Example of the First RWA Bill Available in VCSS

Due to BAAR Phase 2A conversion, your first RWA bill may include 1) previously billed PBS RWA fees and 2) negative or "reversal" lines. This will only occur on the first bill. All subsequent bills will only display current fees. Below is an example of the first bill you may encounter in the new system.

You are NOT being charged for previously billed PBS RWA fees.
