Special Instructions Regarding Orders set-aside for 8(a) Competition

OASIS SB and 8(a)					
I WANT TO	Allowable	Credit with 8a program	Credit for Small Disadvantaged	SBA Offer and Acceptance Required?	Citations
Set aside an order for 8(a) competition not offered into the SBA 8(a) BD Program	Yes	No	Yes	No	15 USC 644(r)(2)
Set aside an order for 8(a) competition offered into the SBA 8(a) BD Program through the offer and acceptance process	Yes	Yes	Yes	Yes	FAR 19.804-6(a) (last sentence)
Direct Award (Sole Source) to 8(a)	NO	NA	NA	NA	13 CFR 124.503 (h)(2)(ii)

There are two methods for setting aside orders under OASIS SB for 8(a) competition.

1. Receive Small Disadvantaged Business (SDB) Credit Only

- a. The authority at [15 USC 644\(r\)\(2\)](#) allows for competitive set-asides to 8(a) firms outside the 8(a) authority in FAR [19.8](#). The order will not be offered into the SBA 8(a) Business Development (BD) Program.
- b. While the ordering activity will not receive 8(a) credit for this order, an order issued to an OASIS SB 8(a) firm outside the 8(a) authority will continue to be counted toward the statutory [SDB negotiated goals](#).

c. Suggested Solicitation Language

Below is suggested solicitation language when setting aside orders under OASIS SB for 8(a) socioeconomic status competition outside the 8(a) BD Program.

This task order under OASIS SB Pool X is 100 % set-aside for competition among OASIS SB contractors designated as 8(a) in their OASIS SB Contract. The authority at [15 USC 644\(r\)\(2\)](#) and [FAR 16.505\(b\)\(2\)\(i\)\(F\)](#) is being used. All contractors designated with the 8(a) socio economic category in their OASIS SB contract may compete regardless of their current 8(a) status as this order is not being offered into the 8(a) Business Development (BD) Program.

2. Receiving 8(a) Credit

- a. The order must be offered and accepted into the 8(a) BD program in accordance with [FAR 19.804-6 \(a\)](#)'s last sentence for the ordering activity to receive 8(a) credit. Follow the offer/acceptance procedures for your agency detailed by SBA here: <https://www.sba.gov/contracting/contracting-officials/sba-agencies-partnership-agreements>

- b. **Suggested Solicitation Language**

Below is suggested solicitation language when setting aside orders under OASIS SB in accordance with [FAR 19.804-6 \(a\)](#)'s last sentence.

This task order under OASIS SB Pool X is 100 % set-aside for 8(a) competition in accordance with [FAR 19.804-6\(a\)](#)'s last sentence. Only OASIS SB Contractors who have not graduated from the 8(a) BD Program are eligible to compete.

- c. **Competition Considerations**

Keep in mind that using this process to receive 8(a) credit may reduce competition. The process outlined in [FAR 19.804-6 \(a\)](#)'s last sentence entails verifying the OASIS SB contractor has not graduated the 8(a) program (reference [13 CFR 124.503 \(h\)\(2\)\(iv\)](#)).
