A Federal Strategic Sourcing Initiative

# FSSI OS3 IDIQ: We Make it Easy for You to Buy Right

The Federal Strategic Sourcing Initiative (FSSI) is led by the Office of Federal Procurement Policy (OFPP) and governed by the Category Management Leadership Council (CMLC). The initiative is focused on analyzing all costs associated with a product or service under management to generate savings through requirements development, acquisitions, and behavior changes. FSSI solutions are developed through cross-government teams that use a structured and collaborative process to analyze spending, compare the results to best-in-class practices, and then use this information to make business decisions about acquiring and using commodities and services more effectively and efficiently.

For FSSI Office Supplies Third Generation (FSSI OS3) indefinite-delivery/indefinite-quantity (IDIQ) contracts, GSA worked with federal agencies and members of the FSSI Office Supplies Commodity Council to facilitate deep discounts on office supplies, paper, and toner cartridges. By leveraging the buying power of the federal government, OS3 ensures low cost, high quality, enhanced delivery, consistency, and convenience. Green products are coded and easy to locate, enabling full sustainability while meeting green purchasing goals.

The following table is organized by contract line item number (CLIN), including small-business preference groups, to help buyers meet socioeconomic goals:

## Benefits of the FSSI OS3 Contracts

The FSSI OS3 contracts are a streamlined, seamless way to purchase office supplies while being fully compliant with the Trade Agreements Act (TAA) and friendly to small businesses. Whenever you use FSSI OS3, you'll get green purchasing options, flexible delivery, product variety, and significant savings. The collective ongoing purchasing by customer agencies continually drives down prices, truly leveraging the government's buying power.

FSSI OS3 cuts costs, reduces price variability, and increases efficiencies by buying everyday supplies such as pens, paper, and printing items from a list of contractors with negotiated low prices. In fact, FSSI OS3 builds on the success of FSSI OS2 by delivering even lower prices of up to 17 percent – and this year's savings are expected to be more than \$90 million.

Under FSSI OS3, prices decrease as collective purchases grow across the federal government. FSSI OS3 offers great benefits, including lower prices and delivery tier discounts. You can consolidate orders and save because discounts are triggered on individual orders starting at \$300 for some vendors. Discounts increase at \$1,000, \$3,000, \$5,000, and \$10,000 increments, depending on contractor. The more you purchase, the more you save! Ordering through [GSAAdvantage!](#)® is the most efficient way to accomplish this.

Additional benefits include:

- Ensuring compliance with applicable regulations, including the AbilityOne Program, sustainable purchasing requirements, and the TAA
- Fostering markets for environmentally preferable products by offering the most up-to-date items with various sustainable attributes
- Simplifying data collection and enhancing transparency by enabling agencies to better manage spend and measure cost savings
- Hosting a wide variety of socioeconomic representations, including:
  - Small Business (S)
  - Service Disabled Veteran Owned Small Business (SDVOSB)
  - Small Disadvantaged Business (SDB)
  - Women Owned Small Business (WOSB)
  - Veteran Owned Small Business (VOSB)
  - Other Than Small Business (OTSB)
  - HUBZONE and consortia
- Providing ease of ordering with multiple options: [GSAAdvantage!](#)®, FedMall, and direct from the contractor
- With the new delivery order tier discounts feature, receive additional discounts based on order size

## Ordering Is Simple

To access FSSI OS3 products, visit [www.gsaadvantage.gov](http://www.gsaadvantage.gov) and click on the “Office Supplies and Equipment FSSI” link on the left side of the page. If you're interested in obtaining green office supplies, you can see all available items under various environmental attributes within this aisle. You can also select a contractor according to small-business preference group. Simply select the products and quantities you want, add them to your cart, and proceed to checkout. For orders less than \$3,500, you can choose to order from one company and get all your supplies in one shipment or from a variety of companies and get multiple shipments – it's totally up to you. For orders more than \$3,500, please follow the fair opportunity requirements located in FAR 16.505. Also, upon checkout, you can choose from a variety of delivery options:

- Delivery in three to four business days is standard.
- Next-day, desktop, secure desktop, and international delivery are available at additional costs.
