

Appendix A - Statement of Substantial Conformance

United States National CAD Standard® - Version 4.0

In accordance with NCS Administration Sections 5 and 7, the undersigned hereby states that, to the best of his/her knowledge and belief, the electronic CAD sheet files for the project described herein substantially conform to the requirements of the NCS, Version 4.0, except as specifically indicated below. For those NCS specifications that are optional or recommended but not required, the options implemented for this project are listed below.

This form shall be placed as part of the data of the first CAD sheet file (generally the first G series file) and shall accompany the transmission of the project data set whenever the data set is transmitted to another party.

Layer Guidelines: Full Conformance Non-conformance (circle one)

If the work is in partial conformance to the specified requirements of this section, describe any variations from prescribed format. Attach illustrations or examples.

Drawing Set Organization: Full Conformance Non-conformance (circle one)

If the work is in partial conformance to the specified requirements of this section, describe any variations from prescribed format. Attach illustrations or examples.

Sheet Organization: Full Conformance Non-conformance (circle one)

If the work is in partial conformance to the specified requirements of this section, describe any variations from prescribed format. Attach illustrations or examples.

Schedules: Full Conformance Non-conformance (circle one)

If the work is in partial conformance to the specified requirements of this section, describe any variations from prescribed format. Attach illustrations or examples.

Δ | Drafting Conventions: Full Conformance Non-conformance (circle one)

If the work is in partial conformance to the specified requirements of this section, describe any variations from prescribed format. Attach illustrations or examples.

Terms and Abbreviations: Full Conformance Non-conformance (circle one)

If the work is in partial conformance to the specified requirements of this section, describe any variations from prescribed format. Attach illustrations or examples.

Symbols: **Full Conformance** **Non-conformance** (circle one)

If the work is in partial conformance to the specified requirements of this section, describe any variations from prescribed format. Attach illustrations or examples.

Notations: **Full Conformance** **Non-conformance** (circle one)

If the work is in partial conformance to the specified requirements of this section, describe any variations from prescribed format. Attach illustrations or examples.

Code Conventions: **Full Conformance** **Non-conformance** (circle one)

If the work is in partial conformance to the specified requirements of this section, describe any variations from prescribed format. Attach illustrations or examples.

Plotting Guidelines: **Full Conformance** **Non-conformance** (circle one)

If the work is in partial conformance to the specified requirements of this section, describe any variations from prescribed format. Attach illustrations or examples.

Please use additional sheets if necessary.
