

Plum Island Petroleum Transfer Locations and Description

Location	Description of Source	Type and Quantity of Fuel Transferred
Plum Island Harbor	Marine fuel delivery point connected to ASTs 900, 901, and 902	Maximum marine fuel delivery tanker vessel capacity of approximately 5,000 barrels of Ultra Low Sulfur Diesel
Plum Island Harbor or Orient Point Harbor	Tank truck collects oily bilge water from marine vessels	Maximum tank truck capacity of 2,000 gallons of oily bilge water
Orient Point USTs 6-O and 7-O	Tank truck offloads fuel to refill storage tank(s)	Maximum tank truck capacity of 2,000 gallons of Ultra Low Sulfur Diesel
Orient Point Harbor	Tank truck offloads fuel for vessels	Maximum tank truck capacity of 2,000 gallons of Ultra Low Sulfur Diesel
Building 38, AST 66	Tank truck offloads fuel to refill storage tank(s)	Maximum tank truck capacity of 2,000 gallons of Ultra Low Sulfur Diesel
Building 59, Tank 74	Tank truck offloads fuel to refill storage tank(s)	Maximum tank truck capacity of 2,000 gallons of Ultra Low Sulfur Diesel
Trailer Generator tanks 104 and 105	Tank truck offloads fuel to refill storage tank(s)	Maximum tank truck capacity of 2,000 gallons of Ultra Low Sulfur Diesel
Generator tank 106, at radio antenna	Tank truck offloads fuel to refill storage tank(s)	Maximum tank truck capacity of 2,000 gallons of Ultra Low Sulfur Diesel
Used Oil Storage Building located west of Warehouse	Tank truck offloads used oil from drums	Maximum tank truck capacity of 2,000 gallons of used oil
AST 87, Oil Recovery Tank located north of Bldg. 101	Tank truck collects oily water recovered from recovery wells.	Maximum tank truck capacity of 2,000 gallons of oily water
Emergency Generators located north of Bldg. 101	Tank truck offloads fuel to refill generator storage tank(s)	Maximum tank truck capacity of 2,000 gallons of Ultra Low Sulfur Diesel
UST 59, west of Bldg. 101	Tank truck offloads fuel to refill storage tank(s)	Maximum tank truck capacity of 2,000 gallons Ultra Low Sulfur Diesel
UST 55, north of Bldg. 101	Tank truck offloads fuel to refill storage tank(s)	Maximum tank truck capacity of 2,000 gallons of Ultra Low Sulfur Diesel
USTs 62 and 63, located north of Plum Island Harbor	Tank truck offloads fuel to refill storage tank(s)	Maximum tank truck capacity of 2,000 gallons of gasoline or ULS Diesel
