

## Electric Vehicle Supply Equipment Blanket Purchase Agreement

In February 2017, GSA Fleet awarded a Blanket Purchase Agreement (BPA) for electric vehicle supply equipment (EVSE) to include data services. Two vendors received awards for six different EVSE manufacturer products:

- Apollo Sunguard (BPA Number GS-30F-GA082) was awarded for ChargePoint branded equipment and data subscriptions in out years.
- Pacific Lighting Management, Inc. also referred to as PLEMCo, (BPA Number GS-30F-GA083) was awarded for the following brands of equipment: Efacec, EVSE LLC, Juice Bar, and Telefonix.

The BPA is available for all GSA Fleet leasing and purchasing customers to utilize for their charging station equipment and data needs. For agencies that want to purchase EVSE from the BPA, agency Contracting Officers can place a task order directly against the BPA without involvement of GSA Fleet. More information can be found at [gsa.gov/evse](http://gsa.gov/evse).

A variety of EVSE configurations are available under the BPA, including level 1, level 2, and DC fast charge units with options for wall or pedestal mounting. In addition to equipment, Apollo Sunguard was awarded data services under the BPA for the ChargePoint network. Agencies can utilize the BPA to purchase data services for up to four additional years. Below is a summary of the awarded EVSE by manufacturer:

Vendor	Brand	# Configs. Available	Power Level	Mount Types	Ports Available	Data Network	Fleet or Commercial?
Apollo Sunguard	ChargePoint	24	Level 2, DC Fast Charge	Wall and Pedestal	Single and Dual	ChargePoint	Both
PLEMCo	Efacec	1	DC Fast Charge	Pedestal	Dual	EV Connect	Commercial
PLEMCo	EVSE LLC	21	Level 2	Wall and Pedestal	Single and Dual	Greenlots	Both
PLEMCo	Garage Juice Bar	28	Level 2	Wall and Pedestal	Single and Dual	Greenlots	Both
PLEMCo	Telefonix	2	Level 1	Wall and Pedestal	Single	Not Applicable	Not Applicable

A complete BPA Product Guide, list of awards, and a task order information sheet are available on the GSA website at [gsa.gov/evse](http://gsa.gov/evse). For additional information, please contact GSA Fleet’s AFV Team at [gsafleetafvteam@gsa.gov](mailto:gsafleetafvteam@gsa.gov).
