

Vicky Niblett

Deputy Assistant Commissioner
Integrated Award Environment Program Management Office
U.S. General Services Administration

Vicky Niblett is the deputy assistant commissioner for the Integrated Award Environment (IAE) in GSA's Federal Acquisition Service, where she provides management and oversight of the IAE Program.

Before joining GSA, Niblett served as the deputy product director, wideband control, in the Army's Program Executive Office for Enterprise Information Systems (PEO EIS). In this role, she successfully developed, deployed, and managed highly complex, mission critical satellite control systems. In addition, she was the liaison to the Australian Government's Department of Defense, representing the US Army PEO EIS interests in the USA-AUS Wideband Global Satellite (WGS) partnership.

Prior to becoming a federal civil servant, Vicky was a federal government contractor supporting NASA Headquarters as a mission directorate project manager and application development branch manager for more than 8 years.

Vicky also is the co-founder of a successful nonprofit that specializes in providing bereavement support services.

Niblett has a Bachelor of Science degree in Computer Science, a Master of Science degree in Management Information Systems, and Department of Defense Acquisition Workforce System Engineering (Level III) and Program Management (Level II) certifications.
