

Industrial Products & Services

GSA offers solutions in:

- Cleaning Supplies
- Fire/Rescue/Safety/ Environmental Protection Equipment
- Fuel Management
- Hardware and Tools
- Industrial Products
- Industrial Products and Services Maintenance and Repair
- Machinery and Components
- Packaging
- Test and Measurement Supplies

The Industrial Products and Services category offers goods and services and can include those used in the production of a final product (e.g., Basic or raw materials and components, instruments, hardware or tools).

Agencies save both time and money while having access to a vast array of items ranging from cleaning supplies; hardware and tools; air compressors and pressure cleaners; to vehicular cranes and attachments and more.

We offer two solutions to meet your agency's Industrial Products & Service procurement needs.

The GSA Schedule is a convenient, effective option for both buyers and sellers. Buyers enjoy simplified ordering procedures and reduced prices, while sellers can connect with federal buyers quickly and easily. The Schedule supports compliance but also allows for flexibility to meet your buying needs of:

Benefits:

- Negotiated contract ceiling prices
- Opportunities for discounts at the order level
- Single contracting vehicle to fulfill complex or ongoing needs and reduce overall contract awards and administration
- Less administrative time and contract documentation, since the master contract is managed by GSA
- Meets OMB Mandates for using existing contracts and reaching Tier 2 spend under management **SUM** goals
- Socioeconomic credit for orders awarded to small business and other socioeconomic categories

Visit gsa.gov/schedules for more information.

Have you heard about Federal Marketplace Strategy (FMP)?

FMP is GSA's plan to modernize and simplify the buying and selling experience for customers, suppliers, and acquisition professionals. We want to ensure the Federal Marketplace experience of tomorrow is even better than it is today. We would love your ideas and feedback!

Join the FMP Strategy Community of Practice Today!
gsa.gov/federalmarketplace.

Acquisition Gateway

Learn more about government-wide categories at the Acquisition Gateway hallways.cap.gsa.gov.

Maintenance Repair Facility Supplies (MRFS) is a purchasing channel which is an OMB-designated Best-in-Class **BIC** strategic sourcing and category-management solution created to streamline the process of purchasing maintenance, repair, janitorial and sanitation products – government-wide. The MRFS purchasing channel combines GSA's Maintenance, Repair, and Operations (MRO) and the Janitorial and Sanitation (JanSan) purchasing channels into a single program.

Benefits:

- Government-wide Blanket Purchase Agreement for multitude of maintenance, repair, janitorial and sanitation products.
- Meets agency Category Management goals: Spend Under Management and Best in Class
- Spend data from contractors enhances transparency and enables agencies to better manage expenditures and measure cost savings
- Trade Agreement Compliant products
- Full offering is available on *GSA Advantage!*[™] and DOD FedMall, or contractor-operated websites. In addition, agencies may contact vendors directly or visit brick-and-mortar stores, where applicable
- GSA SmartPay[®] government purchase card accepted
- Order status and tracking are provided for all orders, regardless of ordering platform
- Worldwide delivery

Visit: gsa.gov/mrfs for more information.
