Section 13102 (10) (A) as amended, (1st Proviso) in effect at the time of publication. The term “household goods” as used in connection with transportation means the personal effects and property used or to be used in a dwelling, when part of the equipment or supply of such dwelling, and similar property if the transportation of such effects or property is:
• Arranged and paid for by the householder, except such term does not include property moving from a factory or store, other than property that the householder has purchased with the intent to use in his or her dwelling and is transported at the request of, and the transportation charges are paid to the Transportation Service Provider by, the household; or,

• Arranged and paid for by another party.

1.2.3 Excluded Items
Shipments specifically excluded from the scope of this HTOS are:

• Shipments that can be more advantageously or economically moved via parcel post or small package carrier
• Shipments of unusual value
• Explosives and other dangerous articles
• Commodities in bulk
• Commodities injurious or contaminating to other freight or property

1.3 Other General Provisions

1.3.1 Use of Term Transportation Service Provider (TSP)
The term Transportation Service Provider (TSP) is used throughout this HTOS when referring to federally approved carriers and forwarders accepted by GSA to participate in CHAMP. Shipments of HHG are tendered to the TSP. The TSP is responsible for the actions of its agents performing services associated with a HHG shipment. In the event that the terms “carrier” or “agent” appear within this HTOS, they shall be understood to mean TSP unless it is clear from the context that the term carrier or agent is appropriate to the shipment.
1.3.2 Acceptance of the HTOS
Any TSP wishing to be considered for transportation of HHG under this HTOS must accept all of its terms and conditions. If approved for the program, the TSP will be eligible for the Domestic and International traffic for which they are accepted.

1.3.3 Bills of Lading
CHAMP uses Commercial Bills of Lading (CBL) for domestic shipments. International shipments are moved on a Government Bill of Lading (GBL). The GBL is a controlled document that conveys specific terms and conditions to protect the Government’s interest and serves as the contract of carriage. A CBL is the document used as a receipt of goods and documentary evidence of title during transportation. When an Agency uses a CBL, the specific terms and conditions of a GBL are included in rate tender under this HTOS and the bill of lading shall make reference to the rate tender.

By accepting this HTOS, a TSP agrees that specific terms and conditions of a GBL are included in their rate tender. Specific terms and conditions that apply to either the GBL or CBL are included in 41 CFR 102-117.65, the “U.S. Government Freight Transportation Handbook”, 41 CFR 102-118.135 and 140.

1.3.4 Routing of Shipments
Both domestic and international shipments must be routed using GSA cost comparisons.

1.3.5 Mileage Determination
For distances between domestic points, apply the mileages provided by PC*Miler, issued by ALK Technologies, Inc. See the annual RFO for the version of PC*Miler to apply.

For origins and/or destinations in Canada, Rand-McNally mileage will be used in lieu of ALK Technologies. Rand-McNally will also be used for mileage between the gateways on Alaskan shipments traveling by land through Canada.

For distances between international points, apply the applicable mileage guide, book, or other method used in each particular country to determine mileages.

1.3.6 Industrial Funding Fee
The TSP shall submit the Industrial Funding Fee (IFF) due on all eligible CHAMP shipments. The IFF shall be submitted within sixty (60) calendar days of the end of each calendar quarter. The amount of the IFF amount must equal the sum of all shipment net charges reported to GSA, multiplied by the applicable IFF percentage. Further guidelines on how to calculate the CHAMP IFF, will be found in the annual RFO.
1.3.6.1 Industrial Funding Fee Deficiencies
In the event deficiencies are found in the IFF amounts submitted to GSA, the PMO will notify the TSP in writing of the existing deficiency. The TSP will be given an opportunity to correct the noted deficiency.

1.3.6.2 Correction of Deficiencies in IFF
Failure to acknowledge or correct deficiencies after notification by the PMO will result in the PMO placing the TSP in a temporary non-use status, in accordance with procedures in Federal Management Regulation (FMR) Part 102-117. The PMO is authorized to refer a TSP for suspension or debarment.

1.3.6.3 Failure to Submit IFF
Failure to submit the Industrial Funding Fee due GSA for HHG shipments handled by the TSP, will result in immediate placement of the TSP in temporary non-use status pending revocation of the TSP's approval to participate in CHAMP.

1.4 Revising the HTOS
The HTOS is revised and reissued by the PMO as necessary. This is done through the publication of change pages or reissuing of the document on the HTOS page from the GSA Household Goods Transportation website.

Unless otherwise specified in the Web document, the effective date will be the date of publication (posting) to the website.

The issuance of versions of the HTOS, changes thereto, or reissues thereof will only be by means of publication on the HTOS and RFO Reference Library page on the GSA website.

Unless specifically endorsed by the PMO in writing as part of the publication, versions of the HTOS issued by parties other than the PMO, including reprints of the pages, electronic copies, or any other form of publication, are null and void.
