THIS AREAWIDE CONTRACT FOR NATURAL GAS, ENERGY MANAGEMENT SERVICES, and SERVICES PROVIDED UNDER THE APPROPRIATE REGULATORY AUTHORITY is executed this 12th day of July, 2015, between the UNITED STATES OF AMERICA, acting through the Administrator of General Services (hereinafter referred to as the "Government"), pursuant to the authority contained in Section 201(a) of the Federal Property and Administrative Services Act of 1949, as amended, 40 U.S.C. 501(11), and AGL Resources Inc., a holding company organized and existing under the laws of the State of Georgia and acting on behalf of its operating subsidiaries: Atlanta Gas Light Company, Pivotal Utility Holdings, Inc. dba Elizabethtown Gas, Chattanooga Gas Company, Pivotal Utility Holdings, Inc. dba Florida City Gas, Pivotal Utility Holdings, Inc. dba Elkton Gas, Virginia Natural Gas, Inc. and Northern Illinois Gas Company dba Nicor Gas Company (hereinafter referred to as the "Contractor").  

WHEREAS, the Contractor through its various subsidiaries is a natural gas transmission and distribution utility company that is regulated by the Georgia Public Service Commission, Maryland Public Service Commission, Tennessee Regulatory Authority, Florida Public Service Commission, Virginia State Corporation Commission, Illinois Commerce Commission, New Jersey Board of Public Utilities and/or such other regulatory bodies as may have jurisdiction over the Contractor (hereinafter referred to collectively as the "Commission") and having its principal office and place of business at 10 Peachtree Place, Atlanta, Georgia;  

WHEREAS, the Contractor now has on file with the Commission all of its effective tariffs, rate schedules, riders, rules and regulatory terms and conditions of service, as applicable;  

WHEREAS, with some exceptions, the Government is generally required by Chapter 1 of Title 48 of the Federal Acquisition Regulation (FAR), 48 CFR 1.204, to enter into a bilateral contract for utility service at each Federal facility where the value of the utility service provided is expected to exceed $150,000 per year;  

WHEREAS, where the Government has an Areawide Contract in effect with a particular utility then such utility service is normally to be procured thereunder;  

WHEREAS, the Contractor and the Government mutually desire that this Areawide Contract be used by the agencies of the Government in obtaining natural gas, energy management services, and/or services provided under the Appropriate Regulatory Authority from the Contractor and to facilitate partnering arrangements as encouraged and authorized by 10 U.S.C. 2911-2918 and 42 U.S.C. 8256;  

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained, the parties hereby agree as follows:  

ARTICLE 1. DEFINITIONS.  

1. As used in this contract,  
   (a) the term "Areawide Contract" means this master contract entered into between the Government and Contractor to cover the acquisition of Utility Service by all Federal agencies with facilities in the service territory from Contractor for a period not to exceed ten (10) years;  
   (b) the term "Agency" means any Federal department, agency, or independent establishment in the executive branch of the Government, any establishment in the legislative or judicial branches of the Federal Government, or any wholly or mixed ownership Government corporation, as defined in the Government Corporation Control Act, a list of which Agencies may be found by searching the document entitled ADM 4800.2H, dated June 2013, on the General Services Administration website, which may be updated or supplemented by the Government from time to time;  
   (c) the term "Ordering Agency" means any Agency that is authorized to and obtains Utility services under this Areawide Contract;  
   (d) the term "Authorization" means an order form used to acquire services under this Areawide Contract (see Exhibit "A" AUTHORIZATION FOR NATURAL GAS SERVICE, Exhibit "B" AUTHORIZATION FOR ENERGY MANAGEMENT SERVICE, and/or Exhibit "D" AUTHORIZATION FOR THE PROVISION OF SERVICES PROVIDED UNDER THE APPROPRIATE REGULATORY AUTHORITY annexed hereto); With the exception of the provisions defined in "Contractor's Tariff and "Contractor's Terms and Conditions," (as defined below) all Authorizations shall be administrated in accordance with the requirements of applicable Federal Acquisition Regulations and General Services Acquisition Regulations sections as incorporated herein, and the applicable requirements of this contract;  
   (e) the term "Termination Authorization" means an order form used by the Government to notify the Contractor that the Government wants to discontinue or disconnect a specific utility service provided under this Contract, where the Authorization for Utility Services does not otherwise specify how Utility Services are to be terminated. (SEE EXHIBIT "A" AUTHORIZATION FOR NATURAL GAS SERVICE, Exhibit "B" AUTHORIZATION FOR ENERGY MANAGEMENT SERVICE, and/or Exhibit "D" AUTHORIZATION FOR THE PROVISION OF SERVICES PROVIDED UNDER THE APPROPRIATE REGULATORY AUTHORITY);  
   (f) the term "Service" means any natural gas and/or energy management services generally available from the Contractor pursuant to Contractor's Tariff or the Contractor's Terms and Conditions, whichever is applicable;  
   (g) the term "Natural Gas Service" means natural gas commodities (where applicable), transportation, distribution, and/or related services;  
   (h) the term "Energy Conservation Measure" means any specific energy related or water measure intended to provide energy savings and/or demand reduction in Federal facilities (Reference Article 18 herein);  

   1. the EMS measure must produce measurable energy reductions or measurable amounts of controlled energy and/or water use;  
   2. the EMS measure must be directly related to the use of energy or directly control the use of energy or water;  
   3. the preponderance of work covered by the EMS measure (measured in dollars) must be for items 1 and 2 above; and  
   4. the EMS measure must be an improvement to real property.
The term "Contractor's Tariff" means the Contractor's tariff filed with the applicable Commission, and includes rate schedules, covenants, riders, rules, regulations, and regulated terms and conditions of service as added, amended or supplemented by the Contractor from time to time and approved by the Commission.

(k) The term "Contractor's Terms and Conditions" for this Agreement means the generic terms, conditions, policies, procedures, and payment terms established by the Contractor for those services that are provided pursuant to this Areawide Contract and not specifically addressed by the Contractor's Tariff, and as such, may be modified, amended, or supplemented by the Contractor from time to time.

(l) The provisions of this Areawide Contract shall apply throughout the term of any Authorization placed under this Areawide Contract in accordance with the Commission rules and regulations;

(m) the term "Class of Service" or "Service Classification" means those categories of Natural Gas Service established by the Contractor as filed with the Commission;

(n) the term "Utility Service" means any Natural Gas Service, Energy Conservation Measure, Energy Management Services and/or Services provided under the Appropriate Regulatory Authority that are generally available from the Contractor pursuant to Contractor's Tariff or the Contractor's Terms and Conditions, whichever is applicable.

(o) The term "Service Territory" means the certificated service territories of Contractor for the provision of Utility Service in the States of Georgia, Maryland, Tennessee, Florida, Virginia, New Jersey and Illinois and/or such other jurisdictions in which Contractor provides Utility Service under the Appropriate Regulatory Authority.

1.2. This Article is hereby expanded to include the additional definitions contained in FAR Clause 52.202-1, Definitions (JULY 2004), 48 C.F.R. 52.202-1, which are incorporated herein by reference.

ARTICLE 2. SCOPE AND DURATION OF CONTRACT.

2.1. This Areawide Contract shall be in effect on and after the date of execution and shall continue for a period of ten (10) years, except that the Government, pursuant to the clause contained in FAR 52.202-1 (48 C.F.R. 52.202-1), incorporated into this Areawide Contract under Article 14.1-69, or the Contractor, upon 60 days written notice to the Government, may terminate this Areawide contract, in whole or in part, when it is in the respective interest of the Contractor to do so. Neither the stated duration of this Areawide Contract nor any other termination of it, in whole or in part, shall be construed to affect any obligation for any payment, charge, rate, or other matter that may be imposed pursuant to the Contractor's Tariff, Contractor's Terms and Conditions or in any Authorization entered into pursuant to this Areawide Contract.

2.2. Authorizations may be executed under this Areawide Contract at any time during the term of this contract, up to and including the last effective date. The term of any Authorization may be for a term extending beyond the term of this Areawide Contract in accordance with the provisions and conditions contained in the applicable Authorization.

2.3. The provisions of this Areawide Contract shall not apply to the Contractor's service to any Agency until both the Ordering Agency and the Contractor execute a written Authorization for Natural Gas Services and/or Energy Management Services. After both the Government and Contractor have executed the Authorization, the Contractor will furnish to the Ordering Agency, and the Ordering Agency will forward such reports to the Contractor, the specific Utility Services described in the Authorization for the installation(s) or facility(ies) that are named in the Authorization.

2.4. Nothing in this Areawide Contract shall be construed as precluding the Ordering Agency and the Contractor from entering into an Authorization for negotiated rates or service of a special nature, provided such negotiated rates or service are in accordance with the rules and regulations of the Commission, if applicable.

2.5. To facilitate an Ordering Agency obtaining services under Contractor's standard agreements for Utility Service, an Exhibit "D" has been included in this Areawide Contract. This Exhibit "D" is designed so it also can be used by an Ordering Agency when a change is requested by the Ordering Agency to Contractor's standard terms and conditions for utility service has been approved by the appropriate regulatory authority.

ARTICLE 3. EXISTING CONTRACTS.

3.1. The parties agree that an Agency currently acquiring Utility Service from the Contractor under a separate written contract may continue to do so until such time as the Agency and the Contractor mutually agree to terminate that separate written contract and have such service provided pursuant to this Areawide Contract by executing an appropriate Authorization or Authorizations.

3.2. Existing special rates and services of a special nature currently provided under a separate written contract may be continued under the Authorizations described in Article 3.1 if requested by the Ordering Agency and agreed upon by the Contractor.

ARTICLE 4. AUTHORIZATION PROCEDURE AND SERVICE DISCONNECTION.

4.1. To obtain or change service under this Areawide Contract, the Ordering Agency shall complete the appropriate Authorization and forward it to the Contractor. Upon the request of the Ordering Agency, the Contractor shall endeavor to provide reasonable assistance to the Ordering Agency in selecting the Service Classification which may be most favorable to the Ordering Agency. Upon execution of an Authorization by both the Contractor and the Ordering Agency, the date of initiation or change in service shall be effective as of the date specified in the Authorization. In the event a date is not specified in the Authorization as the effective date, the date in which the Authorization was signed by the Ordering Agency shall be the effective date of the Authorization. An executed copy of the Authorization shall be transmitted by the Ordering Agency to GSA at the address provided in Article 16.1.

4.2. During the term of this Areawide Contract, effective Authorizations need not be amended, modified, or changed by an Ordering Agency to reflect changes in: accounting and appropriation date, the Contractor's Tariff requirements, the Contractor's cost of purchased fuel, or the estimated annual cost of service. Such changes are considered internal to the party involved. Where changes are required in effective Authorizations because of a change in the service requirements of an Ordering Agency, an amended Authorization shall be mutually agreed upon and executed.

4.3. An Ordering Agency or the Contractor may discontinue service provided pursuant to this Areawide Contract or an Authorization to a particular Federal facility or installation by delivering a written Termination Authorization to the other. Such discontinuance of service by an Ordering Agency or the Contractor shall be in accordance with the terms of this Areawide Contract and the Contractor's Tariff, Contractor's Terms and Conditions, or as otherwise provided under a particular Authorization.

4.4. Prior to entering into an Authorization for goods and/or services, other than Utility Service, generally available from other sources on a competitive basis, the Contracting Officer shall obtain a justification for utilizing other than full and open competition in accordance with the policies and procedures prescribed by Subpart 6.3 of the Federal Acquisition Regulations (48 C.F.R. 6.301).

4.5. Within the authorities of the Ordering Agency, the term of any individual Authorization is independent of the expiration date of this Areawide Contract and the conditions and articles of this Areawide Contract shall apply throughout the term of any Authorization placed against it in accordance with Article 14.1-69.

4.6. The Contracting Officer of the Authorization shall review the clauses in Article 14 and only include the relevant clauses in the Exhibit "A" AUTHORIZATION FOR NATURAL GAS SERVICE, and/or Exhibit "B" AUTHORIZATION FOR ENERGY MANAGEMENT SERVICE.
ARTICLE 5. RATES, CHARGES, AND PUBLIC REGULATION.

5.1. A complete listing of all the Contractor's Tariffs are available to the Government and any Ordering Agency electronically at the Contractor's website accessible via the tariff link on the website entitled http://www.agresources.com and links to the applicable utility website.

5.2. All Utility Service and/or Energy Management Service purchases under this Area-wide Contract, as well as any other actions taken under this Area-wide Contract, shall be in accordance with, and subject to, the Contractor's Tariff and/or the Contractor's Terms and Conditions, as applicable, except to the extent that same are preempted by Federal law. Throughout the term of the Contract, the Contractor shall have full access to the Contractor's current Tariffs. In the event the Contractor's Tariff becomes inaccessible via the Internet or the Ordering Agency does not have access to the Internet, the Contractor agrees to provide newly effective or amended Tariffs in accordance with the Contractor's Tariff distribution practices, policies and procedures applicable to all customers.

5.3. If, during the term of this Area-wide Contract, the Commission approves a change in rates for Utility Service obtained under an Authorization in effect hereunder, the Contractor agrees to continue to furnish, and the Ordering Agency agrees to continue to pay for, such Utility Services at the newly approved rates from and after the date such a rate change is made effective. As provided in Article 4.2, modification of any Authorization hereunder is not necessary to implement higher or lower rates.

5.4. The Contractor hereby represents and warrants to the Government that the Utility Service rates available to any Ordering Agency hereunder shall at all times not exceed those available to any other customer served under the same service classification for the same or comparable service, under like conditions of use. Nothing herein shall require the Contractor to apply a Utility Service rate that is inapplicable to the Ordering Agency.

5.5. Reasonable written notice via an Authorization shall be given by the Ordering Agency to the Contractor, at the address provided in Article 14.2, of any material changes proposed in the volume or characteristics of Utility Services required by the Ordering Agency.

5.6. To the extent required by the Contractor's Tariff, the Contractor's Terms and Conditions, and/or the Contractor's policies and procedures applicable to similarly-situated customers, and in accordance therewith, any necessary extension, alteration, relocation, or reinforcement of the Contractor's transmission and/or distribution lines, related special facilities, service arrangements, Energy Management Services (including any rebates to which the Contractor may be entitled), energy audit services, and/or Utility Services required or requested by an Ordering Agency shall be provided and, as applicable, billed for, by the Contractor.

5.7. To the extent available from the Contractor, the Contractor shall provide and, as applicable, bill for technical assistance on or covering an Ordering Agency's equipment (such as the inspection or repair of such equipment) as may be requested by such Ordering Agency. The charges for such technical assistance shall be calculated at the time the technical assistance is rendered in accordance with the Contractor's applicable billing schedule in effect at the time the technical assistance is rendered (except as otherwise mutually agreed upon by the Contractor and Ordering Agency in writing), and the assistance shall comply with Contractor's Tariff, if applicable.

5.8. The Authorization used to obtain and provide the matters, Utility Services, or technical assistance described in Articles 5, and above shall contain information descriptive of the matters, services, or technical assistance required or requested, including the amount of (or method to determine) any payment to be made by the Ordering Agency to the Contractor for the provision of said matters, services, or technical assistance.

5.9. Any charges for matters or services referenced in Article 5.6 herein which are not established by the Contractor's Tariff shall be subject to audit by the Ordering Agency. Payment for the matters and services referenced in Article 5.6 shall not be unreasonably withheld or denied. The Contractor further warrants and represents to the Government that charges for the matters or services referenced in Article 5.6, will not exceed the charges billed to other customers of the Contractor served under the same service classification for like matters or services provided under similar circumstances.

ARTICLE 6. BILLS AND BILLING DATA.

6.1. The Utility Services supplied hereunder shall be billed to the Ordering Agency at the address specified in each Authorization. All bills shall be submitted only, unless otherwise specified in the Authorization. All bills shall contain such data as is required by the Commission to substantiate the billing, and such other reasonable and available data as may be requested by the Ordering Agency, provided that such other data are contained in bills provided to other customers of the Contractor served under the same service classification as the Ordering Agency.

ARTICLE 7. PAYMENTS FOR SERVICES.

7.1. With the exception of the payments described in Article 7.3 herein, payments hereunder shall be paid in advance of services rendered. The Ordering Agency shall effect payment of all bills for Utility Services rendered under this Area-wide Contract in accordance with the terms of the Contractor's currently effective payment provisions of the Contractor's Tariff. Changes in the Contractor's Tariff provisions for the payment of bills shall supersede the provisions of this paragraph.

7.2. The Ordering Agency will make invoice payments for services not subject to the direct oversight or approval of the Commission in accordance with the provisions of the FAR Subpart 52.232-25 (Article 14.4-43). The interest rate for late payments made pursuant to this clause shall be computed in accordance with the Office of Management and Budget prompt payment regulations at 5 C.F.R. 1315.

7.3. All payments hereunder shall not normally be made in advance of services rendered in accordance with FAR Subpart 52.232-4 unless required by the Contractor's Tariff. The applicability of this provision is limited to Connection Charges, contributions in aid of construction, and line extension payments specifically cited and provided for in the Contractor's Tariff.

7.4. Each payment made by Treasury check to the Contractor shall include the Contractor's billing stub(s), or a Government or Ordering Agency payment document that clearly and correctly lists all of the Contractor's account numbers to which the payment applies and the dollar amount applicable to each account. If payment is by Electronic Funds Transfer or through the Automated Clearing House (ACH) or the Federal Reserve Wire Transfer System, the provisions of FAR Subpart 52.232-37 shall apply (See Article 14) and the Ordering Agency must specify the method of payment and the designated payment office on the Authorization form.

ARTICLE 8. CONTRACTOR-OWNED METERS.

8.1. Metering equipment of standard manufacture suitable to measure all Utility Services supplied by the Contractor hereunder shall be furnished, installed, calibrated, and maintained by the Contractor at its expense. In the event any meter fails to register or registers incorrectly, as determined by the regulations of the Commission, billing adjustments shall be made in accordance with such regulations.

8.2. The Contractor, so far as possible, shall read all meters monthly in accordance with the Contractor's Tariff and the Commission's regulations.

8.3. Meters shall be inspected upon installation at no direct charge to the Ordering Agency. Subsequent inspection, periodic testing, repair, and replacement of meters shall be done in such place and manner as provided by the Contractor's Tariff or Commission's regulations. Upon notice that a meter is failing to register correctly, the Contractor shall take immediate steps to effect replacement or repair. Ordering Agencies shall have the right to request a meter test in accordance with the procedures prescribed in the Contractor's Tariff or Commission's regulations. The tests and applicable meter accuracy standards are those set forth in the Contractor's Tariff or Commission's regulations. The expense of meter tests shall be borne by the party designated as responsible therefor in the Contractor's Tariff or Commission's regulations.
8.4. For the purposes of this Areaewide Contract, references to meters shall apply only to Contractor-owned metering devices installed and maintained by the Contractor in accordance with the Contractor's Tariff or Commission guidelines for regulated Utility Service(s). References to meters under this Article shall not apply to meters that are to be installed by the Contractor at the request of an Ordering Agency, to be owned by the Government as a part of an Authorization for Energy Management Service or other service.

ARTICLE 9. EQUIPMENT AND FACILITIES.

9.1. The responsibility for owning, furnishing, installing, and maintaining all equipment and facilities (other than meters) required to supply Natural Gas Service at the delivery point(s) specified in an Authorization shall be determined in accordance with the Contractor's Tariff and Contractor's Terms and Conditions. The Ordering Agency shall provide, free of charge to the Contractor, mutually agreeable locations on its premises for the installation of meters and such other equipment furnished and owned by the Contractor and necessary to supply service hereunder. The Contractor shall, at all times during the life of this Areaewide Contract, operate and maintain at its expense such equipment or facilities as for which it has responsibility in accordance with this Article 9.1, and shall assume all taxes and other charges in connection therewith. Notwithstanding anything to the contrary in FAR 52.241-5 (Contractor's Facilities (FEB 1985)), to the extent required by the Contractor's Tariffs and the Commission's rules and regulations, and in accordance therewith, such equipment and facilities for which the Contractor has responsibility in accordance with this Article 9.1 may be removed or abandoned in place. In both cases, the Agency's premises shall be restored by the Contractor at its expense within a reasonable time after discontinuance of service to the Ordering Agency.

9.2. All necessary rights-of-way, easements, and such other rights necessary to permit the Contractor to perform under this Areaewide Contract shall be obtained and the expense for same borne in accordance with the Contractor's Tariff and the Commission's rules and regulations.

ARTICLE 10. LIABILITY.

10.1. If the Government and/or an Ordering Agency has limited or restricted the Contractor's right of access under Article 11 and thereby interfered with the Contractor's ability to supply service or to correct dangerous situations which are a threat to public safety, Contractor shall be excused from any contractual or service obligations that are impacted by the Government's limitation or restriction on access and the Government shall be responsible for any liability or costs incurred by Contractor resulting from such restriction or limited access to the extent permitted by law and authorized by appropriations. This Article 10.1 shall not be construed to limit the Government's liability under applicable law. To the extent Contractor is required to obtain badges, vehicle decals, clearances or other entry credentials specific to the Ordering Agency facilities, the Government shall provide such credentials at no cost to the Contractor.

10.2. The Contractor's liability to the Government and to any Ordering Agency for any failure to supply service, for any interruptions in service, and for any irregular or defective service shall be determined in accordance with the Contractor's Tariff where applicable.

10.3. Except as provided above, and in accordance with the Contractor's Tariff, the Government shall not be liable for damage or injury to any person or property, including death, occasioned solely by the Contractor's, its employees' or agents' negligent installation, use, operation or intentional misuse of the Contractor's equipment or facilities.

10.4. In accordance with the Contractor's Tariff, neither the Contractor nor its employees or agents, shall be liable for damage or injury to any person or property, including death, occasioned solely by the negligent installation, use, operation or intentional misuse of Contractor's equipment or facilities by the Government, its employees or agents.

10.5. The Contractor shall not be liable for incidents arising out of or in any way connected with the violation or compliance with any local, state, or federal environmental law or regulation resulting from pre-existing conditions at a Government job site, release of any pre-existing hazardous materials or waste, or the management and disposal of any pre-existing contaminated soils or ground water, whether hazardous or non-hazardous, which was removed from the ground as a result of work performed by the Contractor.

10.6. The Government agrees to accept full responsibility for and bear all costs associated with pre-existing environmental liability. Responsibility for testing, abatement, remediation, and/or disposal of hazardous material, including, but not limited to, contaminated soil, contaminated groundwater, and contaminated surface water and stormwater resulting from contact with pre-existing hazardous materials, lead paint, asbestos, polychlorinated biphenyls, fuel oil, or underground fuel oil tanks, shall remain with the Government. Where there is reason to suspect that hazardous material is present at the work site, or where hazardous material is encountered during the course of work being performed, the Contractor shall stop work; notify the Contracting Officer and activity personnel, and request that the Government test the work site for such hazardous material and appropriately abate and dispose of such hazardous material. Once the work site has been cleared of all hazardous materials, the Contractor shall resume work in that area.

ARTICLE 11. ACCESS TO PREMISES.

11.1. The Contractor shall have access to the premises served at all reasonable times during the term of this Areaewide Contract and at its expiration or termination solely for the purpose of reading meters, making installations, repairs, or removals of the Contractor's equipment, or for any other proper purpose hereunder; provided, however, that proper military or other governmental authority may limit or restrict such right of access in any manner considered by such authority to be necessary or advisable, subject to Section 10.1 of this Areaewide Contract.

ARTICLE 12. PARTIES OF INTEREST.

12.1. This Areaewide Contract shall be binding upon and inure to the benefit of the successors, legal representatives, and assignees of the respective parties hereto.

12.2. When the Contractor becomes aware that a change in ownership of the Contractor ("change in ownership" for purposes of this Areaewide Contract being defined as a sale of more than fifty percent of the outstanding voting stock of the Contractor) or a change in the name of the Contractor has occurred, the Contractor shall notify the Government at the address provided in Article 11.1 within thirty (30) days after the effective date of any such ownership or name change.

ARTICLE 13. REPRESENTATIONS AND CERTIFICATIONS.

13.1. This Areaewide Contract incorporates by reference the representations and certifications made by the Contractor on the System for Award Management, which shall be filed electronically at www.sam.gov.

13.2. Contractor represents to the Government that this Contract has been, and each Authorization to be entered into under this Contract will be, duly executed by an authorized representative of Contractor and, upon such execution, will constitute the legal, valid and binding obligation of Contractor enforceable against Contractor in accordance with its terms, except as such enforceability may be limited by applicable bankruptcy, insolvency, moratorium, reorganization or other similar laws affecting the enforcement of creditors' rights and subject to general equitable principles.
ARTICLE 14. SUPPLEMENTAL CLAUSES.

This contract, where applicable to the services being provided under an Authorization, incorporates one or more provisions and contract clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. The Contractor is cautioned that the listed provisions and clauses may include blocks that must be completed by the Contractor and/or submitted with its documentation. In lieu of submitting the full text of those provisions and clauses, the Contractor may identify the provision and/or clause by paragraph identifier and provide the appropriate information with its documentation. Also, the full text of the provisions and clauses may be accessed electronically at this/1tlese address(es):

http://www.acquisition.gov,
http://www.acqnet.gov

14.2 Repeal of Clauses During Term of Contract.

If, during the term of this Areawide Contract, any of the clauses contained in this Article are repealed, revoked, or dissolved by the Government, then such clauses shall no longer be part of this contract as of the date of such repeal, revocation, or dissolution. The elimination of these clauses by reason of such repeal, revocation, or dissolution shall not affect the continuing validity and effectiveness of the remainder of the Areawide Contract or other clauses referenced in this Article.

14.3. Clauses Incorporated in Full Text.

1. 52.216-1 Type of Contract (APR 1984)
   As prescribed in 15.105, complete and insert the following provision:
   
   TYPE OF CONTRACT (APR 1984)
   The Government contemplates award of a fixed price/requirements contract resulting from this solicitation.

   (End of provision)

2. 52.222-40 Notification of Employee Rights Under the National Labor Relations Act (DEC 2010)

   As prescribed in 22.105, insert the following clause:
   
   NOTIFICATION OF EMPLOYEE RIGHTS UNDER THE NATIONAL LABOR RELATIONS ACT (DEC 2010)
   (a) During the term of this contract, the Contractor shall post an employee notice, of such size and in such form, and containing such content as prescribed by the Secretary of Labor, in conspicuous places in and about its plants and offices where employees covered by the National Labor Relations Act engage in activities relating to the performance of the contract, including all places where notices to employees are customarily posted both physically and electronically, in the languages employees speak, in accordance with 29 CFR 471.2 (d) and (f).
   (1) Physical posting of the employee notice shall be in conspicuous places in and about the Contractor’s plants and offices so that the notice is prominent and readily seen by employees who are covered by the National Labor Relations Act and engage in activities related to the performance of the contract.
   (2) If the Contractor customarily posts notices to employees electronically, then the Contractor shall post the required notice electronically by displaying prominently, on any website that is maintained by the Contractor and is customarily used for notices to employees about terms and conditions of employment, a link to the Department of Labor’s website that contains the full text of the poster. The link to the Department’s website, as referenced in (b)(2) of this section, must read, “Important Notice about Employee Rights to Organize and Bargain Collectively with Their Employers.”
   (b) This required employee notice, printed by the Department of Labor, may be:
   (1) Obtained from the Division of Interpretations and Standards, Office of Labor-Management Standards, U.S. Department of Labor, 200 Constitution Avenue, N.W., Room N-5609, Washington, DC 20210, Phone: (202) 693-0123, or from any field office of the Office of Labor-Management Standards or Office of Federal Contract Compliance Programs.
16.2. All inquiries and notices to the Contractor regarding this Areawide Contract shall be mailed to: Kathy Robb (name), Program Manager, Energy Services (title), Ten Peachtree Place, Atlanta, GA 30309 (address), telephone number 404.584.4372, or to such other person as the Contractor may hereafter designate in writing, with a copy to:

U.S. General Services Administration, PBS, Office of Facilities Management and Services Program; Director, Energy Division, 1800 F Street, NW, Room 5116, Washington, DC 20405 or via email at energycenter@gsa.gov.

15.1. Attached hereto and made a part hereof by reference is a SUBCONTRACTING PLAN FOR SMALL BUSINESS CONCERNS, SMALL BUSINESS CONCERNS OWNED AND CONTROLLED BY SOCIALLY & ECONOMICALLY DISADVANTAGED INDIVIDUALS, HUB ZONE BUSINESS CONCERNS, WOMAN OWNED SMALL BUSINESS CONCERNS, VETERAN-OWNED SMALL BUSINESSES CONCERNS AND DISABLED VETERAN-OWNED BUSINESSES negotiated between the Contractor and the Government, which is applicable on a company wide basis pursuant to the requirements of 15 U.S.C. 637(d). The Contractor expressly understands that this subcontracting plan is an annual plan and hereby agrees to submit a new subcontracting plan by November 30th of each year during the life of this Contract.

ARTICLE 16. NOTICES

16.1. Unless specifically provided otherwise, all notices required to be provided to the Government under this Areawide Contract shall be mailed to: U.S. General Services Administration, PBS, Office of Facilities Management and Services Program; Director, Energy Division, 1800 F Street, NW, Room 5116, Washington, DC 20405 or via email at energycor@gsa.gov.

16.2. All inquiries and notices to the Contractor regarding this Areawide Contract shall be mailed to Kathy Robb (name), Program Manager, Energy Services (title), Ten Peachtree Place, Atlanta, GA 30309 (address), telephone number 404.584.4372, or to such other person as the Contractor may hereafter designate in writing, with a copy to:
16.3. The Ordering Agency shall provide GSA with a copy of all fully executed Exhibit "B" Authorizations for Energy Management Service including any applicable attachments at the address provided in Article 16.1.

ARTICLE 17. REPORTING

The Contractor shall provide, as prescribed and directed by the Contracting Officer, an annual report on Subcontracting Plan Achievements (contract awards to small businesses), in accordance with the approved subcontracting plan for small business concerns and small business concerns owned and controlled by socially and economically disadvantaged individuals by October 30 of each year during the life of this Areawide Contract. The report shall be submitted electronically utilizing the Small Business Administration’s Electronic Subcontracting Reporting System. The website address of the system can be found at http://www.esrs.gov.

ARTICLE 18. UTILITY ENERGY SERVICE CONTRACTS

18.1. Measurement and Verification: ECMs will not be normally considered unless a net overall energy usage or cost reduction can be demonstrated and verified. Verification standards for energy projects are established in the North American Energy Measurement and Verification Protocol (NEMVP), published by the Department of Energy’s Federal Energy Management Program (FEMP), or as agreed in the Authorization.

18.2. Unless otherwise provided by law, the following provisions shall apply to EMS:

(a) Payment for ECMs, when authorized as an EMS, shall be equal to the direct cost of capital or financing amortized over a negotiated payment term commencing on the date of acceptance of the completed installation;

(b) The payment term for Authorizations involving ECM shall be calculated to enable the Ordering Agency’s payment(s) to be lower than the estimated cost savings to be realized from its implementation. In no event, however, shall this term exceed eighty percent (80%) of the useful life of the equipment and material to be installed.

18.3. Subcontracting: The Contractor may perform any or all of its requested services through subcontractors, including its unregulated affiliates. ECM subcontractors shall be competitively selected in accordance with FAR 52.244-5 (Competition in Subcontracting) (DEC 1996) (See Article 14). Subcontractor selection shall be based on cost, experience, past performance and other such factors as the Contractor and the Ordering Agency may mutually deem appropriate and reasonably related to the Government’s minimum requirements. Upon request by the Government, the Contractor shall make available to the contracting officer all documents related to the selection of an ECM subcontractor. In no event shall the service be provided by subcontractors listed as excluded from Federal Procurement Programs maintained by GSA pursuant to 48 C.F.R. 9.404 in accordance with 52.209-6 (Protecting The Government’s Interest When Subcontracting With Contractors Debarred, Suspended, Or Proposed For Debarment (AUG 2013) (See Article 14)).

18.4. For all Authorizations involving ECM, it is desirable to have a Warranty Clause that addresses the specific needs and requirements of the work being performed and equipment that is to be provided by the Contractor, however, in the absence of a Warranty Clause in the Authorization the following language will serve as the default Clause:

If applicable, and to the extent feasible, Contractor shall pass through to the Agency all warranties on equipment installed or provided by it or its subcontractors on Government property with the following representation:

CONTRACTOR ACKNOWLEDGES IF SET FORTH IN THE AUTHORIZATION THAT THE UNITED STATES OF AMERICA WILL OWN OR LEASE THE EQUIPMENT AND/OR MATERIALS BEING INSTALLED OR SUPPLIED HEREUNDER, AND, ACCORDINGLY, AGREES THAT ALL WARRANTIES SET FORTH HEREIN, OR OTHERWIZE PROVIDED BY LAW IN FAVOR OF CONTRACTOR SHALL INURE, IF APPLICABLE, ALSO TO THE BENEFIT OF THE UNITED STATES OF AMERICA AND THAT ALL CLAIMS ARISING FROM ANY BREACH OF SUCH WARRANTIES OR AS A RESULT OF DEFECTS IN OR REPAIRS TO SUCH EQUIPMENT OR SUPPLIES MAY BE ASSERTED AGAINST A MANUFACTURER DIRECTLY BY THE UNITED STATES.

18.5. The Ordering Agency shall submit to GSA a copy of all preliminary energy audit results or energy conservation measure analysis for review. Upon written acknowledgement from the GSA of receipt of the aforementioned information, a copy of which shall be provided by the Ordering Agency to the Contractor, the Ordering Agency may negotiate Authorizations with the Contractor for the implementation of the energy conservation measures described in the preliminary documents. The Ordering Agency shall provide GSA with copies of fully executed Exhibit "B" Authorizations for any Energy Management Service resulting from approved energy audits, including any applicable attachments, at the address provided in Article 16.1. Any responsibilities of an Ordering Agency under this provision shall not be a contract requirement of the Contractor.

18.8. Contractor’s Responsibilities under this Areawide Contract for EMS provided under this Areawide Contract:

(a) The Contractor shall not provide EMS to Federal facilities under this Agreement unless the facility is a current customer of the Contractor or a prospective customer of the Contractor that is located within the Contractor’s Service Territory.

(b) The work that is to be performed under the EMS contract shall be limited to work resulting in a direct reduction in energy usage (see Article 1.1(f)) and any modifications or repairs that are necessary as a direct result of the installation of the ECM.
18.7. Scoring of UESC's by the Ordering Agency(ies):

UESC's that meet the definition of "Energy Management Service" (EMS) prescribed in Article 1.1(6) of this Areawide Contract, and which follow the guidance prescribed in OMB Memoranda M-12-21 and M-98-13, may be scored for budgetary purposes by the Ordering Agency(ies) on an annual basis if the UESC requires:

(a) Energy savings performance assurances;
(b) Measurement and verification (M&V) of savings through commissioning and retro-commissioning; and
(c) Competition or an alternatives analysis as part of the selection process prior to entering into a UESC.

18.8. In order to assure the necessary fiscal responsibility consistent with sound program management, financed UESCs should include a plan for continued action during the contract to assure continued accomplishment of expected performance (this is referred to as a Performance Assurance or Performance Verification Plan). The level of performance assurance (M&V) and its associated costs should be worth the level of certainty of cost savings that the Ordering Agency reasonably deems to be necessary. Each financed UESC should have a performance assurance plan to accomplish this. Such plans should provide for the separate evaluation of each energy conservation measure and combination of measures in order to identify the appropriate level of needed performance assurance activity based on the technical complexity, potential savings magnitude, and specific situation. (See Overview of the Measurement and Verification for Federal Energy Projects Guidelines Version 2.2 or FEMP Fact Sheet - Performance Assurance for Multi-Year Contracts Under the Utility Incentive Program for further guidance.) Inclusion of and compliance with the performance assurance plan in the specific project Authorization satisfies the requirements of Contractor under section 18.1 and 18.7.

ARTICLE 19. MISCELLANEOUS.

19.1. Contract Administration: The Ordering Agency shall assist in the day-to-day administration of the Utility Service being provided to it under an Authorization.

19.2. Anti-Deficiency: Unless otherwise authorized by Public Law or Federal Regulation, nothing contained herein shall be construed as binding the Government to expend, in any one fiscal year, any sum in excess of the appropriation made by Congress for that fiscal year in furtherance of the matter of the contract or to involve the Government in an obligation for the future expenditure of monies before an appropriation is made (Anti-Deficiency Act, 31 U.S.C. 1341(a)(1)(A).

19.3. Obligation to Serve: Nothing contained in this Contract shall obligate the Contractor to take any action which it may consider to be detrimental to its obligations as a public utility.

19.4. Term of Authorizations: It is recognized that during the life of this Contract, situations and/or requirements may arise where it may be desirable that the term of service to an Ordering Agency's facility extend beyond the term of this Contract. In such event, the particular Authorization involved may specify a term extending beyond the term of this Contract, provided that it is within the contracting authority of the Ordering Agency and appropriate termination liability provisions have been negotiated between the Contractor and Ordering Agency to address unamortized balances for connection charges and/or financing charges associated with energy management service projects.

19.5. Indemnification: Any indemnification language contained in standard form agreements executed between the Ordering Agency and the Contractor shall be binding upon the Federal Government only to the extent authorized by opinions of the government Accountability Office and the Federal Tort Claims Act.

19.6. Waiver of Sovereign Immunity: Any language contained in standard form agreements executed between the Ordering Agency and the Contractor shall not be construed to waive the federal government's sovereign immunity, and may not be applicable where the federal government's sovereign immunity has not otherwise been waived by statutory law.
IN WITNESS WHEREOF, the parties have executed this contract as of the day and the year first above written.
