MAS Basics
What is a MAS contract?

- Schedule purchases represent approximately 21 percent of overall federal procurement spending--about $42 billion per year.
- GSA Schedules are fast, easy, and effective contracting vehicles.
- GSA establishes long-term, governmentwide contracts with commercial companies to provide access to millions of commercial products and services at volume discount pricing.
MAS Basics

Benefits

- A faster, cost-effective, best value, acquisition process for customers
- Reduces cost of finding government business
- GSA pre-qualifies your vendor status
- Faster review and acquisition life cycle
- Leads to quicker contract awards
- Differentiates your organization
MAS Basics
Myth vs. Reality

“With a GSA Schedule, Federal Agencies will be knocking down my doors to obtain my services!”

REALITY

- You have a competitive edge
- Sales are not guaranteed
- Risk of losing your contract
  (Minimum Sales of $25,000 in first two years)
- Marketing is required and not much different than selling to commercial customers
What is Success?

**CONTRACTOR**
- Sales
- Profit
- Business Growth

**ORDERING ACTIVITY**
- On Time
- On Budget

**GSA**
- Right Product
- Right Price
- Timely Delivery
- T&C Compliance

**SUCCESS**

The IFF represents a percentage of the total quarterly sales reported. This percentage is set at the discretion of GSA’s FAS. GSA’s FAS has the unilateral right to change the percentage at any time, but not more than once per year. FAS will provide reasonable notice prior to the effective date of the change.

The IFF is remitted by you on a quarterly basis.

Payment must be received within 30 calendar days after the quarter ends (not necessarily the last day of the month).

GSA encourages contractors to pay the IFF via credit card or electronic check.
The following is a brief explanation of the payment methods and daily maximum limits. For additional information check with Pay.gov.

Contract Requirements
Trade Agreements Act (TAA)

- Comprised of various international trade agreements and other trade initiatives
- Applicable to all Schedule contracts (including services)
- TAA Compliant countries can be found in FAR 25.003
- A compliant TAA product is wholly manufactured in the US or designated country, or can consist of materials from another country, as long as it has been “substantially transformed” in the designated country into a new/different product with a name/character/use distinct from the material(s) from which it was transformed.
- For services, the country of origin is considered to be the country where the company is established.
Contract Requirements
TAA Compliance

- No documentation to demonstrate compliance
  - Ensure that you have a control system and/or process in place to track the country of origin of all products – it is not required, but it is a good idea

- Failure to remove a product from the contract when the country of origin changes to a non-TAA compliant country
  - Review your price list and GSA Advantage!® file for accuracy and any possible non-compliant items
  - Notify your PCO if non-compliance is uncovered
Contract Requirements
Basis of Award (BOA)

**BASIS OF AWARD**
Discount provided from your companies commercial pricelist to this customer.

**DISCOUNT RELATIONSHIP**
The difference between your GSA pricing and your Basis of Award customer pricing.

**GSA PRICING**
Discount provided on your approved GSA Pricelist.
Contract Requirements
Basis of Award (BOA)

- Not knowing your Basis of Award customer or discount relationship
- Lack of an effective system/process for monitoring the Basis of Award relationship and ensuring the relationship is maintained.
- Not maintaining the discount relationship identified in your contract.
Contract Requirements
Labor Qualifications

- Individuals working under professional labor rates under the GSA contract do not meet the experience or education minimum qualifications

Mod approved! What’s next?

- Schedules Input Program (SIP) file - You will use this to get your catalog and terms and conditions (text file) on GSA Advantage.
- You are responsible for uploading your SIP file within 15 days after modification approval. Failure to do so makes you non-compliant with your contract.
- Your CS/CO will approve your catalog; the VSC staff are the technical experts for SIP submission.
- For more information, visit the SIP Page on the VSC website
Keeping Your Contract Current

Top two time-consuming issues for the contractor—usually at Option when time is of the essence.

1) Not responding to the Annual Assessment when issues are found
2) Having a POC for your contract who has not been exposed to your contract Terms or GSA Training.
