(Version 1.1)
Starting February 2016, you will begin receiving redesigned statements for your GSA AAS, GSS-IWAC, and ITS Statements. GSA's redesign of the GSA AAS, GSS-IWAC, and ITS Statements is part of a larger effort to modernize our billing and collections. We’re committed to achieving the highest standards of customer service by providing you with timely, relevant information in a clear format, so you can more effectively manage your budget and expenditures. Equally important, we’re meeting the goals of the Open Government Directive issued in 2009.

Getting your statement

GSA AAS, GSS-IWAC, and ITS Statements for Civilian customers will be issued twice a month beginning mid-February 2016. The first billing cycle will occur on the 8th of the month, and the second billing cycle will occur on the 22nd (or the next business day for both dates if they fall on a weekend or holiday). There will be no change to the billing schedule for DoD Customers.

GSA will no longer send paper billing statements by mail or make new billing statements available in BillView. Going forward, you will be required to log on to GSA's Vendor and Customer Self Service (VCSS) website, located at vcss.gsa.gov, to obtain printed billing statements. There, you can find not only your GSA KC Finance Center Billing Statements but also a wide range of additional information and useful resources.

Once you’ve registered for access to your accounts, you can submit questions or report problems about items on your statement. You can also download your billing statements in PDF and your billing activity in comma-separated value format (.csv).

Questions about your statement or your charges?

If you have questions about specific items on your statement, or if you still have questions about GSA billing after you read this guide, you should visit the VCSS website. If you can't find your answer online, contact us by phone, fax or email. Our contact information is listed under the “Contact Us” link on the VCSS website. The contact information can also be found on the second page of your statement.
The big picture – the four sections of your non-IPAC statement

Your GSA AAS, GSS-IWAC, and ITS non-IPAC Statements cover transactions over an entire billing cycle for a single Account Code and includes charges and credits for that Account Code. (Account Codes are explained later in this guide.)

Information in the statement is presented in four sections: (A) the Statement Overview, (B) the Account Code Header, (C) Itemized Charges, and (D) the General Information page. Note that the first page of your statement is a cover page that contains only your address—it is not shown here.

A: The Statement Overview appears on the second page of your statement. It contains key information about the statement and your agency, contact information for help if you need it, payment options and a top-level summary of your charges and credits for the billing cycle.

B: The third page of your statement begins with an Account Code Header, followed by itemized charges. The Account Code header is a subset of the information in your statement overview. Any additional pages for that Account Code will begin with an abbreviated header.

C: Billing Summarized Information begins at the bottom of page 3 of your statement. This section displays itemized charges and useful subtotals.

D: The General Information page contains points of contact for help if you need it, notices and helpful information.
