**American Institutes for Research**

**About Us:**

American Institutes for Research (AIR)’s mission is to conduct and apply the best behavioral and social science research and evaluation towards improving people's lives. AIR develops and evaluates tools, systems, and programs designed to ensure that:

- Employers are prepared to recruit, develop, and retain human capital needed for organizational success; and
- Individuals have the skills needed for successful lifelong employment.

Our work encompasses the entire employment lifecycle—workforce preparedness, recruitment, selection, performance management, training, retention, and more—and provides our clients with unique insights and solutions. Our experts apply research-based principles to develop the knowledge, tools, systems, and programs that are required to maximize the potential of individuals and organizations.

**Client Base:**

*AIR has a diverse client base including many Federal government departments. Our largest Federal clients include:*

- Department of Education
- Department of Health and Human Services
- Department of Homeland Security
- Department of Defense
- Department of Labor
- Department of Justice
- Department of Housing and Urban Development

**Capabilities:**

*AIR’s strongest Human Capital capabilities are in the following areas:*

- Job Analysis
- Practice Analysis
- Competency Modeling
- Employee Selection
- Test Development and Validation
- Credentialing and Licensing
- Human Factors and Usability Testing
- Performance Management and Measurement
- Talent Management Systems
- Training and Professional Development
- Program Evaluation
- Workforce Development
- Organizational Effectiveness

ABOUT US

Founded in 2008 by military, health and academic leaders, Atlas Research works with Federal clients by effectively partnering in the development and implementation of impactful and cost-effective solutions to plan and execute enterprise-level transformation and performance improvement initiatives. We empower creative, mission-driven employees to deliver efficient and sustainable solutions that fuse deep domain knowledge with industry best practices. Our staff’s knowledge and insights about how government works and our expertise in human capital enables us to deliver solutions that accelerate organizations’ performance to meet their mission. We partner with clients to design and execute solutions to advance workforce development and reskilling, fill mission critical vacancies, implement program and enterprise-wide modernization initiatives, and improve employee performance and accountability.

About Booz Allen Hamilton

For more than 100 years, business, government, and military leaders have turned to Booz Allen Hamilton to solve their most complex problems. They trust us to bring together the right minds: those who devote themselves to the challenge at hand, who speak with relentless candor, and who act with courage and character. They expect original solutions where there are no roadmaps. They rely on us because they know that—together—we will find the answers and change the world. We solve the most difficult management and technology problems through a combination of consulting, analytics, digital solutions, engineering, and cyber expertise.

About Us — Partners in Performance

Colleague Consulting (Colleague) is a small business with a more than 20-year history of providing expert training and development services to federal agencies. Specializing in grants, acquisition, and program and project management training, and multi-level leadership development, we maintain a sharp focus on **performance improvement**. Our training provides federal personnel with more than just an understanding of content. We move beyond **understanding to action**. Our performance improvement services include professional coaching, competency assessment and modeling, competency-based integrated curriculum design, and course development and delivery in sophisticated classroom and on-line (webinar) formats. Areas of expertise also include federal financial assistance, and PMIAA program management training requirements.

Capabilities:
The Engility Team has delivered exceptional products and services across DOD for over four decades. We are a trusted agent, providing unmatched thought leadership, continuity, institutional experience, and innovative processes and procedures. We deliver unbiased managerial, acquisition, and technical expertise, and are a proven innovator for research and development dedicated to maintain U.S. technological superiority and current readiness, transition capabilities to the warfighter, and mitigate the risk of technical surprise. Our comprehensive management approach covers the spectrum of professional disciplines, technical expertise, agile processes, and efficiency tools to meet and exceed all requirements.
FORS MARSH GROUP, LLC (FMG) combines the power of science and strategy to improve people’s lives. Each day, we work with organizations that seek to disrupt markets, understand or influence behavior, drive action on a global scale, and create a positive impact on the world. FMG offers human capital consulting, training and organizational behavior research under the HCaTS program. FMG has significant experience conducting program evaluations, needs assessments, process improvement and change management initiatives. FMG conducts full life-cycle training development in support of instructor-led, eLearning and blended programs. FMG has conducted experimental, survey, and meta-analytic research related to models of training evaluation, training outcomes, motivational and self-regulatory processes during training, and web-based instructional design. FMG provides organizational and learning development services in defense and civilian agencies throughout the Federal Government.

Golden Key Group

ABOUT US

Established in 2002, Golden Key Group (GKG) is a Woman-Owned Small Business (WOSB) headquartered in Northern Virginia. GKG has been unlocking talent and delivering definable solutions to our government clients for almost two decades. GKG is regarded as a premier resource for Federal Human Capital and Human Resources support. Our recognition of the importance of partnering with our clients creates a shared commitment to success by assuring a combination of objectivity, expertise, experience, and creativity of our entire team. Through this construct, we realize the achievement of better, stronger, and more sustainable results. We will bring our established best practices, financial stability, and proven record of accomplishments in the delivery of quality customer service and support that will meet or exceed client mission requirements.

CAPABILITIES

Human Capital

Creating a high-performance workforce requires an integrated talent management approach. GKG works with organizations to support their full human capital lifecycle needs from human capital strategy; recruitment and hiring; leadership and employee development; promotion and career management; engagement and retention rewards and recognition; to employee retirement or transfer. GKG helps ensure you have the right people at the right time with the right skills. We are especially motivated in providing broad, workforce development strategies that focus on:

- Executive development including design, coaching, and mentoring;
- Competency development/modeling and career mapping;
- Customized, soft skill curriculum design and course delivery; and
- Program evaluation and return-on-investment analysis.

Organizational Performance

Improving organizational performance is a constant challenge. GKG is at the forefront of working with Federal organizations to properly assess performance issues, design performance improvement initiatives, and effectively implement and institutionalize these improvements. We understand the needs of agencies as they move to modernize internal human capital activities and processes based on government-wide shared service initiatives. Our integrated approach incorporates organization, process, people, and technology for optimal results.

Training Solutions

- Human resource management training (supervisors, managers and HR staff)
- Executive and employee coaching
- Mentoring program design and delivery
- Leadership program development design (all levels) and delivery
- Candidate development programs (all levels)
- Competency development/modeling and career mapping

Guidehouse provides strategy, management, technology and risk consulting to clients around the world through more than 1,800 professionals in over 20 locations. At our core, we focus on building trust in society, solving important problems, and having a seat at the table for our clients’ most pressing matters. Formerly part of PwC, Guidehouse provides the exceptional quality our clients demand with the agility and innovation to go beyond the expected.

Guidehouse provides expertise and support in the following primary areas:

- Human Capital
- Enterprise Effectiveness
- Financial Management
- Governance, Risk and Compliance
- Program Management
- Technology

Clients We Serve

Guidehouse serves a broad client base including the U.S. Federal Government, State and Local Governments and commercial entities. The primary industries we serve include:

- Defense
- Financial
- International Development and Diplomacy
- Health
- Science and Infrastructure
- National Security

Human Capital and Training Solutions (HCaTS)  
Guidehouse’s Six Key Priorities

Guidehouse uses a holistic, integrated service offering designed to solve unique human capital challenges by focusing on six interlocking performance areas:

- **Strategy**  
The development, design, and implementation of a human capital road map that provides direction for an organization to achieve its goals.

- **Organizational Design**  
The establishment of an organizational structure that supports the achievement of business objectives and is aligned with the organization’s mission and strategies.

- **Workforce Planning**  
A holistic approach that provides a framework for staffing decisions and resource allocations based on an organization’s mission, strategic plan, resources, and workforce objectives.

- **Learning and Development**  
The activities that promote individual knowledge, skills, abilities, and behaviors including mentoring, coaching, training, and e-learning programs.

- **Knowledge Management**  
The effort to capture, transfer, organize, and share tacit and explicit knowledge to address mission critical issues such as knowledge retention.

- **Succession Management**  
Planning for the development and placement of people in senior executive positions in order to establish, maintain, and nurture the entire pipeline of leadership talent.

Human Capital and Training Solutions
Indefinite Delivery, Indefinite Quantity

HCaTS provides reliable, flexible, fast, and efficient ways to obtain best-value, customized solutions for training and development, human capital strategy, and organizational performance improvement requirements.

About LMI
Created by and for the government, LMI is a full-service, not-for-profit consulting firm and trusted partner. We help you develop the right solutions in:

• Advanced Analytics. Repeatable, scalable services that derive meaningful insights from sets of data, facilitating understanding and actionable outcomes for improving mission effectiveness.
• Digital Services. Modernized applications and infrastructure to increase efficiencies, better secure information, reduce costs, and increase the scalability of government services from IT strategic and advisory services to implementation and buildout of technology solutions.
• Management Advisory Services. Enhanced management of government organizations, programs, and missions via strategic and operational analysis, evidence-driven improvement, and governed planning and implementation.
• Logistics. Robust, end-to-end logistics support, including supply, sustainability, transportation maintenance, & engineering.

To every project, we bring:
• Insight. Our innovative problem solving affords valuable insights into possible solutions.
• Objectivity. Our independence ensures we operate in an unbiased manner.
• Practical Results. Our solutions are outcome driven and results oriented.
• Shared Purpose. Our shared spirit of public service and deep knowledge of government operations enhance our recommendations.
• Significant Value. Our net revenue supports our mission—not shareholders—delivering more value for the dollar.

Our Clients
LMI helps our customers align their resources with changing and competing priorities, arming them with practical tools to prepare for future challenges. We serve 40 agencies across the federal government, 62% of which are Defense agencies, 14% National Security, 13% Civil, and 11% Health.

Capabilities
LMI is a designated HCaTS provider that can support government agencies with human capital and training solutions. We integrate strategy, structure, people, and processes to better enable the mission and create high-performing organizations.

With a robust framework, a set of data analytic tools, and a proven record of accomplishment, LMI provides a full complement of data-driven human capital and training solutions. Our capabilities include:

• Strategic planning
• Business process reengineering and improvement
• Workforce analytics and planning
• Competency modeling
• Organizational assessment and design
• Service delivery assessment
• Performance needs assessment
• Program management
• Change management
• Talent management
• Strategic communications
• Technology-based training solutions.

About Us

Trust, partnership and service are integral to working with the public sector. As a trusted partner for more than 50 years, NTT DATA brings a unique blend of proven processes, technologies and insights gained from working inside commercial businesses and governments to the needs of federal, state and local government agencies.

We offer a rich combination of industry experience, a more complete portfolio of integrated capabilities under one umbrella and overall, a new redefined experience to better serve government. We are 3,000 strong across federal, state and local government delivering better, smarter, more efficient IT, program management, training, and mission support.

Client Base

For more than 15 years, NTT DATA has helped to make government staff more effective by developing and delivering training for law enforcement, Homeland Security, intelligence community and Department of Defense organizations. We deliver a full-spectrum training capability to help strategically position federal organizations meet evolving priorities.

Capabilities

Training is key to maintaining a strong workforce. We work with you to create learning opportunities that lead to better work performance and our instructors and trainers offer innovative, relevant courses that make the difference to your employees and your agency. Our capabilities include:

- **Curriculum Design.** We use technology to deliver curriculum content in a learning environment that is most effective for the learner.
- **Instructional Design.** We align work with operational objectives using instructional systems design models to create learning experiences that enhance work performance.
- **Learning Management.** We offer a full range of education technologies, including eLearning, mobile, agile, cloud, .edu environments and more.
- **Training Delivery.** Our instructors and trainers work across all mediums— from computer, mobile, and web-based training, to instructor-led training and blended learning environments.

About Us:

In 1986, Sigmatech was founded on the simple concept of providing excellent products and services to create value for our employees and customers. Today, we believe this concept has never been more important. Building on this concept, we continue to evolve as a company and promote growth strategies to foster a high-performing organization that focuses on customer satisfaction; recognizes the importance of employee contributions, professional growth, and fulfillment; and demonstrates our continual commitment to ethics and integrity.

With major office locations in Huntsville, AL; Colorado Springs, CO; Aberdeen, MD; Crystal City, VA; and other worldwide locations, we are uniquely suited to support all customers at home and around the world.

HUMAN CAPITAL AND TRAINING SOLUTIONS (HCaTS)

Jointly administered by the Office of Personnel Management (OPM) and General Services Administration (GSA), HCaTS fulfills the Federal Government’s need for a reliable, flexible, fast, and efficient way to obtain customized solutions for human capital management, training and development, and organizational performance improvement.

Suntiva HCaTS Services and Solutions

- Improve the management of human capital in accordance with the Human Capital Framework and OPM governing doctrines.
- Increase the effectiveness and efficiency of key business processes.
- Deliver leadership and professional development programs designed to build workforce capacity and capability.
- Deliver tailored change and transition management strategies.
- Develop effective performance metrics to assess progress in executing human capital strategies.
- Maximize the return on investment in training and development, human capital, and organizational performance improvement to support agencies in accomplishing their critical mission objective.
- Provide IT services in support of complete, tailored, integrated solutions.

Benefits and Features of Using HCaTS

- Available to all Federal Government agencies.
- Reduces procurement, administrative, and start-up time through a streamlined acquisition process using FAR 16.505.
- Access to pre-qualified, best-in-class solution providers.
- Maximum flexibility to procure complex and customized solutions.
- Established mechanism to increase total cost savings, value, and socioeconomic participation.
- Flexibility to use all contract types.
- Pricing at the task order level.
- Allows for ancillary support (other direct costs) at the task order level.
- Provides self-service (via a Delegation of Procurement Authority) and assisted acquisition service (via OPM & GSA) access to HCaTS solutions.

Suntiva is a business transformation and technology company located in Falls Church, VA, serving Federal Government agencies. We enable our clients to improve performance through people, process, and technology in significant, measurable, and sustainable ways. We provide mission critical information technology, digital transformation, organizational performance, human capital, and acquisition lifecycle solutions—with great minds and great hearts.
About Us:
Valiant Integrated Services is a pure government services provider with a 3-decade history of providing excellent training to US government personnel and partner nation personnel. We are a preferred high-value training provider, focusing on exceptional delivery and client satisfaction. We also are an industry partner of choice, with an exceptional record of teaming with a broad range of partners to ensure complete solutions are delivered.

Client Base:
We provide training services to a broad range of clients, including the Departments of Defense (all Services), Homeland Security (US Coast Guard, Federal Emergency Management Agency) and State (USAID). We also provide training services to approximately 60 nations, the United Nations and associated entities. We also provide training to a range of state, county and local governments. Additionally, we have a small but niche list of private sector clients.

Capabilities:
We have capabilities in nearly every HCaTS NAICS codes. Our specific capabilities include: training facilities; electronic and distance learning methods; survival training; automobile driving schools; employment to persons with disabilities; and physical distribution and logistics.

Non-NAICS key word capabilities include: live/virtual/constructive training; simulation training; training systems management; disaster response training; health emergency training; weapons of mass destruction response training; special operations training; flight simulator training; and defense support to civil authorities training.
About Us:
Xcelerate Solutions is a mission-driven consultancy committed to enhancing the security and resilience of America’s personnel, physical, and cyber security through the delivery of consulting, advisory, and technical support services. About Us:
YRCI delivers comprehensive mission enabling services in HR to more than 80 Federal customers. We support multi-million-dollar HR programs and are scalable to sustain specialized projects in functional areas that support the entire employee lifecycle: workforce and strategic planning; policy development; recruitment, and staffing; classification and position management; personnel action and payroll processing; onboarding; ER/LR; and retirement and benefits. YRCI has nearly 500 employees working in more than 30 states, so we know how to effectively manage projects whether they are across the street or across the country.

YRCI’s shared service center, HRROCTM, efficiently provides end-to-end HR services to more than 15 Federal agencies, supports more than 300,000 Federal employees, and has a large staff of more than 100 HR practitioners that are proficient across the full spectrum of Federal HR regulatory frameworks and automated information systems.

Client Base:
YRCI has supported more than 80 Federal agencies during the past 18 years ranging from small agencies to large departments. We support both Civilian and Defense agencies, and our capabilities span both military and civilian.

Capabilities are available via on-site consultants or through YRCI’s HR Remote Operations Center: HRROCTM
