

FY21 - Program Offerings and Ceiling Rates

Ceiling rates represent the highest possible rate, exclusive of non-exempt fees. All requests are competed among eligible vendors to maximize discounts, reflected in the average monthly rates from the previous quarter. Exact rates cannot be provided until request is competed among eligible vendors. "Not enough data" for Ave Monthly Rental Rate simply means equipment was not rented during calendar year 2020.

Average percent below ceiling rate for 1st Quarter FY21 is 47.91
