E.2 QUALITY CONTROL RESPONSIBILITIES

E.2.1 General

The quality control of services provided under this contract shall be based on: (i) operational requirements and standards contained in this contract; (ii) work performance; and (iii) productivity requirements and standards, and (iv) data base information resource development and maintenance standards.

E.2.2 Contractor Quality Control Responsibility

The Contractor shall implement and adhere to the quality control plan provided as part of its Technical Proposal. The quality control plan shall be written by the Contractor’s Quality Control Manager and approved by his/her immediate supervisor.

The Contractor is solely responsible for quality control of services that it provides. The Contractor’s quality control program, which is embodied in the quality control plan, shall include, but not be limited to, the following. A monitoring and inspection system covering all the services listed in the Performance Requirements Summary. It must specify the elements of work performance to be monitored and inspected, either on a scheduled or unscheduled basis; the methods to be used; frequency of monitoring and inspection; the format and content of records and reports to be generated; and the title(s) of the individual(s) who will perform the monitoring and inspection. It shall include, but is not limited to:

- the method for identifying and preventing deficiencies in the quality of services performed before the level of performance can become unsatisfactory;
- the administrative procedures to be followed for reporting to the Contracting Officer’s Technical Representative (COTR); and for responding to operational problems or complaints concerning work performance, qualifications, or other complaints about Contractor personnel; and
- preparation of system of on-site records of all inspections conducted by the Contractor and the corrective action(s) taken.

This documentation shall be available to the Government at all times during the term of the contract. The Contractor shall provide to the COTR a detailed monthly summary of all quality control actions, including descriptions of events which require quality control activity, and the corrective action taken.

E.2.3 Government Quality Assurance Responsibilities

The Government will monitor the Contractor’s performance using predetermined quality assurance surveillance procedures to examine and determine compliance with contract performance requirements. A copy of these procedures will be provided to the Contractor prior to the start of contract performance. In keeping with the Government’s responsibility for quality assurance, the Government reserves the right to review all administrative, managerial, and statistical reports; telecommunications services; publicity materials and resource library materials using the Performance Requirements Summary. A copy of the Performance Requirements Summary will be provided to the Contractor prior to the start of contract performance. Final determination that reports, resource and publicity materials, and services rendered meet the requirements is solely the responsibility of the Government. All surveillance observations will be recorded by the Government. When an observation indicates defective performance, the Quality Assurance Evaluator (QAE) will request that the Contract Manager or designee initial the observation record. The Contractor shall, within 48 hours, notify the Contracting Officer, or his/her technical representative if so directed by the Contracting Officer, of the corrective action(s) taken in accordance with methods and techniques specified by the Contractor in its quality control plan. If the Contractor disputes any part of the QAE’s observation, he/she shall request that the Contracting Officer hold a Performance Evaluation Meeting.

E.2.3.1 Performance Evaluation Meetings

The Contract Manager may be required to meet with the COTR, the QAE, and the Contracting Officer whether by telephone or at a designated Contractor-operated location on at least a weekly basis during the first month after the issuance of a Task Order under this contract. Meetings will be held as often as necessary thereafter at the discretion of the Contracting Officer or the COTR. However, a meeting will be held whenever a contract discrepancy report is issued. A mutual good faith effort will be made to resolve all problems identified.

The COTR will write the minutes of these meetings, and the minutes will be signed by the Contract Manager and the COTR. The attendee will, within three (3) business days, identify any areas wherein he/she does not agree by proving written notice to the COTR.
