We are moving from this...

C. A. R. S. and M. A. R. S.

To this...

Welcome to GSAFlet.gov

A single platform that will consolidate, modernize, and improve how YOU buy, lease, rent, and manage both GSA leased and agency-owned vehicles.

Where we are today

Current functionality in GSAFleet.gov allows you to:

Manage Offerings:

- Equipment Codes
- Catalog Codes
- Standard Item Number
- Purchase Rates

Manage Users:

- User Authentication
- Authorization
- Registration
- User Profile
- Roles and Permissions

Manage Your Fleet: *(agency owned only as of 1.20.23)*

- New Vehicle Details page
- Manage agency-owned vehicle expenses, mileages, repairs, recalls, and inventory details
- WEX, CARFAX and USPS integration
- All FedFMS reports
- Vehicle Registration
- License Plate Management
- Vehicle Inventory
- UNICOR NLETS Interfaces
- FAST Reporting module (agency-owned)
- Customer-Driven Data (CDD)

A Special Thank You!

GSAFleet.gov is committed to collaborating with our customers as we design, build and test new functionality. For this last release, we:

- Conducted 60+ usability testing sessions with customers
- Hosted four Desktop Workshops with over 2,100 attendees
- Worked with all customer agencies to cleanse their data and better manage their users in preparation for the new system
- Provided individualized support for large customers in this effort
- Migrated user accounts and information (FAS ID) for an improved user experience
- Established a Community of Practice to receive early feedback
- Developed user guides and informational communications to keep agency partners informed
