NOW THEREFORE, the Signatories agree that the Undertaking shall be implemented in accordance with the following Stipulations (“Stipulations”) to take into account the effect of the Undertaking on historic properties.

STIPULATIONS

GSA shall ensure that the following measures are carried out:

I. GENERAL REQUIREMENTS

A. Reference Documents and Documentation

The Final Design and the Undertaking shall be developed and implemented in accordance with the Secretary’s Standards and informed by the Preliminary Design (Exhibit 8), final HSR and Design Guidelines. The Undertaking shall also be carried out in accordance with the EA, final plans, including any conditions approved by NCPC, applicable Building and Life Safety Codes, as well as applicable DDOT codes, standards and specifications. Collectively, the documents mentioned in this Stipulation I.A shall be referred to as the Governing Documents (“Governing Documents”).

B. Qualified Personnel

GSA and Trump shall ensure that all historic preservation and archaeological work performed by Trump or on its behalf pursuant to this Agreement shall be accomplished by or under the direct supervision of a person or persons who meet(s) or exceed(s) the pertinent qualifications in the Secretary of the Interior’s Professional Standards formerly located at 36 CFR Part 61, and now located at http://www.nps.gov/history/local-law/arch_stnds_9.htm, as they may be amended or updated, in those areas in which the qualifications are applicable for the specific work performed (“Qualified Personnel”).

II. DESIGN REVIEW PROCESS

A. Design Review

Components of the Initial Rehabilitation of the Undertaking may be developed on different schedules and may be reviewed individually. The Design Review Process does not preclude these component designs from advancing individually. The development of the Preliminary and Final Design for the Undertaking shall be advanced by GSA and Trump as follows, prior to the commencement of construction:

1. Preliminary Design

- a. Preliminary Design. The Signatories and Consulting Parties provided comments on the Preliminary Design (Exhibit 8) during the February 20, 2013 consultation meeting and those comments are documented in the February 20, 2013 meeting notes located on the project website at www.oporedevelopment.com. GSA and Trump have taken those comments into consideration and incorporated them into the design to the fullest reasonable extent as shown in Exhibit 8. Based on the comments received, GSA has determined that the Preliminary Design shall have no Adverse Effect on the qualities that qualify the Property for listing in the National Register and no Adverse Effects on any other historic properties.
- b. Preliminary Design Submissions to NCPD and CFA. GSA shall submit the Preliminary Design to NCPD and CFA for their respective reviews pursuant to each agency's independent jurisdiction over the Undertaking, if applicable.

2. Final Design

- a. Final Design Development. The Preliminary Design shall be further developed by Trump into a Final Design, informed by the Governing Documents, which shall be consulted upon for compliance with the Secretary's Standards and with all comments received by GSA in accordance with Stipulation II.A.1 on the Preliminary Design. Design development will include architectural plans, site plans, and other appropriate supporting documentation that is developed to a level similar to that which is required for Final Review at NCPD and CFA, and will address materials, color, textures, exterior lighting, landscaping, signage, and other relevant topics.
- b. Consultation and Review. With GSA, Trump shall present the Final Design at a Section 106 Consultation meeting, issue the presentation electronically, and provide the Signatories and Consulting Parties with a ten (10) business-day review and comment period to submit to GSA further written comments on the Final Design's conformance with the Secretary's Standards, except that the DCSHPO will have an additional (5) business days, totaling fifteen (15) business days, so they may review and take other's comments into consideration in their written comments. If the Signatories and Consulting Parties fail to provide written comments within the applicable allotted comment period, GSA and Trump may assume that the Signatories and the Consulting Parties have no further comments regarding the Final Design. GSA and Trump shall take comments submitted pursuant to this Stipulation into consideration to the fullest

reasonable extent prior to GSA submitting the project to NCPD and CFA for review.

- c. Final Design Submissions to NCPD and CFA. GSA shall submit the Final Design and copies of all written comments received by GSA in accordance with this Stipulation to NCPD and CFA for their final reviews pursuant to each agency's independent jurisdiction over the Undertaking, as applicable.
- d. Final Design Record Copies. Upon approval of the Final Design by NCPD, Trump shall issue one (1) electronic copy of the NCPD Final Design Submission to each of the Signatories for their records, post the electronic version to the project website and attach the NCPD Final Design Submission as an exhibit to this Agreement without requiring Amendment pursuant to Stipulation X of this Agreement.

3. Adverse Effect Determination

- a. GSA and Trump intend to Rehabilitate, Maintain and Steward the OPO in a manner that will have no Adverse Effect on historic properties. In the event GSA's Regional Historic Preservation Officer ("RHPO") or the DCSHPO determines that Adverse Effects may result from the proposed development of the Preliminary Design or the Final Design in accordance with Stipulations II.A.1 and II.A.2, GSA shall consult with the DCSHPO, the other Signatories and the Consulting Parties to identify means that would avoid the Adverse Effect and the proposed Preliminary and/or Final Design shall be revised accordingly. If GSA is unable to avoid the Adverse Effect, GSA will seek the comments of the ACHP in accordance with the Dispute Resolution process in Stipulation IX. of this Agreement.

4. HPRB Review

- a. If, in its initial written comments provided in accordance with Stipulation II.A.2.b, the DCSHPO identifies any proposal(s) which DCSHPO deems to have the potential for significant Adverse Effects and therefore warrants review by the DC Historic Preservation Review Board ("HPRB") the DCSHPO will arrange for GSA and Trump to present the proposal to the HPRB at the earliest possible meeting allowed for by the established HPRB meeting calendar and scheduling procedures. The timeframe for DCSHPO to provide additional comments will be extended to accommodate the HPRB meeting, but GSA and Trump may move forward with the proposal as originally intended if the DCSHPO fails to provide further comments within five (5) business days after the date of the HPRB meeting at which the proposal was presented.

5. NPS Design Review Coordination

- a. In addition to the review processes specified in Stipulation II.A.2 above, GSA and Trump shall coordinate with NPS on all submissions and reviews associated with this Undertaking that may affect NPS-administered areas including the adjacent Pennsylvania Avenue National Historic Site.

6. Completion of the Initial Rehabilitation. Completion (“Completion”) shall be determined by the RHPO, for purposes of this Agreement (Stipulation VI.) and shall generally coincide with hotel opening.
 - a. Completion Record Copies. Trump shall issue one (1) electronic copy of the as-built set of plans, photographic documentation and associated narrative of the completed Initial Rehabilitation (“Completion Record Copies”) to each of the Signatories for their records. Trump shall also issue electronically, to the Signatories for their records, any approved amendments to the Completion Record Copies.

III. NPS ACTIVITIES

- A. Transfer of Jurisdiction. GSA will coordinate with NPS and NCPC so as to obtain NCPC’s recommendation and facilitate completion of this transfer pursuant to 40 U.S.C. § 8124, since no work or invasive testing may occur until after the transfer to GSA, although GSA or Trump may seek a permit from NPS for temporary and non-invasive activities.
- B. Permitting. GSA shall obtain an NPS permit prior to any use, even temporarily, of adjacent NPS-administered areas in the Pennsylvania Avenue National Historic Site for activities by GSA and its contractors and others including Trump, and comply with its terms.
- C. Public Tours. GSA and NPS will agree on a process to coordinate on adjustments as a result of construction activities for OPO and the OPO Tower, to NPS’ schedules for public tours, interpretation and related services at the OPO Tower.

IV. DDOT REVIEW AND APPROVAL OF TRANSPORTATION IMPROVEMENTS

- A. DDOT Review. GSA and Trump shall coordinate with DDOT on all submissions and reviews of Transportation Improvements associated with the Initial Rehabilitation, and all of the proposed transportation-related design features and traffic control measures required during construction. Such submissions and reviews shall meet all required DDOT approval processes, design standards and specifications as contained in the most recent version of the *DDOT Design and Engineering Manual*, *DDOT Standard Drawings*, and *DDOT Standard Specifications for Highways & Structures*, including references to Federal or industry-standard specifications, as appropriate.
- B. DDOT Approval. DDOT shall have final approval of all Transportation Improvements associated with the Initial Rehabilitation including traffic control devices such as traffic signal modification plans at DDOT determined locations, traffic control plans, traffic signage and marking plans, work zone safety and construction-related detours, as well as construction staging, construction hours, construction truck and equipment access and other construction-related activities. Any additional or future transportation improvements proposed by GSA or Trump after the Initial Rehabilitation shall be subject to approval by DDOT in accordance with the *DDOT Design and Engineering Manual*.

- C. Effects of transportation improvements on Historic Properties. GSA shall evaluate the potential effects of all transportation improvements on historic properties and coordinate with the DCSHPO and other Signatories, as appropriate, in accordance with Stipulations II.A.2, V and VI of this Agreement. In the event that any proposed transportation improvement results in a determination of Adverse Effect by any Signatory, GSA, Trump and DDOT shall consult with the other Signatories to identify alternative approaches that will meet transportation requirements while also avoiding the Adverse Effect. If the Signatories are unable to reach agreement on how to avoid the Adverse Effect, GSA will seek the comments of the ACHP in accordance with the Dispute Resolution process in Stipulation IX. of this Agreement.

V. CONSTRUCTION MONITORING AND MODIFICATIONS

- A. Construction Monitoring. During the period of construction for the Undertaking, including both the Initial Rehabilitation and substantial future Alterations, and in coordination with the applicable government agency or agencies, as appropriate, Trump's Qualified Personnel will monitor the construction work to ensure conformity with the Final Design and will coordinate, on a schedule to be agreed upon, with GSA.
- B. Modifications. The RHPO, having coordinated with Trump's Qualified Personnel, will determine whether any conflicting conditions discovered or modifications proposed to the work during implementation of the Undertaking ("Modifications") may result in Adverse Effects on the OPO or any other historic properties. If the determination is that Adverse Effects may result, Trump will stop work on the portion of the project that has the potential to constitute an Adverse Effect and GSA shall contact the DCSHPO by phone or email and forward written documentation of the determination, along with proposed measures to resolve the Adverse Effects, to the DCSHPO and as applicable to NPS and/or DDOT. Unless the DCSHPO and as applicable NPS and/or DDOT, objects in writing to GSA within thirty (30) calendar days of receiving such documentation, Trump may proceed with the work in question and the proposed measures to avoid the Adverse Effects. Otherwise, Trump will resolve the objection through further consultation with the RHPO, DCSHPO and/or other government agency with jurisdiction, as applicable, or in accordance with the Dispute Resolution process in Stipulation IX. of this Agreement. Notwithstanding this section, alterations involving items listed on the Work Exempt From Review list ("Work Exempt From Review") (Exhibit 9) shall not require further consultation with Signatories or Consulting Parties.
- C. Property Visits. At any point during the Undertaking, the Signatories may contact GSA to schedule Property visits during normal working hours, and such Property visits will be scheduled in a timely manner.
- D. Removed Materials. In the event that GSA determines removal of any Character-Defining Features is necessary to complete the Undertaking, GSA shall evaluate the Character-Defining Features for appropriate disposition, consult with and obtain DCSHPO concurrence on GSA's plan for disposition, and shall retain responsibility and ownership of removed materials that are determined to be retained.

VI. ALTERATIONS FOLLOWING COMPLETION OF THE INITIAL REHABILITATION

Proposed designs for Alterations following Completion of the Initial Rehabilitation of the OPO will be informed by the Governing Documents and may require further consultation under Sections 106, 110 and 111 of the NHPA, 36 CFR Part 800 and this Agreement, and any other applicable laws and regulations.

A. Alterations

1. As determined by Trump's Qualified Personnel, Alterations that are identified in the Work Exempt from Review list (Exhibit 9), shall not require further consultation with Signatories or Consulting Parties. Trump will notify the RHPO in writing of such proposed Alterations as soon as practicable before commencing work. If Trump's Qualified Personnel questions whether or not a proposed Alteration qualifies for the Work Exempt from Review list, Trump's Qualified Personnel will contact the RHPO sufficiently in advance to allow the RHPO to consult with the SHPO.
2. Alterations to the Property that are not considered Work Exempt from Review by Trump's Qualified Personnel shall be reviewed by the RHPO. If the RHPO determines that there will be no Adverse Effect to historic properties as a result of the proposed Alterations, the RHPO shall submit the determination to the DCSHPO and any other government agency with jurisdiction, as applicable, for a thirty (30) calendar day review. Upon concurrence of the DCSHPO, or upon no action by the DCSHPO and any other government agency with jurisdiction, as applicable, within the thirty (30) day review period, no further action shall be required prior to Trump's commencement of the proposed Alteration. In the event that the DCSHPO or any other government agency with jurisdiction, as applicable, disagrees with the RHPO determination within the thirty (30) day review period, GSA shall initiate consultation in accordance with Stipulation VI.B.

B. Adverse Effect Determinations.

In the event that the RHPO, the DCSHPO, or any other governmental agency with jurisdiction, in consultation with the RHPO and the DCSHPO, determines that any proposed Alteration may result in an Adverse Effect to the OPO or any other historic property, the RHPO, DCSHPO and Trump shall consult to try to agree on measures that would avoid the Adverse Effect. If an agreement on measures to avoid the Adverse Effect cannot be reached, GSA will seek the comments of the ACHP in accordance with the Dispute Resolution process in Stipulation IX. of this Agreement.

C. HPRB Review.

If, in its initial written comments provided in accordance with Stipulation VI.A, the DCSHPO identifies any proposal(s) which DCSHPO deems to have the potential for significant Adverse Effects and therefore warrants review by the HPRB the DCSHPO will arrange for GSA and Trump to present the proposal to the HPRB at the earliest possible meeting allowed for by the established HPRB meeting calendar and scheduling procedures. The timeframe for DCSHPO to provide additional comments will be extended to accommodate the HPRB meeting, but GSA and Trump may move forward with the proposal as originally intended if the DCSHPO fails to provide further comments

within five (5) business days after the date of the HPRB meeting in which the proposal was presented.

VII. GENERAL STANDARDS FOR ROUTINE MAINTENANCE AND REPAIR FOLLOWING COMPLETION OF THE INITIAL REHABILITATION

- A. During the term of the Ground Lease, the OPO shall be maintained and repaired in accordance with the recommended approaches in the Secretary's Standards and as guided by the Governing Documents. GSA or Trump may carry out the routine maintenance and repair activities at the OPO, as identified in the Work Exempt from Review list (Exhibit 9), without further review and consultation, provided that GSA ensure that the maintenance and repair work affecting Character-Defining Features is carried out in a manner consistent with the Secretary's Standards and by Qualified Personnel.

VIII. FINE ARTS

- A. The OPO houses artwork entitled *48 Shadow Planes* by Robert Irwin ("Irwin Artwork") which is not historic property. The Irwin Artwork shall remain in its original location within the OPO. Full and exclusive title, ownership, maintenance, repairs and control of the Artwork will remain with GSA. GSA shall be responsible for the removal, storage and conservation of the Irwin Artwork during construction and the installation of the Irwin Artwork after Completion of the Initial Rehabilitation. GSA and Trump shall enter into an agreement to this effect for the above.
- B. Upon transfer of the Benjamin Franklin Statue from NPS to GSA, the Statue shall remain in its current location outside of the OPO. Full and exclusive title, ownership, maintenance, repairs and control of the Statue will remain with GSA. The Statue will come under the supervision of a conservator certified by the American Institute for Conservation of Historic and Artistic Works ("AIC"). GSA shall also be responsible for the protection and the preservation of the Statue in accordance with the covenants of the separate legal transfer instrument from NPS to GSA. GSA and Trump shall enter into an agreement to ensure continued public access to the Statue.

IX. DISPUTE RESOLUTION

- A. For Signatories
 - 1. Objection: Any of the Signatories to this Agreement may object in writing to GSA regarding any action proposed to be carried out with respect to the Undertaking or implementation of this Agreement ("Notice of Dispute"). The Notice of Dispute shall state with reasonable specificity the provisions of this Agreement under which such dispute is claimed to have arisen, and the manner in which the dispute may be satisfactorily cured. Upon receipt of such Notice of Dispute, GSA shall immediately notify Trump and the other Signatories in writing of the Notice of Dispute as well as provide a copy of the Notice of Dispute and consult with the Signatories to resolve the objection (and such consultation may include consultation on any required modifications to the Final Design or construction). If the objection is resolved through consultation, such resolution shall be documented by GSA in a letter to the Signatories and

Consulting Parties. If, after initiating such consultation, GSA determines that the objection cannot be resolved through consultation, GSA shall forward all documentation relevant to the dispute to the ACHP, including GSA's proposed response to the objection. Within fourteen (14) calendar days or within an agreed upon timeframe, the ACHP shall:

- a. Advise GSA that the ACHP concurs with GSA's proposed response to the objection, whereupon GSA shall respond to the objection accordingly;
 - b. Provide GSA with recommendations. Such recommendations must be considered by GSA, but are not binding. Once GSA takes these recommendations into account and responds, GSA can proceed to make a final decision regarding the dispute; or
 - c. Refer the dispute to ACHP membership for comment pursuant to 36 CFR § 800.7(c), and shall notify GSA in writing of such referral. The resulting comment must be considered by GSA, but is not binding. GSA shall take into account, and respond to, the resulting comment in accordance with 36 CFR § 800.7(c) and Section 110(l) of the NHPA, and then proceed to make a final decision regarding the dispute.
2. Failure to Comment: Should the ACHP fail to exercise one of the above options within fourteen (14) calendar days or agreed upon timeframe, GSA may proceed with its proposed response to the objection, and shall forward such response in writing to Trump and the other Signatories.
 3. Subject of Dispute: GSA shall take into account any ACHP recommendation or comment provided in accordance with this Stipulation with reference only to the subject of the dispute; GSA's responsibility to carry out all actions under this Agreement that are not the subject of the objection shall remain unchanged and in full force and effect.
 4. If GSA's final resolution of the dispute requires Trump to take specified actions ("Cure"), Trump shall commence such actions within a reasonable period of time, not to exceed sixty (60) business days from the date Trump is notified in writing by GSA of its final resolution of the dispute, or other such timeframe agreed upon and documented therein (the "Cure Period"), and GSA and Trump shall thereafter diligently pursue such Cure to completion. If, at the end of any Cure period, GSA determines that Trump has completed the Cure, or is diligently working toward completion of the Cure, GSA's RHPO shall issue to the Signatories and Concurring Parties a written acknowledgement of the status of the Cure of the matter that was the subject of the Notice of Dispute.

B. For Consulting Parties

1. Objection: A Consulting Party may object in writing to GSA, with copies to the other Signatories and Consulting Parties regarding any action proposed to be carried out with respect to the Undertaking or implementation of this Agreement. GSA shall take such an objection into account and may consult about it with the objecting party, other Consulting Parties and Signatories as GSA deems appropriate. GSA shall then respond to the objecting party in writing, with copies to the Signatories. If the objection is resolved through consultation, such resolution shall be documented by GSA in a

letter to the Signatories and Consulting Parties. If GSA subsequently determines that the objection cannot be resolved through consultation, GSA shall notify the objecting party, the DCSHPO, and ACHP in writing which of the following options it shall exercise:

- a. Seek the assistance of the ACHP in resolving the objection, pursuant to Stipulation IX.A above; or
 - b. Provide a formal written response to the objection within thirty (30) calendar days of notice to the objecting party.
2. Resolution of Dispute. If GSA's final resolution of the dispute requires Trump to take specified actions ("Cure"), Trump shall commence such actions within a reasonable period of time, not to exceed sixty (60) business days from the date Trump is notified in writing by GSA of its final resolution of the dispute, or other such timeframe agreed upon therein (the "Cure Period"), and GSA and Trump shall thereafter diligently pursue such Cure to completion. If, at the end of any Cure period, GSA determines that Trump has completed the Cure, or is diligently working toward completion of the Cure, GSA's RHPO shall issue to the Signatories and Consulting Parties a written acknowledgement of the status of the Cure of the matter that was the subject of the Notice of Dispute.

X. AMENDMENTS

- A. This Agreement may be amended when such an amendment is agreed to in writing by all Signatories. The amendment shall be effective on the date a copy signed by all of the Signatories is executed by ACHP.

XI. TERMINATION

- A. Proposal to Terminate. If for any reason a Signatory determines that the terms of this Agreement cannot be implemented or that this Agreement is not being properly implemented in accordance with the NHPA, the Signatory may propose that this Agreement be terminated.
- B. Notification. The Signatory proposing to terminate this Agreement shall so notify all other Signatories, explaining the reasons for the proposed termination and affording all Signatories at least 30 calendar days to consult and seek alternatives to termination, including amendment of this Agreement.
- C. Termination Due to Failure to Agree. If such consultation fails to yield an amendment or other alternative to termination acceptable to all Signatories, any Signatory may then terminate the Agreement by providing written notice to the other Signatories. In the event of a termination, prior to work continuing on the Undertaking, GSA must either (a) execute another PA pursuant to 36 CFR § 800.14, or (b) comply with the requirements of 36 CFR 800 for all remaining actions (including but not limited to approvals of Alterations) associated with the Undertaking for the term of the Ground Lease. GSA shall notify the Signatories in writing as to the course of action it will pursue.

XII. ADMINISTRATION OF AGREEMENT

- A. Cooperation: During the implementation of this Agreement, and until the Signatories agree in writing that the terms of this Agreement have been fulfilled; each Party agrees to cooperate in good faith with the other Parties to facilitate the satisfaction of their respective obligations under this Agreement in a reasonable and timely manner.
- B. Reporting: On or before January 31 of every four (4) years after Completion of the Initial Rehabilitation, Trump shall prepare for GSA and GSA shall provide a report to the Signatories and the Consulting Parties, addressing the following topics:
 - 1. Progress in carrying forth and completing the Stipulations;
 - 2. Any problems or unexpected issues encountered during the preceding period; and
 - 3. Any changes that GSA and Trump believe should be made in implementation of this Agreement.

Such report shall include an invitation to the Signatories to meet with GSA and Trump to discuss the report. Upon written request to GSA by one or more Signatories, such meeting shall be arranged by GSA within forty-five (45) business days or other mutually agreed upon timeframe.

C. Emergency and Unanticipated Adverse Effects Situations

1. Emergency Undertakings

GSA and Trump shall ensure that any rescue and salvage operations on the Property that are (a) required because of an emergency (e.g., a disaster or emergency declaration by the President, the Mayor of Washington, D.C.) or another threat to life or property that adversely affects the Property or (b) necessary to preserve life or property ("Emergency Undertaking") shall be carried out in accordance with any emergency orders or citations issued by the appropriate official of the D.C. or the United States, as applicable. GSA shall use its best efforts to notify DCSHPO immediately and ACHP in writing of such operations within one (1) business day (not including a federal holiday) after the commencement of such operations. GSA shall similarly notify other agencies with responsibilities as appropriate. Nothing in this Agreement shall be deemed to prevent GSA or Trump from taking immediate rescue and salvage operations on the Property as necessary in an emergency to prevent the loss of life or property.

- a. If GSA or Trump proposes an Emergency Undertaking which may have an Adverse Effect on the Property, GSA shall afford the DCSHPO and the ACHP an opportunity to comment within three (3) business days (not including a federal holiday) of such notification. If GSA determines that circumstances do not permit three (3) business days for comment, then GSA shall notify DCSHPO and the ACHP in writing and invite comments within the time available. GSA shall consider, as applicable in light of the urgency of the circumstances, any comments received in reaching a decision on how to proceed with the Emergency Undertaking. If DCSHPO or the ACHP objects to the proposed actions the dispute will be resolved in accordance with Stipulation IX, Dispute Resolution.

- b. These emergency procedures apply only to undertakings that may have an Adverse Effect on the Property and that will be implemented within thirty (30) days or other agreed upon timeframe after the disaster or emergency occurs. GSA may request an extension of the period of applicability from DCSHPO prior to the expiration of the thirty (30) days.

2. Unanticipated Adverse Effects

An unanticipated Adverse Effect is accidental damage or destruction to historic properties. Should historic properties and/or Character-Defining Features of the OPO be subject to unanticipated Adverse Effects, GSA shall immediately notify the DCSHPO and ACHP in writing. GSA shall similarly notify other agencies with responsibilities as appropriate. GSA shall ensure that the Signatories and Consulting Parties are notified in writing of the unanticipated Adverse Effect within one (1) business day of its learning of such unanticipated Adverse Effects, and consult with the Signatories to resolve the unanticipated Adverse Effect. If GSA is unable to resolve the unanticipated Adverse Effect, GSA will seek the comments of the ACHP in accordance with the Dispute Resolution process in Stipulation IX. of this Agreement.

3. Unanticipated Archaeological Discoveries

In the event that unanticipated archaeological sites, features, artifacts, or human remains, are discovered during surface or ground-disturbing activities, work shall cease in the immediate vicinity and the area shall be secured from the elements and from potential vandalism. GSA shall notify the DCSHPO in writing within two (2) business days of the discovery and shall consult with the DCSHPO to determine the appropriate level of effort for evaluation, documentation, treatment and, if warranted, mitigation. GSA shall similarly notify other agencies with responsibilities as appropriate. If GSA is unable to resolve the unanticipated Adverse Effect, GSA will seek the comments of the ACHP in accordance with the Dispute Resolution process in Stipulation IX. of this Agreement.

XIII. EFFECTIVE DATE OF AGREEMENT

- A. This Agreement shall become effective when executed by the last of the Signatories ("Effective Date").

XIV. DURATION OF AGREEMENT

- A. This Agreement shall be in effect from the date of its execution for sixty (60) years or until the expiration of the Ground Lease, whichever is later, unless extended through an amendment per Stipulation X. or terminated as provided in Stipulation XI.

XV. MISCELLANEOUS

- A. Anti-Deficiency Act - Federal Parties: This Agreement is subject to applicable laws and regulations. As to the federal Signatories only, fulfillment of this Agreement and all of the provisions herein are subject, pursuant to the Anti-Deficiency Act, 31 U.S.C. § 1341 *et*

seq., to the availability of funds. This Agreement is not an obligation of funds in advance of an appropriation of such funds, and it does not constitute authority for the expenditure of funds. If a federal Signatory does not have sufficient funds available to fulfill the Stipulations of this Agreement, such Signatory shall so notify the other Signatories in writing and shall take such actions as are necessary to comply with all requirements of 36 CFR Part 800. Nothing in this Agreement shall be deemed to authorize an expenditure of funds in violation of the Anti-Deficiency Act, 31 U.S.C. § 1341 *et seq.* GSA and ACHP shall make reasonable and good faith efforts to seek funding for implementing this Agreement.

- B. Recitals and Exhibits: The recitals (Whereas clauses) and exhibits are incorporated herein as a substantive part of this Agreement and will be maintained by GSA.
- C. Authority of Signers: Each Signatory or Concurring Party hereto represents that the person or persons executing this Agreement on behalf of such Signatory or Concurring Party has full legal authority to do so.
- D. Severability: If any provision of this Agreement, or its application to any person or circumstance, is held invalid by any court, the invalidity or inapplicability of such provision shall not affect any other provision of this Agreement or the application of such provision to any other person or circumstance, and the remaining portions of this Agreement shall continue in full force and effect.
- E. Non-Waiver: No waiver made by any Signatory with respect to the performance, or manner or time of performance, of any obligation of the other Signatory, or any condition to its own obligation under this Agreement, will be considered a waiver with respect to the particular obligation of the other Signatory or condition to its own obligation beyond those expressly waived.
- F. Successors and Assigns: This Agreement shall inure to the benefit of and bind the respective successors and assigns of the Signatories.
- G. Interpretation of this Agreement:
 - 1. Captions: Whenever a section, article, or paragraph is referenced, it refers to this Agreement unless another document is specially identified. The captions preceding the articles and sections of this Agreement have been inserted for convenience of reference only and shall not define or limit the scope or intent of any provision of this Agreement.
 - 2. Words of Inclusion: The use of the term “including,” “such as,” or words of similar import when following any general term, statement, or matter shall not be construed to limit such term, statement, or matter to the specific items or matters, whether or not language of non-limitation is used with reference thereto. Rather, such terms shall be deemed to refer to all other items or matters that could reasonably fall within the broadest possible scope of such statement, term, or matter.
 - 3. References: Wherever reference is made to any provision, term, or matter “in this Agreement,” “herein,” or “hereof,” or words of similar import, the reference shall be deemed to refer to any and all provisions of this Agreement reasonably related thereto in the context of such reference, unless such reference refers solely to a specific numbered or lettered section or paragraph of this Agreement or any specific subdivision thereof.

4. Recitals: In the event of any conflict or inconsistency between the recitals and any of the remaining provisions of this Agreement, the remaining provisions shall prevail.
- H. Entire Agreement. This Agreement and the Ground Lease contain all the representations and the entire agreement between the Signatories with respect to the subject matter of this Agreement. In the event of a conflict or inconsistency between this Agreement and the Ground Lease with respect to the obligations pursuant to Sections 106, 110 and 111 of the NHPA, the terms of this Agreement shall govern.
- I. Conflict of Laws. This Agreement shall be governed by the federal laws of the United States of America, and if such laws are not applicable to the issue in question, then the issue shall be governed by the laws of the District of Columbia.
- J. Counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same Agreement.

XVI. COMMUNICATIONS WITH CONSULTING PARTIES

- A. GSA shall provide Consulting Parties with address and contact information for the appropriate office within GSA for the receipt of any comments provided by them under this Agreement.
- B. GSA shall maintain a list of Consulting Party contacts, presumably by e-mail, which shall be updated by the Consulting Parties with changes should they occur.

XVII. SIGNATURES

- A. Execution of this Agreement by GSA, DCSHPO, NCPC, NPS and ACHP and implementation of its terms evidence that GSA, NCPC and NPS have taken into account the effects of the Undertaking on historic properties and afforded the ACHP an opportunity to comment.

SCHEDULE B

HURDLE AMOUNT CALCULATION

The calculation of the Hurdle Amount shall be made as of a given time in accordance with the calculation of Internal Rate of Return (“IRR”) as follows:

(a) Determine the date and amount of all Equity contributions made by the Person who is to receive Proceeds from Sale or Refinancing as part of the applicable Sale or Refinancing; and

(b) Determine the date and amount of all distributions paid to such Person on account of such Equity, the Premises or the Off-Site Areas. For the avoidance of doubt, except as set forth in the immediately following sentence, Excluded Tenant Affiliate Revenues and Excluded Revenues shall not be taken into account in determining distributions to such Person(s) under this clause (b). Whether or not the same are Excluded Tenant Affiliate Revenues or Excluded Revenues, all expenses, fees, costs or other amounts paid by or on behalf of Tenant to, or received in connection with this Lease or the Hotel by, any Person which is a Trump Affiliate, an Affiliate of Tenant, or an Affiliate of any direct or indirect owner of Tenant, that are in excess of the amount which would have been payable under an arms-length agreement upon market terms and conditions prevailing in the hotel industry at the time of such payment or receipt, shall be deemed to have been distributed pro-rata to the Person(s) having any direct or indirect legal or beneficial interest in Tenant who are Affiliates of the Person(s) receiving such excess amounts. For further avoidance of doubt, any distributions to Person(s) under this clause (b) shall include any distributions of excess FF&E/CAPEX Reserves paid to such Person(s).

The IRR shall equal the discount rate (the "Applicable Rate") that causes (i) the present value of the Equity contributions made by each Person under clause (a) above to equal (ii) the present value of the distributions paid to each Person under clause (b) above.

The present value of clauses (a) and (b) shall each be determined based on the date such Equity contributions and distributions were made and shall be calculated by using the Applicable Rate as the discount rate and discounting such Equity contributions and distributions, as the case may be, on an annualized basis.

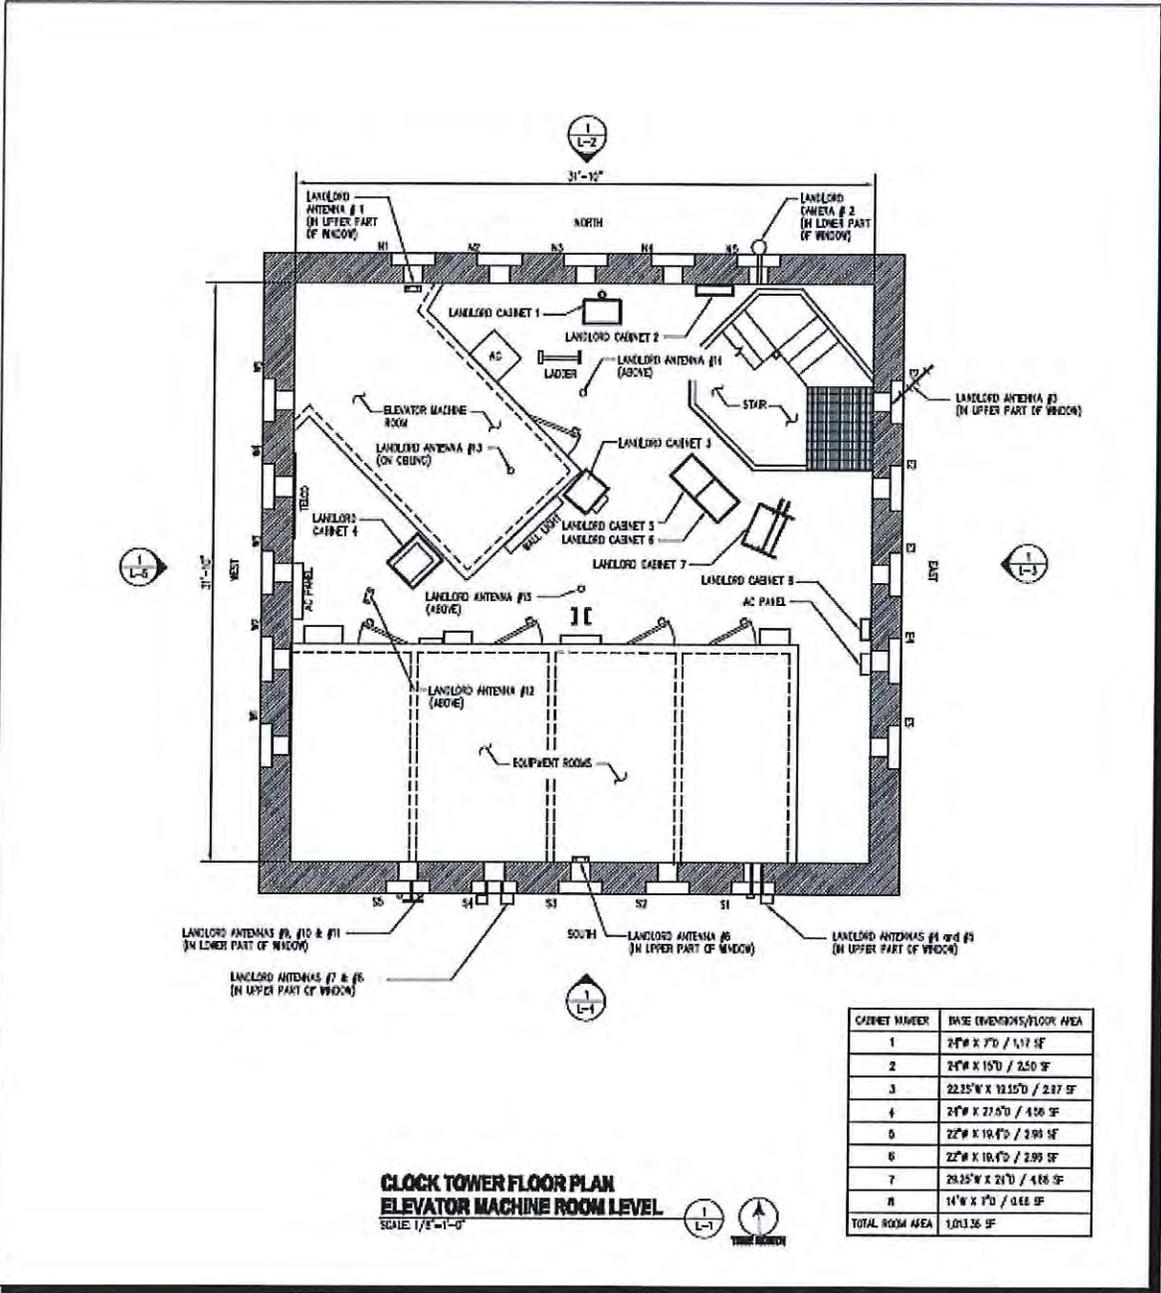

By way of example, the calculation of IRR is equivalent to the calculation of "internal rate of return" or "IRR" pursuant to Microsoft Excel 2010. For purposes of calculating IRR, the formula (as utilized in Microsoft Excel 2010) for determining the internal rate of return on an annual basis would be the following:
