Wildland Fire Program

Welcome to the GSA Wildland Fire Program aisle on GSA Advantage.

GSA maintains a firm commitment to supporting the Fire Suppression Program and is constantly striving to provide the highest-quality equipment and services to its wildland firefighting customers.

This aisle provides an easy way to find, compare and purchase wildland fire equipment and services from GSA Global Supply™ as well as GSA Multiple Award Schedule (MAS) contractors.

All of the items in GSA's Wildland Fire Equipment Catalog may be found on this site. These items are identified with a National Stock Number (NSN) and also bear a National Fire Equipment System (NFES) designation. Searches can be performed on the NSN or NFES for your convenience. Your requisition of NSN items, regardless of quantity ordered, is compliant with the FAR and does not require comparison of multiple sources.

Searches can also be performed on products and services offered directly from GSA contractors under the Multiple Award Schedule program. Your procurement of Schedule items is governed by the FAR and must comply with those regulations.

What does represent?

The National Fire Equipment System (NFES) was created to provide standards for fire supplies and equipment. Each of the GSA Global Supply™ NSNs listed in this aisle exhibit the NFES Symbol and NFES number. Clicking on "NFES/NSN Quick Order" will access all NSNs which can then be sorted by NSN, NFES number or product name.

State & Local Governments

Welcome to the State and Local Government aisle on GSA Advantage.

GSA Advantage is the federal government's premier online shopping superstore giving you access to millions of commercial products and services available from GSA-negotiated contracts.

State and local governments can use GSA Federal Supply Schedules contracts under the authorities of the Cooperative Purchasing Program, the Disaster Recovery Purchasing Program, and the 1122 Counter-drug Program. *Note: only those products and services offered under the Disaster Recovery and Cooperative Purchasing programs are available online for purchase.*

State and local customers may browse GSA Advantage anytime. You must use a state or local government issued credit card for payment. No other form of payment is accepted at this time. The State or local government ordering activity is responsible for ensuring that only authorized representatives of their governments place orders and that the supplies or services purchased will be used for governmental purposes only.

Security Solutions

Welcome to the GSA Security Solutions aisle on GSA Advantage.

GSA is pleased to assist federal agencies in their mission to protect and defend the United States of America. This Security Solutions page provides a streamlined way to find, compare, and purchase security related products and services on GSA Advantage.

The table below lists the various GSA categories having security related products and/or services. We have included two links for each category. The links under "Products & Catalogs" will conduct a search on GSA Advantage and will return all products found in that category. You may then compare prices, add to cart and purchase if desired. In the case of services, it will return all vendor price lists found under that category which may be researched. The links under "Contracts & Quotes" will redirect you to GSA eLibrary and will return a list of all GSA contracts under that category. You may review the contractor list, view their price lists, and you may also request a quote from these contractors.
