TO ALL TRANSPORTATION SERVICE PROVIDERS APPROVED TO PARTICIPATE IN THE CENTRALIZED HOUSEHOLD GOODS TRAFFIC MANAGEMENT PROGRAM:

This Request for Offers (RFO) transmits the issuance of the 2016-2017 Filing Cycle Special Instructions for the filing of rate offers in the General Services Administration’s (GSA’s) Centralized Household Goods Traffic Management Program (CHAMP) specific to the Filing Cycle for the period December 16, 2016 through October 31, 2017. This RFO and Special Instructions (hereinafter referred to as RFO) are in accordance with the Household Goods Tender of Service (HTOS), supplements thereto and reissues thereof. Transportation Service Providers (TSPs) who are approved to participate in CHAMP and have agreed to abide by the terms of the HTOS, supplements thereto and reissues thereof, are eligible to file rate offers in accordance with this RFO.

Please be aware that there are many changes in this RFO, most of which are due to the recently published GSA Domestic 500A-2016 Tariff (GSA500A). Below we have highlighted some of the major changes, but we strongly recommend that TSPs read the entire RFO, HTOS and GSA500A. We also strongly encourage TSPs to begin the rate filing process early to ensure adequate time to correct and resubmit any identified errors when submitting rate offers.

**Due Dates:** Rate offers must be submitted in accordance with this RFO by the Initial Filing due date of 10:00 PM Central Standard Time, October 27, 2016 and/or the Supplemental Filing due date of 10:00 PM Central Standard Time, March 13, 2017. Rate offers received after these dates and/or not submitted in accordance with this RFO will not be accepted.

**GSA500A:** The effective date of the GSA500A is December 16, 2016 and all domestic rate offers submitted in accordance with this RFO will be based on the GSA500A. Domestic rate offers include those filed for shipments moving between points in the United States (U.S.) (including the District of Columbia and Alaska but excluding Hawaii) and between points in the U.S. (including District of Columbia and Alaska but excluding Hawaii) and points in Canada. Below are some of the major differences between the GSA01 and the GSA500A; however, and as noted above, TSPs are strongly encouraged to read the GSA500A in its entirety.

1. Linehaul/Transportation Baseline Rates and most Additional (Accessorial) Services Rates and Charges have been increased over those in the GSA01 and will be maintained in a Microsoft Excel Workbook referred to as the Baselines Rate Tariff File (Appendix B) of the GSA500A.

2. Distance-based rates and charges between points in the U.S. are determined by PC*Miler issued by ALK Technologies, Inc. based on the applicable **5-digit postal zip codes**
obtained from the National 5-Digit Zip Code and Post Office Directory issued by the U.S.
Postal Service (USPS). However, for shipments with an origin and/or destination within
Canada, mileage distances will be determined by the Rand McNally Mileage Guide 19, in lieu
of ALK Technologies, Inc.

3. As opposed to the county/state look up under the GSA01, Service Areas and their
associated Services Cost Schedules and other non-mileage based rates and charges for
services performed at points in the U.S. will now be determined based on the applicable 3-
digit postal zip code issued by the USPS. Services performed at points in Canada are
based on a single cost schedule for all points in Canada.

4. To simplify the application of rates and charges, the GSA500A incorporates several of
the commonly applied individual Additional Services Rates and Charges into a single Origin
Service Charge (OSC) and a single Destination Service Charge (DSC) (Item 135A and 135B,
respectively, of the GSA500A) that apply in addition to the linehaul/transportation charges.
The included additional services are elevator service, stair and excess distance carries and
the additional transportation charge (ATC). Effective December 16, 2016, individual charges
will no longer apply for these identified services and TSPs will only be allowed bill the
applicable OSC/DSC. However, TSPs will not be allowed to charge a OSC or a DSC when
billing for a domestic shipment for the following Non-Alternating, Agency Specific Standing
Route Orders (SROs) as all domestic rate offers submitted for these SROs must be inclusive
of all of the Additional Services Rates and Charges identified within the applicable section of
their specific SRO as identified in Section 3 of this RFO: ARCWV, DEADD, UPSDC, and
DOSDD.

5. When submitting rate offers, origins will now be submitted using the new Origin
Service Area Codes identified in Section 5-2.1. of the RFO (for example, MO00 for Missouri)
as opposed to the applicable Service Area Code containing that State (for example, 0800).
When submitting rate offers for destinations, the current Destination Service Area Codes as
identified in Section 5-2.1. of this RFO will continue to be used. This change in origin filings
will allow accepted rate offers to apply from all points within the individual State specified by
its Origin Service Area Code to all points within the State or States included in the Destination
Service Area Code as opposed to previous filings where a rate offer applied from all points
within a State or States included in a Service Area Code to all points within a State or States
included in a Service Area Code. Please note that all rate offers filed must still be in a TSP’s
approved scope of operation. See Section 6 of this RFO and for additional formatting
instructions.

6. Unless specifically noted otherwise, Linehaul/Transportation, Storage-in-Transit (SIT)
and Additional Services Rates and Charges will be based on the origin address as identified
on the Bill of Lading and/or the destination address as identified on the Bill of Lading.

7. Individual per-carton packing and unpacking rates and MaxPak charges have been
replaced by Full Packing and Unpacking Service rates (Item 105A of the GSA500A) that
apply based on the net weight of the shipment. A TSP’s accepted Linehaul/Transportation
Percentage/Discount will apply to the total of the Full Packing and Unpacking Service.
8. In accordance with Note 8 of Item 105 of the GSA500A, when a TSP, to ensure safe transportation, determines it necessary to unpack and repack cartons and/or containers that have been packed by the Owner, no additional labor, unpacking and/or additional re-packing charges will apply beyond the applicable Full Packing Service rates.

9. Under the GSA500A, TSPs are no longer allowed to charge a flat fee for the use of specially designed cartons to ship LCD, LED and Plasma televisions with screen sizes 60 diagonal inches or less. Crating charges also do not apply, except as provided for in Note 9 of Item 105 of the GSA500A when written authorization by the Bill of Lading Issuing Officer (BLIO) is provided for flat screen television in excess of a 60 inch diagonal screen size.

10. TSPs now have the ability to file a Code C rate offer(s) for the movement of household goods shipments in a container. This is an optional filing and a TSP’s approved scope of operation applies. TSP’s may only charge Code C rates when a shipment via containerized movement is specifically requested by the shipping Agency. All provisions apply to a containerized shipment as do to a regular shipment moved in a motor van (see the GSA500A and also Sections 2-7.2.1. and 6-3. of this RFO for additional information).

11. TSPs submitting rate offers from/to Canada will now be required to submit a UAB Percentage/Discount. The same UAB provisions that currently apply with regards to Alaska will now also apply to Canada. Please also note that the UAB Baseline Rates identified in Section 2-7.2.1.3 of the RFO have also been increased.

12. Most of the provisions in the GSA01 specific to shipments moving from/to Alaska have been incorporated throughout the GSA500A in similar provisions that apply to all shipments. Please note that under the GSA500A, the compensation methodology for all shipments between the U.S. (including the District of Columbia but excluding Hawaii) and Alaska will be based on the Ocean Waterhaul table (Section 6 of Appendix B of the GSA500A) utilizing the Port of Tacoma, WA. TSPs electing to use the Alcan Highway will be compensated based on the Ocean Waterhaul table utilizing the Port of Tacoma (see Item 227 of the GSA500A and applicable Sections of this RFO for additional information).

13. Item 33, Impractical Operations and Application of Shuttle Service, of the GSA500A has been clarified to identify shuttle service as a truck to truck transfer. However, provisions have been added for rare and/or unique circumstances only to allow for a shipment or portions thereof to be moved via the use of smaller equipment only and without a transfer to a TSP’s linehaul equipment when it will best meet the needs of the Agency. Please refer to Item 33.2.g. of the GSA500A for specifics on obtaining written pre-approval from the BLIO, the documentation required to support approval by the BLIO and the documentation required for billing. Please also see Item 125 of the GSA500A for additional information.

**General Valuation:** All shipments moved under CHAMP are released based on Full Replacement Value – at $6.00 times the net weight of the shipment in pounds applicable to both shipments in transit and SIT (see specific SROs for exceptions to the $6.00 valuation).
Changes to Non-Alternating, Agency Specific SROs: Changes have been made to the SROs for the Department of Treasury, Administrative Resource Center (ARCWV), the Drug Enforcement Administration (DEADD), the U.S. Postal Service (USPDC) and the Department of State (DOSDD and DOSDC (which also applies to DOSHW and DOSSA)) as identified in Section 3 of this RFO. These changes have been highlighted in “red.” And as always, please review Section 3 of this RFO closely for any other Agency specific requirements and changes.

Mileage Application: Effective December 16, 2016, Web Based Version 30 of ALK Technologies, Inc. will apply (see 2-7.1.1. of this RFO for additional information and application).

Certified Weight Scales: A certified weight scale as provided at 49 CFR 375.103 must be used to determine shipment weights. If a certified weight scale is not available at an international location, the TSP must document on the weight ticket submitted for payment that a certified weight scale was not available. All weight tickets must be signed by the Weigh Master performing the weighing and must include the following information as identified in 49 CFR 375.519:

1. The complete name and location of the scale;
2. The date each shipment was weighed;
3. Identification of the weight entries (tare, gross, and/or net weights);
4. Company or TSP identification of the vehicle;
5. Owner’s last name as it appears on the Bill of Lading; and
6. The TSP’s shipment registration or Bill of Lading number.

Hawaiian Transit Times: The current HTOS does not contain transit times between Hawaii and any State, Trust Territory, or Possession of the U.S. While we are in the process of making the necessary updates to the HTOS, by identification in this RFO a transit time of 47 days will apply between Hawaii and any State, Trust Territory, or Possession of the U.S.

Reweighing of Shipments in Excess of 18,000 pounds. When the initial weighing of a shipment results in a weight which exceeds 18,000 pounds, the TSP MUST reweigh the shipment prior to the actual commencement of unloading the shipment for delivery to residence or into storage. The reweigh must take place at a certified scale as provide at 49 CFR 375.103, must be signed by the Weigh Master and must include the information as identified in 49 CFR 375.519. For International shipments, if a certified scale is not available, the TSP must document on the weight ticket submitted for payment that a certified weight scale was not available. The charges to the Agency shall be based on the lower of the two net weights and copies of both sets of weight tickets shall be provided to the Agency prior to submitting the invoice for payment. If a reweigh is not performed, the TSP MAY NOT invoice for more than 18,000 pounds.

Change to External Crating Charge Specified in HTOS Section 12-11.B. International: While we are in the process of making the necessary updates to Section 12-11.B. of the
HTOS, by identification in this RFO, effective November 1, 2012, external crating charges will be based on the provisions below:

HTOS, Section 12-11.B.
External shipping containers are authorized for items that will not fit into standard HHG shipping containers.

(1) Compensation: **US$7.00** per cubic foot, (**US$233.85** per cubic meter) no minimum charge.
(2) Container becomes property of the Government.

**International Performance Bond:** All TSPs approved to provide International General Transportation and International Move Management Services are required as part of their filings to furnish a performance bond in accordance with the Section 2-4.8 of the HTOS and subject to the provisions of Section 1-4 of this RFO. The performance bond MUST clearly identify that the bond is in force for the period **November 1, 2016 through October 31, 2017**, or later. A Certification of Continuation of Bond is acceptable. **A performance bond or Certification of Continuation of Bond currently on file does not satisfy this requirement and copies will not be accepted.** TSPs filing international rate offers are also required to adhere to the performance bond provisions outlined in Section 1.4.1.3.1. of this RFO. Performance bonds must be submitted prior to the transmission of rate offers as the system will not validate submitted rate offers without a valid bond on file.

**Domestic Industrial Funding Fee (IFF):** The IFF will be 2.50% of the net shipment charges of a household goods surface shipment, to include the line-haul, accessorail, packing charges, fuel surcharges, etc. SIT fees are excluded. The method of collection will remain the same, where TSPs will continue to collect and remit the appropriate IFF to GSA based on 2.50% of the net charges. Please refer to Section 2-7.6 of this RFO for a further explanation and information on how the IFF applies on multiple element shipments.

**International Industrial Funding Fee:** The IFF will be 1.50% of the net shipment charges of a household goods surface shipment, to include the line-haul, accessorail, packing charges, fuel surcharges, etc. SIT fees are excluded. The method of collection will remain the same, where TSPs will continue to collect and remit the appropriate IFF to GSA based on 1.50% of the net charges. Please refer to Section 2-7.6 of this RFO for a further explanation and information on how the IFF applies on multiple element shipments.

**Fuel Policy:**

1. For domestic shipments, please refer to Item 16 of the GSA500A.

2. For international relocations, the TSP can only be compensated for a fuel surcharge on that portion of the shipment handled under traffic in the conterminous U.S. to the port or from the port to a point in the conterminous U.S. The fuel surcharge shall be calculated in accordance with the Fuel Policy identified in Item 16 of the GSA500A. In the event the shipment is transported from origin to port or port to destination on an ocean line through bill
of lading, the TSP is not entitled to the GSA fuel surcharge calculation and can only pass through any fuel surcharge that may be generated from the ocean line. The TSP must provide a copy of the original bill to the Agency for reimbursement.

**Fuel Surcharge for Unaccompanied Air Baggage (UAB) Shipments:** A TSP may charge as a separate line item a fuel surcharge for UAB shipments. TSPs must provide a copy of the original airway bill to the Agency for reimbursement. Any excessive costs charged by foreign or overseas air carriers will be negotiated and paid at the discretion of the Agency. There is no fuel surcharge calculation for land transportation for UAB. Please refer to Section 3 of this RFO for Department of State requirements.

**Bunker Fuel Surcharges:** A TSP may charge as a separate line item a fuel surcharge for bunker charges on International shipments and/or Alaskan water charges. The TSP must provide a copy of the original bill to the Agency for reimbursement. Please refer to Section 3 of this RFO for Department of State requirements.

**Snow Removal Clarification:** Unless it is for TSP convenience, snow removal is the responsibility of the relocating employee. If a TSP runs into issues with this, they are to immediately contact the BLIO.

**Submission of Rate Offers:** All rate offers in the Transportation Management Services Solutions (TMSS) system automatically expire on December 15, 2016. Due to the changes in the Origin Record Field (positions 15-18) of the Rate Record Format Requirements identified in Section 6.3 of this RFO from a Service Area Code to the new Origin Service Area Codes identified in Section 5.2.1 of this RFO, TSPs will not be allowed to “carry over” their domestic rate offers currently on file. New rate offers, using one of the options identified below, **MUST** be used. If a TSP has international rate offers currently on file and does not want to make any changes to their currently filed international rate offers, they may go in to TMSS and choose to “carry over” existing rate offers for an effective date of December 16, 2016 – again, any domestic rate offers currently accepted in TMSS **Will NOT** “carry over.” If a TSP does not “carry over” existing international rate offers, does not upload new international rate offers or does not upload new domestic rate offers during the Initial Filing window, any rate offers currently in TMSS will be deleted effective December 16, 2016. Rate offers effective during the supplemental filing period of May 1, 2017 do not require a change; however, TSPs have the option to modify existing rate offers and/or to add new rate offers during the supplemental filing window.

TSPs have four (4) different options when filing rate offers:

1. Utilize the rate filing capabilities of TMSS:
   - TSPs must have access to the “HHG Rate Filing” module within TMSS. A firm’s TMSS Group Administrator can give access to this module. Once the “HHG Rate Filing” module has been accessed, a continuation of existing International Rate Offers ONLY button will be displayed as a pop-up screen. The message
will prompt the TSP to either accept or reject all International Rate offers to be carried over to the next rate filing cycle;

- If a TSP accepts the continuance of all International Rate Offers, TMSS will display a statement that all International Rate Offers will be copied over during the nightly batch process. TMSS will also display a message to the TSP identifying the number of records that were carried over;
- If a TSP wishes to change an existing International Rate Offers, add a new International Rate Offer and/or add Domestic Rate Offers (to include Code C rate offers) after submitting the request to carry over all current International Rate Offers, the TSP may go into the “HHG Rate Filing” module the following day and do so; and
- If a TSP rejects the continuance of rate offers, the rate filing module screens will displayed so that the TSP may begin the rate filing process.

2. Utilize the Format and Electronic Submission instructions found in Sections 6 and 7 of this RFO.

3. Utilize the “HHG Spreadsheet” from the TMSS Main page. This spreadsheet will allow for the download of a copy of the existing International Rate offers only. TSPs may then make additions and/or deletions prior to re-uploading it for validation and acceptance. For instructions on how to use this spreadsheet, please contact one of the points of contact at the end of this letter.

4. Utilize the services of a Rate Filing Service Provider (RFSP).

1-3. TSP Notifications.

1-3.1. Domestic Rate Filings.
For rate offers submitted via the “Upload Rate File” function of TMSS, the submitting TSP or RFSP will receive a summary from GSA stating the total number of records processed, number of records rejected, and the number of records accepted. This notification will be by email.

1-3.2. International Rate Filings.
For rate offers submitted via the “Upload Rate File” function of TMSS, the submitting TSP or RFSP will receive a summary from GSA stating the total number of records processed, number of records rejected, and the number of records accepted. This notification will be by email.

1-4. Documentation Requirements.
The following documentation is required to be on file with the Program Management Office (PMO) prior to the acceptance of a TSP’s rate offer, but no later than Section 1-2.5, Schedule of
Accepted Rates, Date Received By. In the absence of any one or all required documents, the TSP’s rate offer(s) will not be accepted by the database. This provision will apply with respect to any deficiency noted on documents, however, that for the purposes of this item, any reference to non-rate related deficiencies shall be construed as a documentation deficiency and Section 1-1.7.1 will apply. In those instances where corrections are not received in accordance with Section 1-1.7.1, rate offers will be considered unacceptable and TSPs will not be allowed to re-file until the next Supplemental Filing period or until a new RFO is distributed, whichever comes first. TSPs and RFSPs may continue submitting corrections until all errors are corrected or until the rate filing closing date. Rate offer files and error corrections submitted on the rate filing closing date will be accepted into the system, pending any errors. A TSP or RFSP will not have an opportunity to correct any errors detected in a file submitted on the rate filing closing date after the final validation.

1-4.1. TSPs Providing General Transportation and Move Management Services.

1-4.1.1. Trading Partner Agreement.

All TSPs approved to provide General Transportation Services and Move Management Services (MMS) are required as part of its filing to have on file with the PMO a signed Trading Partner Agreement (TPA). In the absence of a TPA, the TSP’s rate offer filing will be subject to the provision in RFO Section 1-4, above. A TPA CURRENTLY ON FILE SATISFIES THIS REQUIREMENT.

1-4.1.2. Certificate of Insurance.

By the submission of a rate offer to the GSA PMO in accordance with this RFO, the TSP certifies that it will maintain cargo liability insurance meeting the HTOS 2.4.7 requirements during the period of its accepted rate offer filing. GSA reserves the right to request from the TSP at any time a Certificate of Insurance evidencing the maintenance of such cargo liability during the filing cycle.

1-4.1.3. Performance Bond - International Only.

All TSPs approved to provide International General Transportation Services and International Move Management Services (MMS) are required as part of its filing to furnish a performance bond, in accordance with the HTOS 2-4.8, and subject to the provisions of Section 1-4.1.3.1. The performance bond MUST clearly identify that the bond is in force for the period November 1, 2016 through October 31, 2017, or later. A Certification of Continuation of Bond is acceptable. A PERFORMANCE BOND OR CERTIFICATION OF CONTINUATION OF BOND CURRENTLY ON FILE DOES NOT SATISFY THIS REQUIREMENT AND COPIES WILL NOT BE ACCEPTED.

1-4.1.3.1. Addendum to the Performance Bond - International Only.

All TSPs approved to provide International General Transportation Services and International Move Management Services are required as part of its filing to furnish a performance bond to the PMO in the amount of $75,000. By the submission of an international rate offer to the GSA in accordance with this request, the TSP certifies that it will comply with the following performance bond specifications: THE CONDITIONS OF THIS OBLIGATION ARE SUCH, that the Principal will enter into bill of lading contracts with the Government from time-to-time during the effective period of this bond, for furnishing supplies or services to the Government, that the Government is represented by the department or agencies shown above, and that, based upon the Principal’s desires, all such contracts will be covered by one bond, instead of by a separate performance for each contract. This performance bond serves to protect the Government in the event the carrier to whom the actual bill of lading contract is issued fails to effect delivery of the shipment set forth on the bill of lading. By this performance bond, the Surety(ies) underwrites and assumes the Principal’s liability to the Government for excess reprocurement costs when, due to the Principal’s failure to complete delivery of a shipment, the Federal civilian agency named in the bill of lading deems it necessary to reprocure transportation services from an alternate carrier. The Government shall be sole beneficiary of this bond in the event the Principal defaults and is unable to perform for whatever reason, including that of filing a petition in bankruptcy or an involuntary bankruptcy. THIS BOND WILL BE CONTINUOUS, and may be canceled at any time by the Surety(ies) upon thirty (30) days written notice to the General Services Administration, Centralized
Household Goods Traffic Management Program, Relocation Services Branch (QMCCB), 2300 Main Street, Kansas City, Missouri 64108, representing the Government. Termination under this provision shall not effect or relieve the Surety(ies) of any obligation or liability that may have occurred prior to such termination. The time for commencing collection of monies owed the Government arising under the carrier’s contracts with the Government is determined by: Title 28, United States Code, Section 2416; Title 31, United States Code, Section 3716; Title 31, United States Code, Section 3726; and Title 49, United States Code, Section 11706. IN WITNESS WHEREOF, the Principal and Surety(ies) have executed this performance bond and have affixed their seals on the date set forth above.

NOTE 1: The word “contracts” as used herein means agreements for transportation and services as provided in applicable bills of lading, associated tenders of service, rate tenders and tariffs, and the General Services Administration, Centralized Household Goods Traffic Management Program International Government Bill of Lading Rate Solicitation.

NOTE 2: The word “services” as used herein means all transportation and related services required to be performed in accordance with the applicable contract as defined above.

1-4.2. Submission To.
All required documents must be submitted as originals with original signatures to the address specified in RFO Section 1-6.

1-4.3. Place of Receipt.
Receipt of documentation requirements by any other office of GSA or by a RFSP shall not be construed as receipt by the office specified in Section 1-6.

1-4.4. Time of Submission.
The TPA and Performance Bond must be submitted in accordance with Section 1-4. These provisions will apply with respect to deficiencies in any of these documents; provided, however, that for the purposes of this item any reference to rate offer related deficiencies in Section 1-1.7.1.

(C) The knowledge of the person who executes this certification is not required to exceed the knowledge which that person can reasonably be expected to possess, following inquiry, regarding the suspended or debarred status of the parties defined in (B) above.

(D) THE TSP HAS A CONTINUING OBLIGATION TO INFORM THE GSA OFFICE TO WHICH THIS RATE TENDER IS SUBMITTED OF ANY CHANGE IN CIRCUMSTANCES WHICH

This Request for Offers (RFO) and any resulting rate offer(s) are subject to the provisions of the General Services Administration’s (GSA’s) Household Goods Tender of Service (HTOS), dated August 2010, with an effective date of November 1, 2010, supplements thereto and reissues thereof.

2-2. Federal Agency Authorized to Use.
   2-2.1. Application.
   This RFO and any resulting rate offer(s) are for the account of the U.S. Government and authorized cost reimbursable contractors, except when the relocation involves uniformed personnel of the Department of Defense, its contractors and uniformed personnel of the U.S. Coast Guard or Public Health Service.
   2-2.2. Exception (Reserved).

The rates and charges offered and accepted pursuant to this RFO are applicable to shipments routed pursuant to any formal contract providing for MMS awarded by GSA or a Federal Civilian, non-DOD agency to the extent provided in the contract. Section 2-7.6, Industrial Funding Fee (IFF) of this RFO applies to such shipments.

2-4. Definitions.
   2-4.1. Household Goods Tender of Service (HTOS).
The Household Goods Tender of Service (HTOS) dated August 2010, with an effective date of November 1, 2010, supplements thereto and reissues thereof is available on the Household Goods HTOS and RFO Library link on GSA’s website.
   2-4.2. GSA Domestic 500A-2016 Tariff (GSA500A).
   This is the term applied to the source document for the filing of domestic rate offers under this RFO.
   2-4.3. Domestic Transportation.
The movement of a relocated Government employee’s household goods (HHG) between points in the United States (U.S.) (including the District of Columbia and Alaska but excluding Hawaii) and between points in the U.S. (including the District of Columbia and Alaska but excluding Hawaii) and points in Canada.
      2-4.3.1. Code D: Domestic Household Goods.
      Movement of HHG in a Motor Van or Container from origin residence to destination residence. The actual mode of service is at the discretion of the Transportation Service Provider (TSP). TSPs must advise the Bill of Lading Issuing Officer (BLIO) of their intent to containerize a shipment. When the TSP elects to containerize the shipment at their discretion, it will be at no additional cost to the Agency. As with all shipments moved under CHAMP and the GSA500A, responsibility for the shipment remains with the TSP to whom the Bill of Lading was issued.
      2-4.3.2. Code C: Domestic Household Goods.
      Movement of HHG in a Container (supplied by the TSP) from origin residence to destination residence when specifically requested by the Agency. Use of commercial best practice containers is authorized (see provisions of Section 2-7.2.1.1.1.). Shipments must always be containerized, will never be employee packed and cannot be left unsecured or outdoors. Containerization must be completed at the employee’s residence unless the BLIO authorizes, in writing, containerization at TSP/Agent warehouse. As with all shipments moved under CHAMP and the GSA500A Tariff, responsibility for the shipment remains with the TSP to whom the Bill of Lading was issued.
2-4.4. **International Transportation.**
This is the term applied to door-to-door container movement of HHG in lift vans between the conterminous United States (including the District of Columbia, Alaska and Canada) and an international country or off-shore location, or between two international countries or off-shore locations in lift vans. A TSP provides complete through service from origin residence to destination residence by surface ocean means.

2-4.5. **General Transportation Services.**
This is the term applied to transportation and accessorial services normally associated with a HHG move, such as set out in interstate and intrastate tariffs or the HTOS.

2-4.6. **Move Management Services (MMS).**
This is the term applied to a MMS Provider’s arrangement, coordination, and monitoring of each relocating employee’s HHG move, from initial notification of shipment booking through delivery at destination. Services as identified in Section 2-6 will be provided within a TSP’s approved scope of operations. No brokering of shipments will be allowed.

2-4.7. **Transportation Service Provider (TSP).**
This term applies to any participating TSP or forwarder that is approved in the Centralized Household Goods Traffic Management Program (CHAMP), Domestic and/or International, to provide General Transportation Services or MMS.

2-4.8. **Special Agency Provisions.**
Special agency provisions cited in this RFO are defined as specific terms and conditions applicable to a particular Federal department or Agency.

2-4.9. **Bill of Lading Issuing Officer (BLIO).**
This term applies to the individual or his/her designated representative within the shipping or receiving Agency responsible for HHG traffic management functions.

2-4.10. **Unaccompanied Air Baggage (UAB).**
This term applies to necessary personal items that are taken to a relocating employee’s new duty station before their shipment of HHG arrives. The determination of items considered as UAB is at the discretion of each Agency. UAB shipments will be post audited based on the following formula: dimension of container divided by 166 (converts to volume kilogram) x 0.4536 x base line rate x TSP percentage. Volume weight is defined as the length times the width times the height (in inches), divided by 166 and multiplied by 0.4536. Where gross weight exceeds volume weight, the TSP must charge for gross weight.

2-4.11. **DUNS Number.**
This term applies to a Data Universal Number System. DUNS numbers are issued by Dun & Bradstreet and consist of nine digits.

2-5. **Filing Possibilities.**

2-5.1. **Filing Instructions.**
Instructions for the submission of rate offers are set out in Section 6 and Section 7.

2-5.2. **General Government Rates or Charges.**
TSPs submitting rate offers pursuant to this RFO may file rate offers that apply to all Federal agencies. The term general government will be used to describe such rate offers. Rate offers submitted may be for the TSP’s full scope of operation or any part thereof.

2-5.3. **Agency Specific Rates or Charges.**
TSPs submitting rate offers pursuant to this RFO may file rate offers that apply to a specific Federal agency as defined in Section 3 and Section 5. The term agency specific will be used to describe such rate offers. Rate offers submitted may be for the TSP’s full scope of operation or any part thereof.

2-5.3.1. **Application of Rates.**
Agency specific rate offers will apply only to shipments for which the specific agency/location identified in Section 3 and Section 5, issues the Government Bill of Lading (GBL)/Commercial Bill of Lading (CBL)/Bill of Lading(BL).

2-5.4. **Combination of General Government and Agency Specific.**
TSPs submitting rate offers pursuant to this RFO may file rate offers that apply for both general government and agency specific. If the TSP files both general government and agency specific rate offers, the TSP may base its submission on any part or parts of its approved scope of operation without regard to
consistency between general government and agency specific. For example, a TSP with an approved scope of operation of all domestic service areas may offer general government rates and charges between all domestic service areas, but offer agency specific rates and charges between only two (2) service areas for Federal Agency X, while offering agency specific rates and charges between four (4) different service areas for Federal Agency Y.

2-5.5. Alternating Agency Specific Standing Route Order (SRO) Rate Offers.
TSPs may file alternating, agency specific SRO rate offers as identified in Section 5-1. Alternating SRO rate offers will apply specifically to those Federal agencies/locations identified in Section 5-1 and may alternate with any other accepted rate offer.

2-5.6. Non-Alternating Agency Specific SRO Rate Offers.
TSPs may file non-alternating, agency specific SRO rate offers as identified in Section 3 and Section 5-1. Non-alternating SRO rate offers will apply specifically to those Federal agencies/locations identified in Section 3 and Section 5-1 and will not alternate with any other accepted rate offer.

2-5.7. Move Management Rate Offers.
TSPs submitting rate offers pursuant to this RFO may file rate offers for move management services that apply to all Federal agencies. The term move management services (MMS) will be used to describe such rate offers. Rate offers submitted may be for the TSP’s full scope of operation or any part thereof.

2-6. Move Management Services (MMS).

2-6.1. Performance of Services.
The MMS Provider or TSP will provide the MMS outlined in Section 2-6 in conjunction with transportation services. The MMS Provider must comply with service, delivery timeframe, billing, reporting, and liability requirements set out in the HTOS, as applicable, together with all other requirements set out therein, except to the extent waived by the BLIO as defined in the HTOS.

The MMS Provider and the shipping agency must enter into a written MOA setting out the terms and conditions of the MMS Provider requirements as identified in Section 2-6. In those instances when the shipping agency requests GBL/CBL/BL preparation and maintenance under Section 2-6.6.3, the MOA should contain at a minimum, specific instructions on GBL/CBL/BL preparation and maintenance including instructions to complete each block of the GBL/CBL/BL. If requested by the MMS Provider and/or shipping agency, the GSA PMO identified in Section 1-6 will review the agreed-to MOA.

2-6.3. Performance as TSP.
The MMS Provider may file rate offers within its current approved scope of operations, will be subject to the Customer Satisfaction Index (CSI) rating system, and must comply with the requirements for paying GSA its IFF specified in Section 2-7.6.

2-6.4. Commissions.
An MMS Provider may not charge a commission to a TSP or forwarder to which it tenders a HHG shipment.

2-6.5. Required Services.

2-6.5.1. General.
The MMS Provider must arrange, coordinate, and monitor each relocating employee’s HHG move from initial notification of the move by the shipping agency through completion of all move-related transactions required under this Section 2-6.5. A HHG move within the conterminous United States (CONUS) (as defined in Section 5-2) is defined as a basic move consisting of one shipment of HHG and personal effects and, when specifically authorized by the shipping agency, shipment of one or more privately owned vehicles (POV’s). A HHG move to/from an international location (as defined in Section 5-3) is defined as a basic move consisting of one surface shipment of HHG and personal effects and, when specifically authorized by the shipping agency, one or more unaccompanied baggage shipments and shipment of one or more POV’s. Multiple origins and/or destinations may be involved for both CONUS and international shipments. Following are the services the MMS Provider must provide:

2-6.5.2. TSP Selection.
The employing agency may select the TSP to move the relocating employee’s HHG or may delegate this responsibility to the MMS Provider in which case the agency will furnish the MMS Provider with TSP selection criteria. Any TSP selected to move a Federal civilian, non-DOD employee’s HHG must be approved in CHAMP. The MMS Provider must be capable of accessing the GSA Transportation
Management Services Solution System (TMSS) to obtain query information for use in selecting a TSP to transport a shipment when requested by the employing agency.

2-6.5.3. Shipment Booking.
The MMS Provider must schedule the move with the selected TSP; order a pre-move survey; and identify and obtain written authorization from the BLIO authorizing the move for storage-in-transit (SIT) or any special service (e.g., shuttle service, special crating, third party servicing, elevator charges, long carry, and/or stair carry). The MMS Provider must indicate in writing all services authorized and identify those that will be paid as an entitlement of the employee, those that will be advanced but charged back to the employee, and any service the employee requests that may not be authorized on the GBL/CBL/BL. The Provider must inform the employee prior to service performance of any service that will be advanced but charged back to the employee. The MMS Provider may develop a generic form for the purpose of this item. Any service shown on a generic form that is not applicable to a particular shipment must be “crossed out” or marked “none” or “not applicable” prior to submitting the form to the BLIO for written authorization/approval.

2-6.5.4 Ensuring TSP Performance.
Notwithstanding the provisions of Section 2-6.6, the MMS Provider must ensure that transportation services furnished are in accordance with provisions of the HTOS. The MMS Provider must take any action deemed necessary and appropriate to protect the interests of the shipping agency, ensure proper TSP performance, and protect the real and personal property of the relocating employee. In the event the MMS Provider’s failure to direct performance in accordance with this Section causes damage to the shipping agency or relocating employee, other then damage to HHG, the MMS Provider is liable to the shipping agency and/or the relocating employee for such damages.

2-6.5.5 Arranging Storage in Transit (SIT).
If a Federal agency authorizes SIT, the MMS Provider must arrange storage in accordance with the GSA HTOS. The MMS Provider must notify the employee of the authorized SIT duration and location and provide the employee SIT-Provider contact information within five (5) calendar days after delivery into SIT.

2-6.5.5.1. Monitoring Shipments in SIT.
The MMS Provider must monitor shipments in SIT and provide a written request for disposition instructions from the employee or shipping agency destination facility representative at least ten (10) working days before expiration of the authorized SIT period. The written request must inform employees of their personal financial responsibility for any charges incurred for storage in excess of the maximum period authorized. The MMS Provider is responsible for arranging for delivery of shipments from SIT.

2-6.5.5.2. SIT in Excess of 150 or 180 Days.
In accordance with FTR 302-7.9, SIT may not exceed 150 days for CONUS to CONUS shipments or 180 days for shipments which include an OCONUS origin or destination. If storage exceeds the identified 150 or 180 days, the MMS Provider must ascertaint the condition of the employee’s property at the end of the 150-day or 180-day SIT period to protect the Government’s and the relocating employee’s right to recover for TSP caused losses or damages. The warehouse automatically is considered the shipment’s destination upon expiration of the 150-day or 180-day SIT period and the MMS Provider’s responsibility for the shipment ends. The shipment then becomes subject to the warehouse’s rules, procedures, and charges, including local delivery out of storage. The employee is responsible for payment of storage charges for any period of storage in excess of 150 or 180 days. In the event of any discrepancy between HTOS provisions and the provisions of this Section for purposes of SIT, the provisions of this Section apply.

2-6.5.6. Completion of GSA Form 3080.
The MMS Provider must initiate an electronic GSA Form 3080, “Household Goods Carrier Evaluation Report” via the Transportation Management Services Solution (TMSS) system. The MMS Provider must also follow-up in an attempt to ensure both the employee and shipping agency complete their respective portions of the electronic 3080 form. If the employee has not completed the electronic 3080 form within 30-days from the date of delivery of the HHG to the new residence, the MMS Provider will so advise the shipping agency.

2-6.5.7. Service Performance Audit.
The MMS Provider must audit transportation billings and complete a certification document certifying by line item whether billed services (including any services specifically requested by the employee) were or were not necessary, properly authorized, and actually performed (this audit is unrelated to an agency’s audit of the actual billing charges). The MMS Provider may develop a form for this purpose and must, if requested, have it pre-approved by the shipping agency.
2-6.5.8. Management Information Reports.
The Government will require certain management information reports that may or may not be commercially
standard. If the MMS Provider has a commercial report that would meet a stated specific need, it may
propose that an agency use that report instead of the one specified as long as it can satisfactorily
demonstrate how the proposed substitution would meet the ordering activity’s needs. Reports must contain
both monthly/quarterly and year-to-date totals, when appropriate. The MMS Provider must provide
required reports to the ordering activity within 15 business days following the month/quarter services were
performed.

2-6.5.8.1. Ordering Agency Reports.
If requested by the shipping agency, the MMS Provider must furnish the following reports in the manner
specified by the agency with regard to format, content, and frequency. Data elements may be revised by
the ordering activity.

2-6.5.8.2. Shipment Summary.
A summary of the total number of shipments handled for the specified period further broken down into the
following incremental categories: number of shipments by agency activity, number of shipments by TSP,
number of interstate shipments, number of intrastate shipments, and number of international location
shipments. For each category the Provider must show total line-haul and accessorial charges.

2-6.5.8.3. Claims Summary.
A summary of the total number of loss/damage claims handled for the specified period further broken down
into the following incremental categories: number of claims by agency activity, number of claims by TSP,
number of interstate claims, number of intrastate claims, number of international location claims, average
number of days between the date of claim filing and date of issue of initial settlement offer; average number
of days between the date of receipt of the initial settlement offer and the date of final settlement, average
amount claimed and settled interstate, average amount claimed and settled intrastate, and average amount
claimed and settled on international locations. For each claim not settled within 30 days and/or 60 days
when approved by the shipping agency’s BLIO an explanation for the delay must be supported by the
Delay Codes identified in the HTOS Section 9.

2-6.5.8.4. Counseling Contact Summary Report.
A summary report of counseling contacts (when an agency has chosen that optional service) showing
employee name, date of initial contact, and current status of the move including date for the pre-move
survey, packing date, pickup date, and actual or proposed delivery date into SIT and/or residence.

2-6.5.8.5. On-time Services Summary Report.
A summary report listing employee name, scheduled pickup date, actual pickup date, scheduled delivery
dates into SIT and/or residence, actual delivery dates into SIT and/or residence, scheduled date for
delivery out of SIT, and actual date for delivery out of SIT. When scheduled and actual dates are different,
an explanation must be provided.

2-6.5.8.6. Specially Requested Reports.
Special one-time reports furnished to the BLIO when the shipping agency requests and the GSA PMO
identified in Section 1-6 approves.

2-6.5.9. Customer Service.
The MMS Provider shall provide a 24-hour, toll-free telephone number to assist in tracking/tracing
shipments; resolving problems that occur during any phase of the move, including quality control problems;
and in filing post-delivery claims for agencies that choose that optional service.

2.6.6. Optional Services.
2-6.6.1. General.
If requested by the shipping agency, the MMS Provider must provide the following services.

2-6.6.2. Employee pre-move counseling.
Employee pre-move counseling (as distinguished from a TSP/forwarder-provided pre-move survey)
includes information on TSP/forwarder commercial moving practices affecting all aspects of a HHG move.
It also includes Government-specific information on Federal HHG entitlements and allowances prescribed
in the Federal Travel Regulation (41 CFR chapters 300-304) and the ordering agency’s internal regulations,
including weight allowances. The counseling includes informing the relocating employee about services
he/she is authorized at Government expense as well as any requested services that are not the
Government’s financial responsibility and which the employing agency will charge back to the employee.
Some of these services are: extra pickup/delivery; temporary SIT authorized by the shipping agency; non-
temporary (permanent) storage (NTS); unauthorized items; assembly/ disassembly of property; shipment of
perishable items; exclusion of firearms and hazardous materials; level of service coverage, options, and costs; reporting concealed damages, employee rights and responsibilities, third-party servicing; packing/unpacking and crating/uncrating; preparation and filing of claims; name and address of origin/destination storage; and delivery out of storage. The counseling also includes explaining the Government’s role concerning Commuted Rate Schedule moves as prescribed in the FTR and limitations of the Government’s financial obligations for reimbursements on such moves. Following is an availability listing of publications that contain information important in the employee pre-move counseling process:

- FTR
- CHAMP
- Agency specific regulations/procedures: (Contact appropriate agency for availability)

2-6.6.3. Preparation of shipment documentation.

If a Federal agency opts to have the MMS Provider prepare a GBL/CBL/BL, the MMS Provider must comply with the terms and conditions set forth in 41 CFR 102-117 and 102-118. The MMS Provider must complete, and distribute copies of, each GBL/CBL/BL following instructions published in the GSA Federal Supply Service Guide, “How to Prepare and Process U.S. Government Bills of Lading” (National Stock Number 7610-00-682-6740) or as instructed by the Federal agency (BLIO). The Provider must provide a legible memorandum copy of all GBLs/CBLs/BLs prepared and distributed to the BLIO prior to shipment pickup dates.

2-6.6.4. Data Communications Capabilities.

The MMS Provider must: (1) provide on-line electronic access to all database information pertaining to task orders and applicable shipment records; (2) provide the BLIO or designee and the GSA Program Management Office in Kansas City, Missouri (RFO Section 1-6), on-line access to all database information pertaining to task orders and shipment records for all accounts established under the terms of this RFO and the HTOS; (3) establish sufficient safeguards to prevent unauthorized access to the database information; (4) make the electronic access available through an asynchronous modem with a baud rate of at least 2400; and (5) furnish clear documentation setting out procedures for access to and use of the database.

2-6.6.4.1. Database Elements.

The database must contain, but not necessarily be limited to, the following elements: task order information; shipment information sufficient to generate the reports specified in Section 2-6.5. The database maintained for shipments must be maintained in a separate directory with separate shipment records for each employee move. Shipment files must not be commingled with other data maintained for shipments not applicable to this RFO. Each shipment record must contain all applicable information required for that particular shipment, including any claims filed for the TSP, status of the claim, etc. (continuous computer terminal screen, if necessary). Performance data documenting how the move was handled must be collected independently and also maintained in this file. The Provider must provide facility for the BLIO or designee and the GSA PMO (RFO Section 1-6) to extract and consolidate data such as TSP performance in the event specific reports are required.

2-6.6.4.2. Database Maintenance.

The MMS Provider must update the database on a 24-hour basis at a minimum and provide for on-line electronic access to database elements for a period of one year from date of pickup. After one year, hard copy records may be maintained as required by the Examination of Records Clause contained in GSA Form 3504.

2-6.6.5. On-site Quality Control Service.

If a shipping agency requests, the MMS Provider must arrange for quality control personnel to provide on-site inspection service at the origin/destination residence at pickup/delivery. Inspection services include, but are not limited to: verification of correct inventory coding, use of proper packing materials, appropriate article servicing, equipment and personnel suitability, and satisfactory performance of unpacking. The actual cost of the service to be performed is negotiable between the MMS Provider and the shipping agency. The agreed upon price must be stated in a written document and retained by both parties. The document will be construed as a one-time only amendment to the MMS Provider’s rate offer filing. A copy of the written document must be included in the MMS Provider’s voucher for payment. The Provider may engage outside sources to perform these services provided that they are representatives or employees of a HHG TSP, freight forwarder, or agent thereof.

2-6.6.6. Quality Assurance Plan.
If requested by the shipping agency, the MMS Provider must provide the shipping agency with a quality assurance plan to assist in assuring quality service and must also designate quality assurance personnel to execute the plan.

2-6.6.7. Claims Preparation, Filing, and Settlement Assistance.
If the employee or shipping agency requests, the MMS Provider must provide immediate loss/damage claim preparation/filing assistance, including follow-up assistance for any subsequently discovered loss or damage. The Provider must review and negotiate any settlement offer that is inconsistent with the TSP’s liability or HTOS provisions, and in the case of an impasse must refer the complete file to the shipping agency. The MMS Provider also must counsel the employee about potential consequences of signing any full and unconditional release on any offer of settlement before all claims resulting from a particular move have been resolved.

2-7. Special Provisions Affecting Rates or Charges.

2-7.1 General.
Unless otherwise noted, all surface HHG shipments transported pursuant to the provisions of this RFO are deemed to be released at a value equal to $6.00 per pound times the actual total weight (in pounds) of the shipment and a valuation charge will not be assessed in conjunction therewith. There will be no additional cost for this level of service. The provisions in Section 2-7 will apply.

2-7.1.1. ALK Technologies, Inc. Mileage
For rate offers effective December 16, 2016, the percentage stated in the submitting TSP’s rate offer will be based on mileage provided by ALK Technologies, Inc., Web Based Version 30. The parameters to use are:

General: borders closed, shortest mileage

One exception is that GSA has determined that all surface HHG shipments between any point in the United States (including the District of Columbia and Alaska) and a Canadian province will be based on the current Rand McNally mileage in place December 16, 2016.

2-7.1.2. Shipments of Unaccompanied Air Baggage
Unaccompanied air baggage shipments will be packed in Tri-wall containers measuring no more than 15 cubic feet (internal dimensions). In no case shall the carton dimensions vary more than two inches per side (length/width/height) due to the overwrap material and small manufacturing variances in the cardboard. All TSPs must have written approval from the BLIO authorizing any exceptions to the Tri-wall measurements. TSPs who are invoicing for charges other than by gross weight must show the container cube and number of containers on the invoice before a prepayment audit is approved. Where gross weight exceeds volume weight, TSP must charge for gross weight.

2-7.2. Rates or Charges

2-7.2.1. DOMESTIC.
2-7.2.1.1. Household Goods – Code D and Code C
The percentage stated in the submitting TSP’s rate offer represents a linehaul/transportation discount off the total cost of the move for transportation and all accessorials services based on the rates and charges published in the GSA500A for a specific domestic move. The linehaul/transportation discount does not apply to the GSA IFF, fuel surcharges, charges associated with storage in transit, third party services, or valuation charges when the shipment is declared in excess of the base valuation (See Appendix B of the GSA500A for additional items for which the linehaul/transportation percentage discount does not apply).

2-7.2.1.1. Containerized Shipments:
1. When moving a shipment via a container (either at the TSP’s own discretion (Code D) or when specifically requested by an Agency (Code C)), the TSP agrees to use best commercial practices in selecting containers to safeguard movement of personal property and agrees to use containers that meet Government/Military specifications when required. Any TSP-owned/leased commercially-designed shipping containers are authorized provided they meet or exceed Military Specification PPP-B-601.

2. Security seals must be used on all containerized shipments. All exterior HHG containers/cartons must be sealed with accountable seals at the employee’s residence, unless containerization at the warehouse is authorized in writing by the BLIO. Applicable seal control numbers must be entered on the inventory and
cross referenced to each container utilized. The employee must initial the inventory attesting to the correct seal numbers listed on the inventory.

(a) Wooden containers must have a minimum of four seals per container and seals must secure the access overlap door and side panels.

(b) Commercially-designed shipping containers of permanent structure must be locked and sealed using a commercially approved tamper-evident device.

2-7.2.1.2. Storage-In-Transit (SIT) Discount.

TSPs submitting rate offers for the movement of HHG must offer a percentage discount applicable to all storage charges, including pickup or delivery out of storage. The storage in transit discount does not apply to the GSA IFF, fuel surcharges charges associated with the line haul transportation and accessorials, third party services, or valuation charges when the shipment is declared in excess of the base valuation. For shipments stored outside the 50 mile radius, the bottom line discount will apply to the pick up or delivery out of storage in transit. (See Appendix B of the GSA500A for additional items for which the SIT percentage discount does not apply).

2-7.2.1.3. Unaccompanied Air Baggage (UAB) - Alaska and Canada Only.

The percentage (%) stated in the submitting TSP’s rate offer for UAB shipments represents a single-factor rate based on the base-line rate set out below per kilogram (kg) volume weight and includes the following services: (a) packing, including use of packing containers and materials from origin to destination; (b) servicing of appliances; and (c) from origin residence all land and air transportation to the destination residence.

3. Category 3 (CAT-3): Vehicles exceeding 800 cubic feet in physical measurement.

2-7.2.1.4.5. POV Fuel Surcharge.

If the POV is transported on the same truck with the HHG, the TSP is not entitled to charge a separate fuel surcharge for the POV. If the POV is not going to be transported with the HHG, then prior to the commencement of loading the TSP must notify the Federal agency and receive written approval for the alternate mode and identify that a surcharge maybe required. If the POV is transported via a car hauler and the car hauler charges a fuel surcharge, that surcharge can be passed through to the Federal agency as a
separate line item. The TSP must provide a copy of the original bill to the agency for reimbursement. If the

All domestic shipments moving pursuant to CHAMP, unless as otherwise noted in this RFO, are released at the base Full Replacement Value of $6.00 times the net weight of the shipment in pounds applicable to both shipments in transit and SIT.

2-7.5.2.2. Employee’s Increase in Base Valuation.
The employee has the right to increase the value in excess of the base Full Replacement Value established by this provision and in accordance with the following.

2-7.5.2.2.1. Transportation.

2-7.6. GSA Industrial Funding Fee (IFF) (formerly Shipment Charge)
2-7.6.1. Amount of Charge.
The IFF is due on the total net transportation charges billable to the government excluding fees for SIT (to include first day of storage, each additional day of storage and pickup and delivery (drayage)). For Domestic shipments, the GSA IFF will be 2.50% of the HHG net charges (includes line-haul, accessorial,
packing charges, fuel surcharges, etc.), excluding SIT charges, per shipment subject to the following provisions. For International shipments, the GSA IFF will be 1.50% of the HHG net charges (includes line-haul, accessorial, packing charges, fuel surcharges, etc.), excluding SIT charges, per shipment subject to the following provisions. GSA’s IFF will be assessed only against the HHG element of the net transportation charge (excluding SIT). An IFF is not assessed against POV and UAB shipments unless an agreement has been developed.

2-7.6.2. Cost Included in TSP’s Rate Offer.
The cost of GSA IFF must be included in the TSP’s rate offer.

2-7.6.3. First Shipment.
The first shipment of a relocation performed pursuant to the HTOS is defined as a surface shipment of HHG effects, shipment of a POV, or UAB, all or any one of which are tendered to the TSP by the shipping Federal Agency as the first component of a shipment for a relocating employee. On a multiple element domestic or international shipment at Government expense (either all or some combination of HHG, POV, or UAB), GSA’s IFF will be assessed only against the HHG element of the net transportation charge (excluding SIT). An IFF is not assessed against POV and UAB shipments unless an agreement has been developed. If there are multiple HHG shipments, an IFF is assessed on each HHG shipment.

2-7.6.4. Supplemental Shipments.
A supplemental shipment of a relocation performed pursuant to the HTOS is defined as any surface shipment, including a POV, or UAB tendered to the TSP by the shipping Federal Agency after the tender of the first component of a shipment for a relocating employee. On a multiple element domestic or international shipment at Government expense (either all or some combination of HHG, POV, or UAB), GSA’s IFF will be assessed only against the HHG element of the net transportation charge (excluding SIT). An IFF is not assessed against POV and UAB shipments unless an agreement has been developed. If there are multiple HHG shipments, an IFF is assessed on each HHG shipment.

2-7.6.5. Payment of Charge.
The TSP will remit the IFF to GSA on a calendar year quarter basis in accordance with the terms of the HTOS. IFF payments remitted to GSA by approved CHAMP TSPs will be based on the number of shipments billed pursuant to CHAMP for which service was performed. Calculation of the IFF should be rounded out two decimal points. (example: .345 rounded to .35; .322 rounded to .32)

2-7.6.6. Verification of IFF.
To ensure that the IFF is correctly applied to the calendar year quarter for which submission is received, the check or attached documentation must identify the quarter (i.e.1stqtr00, 3rdqtr00), and the GBL/CBL/BL number or include with the IFF submission a copy of the shipment report containing such information.

2-7.6.7. Failure to Submit IFF.
Failure to submit the Industrial Funding Fee due GSA for HHG shipments handled, will result in immediate placement of the TSP in temporary non-use status pending revocation of the TSP’s approval.

2-7.7. Length of Storage-in-Transit.
Notwithstanding any other provisions of the GRT, the TSP must provide, when required, SIT at destination for shipments handled under the HTOS. SIT is defined as the holding of a shipment or portion thereof at or in the facilities or warehouse used by the TSP for storage, pending further transportation. In accordance with FTR 302-7.9, SIT may not exceed 150 days for CONUS to CONUS shipments or 180 days for shipments which include an OCONUS origin or destination. SIT may not exceed these identified time periods, unless extended by mutual agreement between the BLIO and the TSP, after which time, liability as TSP shall terminate, the applicable interstate or international character of the shipment or portion thereof shall cease, the warehouse shall be considered the destination of the property, the warehouseman shall be agent for the shipper, and the property shall then be subject to the rules, regulations, and charges of the warehouseman.

2-7.8. Electronic GSA Form 3080.
TSPs MUST initiate an electronic GSA Form 3080 for ALL shipments moved in accordance with this RFO (HHG, UAB and POV). Electronic GSA Form 3080s must be initiated and/or uploaded via the Transportation Management Services Solution (TMSS) system.
2-7.9. Reserved.
2-7.10. Reserved.
2-7.11. Reserved.

Unless otherwise noted in this RFO, in the event the actual shipment weight is greater than 115% of the premove survey weight, the TSP must notify the BLIO or its designated representative prior to billing the Federal Agency of the original weighing and be prepared to justify the difference. In the event the TSP fails to notify the BLIO or third party representative, the TSP stipulates that the agreed weight of the shipment will be 115% of the premove survey weight. In the event the TSP fails to adequately justify the difference between the actual and premove survey weights, the TSP stipulates that the agreed weight of the shipment will be 115% of the premove survey weight. The agreed weight shall take precedence over the actual weight for the assessment of transportation, accessorial, and storage-in-transit charges when based on weight. The BLIO has the authority to waive this provision.

2.7.12.1. Verification of Weight Variance.

In order to apply the weight variance rule, it is recommended that a copy of the premove survey be included with the billing voucher and other documents.

2-7.13. Reserved.

2-7.15. Reweighing of Shipments Which Exceed 18,000.

When the initial weighing of a shipment results in a weight which exceeds 18,000 pounds, the TSP MUST reweigh the shipment prior to the actual commencement of unloading the shipment for delivery to residence or into storage. The reweigh must take place at a certified scale as provide at 49 CFR 375.103, must be signed by the Weigh Master and must include the information as identified in 49 CFR 375.519. For International shipments, if a certified scale is not available, the TSP must document on the weight ticket submitted for payment that a certified weight scale was not available. The charges to the Federal agency shall be based on the lower of the two weights and copies of both sets of weight tickets shall be provided to the Federal agency prior to submitting the invoice for payment. If a reweigh is not performed, the TSP MAY NOT invoice for more than 18,000 pounds.

2-7.16. Extended Storage.

Rate offers will apply into the TSP warehouse for extended storage. Rates for monthly extended storage per each hundred pounds and rates for full value protection per each $100 of value must be negotiated between the TSP and the federal agency.

The Fly America Act of 1974 (49 U.S.C. 40118) mandates the use of U.S air carriers for all cargo air transportation funded by the U.S. Government. One exception, however, is when the transportation is provided in accordance with a bilateral or multilateral air transport agreement under which both the U.S. Government and a foreign country’s government are parties. In addition, the Department of Transportation must have determined that the bilateral or multilateral air transport agreement satisfies the Fly America requirements.

The U.S. Government has in place several of these agreements that currently allow federally funded transportation of cargo to utilize foreign air carriers in certain circumstances. To prevent from having to update the Federal Management Regulations (FMR) each time a new agreement is entered into, GSA recently issued a Final Rule, 79 FR 33474, that directs agencies and TSPs to the Department of State’s web-based site at http://www.state.gov/e/eb/tra/ata/index.htm for information relating to these agreements. This was added in 41 CFR Part 102-117.135.

In addition, §102-117.15 To whom does this part apply? and other provisions of §102-117.135 were updated. §102-117.135 also identifies circumstances when the use of a foreign air carrier may be allowed when a bilateral or multilateral agreement does not exist.
Requests for permission to use a Foreign Flag carrier shall be made to the BLIO on the form “Justification Certificate for use of Foreign Flag Vessel/Carrier” in Appendix C of the HTOS.

Failure to file a Foreign Flag waiver using the “Justification Certificate for the use of a Foreign Vessel/Carrier” in Attachment C of the HTOS when a Foreign Flag carrier requiring a waiver is used may result in the immediate placement of a TSP in a temporary non-use status.

In the event that the TSP fails to settle a claim within 30 days after receipt due to TSP’s failure, the TSP will pay a $30.00 per day penalty to the Federal agency. The total penalty shall not exceed $300.00. The BLIO has the authority to waive the penalty in whole or in part based on circumstances of the delay.

2-10. Exception Status.
The following provision applies; accepted rate offers may be placed in an exception status and rate offers will be withdrawn from GSA Cost Comparison data base upon failure to meet HTOS requirements, pending temporary non-use, suspension and/or debarment. In those instances where shipment takes place after effective date of exception status, the TSP’s accepted rate offer(s) will apply and remain in effect until terminated as provided by RFO.

The Government reserves the right to extend the expiration date of all or part of the rate offers accepted in accordance with the RFO for up to ninety (90) calendar days.

2-12. Rights Reserved.

The following provisions apply in lieu of Item 20e, Optional Form 280.
(a) Accepted rate offers may be terminated and the TSP placed in a temporary non-use status by the Government immediately upon determination that a TSP has failed to satisfactorily respond to a show cause notice;
(b) Accepted rate offers may be terminated by the Government immediately upon the debarment or suspension of the TSP in accordance with 41 CFR 101-40.4;
(c) Except as provided in (a) and (b) above, accepted rate offers may be terminated at any time by either party hereto upon sixty (60) days notice in writing to the other. Termination under this clause shall not affect, or relieve any part of, any obligation or liability that may have accrued prior to such termination; and,
(d) Upon termination of the rate offer under (a), (b), or (c) above, or as provided in the HTOS, the TSP shall be paid any sum due the TSP for services performed under this rate offer to the date of such termination, and in the event of partial termination shall be paid in accordance with the terms of this rate offer for any services furnished under the portion of the rate offer that is not terminated; provided, however, any such payments shall be without prejudice to any claim which the Government may have against the TSP under the provisions of the HTOS or otherwise and the Government shall have the right to offset any such claims against such payment.

2-14. TERMINATION FOR CONVENIENCE OF THE GOVERNMENT.
The Government, by written notice, may terminate all or part of the rate offer(s) accepted in accordance with the RFO, in whole or in part, when it is in the Government’s best interest. If a rate offer(s) is terminated, the Government shall be liable only for payment for services rendered before the effective date of the termination.
2-15. Item 21, Optional Form 280.

By submission of a rate offer to the GSA in accordance with this RFO, the submitting firm agrees to and/or meets the terms and conditions of the Uniform Tender of Rates and/or Charges for Transportation Services, Optional Form 280, except as provided in RFO Section 2-13. In addition to the provisions of Item 21, Optional Form 280, the following provision applies: (5) on commercial bills of lading endorsed with the following legend, "Transportation under this tender is for the (name of specific agency) and the actual total transportation charges paid to the TSP(s) by the shipper will be reimbursed by the Government. 3-8.6. Storage-In-Transit (SIT).
TSPs are required by the DEA to bill all SIT charges based on the destination listed on the GBL, not the actual SIT location. DEA is instructing the TSP that any shipment placed in SIT outside the 50-mile radius will be considered SIT at TSP’s convenience (HTOS 5-5.2). Under the HTOS, TSPs are required to place shipments within a 50-mile radius of the destination unless the issuing office authorized in writing SIT over 50-miles from the destination shown on the GBL.

3-8.7. Excess weight.
DEA will issue a bill of lading and any other shipping document with all charges billed directly to the agency. The government will pay the total charges and the employee will reimburse the Government for the cost of transportation and other charges applicable to the excess weight. (Ref: 41 CFR 302-7-200)

All excess weight collection actions are handled by DEA. The TSP is not to take any excess weight collection action and is not authorized to waive an overweight payment. Weights should be reported 100% accurately and not falsified to fit the employee’s entitlement.

TSP personnel at an employee’s residence should not initiate discussions with the employee regarding the weight of the employee’s household goods. If the employee initiates discussions with TSP personnel at an employee’s residence regarding the weight of the employee’s household goods, the only acceptable response is “the only way to determine the actual weight of your household goods is to have the moving van weighed once it is loaded with your household goods” and invite the employee to attend a weigh-in at either origin or destination. For billing purposes, two (2) sets of proper weight tickets are to be provided with excess weight shipments. The TSP is to notify the booking counselor via e-mail within two (2) days once the results of the first set of weight tickets have been obtained.

3-8.8 Shipment of Boats/Kayaks/Canoe.
The shipment of boats/kayaks/canoes requires advance approval. These items are defined as an open craft of a size that can accommodate an individual(s) to sit in it. These items are to be identified during the pre-move survey and a written request for shipment approval are to be submitted to the booking counselor within two (2) days after the pre-move survey.

3-8.9. Packed By Owner.
TSPs must ensure that packing lists do not include any items listed as “packed by owner (PBO)” or “contents unknown.” Such descriptions are an immediate flag for close attention by Highway Patrol/Law Enforcement Personnel who could place shipments on hold pending search, which will severely delay delivery. Once on-site TSP personnel encounter cartons marked “PBO” they must: open the box, inspect the contents, assume liability, provide a detail description on the inventory and mark it packed by carrier.

3-8.10. Shipment Tracking.
All TSPs offering rate offers for DEA shipments must have a secure Internet website where travelers can track the status of their personal effects. Access must be password controlled and available only to traveler and/or its agency.

At the end of each rate offer cycle the TSP is required to submit a Claims Report showing all claims paid during that tender period on all DEA shipments. Contact the Transportation Management Unit Chief (FAPM) to receive an electronic template/copy of this report.

All TSPs must use trained personnel qualified in their assigned duties in packing and or handling of personal property. TSP’s personnel must be fluent in English at origin and at destination. TSP’s personnel must have company issued Identification and in presentable company issued uniforms when performing work.

TSPs submitting rate offers in accordance with Section 3-9, may file rate offers applicable between the points specified in Section 5-2 and 5-3 and identified as Agency Specific Codes in Section 5-1.
Brookfield Global Relocation Services is the US Postal Service’s Move Management Provider; however, the US Postal Service has requested that the provisions of CHAMP apply for the relocation of their employees’ personal effects. As a result, only rate offers for General Transportation Services (G rates) will be accepted for USPDC. Rate offers for the provision of Move Management Services (MMS) (M rates) will not be accepted.

3-9.2. Weight Allowance.
1. USPDC is taking exception to the 2,000 pound allowance to cover packing materials as identified in §302-7.2 of the Federal Travel Regulations.
2. Most shipments for USPDC will be bound by the normal 18,000 pound maximum weight entitlement; however, for some employees, the USPDC will authorize up to 25,000 pounds. TSPs will be notified of those employees who have been authorized by USPDC to ship up to 25,000 pounds.

3-9.3. Weight Variance.
In lieu of the weight variance of 115% as provided for in Section 2-7.12, all domestic and international USPDC shipments shall be subject to a 110% weight variance.

3-9.4. Released Valuation.
In lieu of the TSP liability at $6.00 as provided for in Section 2-7.5.2 and 2-7.5.3., all domestic and international USPDC shipments shall be released at $10.00 times the net weight of the shipment in pounds with a maximum TSP liability of $180,000.00 applicable to both shipments in transit and SIT. For shipments authorized by the USPDC at a weight exceeding 18,000 pounds, the maximum TSP liability will remain at $180,000.00. There will be no additional cost to the USPDC for this level of service during transit or SIT. The storage liability charge does not apply for the basic released value.

3-9.5. Excess Released Value.
3-9.5.1. Transportation.
In the event the employee declares a value greater than the base valuation of $10.00 times the net weight of the shipment in pounds, a Full Value Protection Service Shipment Charge of $0.85 per $100 will apply on that portion of the valuation declared in excess of shipments released value of $10.00 times the net weight of the shipment or $180,000.00, whichever is less.

3-9.5.2. Storage-in-Transit.
In the event that the employee declares a value greater than $10.00 times the net weight of the shipment in pounds, a storage liability charge of $0.18 per $100 will apply on that portion of the valuation declared in excess of a shipment’s released value of $10.00 times the net weight of the shipment in pounds or $180,000.00, whichever is less.

3-9.6. Non-Application of Origin Service Charges (OSC) and Destination Service Charges (DSC) – Domestic Shipments Only.
TSPs MAY NOT charge a OSC or a DSC (Items 135A and 135B of the GSA500A Tariff) when billing for a domestic shipment moved under USPDC. All domestic rate offers submitted for USPDC must be inclusive of all accessorials identified in Paragraph 3-9.7, below, and may not be billed as a separate charge(s).

3-9.7. Application of Rate Offers – DOMESTIC SHIPMENTS ONLY.
All DOMESTIC rate offers solicited for USPDC must incorporate the following accessorial services:
- ATC charges
- All long carry charges at origin and at destination
- All stair carries
- One-time elevator charges
- All charges associated with heavy or bulky items, to include pianos/organs
- All charges for shuttle service
- Crating up to $250.00 (any amount above this must have prior approval by the US Postal Service)
- All uncrating
- Extra labor, long carry and all charges associated with mini-storage
- All surcharges or security fees associated with the ocean portion of Alaska moves
- Cost of special motorcycle containers (Clip-Lok)
- All fees for reserving parking on streets or apartment buildings

The USPDC is estimating that the volume of shipments under this RFO is 1,300 shipments.

3-10. General Services Administration (GSA) – Domestic and International (GSADI)
TSPs submitting rate offers in accordance with Section 3-10, may file rate offers applicable between the points specified in Section 5-2 and 5-3 and identified as Agency Specific Codes in Section 5-1.
3-10.1. Application.
While there is no guarantee of any shipments or any future action, GSA’s Employee Relocation Resource Center (ERRC) maintains a Memorandum of Agreement (MOA) with one or more MMS Providers submitting rate offers for GSADI. Shipments handled under any MOA would be for GSA’s own internal employee relocations for which GSA issues the Government Bill of Lading (GBL) or Commercial Bill of Lading. In addition, one or more Federal civilian agencies with lower shipment volumes may enter into a Memorandum of Understanding (MOU) with the ERRC to participate in any existing and/or resulting MOA between the ERRC and a MMS Provider under this GSADI. These lower volume agencies would typically have less than 50 shipments per year and/or be agencies who request to use the ERRC’s MOA to “bridge over” until they can enter into their own MOA with a CHAMP MMS Provider. Any MMS Providers with which the ERRC might enter in to an MOA with would be notified of any additional agencies allowed to use the services agreed to in a resulting MOA.

3-10.2. Provider – Move Management Services (MMS).
GSA is requesting rate offers for the provision of MMS (M rates) only for GSADI. Rate offers for General Transportation Services (G rates) will not be accepted.

3-10.3. Provider – Domestic and International.
TSPs submitting rate offers for GSADI must be approved for both GSA’s Domestic and International programs. TSPs must also have one or more rate offers submitted under both the Domestic and International programs. If a TSP has approval for both the Domestic and International programs under two separate Standard Carrier Alpha Codes (SCACs), they may submit rate offers under this GSADI as long as all other requirements of GSADI are met.

3-10.4. Prepayment Audit Requirements.
TSPs submitting rate offers for GSADI must have all Prepayment Audit requirements as identified in 41 CFR 102-118 and the U.S. Government Freight Transportation Handbook conducted by an independent, non-affiliated auditor that is either approved under GSA’s Financial and Business Solutions (FABS) Schedule 520, Special Item Number 520-10 or has been certified by GSA’s Audit Division (QMCA) to perform Prepayment Audit services. All costs associated with arranging for and the performance of Prepayment Audits by an independent, non-affiliated auditor as described above must be included in the submitting TSP’s rate offers.

3-10.5. Postpayment Audit Requirements.
TSPs submitting rate offers for GSADI must prepare and submit to QMCA all required documentation to satisfy the Postpayment Audit requirements identified in 41 CFR 102-118 and the U.S. Government Freight Transportation Handbook. Documentation must be submitted either electronically or via Compact Disk (CD). TSPs must also submit a completed summary Postpayment Audit Submission form as provided for in Attachment 1, Postpayment Audit Submission Form. All costs associated with the preparation and submission of the required Postpayment Audit documentation must be included in the submitting TSP’s rate offers.

3-10.6. Initiation of GSA Form 3080 (3080).
TSPs submitting rate offers for GSADI must initiate an electronic 3080 for all shipments moved under GSADI. Electronic 3080s must be initiated via the Transportation Management Services Solution (TMSS) system. In a July 11, 2013 email, TSPs were provided with three (3) options for initiating electronic 3080s along with formatting requirements. 3080s for shipments moving under GSADI must be initiated by either Option 1 - accessing the 3080 module via TMSS and entering the basic shipment information to include: required employee and Agency Move Coordinator (AMC) contact information, origin/destination of shipment, TSP SCAC, pick-up date, delivery date, Federal Agency Identification Code (FAIC), Bill of Lading number, and type of shipment (HHG, UAB or POV); or Option 2 - uploading the basic shipment information identified in Option 1 into TMSS in accordance with the formatting instructions provided in the July 11, 2013 email. 3080s for shipments moved under GSADI MAY NOT be submitted via Option 3 which allows for the uploading of the basic shipment information along with the employee and/or AMC ratings/responses. 3080s for GSADI will only be accepted when initiated via Option 1 and/or Option 2.

3-10.7. Participation in GSA’s Extended Storage Tender of Service (XTOS).
While not a requirement to submit a rate offer for GSADI, it is preferable that TSPs have one or more rate offers accepted under GSA’s current XTOS RFO.

3-10.8. Volume.
The GSADI is estimating that the volume of shipments under this RFO is 300 shipments.

3-11. Department Of Interior, National Park Service (NPS) Omaha, NE – Domestic and International (NPSNE)
TSPs submitting rate offers in accordance with Section 3-11, may file rate offers applicable between the points specified in Section 5-2 and 5-3 and identified as Agency Specific Codes in Section 5-1.

3-11.1. Application.
NPSNE applies to all domestic and international shipments for which the NPS office located in Omaha, NE issues the Government Bill of Lading and/or Commercial Bill of Lading. NPSNE is currently responsible for the relocation
requirements for the NPS’s Midwest, Southeast and Northeast Regions with the possibility of adding responsibility for additional regions in the future.

3-11.2. Released Valuation - Domestic.

There will be no additional cost to the NPSNE for this level of service during transit or SIT. The storage liability charge does not apply for the basic released value.

3-11.3. Excess Released Value - Domestic.
3-11.3.1. Transportation.
In the event the employee declares a value greater than the base valuation of $6.50 times the net weight of the shipment in pounds, a Full Value Protection Service Shipment Charge of $0.85 per $100 will apply on that portion of the valuation declared in excess of a shipment’s released value of $6.50 times the net weight of the shipment in pounds or $117,000.00 whichever is less.

3-11.3.2. Storage-in-Transit.
In the event that the employee declares a value greater than $6.50 times the net weight of the shipment in pounds, a storage liability charge of $0.18 per $100 will apply on that portion of the valuation declared in excess of a shipment’s released value of $6.50 times the net weight of the shipment in pounds or $117,000.00 whichever is less.

3-11.4. Released Valuation - International.
In lieu of the TSP liability at $6.00 as provided for in Section 2-7.5.3, all international NPSNE shipments shall be released at $8.50 times the net weight of the shipment in pounds with a maximum TSP liability of $153,000.00 applicable to both shipments in transit and SIT. There will be no additional cost to the NPSNE for this level of service during transit or SIT. The storage liability charge does not apply for the basic released value.

3-11.5. Excess Released Value - International.
3-11.5.1. Transportation.
In the event the employee declares a value greater than the base valuation of $8.50 times the net weight of the shipment in pounds, a Full Value Protection Service Shipment Charge of $0.85 per $100 will apply on that portion of the valuation declared in excess of a shipment’s released value of $8.50 times the net weight of the shipment in pounds or $153,000.00, whichever is less.

3-11.5.2. Storage-in-Transit.
In the event that the employee declares a value greater than $8.50 times the net weight of the shipment in pounds, a storage liability charge of $0.18 per $100 will apply on that portion of the valuation declared in excess of a shipment’s released value of $8.50 times the net weight of the shipment in pounds or $153,000.00, whichever is less.

In lieu of the weight variance of 115% as provided for in Section 2-7.12, all domestic and international NPSNE shipments shall be subject to a 110% weight variance.

3-11.7. Provider – Domestic and International
NPSNE is requesting rate offers for the provision of Move Management Service (MMS) (M rates) only. Rate offers for General Transportation Services (G rates) will not be accepted.

3-11.8. Volume.
The NPSNE is estimating that the volume of shipments under this RFO is 200 to 300 shipments.

3-12. Department of State (DOS) – International (DOSDC)

3-12.1. General.
TSPs submitting rate offers in accordance with Section 3-12 may file rate offers applicable between the points specified in Section 5-2 and 5-3 and identified as Agency Specific Codes in Section 5-1. The DOS will only accept corporate level TSPs. All bookings and matters related to this RFO will be handled at the corporate level. The selection of the origin agent (s) will be at the sole discretion of the corporate level management.

3-12.1.1. Shipment Reporting.
1. General: The DOS reserves the right to discontinue tendering any services if the TSP does not provide the reports as outlined under the provisions in this section. Reports must be submitted directly to the respective Originating Agency, Despatch Agency or office. The DOS will periodically provide each TSP a list of e-mail addresses for all embassies and consulates.
2. Electronic Data Interface (EDI): A copy of EDI reporting requirements has been published and is available under Sections 10 and 11 of this RFO. As the DOS continues to improve our transportation software additional fields may be added or changes made to existing fields. TSPs will have the 30 days to adjust and pilot changes to EDI requirements. A supplemental reporting form for new TSPs and to be used in case of EDI failure can be found in exhibit 3 this form shall only be used by new TSPs pending EDI implementation or upon request by the booking office.
3. Pre-move Survey: A copy of the pre-move survey must be submitted to the booking counselor and
4. **Weights and Pieces**: All TSPs offering rate offers will be required to provide weights and pieces within three calendar days for Unaccompanied Air Baggage (UAB) shipments and seven calendar days for surface shipments from the day the shipment is picked up.

5. **Inventories**: The TSP shall submit an electronic copy of the inventory to ALMArchive@State.gov no later than three days after the packout. The format of the email shall be: “Employee Name, Inventory, Shipments Number”.

6. **Routing Details**: The TSP shall provide Routing details via EDI within three calendar days for UAB shipments and seven calendar days for surface shipments from the date permission to ship was granted by post. In cases where permission to ship requires an adjustment of the RDD, the TSP shall report a follow up date on their notice of missed RDD.

7. **Local Agents**: For all shipments, the TSP must provide their selected Agent to the booking counselor within 24 hours from the time the initial booking was received.

8. **Permission to Ship**: For US to Post shipments the TSP shall report via EDI requesting permission to ship or a follow up date of the destination GSO office no later than one day after pack end. Permission to ship shall be reported in the EDI file the day after destination GSO office grants it. The email granting permission to ship or the follow up date shall be forwarded to TTMContracts@state.gov and ALMArchive@State.gov. Failure of post to respond to a request to ship shall be reported after three business days to TTMContracts@state.gov and ALMArchive@State.gov.

9. **EDI Field 11, Arrival Date**: EDI field 11 is the ETA prior to delivery and it must remain a future date until the shipment has delivered. Reporting field 11 as a past date for a shipment that has not delivered is a false report and may be penalized.

10. **EDI Field 12, Available Date**: EDI field 12 is the available date, the date the TSP or agent has the shipment in their possession at destination and is prepared to deliver it. The arrival date shall not be reported as a past date without populating the available date field. Failure to report the available date may be grounds for a missed RDD.

11. **Foreign Flags**: The TSP shall report use of either US or Foreign Flag carrier via EDI per the procedures outlined in section 10 of the RFO (See 3-12.3 Fly America for additional information and requirements).

12. **Computer Software Requirement**: The DOS has developed an Automated Accessorial Program (paperless) to improve the efficiency of receipt, review, and processing of TSP accessorial requests. All TSPs must have Microsoft Office 2010 software to be in compliance with this requirement.

### 3-12.1.2. Use of Agents

1. **Use of Domestic Agents**: If services are being performed within the Washington, DC Metro area (defined as the 50 miles radius of the Washington monument), the forwarder shall utilize one of the local Non-temp storage (NTS) pack and crate companies if the employee has a permanent storage shipment. This will minimize the number of companies in the employee’s residence. If there is no NTS shipment, or if the shipment is originating outside the Washington DC Metro area, the TSP may select an agent of their choosing.

2. **Use of International Agents**: TSPs may only use those designated agents abroad as defined under Section 9 of this RFO. The list of worldwide agents is updated monthly and changes will be shared with the active TSP currently participating.

3. **SCAC Code**: All TSPs used as agents in the United States must be registered with the Directory of Standard Multi-Modal Transportation Service Provider (NMFTA) and have an active Standard Carrier Alpha Code (SCAC). In addition TSPs must be registered and in good standing with the Better Business Bureau. Your packing company SCAC code must be unique to your organization and different from any of your affiliates.

### 3-12.1.3. Weight Variance

In lieu of the weight variance of 115%, as provided for in Section 2-7.12, all international HHE surface shipments shall be subject to a 110% weight variance. CNS, UAB and HHE Air shipments are not subject to the weight variance. Additionally, when a shipment is surveyed at above 1,000 lbs and the actual net weight is under 900 Lbs, the RTO must authorize the TSP in writing for the shipment to proceed to leave the warehouse or the TSP may only bill the actual weight of the shipment not the contract minimum of 1,000 Lbs.

### 3-12.1.4. Storage in Transit (SIT) Charges

Where storage and warehouse handling charges apply, based on location of the warehouse where SIT service is provided, SIT rates utilized are those of the destination point shown again on the Government Bill of Lading (GBL).
rather than the actual point of storage.

The percentage (%) cited in the submitting TSP’s rate offer for the surface HHG represents a single-factor rate, based on the Base-Line Rates specified in Section 2-7.2.2.6, per 100 pounds net weight including full replacement value TSP liability as defined in Section 3-12.7 and HTOS, Section 9. The application of rates from/to the international point for the surface HHG shipment shall be based on the net weight of the shipment in pounds. The minimum weight is 1,000 pounds. Household effects (HHE) and Layette shipments that the RTO orders be sent by air should be billed at the filed rate for UAB. UAB guidelines concerning RDDs, minimum billable weight, air fuel surcharge and option to bill for dimensional weight apply.

3-12.2.1. Services included in rate offer.
1. Packing, including use of packing containers and materials from origin to destination, and unpacking. Residence Delivery for HHE, CNS and UAB including unpacking and removal of debris on the day of delivery. 9. The first 30 Days of SIT and all associated SIT charges are inclusive of the filed rate offers. This includes all charges associated with pickup/delivery and warehouse related charges. SIT at origin for POVs is ONLY permitted when Post reports Diplomatic Accreditation will be delayed at destination pending custom clearance. SIT for POVs will not be authorized for employee convenience. The filed rates are also inclusive for first 30 Days of POV SIT and all associated POV SIT charges at origin when shipments are held pending post permission to ship. POV SIT shall be billed as a pass-through charge.
10. All rate offers solicited for the DOSDC must incorporate the following accessorial services:
   a. ATC Charges.
   b. All charges for shuttle service.
   c. Crating up to $250 (any amount above this must be approved by the DOS). Regardless of the actual cubic feet of the crate provided, compensation for internal crates will not exceed 3 inches beyond any single dimension (length, width or height) of the item being crated. All crating shall be done at the origin residence as identified on the Bill of Lading; all uncrating shall be done at destination residence as identified on the Bill of Lading. (See Section 12 of this RFO for 14 FAM Exhibit 611.6 Limitations)

Waivers may be considered only under extraordinary circumstances and if submitted at least 3 work days prior to the pickup date.

2. Storage, waiting time and/or handling charges caused by failure of the origin GBLIO/RTO to furnish acceptable customs documents or by refusal of customs officials to clear shipment will be billed at charges provided in HTOS, Section 12.17, when performed by TSP. 3. Any Government or public authority ordered charges for inspection, disinfections, decontamination, fumigation or demurrage or other charges occasioned by such orders not the fault of the TSP.

4. Servicing of articles requiring services of third parties.

5. Port congestion surcharges

6. Additional land transportation charges for shipments picked up or delivered from or to storage-in-transit.

3-12.2.3. Services Not Authorized.

The Government shall not be held liable for or pay any invoices for fines including but not limited to parking fines incurred by the TSP or their agents.

3-12.3. Fly America.

The Fly America Act of 1974 (49 U.S.C. 40118) mandates the use of U.S air carriers for passenger and cargo air transportation funded by the government. However, exceptions are sometimes given for foreign airlines transporting government-funded cargo, if it is consistent with the goals for international aviation policy stated in section 40401(e) and is provided under a bilateral or multilateral air transportation agreement. The language below speaks only to the transport of cargo by the Department of State as the HTOS and RFO do not cover passenger travel.

3-12.3.1. Air Transport Agreements.

Air transport agreements establish the basis for airlines of the countries involved to provide international air services for passengers, cargo, and mail. Open-Skies Agreements are a subset of air transport agreements that minimize government involvement in airline decision making about routes, capacity and pricing, and create a procompetitive operating environment for transportation services between the United States and foreign countries. Most air transport agreements do not address the Fly America Act. As of August 2014, five Open-Skies agreements include provisions that allow foreign carriers to compete to provide government-funded transportation (referred to as preference) for contracted cargo traffic.

3-12.3.2. Cargo Preferences in Air Transport Agreements.

The provisions for cargo preferences are unique to each agreement, as are the air transport rights for carriers covered by those agreements. The list below specifies current readings for all-cargo operations for each country with cargo preferences. This will give you a clear answer as to which countries’ carriers are granted the right to carry cargo and/or passengers from the United States to their own country, and which countries’ carriers have been granted the right to carry cargo and/or passengers to a third country. These rights apply to government-funded transport on both scheduled commercial and charter operations.

   - Saudi Arabian carriers have the right to compete for transport cargo on flights only between the United States and Saudi Arabia.

   - Cargo: Australian carriers have the right to compete for transport of cargo between points in the United States and points in Australia, and between Australia and any points outside the United States.

   - Cargo: Swiss carriers have the right to compete for transport of cargo between points in the United States and points in Switzerland, and between Switzerland and any other point.
4. United States Japan Memorandum of Understanding signed October 2010: Part XI
   - Cargo: Japanese carriers have the right to compete for transport of cargo between point in the United States and points in Japan, and between Japan and any other point.

Any air carrier that has received its Air Operator’s Certificate (AOC) from an EU Member State, Iceland, or Norway is covered by this agreement.
   - Cargo: Carriers of the EU, Iceland, and Norway have the right to compete for cargo operations between the United States and any other point, whether in the EU or elsewhere.

3.12.3.3. Other Situations.
U.S. carriers often reach code-share or blocked-space arrangements with foreign carriers. In such situations, U.S. government-procured cargo may be transported by that foreign carrier, provided that the contracting is conducted with the U.S. partner.

Use of carriers that fall under a bilateral or multilateral air transport agreement which the Department of Transportation has determined meets the requirements of the Fly America Act do not require an approved foreign flag waiver signed off by the Department of State. Use of any other foreign flag carrier that does not fall under a bilateral or multilateral air transport agreement will still require a foreign flag waiver. PRIOR authorization for use of a foreign-flag aircraft must be provided by the booking office making the shipment by means of a Justification Certificate Requests for permission to use a foreign flag carrier. Requests for permission to use a Foreign Flag carrier shall be made to RTO on the form “Request for Approval of Use of a Foreign Flag Carrier” (See Appendix C).

Use of a foreign flag carrier not covered by a U.S. Government bilateral or multilateral air transport agreement may be granted for one or more of the following circumstances:
   1. no U.S. flag air carrier can provide the specific air transportation needed;
   2. no U.S. flag air carrier can accomplish the agency’s mission;
   3. no U.S. flag air carrier can meet the time requirements in cases of emergency;
   4. there is a lack of or inadequate U.S. flag air carrier aircraft; or
   5. to avoid an unreasonable risk to safety when using a U.S. flag air carrier.

TSPs must request a foreign Flag waiver within three (3) days after receipt of freight via e-mail to the booking office. Excessive requests of foreign flag waivers not deemed necessary for any service lanes may result in the TSP’s removal from that lane for the duration of the RFO for DOSDC. Failure to file Foreign Flag Waiver when a Foreign Flag carrier requiring a waiver is used may result in immediate removal of the TSP.

In lieu of the transit times identified in Section 10 of the HTOS, the following criteria shall be used for determining international Required Delivery Dates (RDD) on the DOS shipments to and from the United States and foreign countries:
3.12.4.1. Transit Times on International Shipments for UAB and HHE by Air.
RDD for UAB and HHE by air shipments is 18 Days. In Iraq only, the RDD by air is 25 days.
3.12.4.2. Transit Times on International Shipments.
Required delivery dates for shipments going between international locations are specified in the chart in Section 3-12.5. These RDDs will be adjusted as historical data becomes available to validate transit times.

Late Delivery Reduction. - INTERNATIONAL ONLY. (In lieu of HTOS 8.4.1)
A late delivery reduction of $100.00 per day will be payable to the Federal agency paying the transportation charges, for each calendar day or fraction thereof, when the actual transit time for direct delivery shipments exceeds the transit time as defined in Section 3-12.5 of the RFO, subject to the following items:
1. When the Government and the participant mutually agree to a transit time longer than the transit time as shown in this HTOS, the penalty will begin on the day after the agreed date.
2. When the Government and the participant mutually agree to a transit time chart other than the chart in this HTOS, the penalty will begin on the day after the agreed date;
3. When a shipment consigned to SIT at destination is en route and the destination is changed to a direct delivery, the transit time is negotiable and no penalty occurs for late delivery.

4. This item will apply only for shipments which: (a) weigh or are rated at 1000 pounds or more that are picked up during the period from October 1 through May 14 of each subsequent year; OR. (b) weigh or are rated at 1500 pounds or more that are picked up during the period from May 15 through September 30 of each year.

5. This item will not apply if delay is caused by reasons beyond the participant's control, described as "Impractical Operation" in the participant's governing Government Rate Tender.

6. This item will not apply to a shipment, or portion thereof, which is lost or destroyed in transit and cannot be delivered due to such loss or destruction.

7. This item will not apply to an overflow portion of the shipment when the overflow weight represents less than twenty (20) percent of the total shipment weight and contains nonessential items (possessions not needed to maintain day-to-day housekeeping during the period of time between delivery of the main portion of the shipment and delivery of the overflow).

8. This item will apply when re-consignment or diversion is made on a shipment, based on the applicable mileage and weight of the shipment from point of diversion to the new destination.

9. The total reimbursement shall not exceed an amount equal to total charges for the shipment, excluding SIT.

10. This payment satisfies the Government's right to equitable adjustment for failure to perform, but does not waive, mitigate, or satisfy any other right or remedy available to the Government on account of late delivery by the participant.

3-12.4.3. Calculating Transit Times.
Transit times will be calculated from the last day of pick up until the shipment is available for delivery. See country and RDD Chart in Section 3-12.5 for transit times. Transit time will not include the time between the request for permission from post to forward shipment and the response to send shipment. The request to forward shipment to post must be made within three business days after pack out is completed, the TSP shall copy ALMArchive@state.gov on the request to ship.

Shipments that are going to miss the RDD must have a Missed RDD form sent into the GBL Issuing Office and A/LMArchive@State.gov. The GBL issuing office may specify a group email for notifications or waive this requirement. Missed RDD reports shall include the shipment number and "Missed RDD Report" in the subject line. Contact the DOS Tender Administrator for a copy of the Missed RDD Form. TSPs shall be notified via email by the GBL issuing office of missed RDDs and they will have 14 days from transmission of the notice to apply for exceptions to the RDD. A report will be provided to all ITGBL providers listing total shipments completed within the calendar year and RDD statistics. Forwarders will have 10 days from receipt of this report to rebut any shipments that were completed within the month prior to receiving the report. Failure to respond in a timely fashion may alone be grounds to apply the missed RDD reduction (HTOS 8.4.1). In cases where 8.4.1 applies, payment shall be made within 30 days of notice. Failure to meet the RDD resulting from the TSPs discretionary consolidation of HHE and POV will not be considered an acceptable exception to the RDD.

3-12.5. Transit Times on International Shipments for surface HHE, CNS and POV.
In lieu of the transit times identified in Section 10 of the HTOS, the following criteria shall be used for determining international required delivery dates (RDD) on the DOS shipments to and from the United States and foreign countries:

3-12.6. Application of International Rate Offers for Specific Cities within Countries.
TSPs submitting rate offers should file in accordance with Section 5-3.1.1. International Country Codes. To be considered for the DOS shipments, TSPs must file desired destinations in countries split by destination. Rate offers filed for destinations will be considered only for those destinations and “All Other Points” will apply to “All Other Points” in a country and not to split destinations. For instance, if the TSP files only “South Africa – All Other Points,” the rate offers will be for South Africa – All Other Points. The TSP must file rate offers for Cape Town, Durban, Johannesburg, and Pretoria to be considered for those destinations. The following is a list of all countries that require rate offers to be broken down into cities:

3-12.7. Released Valuation –International.
3-12.7.1. Transportation.
In lieu of the TSP liability at $6.00 as provided for in the RFO Sections 2-7.5.3, the TSP must offer replacement or repair value for damaged or lost items or in case of total loss, at a base value of $8.50 times the net weight of the shipment in pounds. There will be no additional cost to the DOS for this level of service during transit or SIT. The storage liability charge does not apply for the basic released value.

3-12.8. Excess Released Value.
3-12.8.1. Transportation.
In the event the employee declares a value greater than the base valuation of $8.50 times the net weight of the shipment in pounds, a Full Value Protection Service Shipment Charge of $0.85 per $100 will apply on that portion of the valuation
declared in excess of shipments released value of $8.50 times the weight. To seek a greater value the employee is to contact the TSP and seek a quote and make full payment to the TSP. A copy of the added policy and certification that payment was collected must be provided by the TSP to the DOS counselor prior to having the GBL issued. The counselor will issue the GBL with the additional valuation.

3-12.8.2. Storage-in-Transit.

In the event that the employee declares a value greater than $8.50 times the net weight of the shipment in pounds, a storage liability charge of $0.18 per $100 will apply on that portion of the valuation in excess of $8.50 per pound released.

The DOS is estimating that the volume of shipments under this RFO is 10,100 shipments.

3-12.10. Sub-Forwarding.

TSPs accepted under DOSDC shall not sub-forward for any other TSPs accepted under DOSDC. Neither shall they tender for sub-forwarding to any other TSP doing business with the DOS. TSPs filing rate offers under DOSDC may choose to work with other business partners so long as they are not doing business with DOS under DOSDC. In all cases, the TSP to whom we issue the move and the work order will be responsible for all aspects of the move. The TSP shall be the primary POC for DOS customers and for DOS counselors.

3-12.11. Instructions for Lift Vans to be used for shipment of Household Effects.

Containers/Lift Vans to be used for a surface shipment of household effects must be new soundly constructed of ¾ inch plywood, lined with a waterproof barrier, and reinforced with an inside framework with a base for easy access for forklift or any other lifting equipments. Wooden containers must be heat treated or fumigated in compliance with ISPM 15 standard, and/or the requirements of the destination country. Full consideration should be given to eliminating damage to the effects from exposure to inclement weather, salt water, salt atmosphere, possible violent external forces incident to ocean and/or inland transportation, and rough handling, to insure safe and undamaged arrival of the effects at the destination. Caulking compound must be used when wooden container panels are assembled to insure watertight joints. The DOS will not accept containers constructed of Oriented Strand Board (OSB). The dimensions of a standard container/lift van are 87 x 47 x 87 inches. Any special requests for unusual size lift vans shall be specifically stated in the written authorization.

Sealing Lift Vans at residence

In lieu of sealing requirements in HTOS 5.3.8 the following provision applies. Lift vans shall be nailed shut and sealed at origin residence. Four (4) serial numbered tamper evident self voiding un-reseal-able seals are required for each household goods lift van. These seals will secure both ends by overlapping two seals on each side to the ends of door panels about 1/3 the distance from the top and bottom of the container and one each from the top and bottom panels to the ends of doors of the lift van. Seal numbers shall be recorded on the inventory, either beside the container number or annotated by individual container number on the last page of the inventory. The employee or his or her representative will initial on the last page of the inventory attesting to the correct seal numbers listed on the inventory.

Lining and Banding of All Shipping Containers

Steel tension banding shall be applied prior to containerization but does not have to be applied at the residence.

A. Steel tension banding shall be applied prior to containerization but does not have to be applied at the origin residence.

B. The interior of all containers or lift vans shall be lined with polyethylene with minimum thickness of .004 inch. Lining must be applied in such a manner that it is free from holes or tears and laps occur only where the ceiling liner meets the side and end liners. The floor of the container must be lined with similar waterproof material. Any other type of waterproof material barrier must have prior approval of the DOS before use.

C. Steel tension banding shall be applied tight and secure to all wooden and plywood containers after loading and sealing. On containers 1.36 cubic meters (48 cubic feet) or less, steel tension banding of a minimum size of 1.905 centimeters (3/8 inch) in width by .089 centimeters thick (.035 inch) may be used. On containers over forty-eight (48) cubic feet steel tension strapping of a minimum size of 3.149 centimeters (1 1/4 inch) in width by .089 centimeters thick (.035 inch) shall be used.

D. Containers 1.36 cubic meters (48 cubic feet) or less, shall be banded by a minimum of two steel bands perpendicular to the base positioned about one-fourth (1/4) the distance from each end of the container. Containers over 1.36 cubic meters (48 cubic feet) shall have two bands of steel tension strapping secured perpendicular to the base, positioned so they pass through the openings in the base left for the entry of handling equipment. Two additional tension bands shall be applied girth-wise, parallel to the base, around the four sides of the container, one band positioned approximately one-fourth (1/4) the distance from the top. Wood cleats, tie
blocks, or braces are to be used under tension banding when necessary to insure stability or to bridge unsupported spans.

**3-12.12. Preparation of Unaccompanied Air Baggage (UAB) for Shipment.**

A. All articles shall be packed into a shipping container of suitable capacity so all useable space is occupied, which will insure a shipment of the least tare weight and smallest cubic measurement compatible with safe transportation to destination without damage to container or contents.

B. All cartons, boxes, wrapping and cushioning materials, and shipping containers used by the contractor in the performance of services under this contract shall be new, clean, dry, and free from any substance injurious to the article to be packed and contain no wooden skids.

C. All shipping containers provided by the contractor(s) for the protection of baggage shall be tri-wall fiberboard boxes 5, 10 or 15 cube (inside measurement) with a minimum 900-pound test burst strength. The box is made of FOUR LINERS / THREE FLUTES as: liner1 / flute / liner 2 / flute / liner 3 / flute / liner 4. The thickness of the box is ½ inch.

D. UAB containers come in 3 sizes 5, 10 and 15 cube cartons. The dimensions of the cartons are:

<table>
<thead>
<tr>
<th>Internal Cube</th>
<th>L</th>
<th>W</th>
<th>H</th>
<th>Inches</th>
</tr>
</thead>
<tbody>
<tr>
<td>5 CUBE</td>
<td>30</td>
<td>18</td>

<tr>

<td>27</td>
<td></td>
</tr>
<tr>
<td>15 CUBE</td>
<td>37</td>
<td>24</td>
<td>30</td>
<td></td>
</tr>
</tbody>
</table>

The carton dimensions will vary no more than two inches per side (length/width/height) due to the overwrap material and small manufacturing variance in the cardboard, in no case shall the internal dimensions exceed 15 cube feet except for written authorization for unusual circumstances.

E. Packed items of air freight may not exceed the following weights of 90.90 kilograms or 200 pounds per carton.

F. If there are articles that are too large to fit into the standard containers, the contractor must first notify the Transportation Advisory Section to determine if those items are allowable.

G. The maximum weight of any packed container shall not exceed 90.72 Kilograms gross weight (200 pounds) without prior approval of the authorizing Government Agency.

H. All packed baggage must be completely wrapped in a reinforced kraft-asphalt-kraft waterproof material prior to banding.

I. Metal tension strapping of a minimum width of 1.905 centimeters (3/4 inch) must be used for banding trunks, footlockers and wooden cases.

J. TSA requires a minimum of 4 heavy duty metal bands or break resistant plastic banding applied to all air shipments. The shipment must be banded on all sides for each piece: two (2) lengthwise and two (2) around the girth. After wrapping and banding, each piece of baggage must be stenciled according to the instructions received from the authorizing Government Agency. The gross weight in metric with the English equivalents in parenthesis of each and the serialized number (i.e. 1 of 1; 1 of 4; 2 of 4; 3 of 4; etc.) must also be stenciled on the outside of each piece of baggage.

K. D containers are not to be used.

**3-12.13. Billing through Department of State.**

US Bank Freight Participation:

TSPs submitting a rate offer(s) in accordance with this RFO for DOS traffic are required to register with US Bank Freight Payment as a DOS trading partner and must use the PAYMENT MANAGER version. US Bank Freight Payment's fee for
this service is currently 1.33% of the invoice price, which is paid by the TSP. The 1.33% service fee is tied to the Wall Street Journal Prime Rate.

TSPs NOT currently doing business with the DOS in US Bank Freight Payment MUST contact the Transportation Analysis Section at TTM_Analysis@state.gov and the A/LM ARCHIVE at A/LMARCHIVE@STATE.GOV within one week of receipt of this RFO. The Analysis Section will provide interested TSPs with the information necessary to get set up with US Bank Freight Payment. The subject line of the email MUST be “US Bank Freight Payment Registration” and include the tender number(s) you will be submitting your rate offer under.

Once all required information has been submitted to US Bank Freight Payment, the TSP will be provided with a contract to sign and return to DOS (no more than two weeks after receipt of the contract). Once the contract is received, US Bank Freight Payment will establish a “trading partner” relationship between the TSP and the DOS in US Bank Freight Payment. The TSP will then receive an introductory package from US Bank Freight Payment and will be provided additional information regarding the system and training.

Registration has already been completed for those TSPs currently doing business with the DOS in US Bank Freight Payment. However, if a TSP has not yet been set up to use PAYMENT MANAGER or if a new or different SCAC will be utilized, they must contact DOS and obtain access.

In order to most efficiently streamline the auditing process and help expedite the payment of TSP vouchers, the supporting documents must be attached to each TSP invoice in US Bank Freight Payment (a function only available in PAYMENT MANAGER). Invoice numbers must not contain a comma, colon, semi-colon, apostrophe, parenthesis, nor any coded data.

NOTE: The DOS’s system will only accept one 1(one) Invoice per Work Order Number. Once an invoice has moved to the “Approval Final”, “Payment Initiated” or “Payment Settled” status in US Bank Freight Payment, the TSP must contact the issuing office to request a SUPPLEMENTAL Work Order (i.e. NEW Work Order Number) for any additional charges due on the shipment.

The DOS does not use the E-bill function in US Bank Freight Payment for additional payments as our system sees them as another “invoice.” E-bills can only be used for refunds to the DOS (when the DOS or the TSP discovers that there was an overpayment).

TSPs must enter the ACTUAL PICK-UP DATE in the Notice Status field in US Bank Freight Payment.

The DOS will issue a bill of lading and any other shipping document with all charges billed directly to the agency. The government will pay the total charges and the employee will reimburse the Government for the cost of transportation and other charges applicable to the excess weight. (Ref: 41 CFR 302-7-200)

Overweight shipments: If a shipment is overweight the TSP shall put the shipment on hold and notify the booking counselor of the shipment being overweight. A status report should also be sent in at this time. If the rate offer is on file with TMSS the TSP shall not quote a dollar amount for the overweight to the employee or the counselor. The DOS office will pull the rate offer from TMSS and collect from the employee. If it was an OTO bid, the overweight cost shall be quoted to the booking office. All collections shall be handled by the DOS and not the ITGBL forwarder. Under NO circumstances are you authorized to waive an overweight payment. The TSP shall report Weights shall be 100% accurately and not modified to fit the employee’s entitlement. Once payment has been received, the DOS will notify you that the shipment can be forwarded to destination. This hold time does not count against your transit time.

3-12.15. Shipment of Boats, Kayaks or Canoes.
The DOS will not authorize the shipment of boats, kayaks or canoes. These items are defined as an open craft of a size that can accommodate an individual(s) to sit in it. The TSP shall refuse the shipment of boats, kayaks, or canoes. Acceptance of boats, kayaks or canoes renders the TSP solely responsible for all related handling costs including returning the boat, kayak, or canoe to the point of origin.

3-12.16. Packed By Owner.
TSPs must ensure that packing lists do not include any items listed as “packed by owner (PBO)” or “contents unknown.” Such descriptions are an immediate flag for close attention by Customs and Transportation Security Agency Officials, who could place shipments on hold pending search, which will severely delay delivery. If company encounters a PBO they must open the box, inspect the contents, assume liability, provide a detail description on the inventory and mark it packed
3-12.17. Non-acceptance of locked gun cabinets and other similar items.
TSPs shall ensure that packing lists do not include any items listed as “locked gun safe” or any other locked container. TSPs shall clearly annotate the inventory and must describe the make, model, and serial number(s) of any firearm(s).

3-12.18. Shipment Tracking.
All TSPs offering rate offers for international DOS shipments must have a secure Internet website where travelers can track the status of their personal effects. Access must be password controlled and available only to traveler and/or its agency.

At the end of each rate offer cycle the TSP is required to submit a Claims report showing all claims paid during that rate offer period on all DOS shipments. Contact the DOS Tender Administrator to receive an electronic copy of this report.

All TSPs must use trained personnel qualified in their assigned duties in packing and or handling of personal property. TSP personnel must include at least one employee that is fluent in English at origin and or destination services. TSP personnel must also be fluent in language of foreign country. The TSP shall not employ a Tiered Helpdesk designed to improve Enterprise Efficiency for service calls related to DOSDC or DOSDD.

3-12.21. Pickup and Delivery Hours.
Pick-up and deliveries will be performed on weekdays during normal business hours (8 am-6 pm local time). Weekend and holiday services are not authorized. If a required delivery date falls on a holiday or weekend the service shall be performed on the next business workday. Only the RTO can authorize services after 6pm or on weekends/holidays. The Forwarder (s) shall provide a three hour window during which the owner of the goods can expect the TSP to arrive to commence packing, delivery or POV pickup or delivery. If for any reason this schedule cannot be met, the Contractor(s) and owner shall mutually agree on a date and time to finish the packing and notify the appropriate Transportation Office of the change and the reasons therefore. The TSP shall make a date available within two days of the originally scheduled pack out. Packout dates will be set when the shipment is assigned. TSPs shall not arrange a date change with the employee. Date changes must be initiated by the booking office. If an employee requests a date change, refer them to their DOS counselor.

3-12.22. Multiple Tender Numbers.
A TSP shall not submit multiple tender numbers when submitting rate offers for the same type/mode of international or domestic moves. Only one tender number shall be submitted for Domestic Code D shipments, one tender number for Domestic Code C shipments and one tender number for International shipments. Submission of multiple tender numbers could result in the DOS selecting only one or not selecting any at all.

3-12.23. Shipment Consolidations.
Before consolidating multiple UAB shipments or HHE and POV shipments check with the Embassy to determine if doing so will cause customs delays. Consolidation is not an acceptable reason for missed RDDs and does not relieve the TSP of Released Valuation as defined elsewhere in RFO and Special Instructions. Excess demurrage caused by consolidation of HHE and POV shipments is not an acceptable accessorial expense.

When available and effective, TSPs must electronically file Customs Clearance documents. Waivers for Customs delays will not be granted where TSPs have failed to make use of the most effective clearance vehicle possible.

3-12.25. Additional TSP Responsibilities.
The (ITGBL Freight Forwarder's) TSP’s vehicle MUST be in good condition and with the name of the company permanently (Non Magnetic) affixed/placed on the outside of the vehicle.

3-12.26. GSA Form 3080 Household Goods Carrier Evaluation Report:
TSPs will initiate the 3080 via the electronic 3080 module in GSA’s Transportation Management Services Solution (TMSS) system. TSPs can access the 3080 module by going to TMSS and clicking on the link to TMSS/CHAMP Shipments. TSPs can then click on the link to Electronic GSA 3080 along the right-hand side of the log on page and then click on “Initiate.” When completing the 3080 information for shipments booked by the DC office, for the Agency Move Coordinator (AMC) email enter DC3080@state.gov and enter 0190000105 for the requested Federal Agency ID Code (FAIC). For shipments booked by the DOS offices other than the DC office, please enter 0190000105 for the FAIC and contact the booking office for instructions on the correct AMC email to enter. It is imperative that this information be entered correctly when submitting 3080s for delivered DOS shipments. If you have any questions about GSA’s electronic 3080, please contact Robyn Bennett at robyn.bennett@gsa.gov. Under no circumstances shall the TSP send the customer a 3080 form soliciting the Traveler’s Social Security Number.

3-12.27. Forms required for the exportation of POV.
Exhibit 1 List of Forms
Exhibit 2 Power of attorney format
Exhibit 3 Supplemental Reporting form (from 3-4.1.1)
Exhibit 4 Reporting locations
3-12.28. Forms required for the importation of Personal Effects including POVs.

WITH THE EXCEPTION OF THE II RC-159 THE FOLLOWING DOCUMENTS MUST BE PROVIDED TO THE TSP BY THE TRAVELER PRIOR TO PICKUP OF THE HHG or POV FOR US IMPORTATION. Do not request the SSN in association with any form. If an SSN is requested the passport number shall be used in its place.

Exhibit 5 CBP Form 3299 for Free Entry of Unaccompanied Articles (All) Dated 10-2009
Exhibit 6 DOT HS-7 Declaration for Motor Vehicles Importation (POV Only) Dated 5-2006
Exhibit 7 EPA 3520-1 Air Pollution Compliance (POV Only) Dated 9-2009
Exhibit 8 II RC-159 Treasury Department Supplemental Declaration (All) See 3-4.9.4

3-12.29. Mold Mitigation.
TSPs are expected to mitigate mold from occurring in all personal property shipments. Should mold occur, the TSP is responsible for all costs associated with the clean-up and/or removal of the mold. In accordance with Section 9.1.3.2.1 of the Household Goods Tender of Service, the maximum TSP liability for a lost, destroyed or damaged POV is the current value of the vehicle based on the National Automobile Dealers Association (in the month of landing converted to local currency) plus the cost of rental of a comparable vehicle for the period of time during which the vehicle is unavailable for employee use. However, the liability for the cost of rental shall not exceed the current value of the vehicle. The quality of repair, cleaning or replacement must equal or exceed the standards applied in the CONUS. The maximum TSP liability to replace or repair lost, destroyed, or damaged personal property, other than a POV, is $8.50 times the net weight of shipment in pounds in accordance to Section 3-12.7 of this RFO.

Refer to Sections 9, 10, 11 and 12 of this RFO for additional information and requirements for DOSDC.

3-13. Department of State (DOS) – Domestic (DOSDD)

TSPs submitting rate offers in accordance with Section 3-13, may file rate offers applicable between the points specified in Section 5-2 and identified as Agency Specific Codes in RFO Section 5-1. It is expected that 95% of all domestic shipments under DOSDD will be delivered to the DOS storage facility in Hagerstown, MD for NTS.

3-13.2. Released Valuation.
In lieu of the TSP liability at $6.00 as provided for in the Section 2-7.5.2 the TSP must offer replacement or repair value for damaged or lost items or in case of total loss, shipments being released at a base value of $6.50 times the net weight of the shipment in pounds. There will be no additional cost to the DOS for this level of service during transit or SIT. The storage liability charge does not apply for the basic released value.

3-13.3. Excess Released Value.
3-13.3.1. Transportation.
In the event the employee declares a value greater than the base valuation of $6.50 times the net weight of the shipment in pounds, a Full Value Protection Service Shipment Charge of $0.85 per $100 will apply on that portion of the valuation declared in excess of shipments released value of $6.50 times the weight.

3-13.3.2. Storage-in-Transit.
In the event that the employee declares a value greater than $6.50 times the net weight of the shipment in pounds, a storage liability charge of $0.18 per $100 will apply on that portion of the valuation in excess of $6.50 per pound released.

3-13.4. Non-Application of Origin Service Charges (OSC) and Destination Service Charges (DSC) – Domestic Shipments Only.
TSPs MAY NOT charge a OSC or a DSC (Items 135A and 135B of the GSA500A Tariff) when billing for a domestic shipment moved under DOSDD. All domestic rate offers submitted for DOSDD must be inclusive of all accessorial services identified in Paragraph 3-13.5, below, and may not be billed as a separate charge(s).

3-13.5. Application of Rate Offers.
All domestic rate offers solicited for the DOSDD must incorporate the following accessorial services:

a. ATC Charges
b. All long carry charges at origin
c. All long carry charges at destination
d. All stair carries
e. Elevator charges also referred to as Inside Lift. An elevator or lift is defined as part of the permanent structure of the building.
f. All charges associated with heavy or bulky items, to include piano/organ.
g. All charges for shuttle service.
h. All fees for reserving parking on streets or apartment buildings.
i. Crating up to $250 (any amount above this must be approved by the DOS). Regardless of the actual
All cubic feet of the crate provided, compensation for internal crates will not exceed 3 inches beyond any single dimension (length, width or height) of the item being crated. All crating shall be done at the origin residence as identified on the Bill of Lading; all uncrating shall be done at destination residence as identified on the Bill of Lading. (See Section 12 of this RFO for 14 FAM Exhibit 611.6 Limitations)

- All uncrating
- Only the standard charge (HTOS 12.13) for an additional pickup is allowed for a mini-storage, all other charges associated with the pickup from Mini Storage facilities must be included
- Cost of special motorcycle container (Clip-Lok)
- All Surcharges or Security fees associated with ocean portion of Alaska Moves
- All POV Fuel Surcharge regardless whether transported via a separate household goods trailer or car carrier

All inclusive final billing (excluding fuel) must not exceed the TMSS filed rate offer.

**3-13.6. Services Not Authorized**
The Government shall not be held liable for or pay any invoices for fines including but not limited to parking fines incurred by the TSP or their agents.

**3-13.7. Domestic Accessorial Service Rules for Labor Charges.**
Unless specifically approved in writing by the DOS at least 3 work days prior to the pickup date, charges for extra labor by the CHAMP approved TSP or by a 3rd party service provider, cannot exceed the discounted pricing identified in Item 120 of the GSA500A. Waivers may be considered only under extraordinary circumstances.

**3-13.8. Domestic Volume.**
The DOS is estimating that the volume of shipments under this RFO is 3,000 shipments.

**3-13.9. Domestic Affiliated Van Lines.**
International Transfers may have a domestic component. Where there is a domestic component of an international move forwarders shall have the ability to work with a single Van Line per cycle. The Van line selected by TSP for the contract cycle must have DOS non-alternating rate offers on file in TMSS. Associated van lines with rates that are not cost effective may be grounds for non-use. The TSP and their affiliated Van Line for the current contract cycle shall have non-alternating rates available in TMSS for all 48 contiguous states as origin and or destinations in order to participate in the domestic or international TOS. For example, if a TSP has filed rate offers to Spain they shall have rate offers on file to and from Spain for all for all locations in the 48 contiguous states as origins and destinations. The majority of the domestic van line shipments affiliated with international moves originating outside of the DC area will go to our DOS Hagerstown storage facility.

**3-13.10. Sub-Forwarding.**
TSPs accepted under DOSDD shall not sub-forward for any other TSPs accepted under DOSDD. Neither shall they tender for sub-forwarding to any other TSP doing business with the DOS. TSPs filing rate offers under DOSDD may choose to work with other business partners so long as they are not doing business with the DOS under this DOSDD. In all cases, the TSP to whom we issue the move and the work order will be responsible for all aspects of the move. The TSP shall be the primary POC for DOS customers and for our DOS counselors.

**3-13.11. Storage In Transit (SIT).**
TSPs are required by the DOS to bill all SIT charges based on the destination listed on the Bill of Lading, not the actual SIT location. Any shipment placed in SIT outside the 50-mile radius shall be considered SIT at TSP’s convenience (HTOS 5.5.2) unless the issuing office authorized in writing SIT over 50-miles from the destination listed on the Bill of Lading.

**3-13.12. Billing through Department of State.**
US Bank Freight Participation:

TSPs submitting a rate offer(s) in accordance with this RFO for DOS traffic are required to register with US Bank Freight Payment as a DOS trading partner and must use the PAYMENT MANAGER version. US Bank Freight Payment’s fee for this service is currently 1.33% of the invoice price, which is paid by the TSP. The 1.33% service fee is tied to the Wall Street Journal Prime Rate.

TSPs NOT currently doing business with the DOS in US Bank Freight Payment MUST contact the Transportation Analysis Section at TTM_Analysis@state.gov and the A/LM ARCHIVE at A/LMARCHIVE@STATE.GOV within one week of receipt of this RFO. The Analysis Section will provide interested TSPs with the information necessary to get set up with US Bank Freight Payment. The subject line of the email MUST be “US Bank Freight Payment Registration” and include the tender number(s) you will be submitting your rate offer under.

Once all required information has been submitted to US Bank Freight Payment, the TSP with be provided with a contract to sign and return to DOS (no more than two weeks after receipt of the contract). Once the contract is received, US Bank
Freight Payment will establish a “trading partner” relationship between the TSP and the DOS in US Bank Freight Payment. The TSP will then receive an introductory package from US Bank Freight Payment and will be provided additional information regarding the system and training.

Registration has already been completed for those TSPs currently doing business with the DOS in US Bank Freight Payment. However, if a TSP has not yet been set up to use PAYMENT MANAGER or if a new or different SCAC will be utilized, they must contact DOS and obtain access.

In order to most efficiently streamline the auditing process and help expedite the payment of TSP vouchers, the supporting documents must be attached to each TSP invoice in US Bank Freight Payment (a function only available in PAYMENT MANAGER). Invoice numbers must not contain a comma, colon, semi-colon, apostrophe, parenthesis, nor any coded data.

NOTE: The DOS’s system will only accept one (1) Invoice per Work Order Number. Once an invoice has moved to the “Approval Final”, “Payment Initiated” or “Payment Settled” status in US Bank Freight Payment, the TSP must contact the issuing office to request a SUPPLEMENTAL Work Order (i.e. NEW Work Order Number) for any additional charges due on the shipment.

The DOS does not use the E-bill function in US Bank Freight Payment for additional payments as our system sees them as another “invoice.” E-bills can only be used for refunds to the DOS (when the DOS or the TSP discovers that there was an overpayment).

TSPs must enter the ACTUAL PICK-UP DATE in the Notice Status field in US Bank Freight Payment.

The DOS will issue a bill of lading and any other shipping document with all charges billed directly to the agency. The government will pay the total charges and the employee will reimburse the Government for the cost of transportation and other charges applicable to the excess weight. (Ref: 41 CFR 302-7-200)

Overweight shipments: If a shipment is overweight the TSP shall put the shipment on hold and notify the booking counselor of the shipment being overweight. A status report should also be sent in at this time. If the rate offer is on file with TMSS the TSP shall not quote a dollar amount for the overweight to the employee or the counselor. The DOS office will pull the rate offer from TMSS and collect from the employee. If it was an OTO bid, the overweight cost shall be quoted to the booking office. All collections shall be handled by the DOS and not the ITGBL forwarder. Under NO circumstances are you authorized to waive an overweight payment. The TSP shall report Weights shall be 100% accurately and not modified to fit the employee’s entitlement. Once payment has been received, the DOS will notify you that the shipment can be forwarded to destination. This hold time does not count against your transit time.

The DOS will not authorize the shipment of boats, kayaks or canoes. These items are defined as an open craft of a size that can accommodate an individual(s) to sit in it. The TSP shall refuse the shipment of boats, kayaks, or canoes. Acceptance of boats, kayaks or canoes renders the TSP solely responsible for all related handling costs including returning the boat, kayak, or canoe to the point of origin.

3-13.15. Packed By Owner.
TSPs must ensure that packing lists do not include any items listed as “packed by owner (PBO)” or “contents unknown.” Such descriptions are an immediate flag for close attention by Customs and Transportation Security Agency Officials, who could place shipments on hold pending search, which will severely delay delivery. If company encounters a PBO they must open the box, inspect the contents, assume liability, provide a detail description on the inventory and mark it packed by carrier.

3-13.16. Non-acceptance of locked gun cabinets and other similar items.
TSPs shall ensure that packing lists do not include any items listed as “locked gun safe” or any other locked container. TSPs shall clearly annotate the inventory and must describe the make, model, and serial number(s) of any firearm(s).

All TSPs offering rate offers for international DOS shipments must have a secure Internet website where travelers can track the status of their personal effects. Access must be password controlled and available only to traveler and/or its agency.

At the end of each rate offer cycle the TSP is required to submit a Claims report showing all claims paid during that rate offer period on all DOS shipments. Contact the DOS Tender Administrator to receive an electronic copy of this report.
All TSPs must use trained personnel qualified in their assigned duties in packing and or handling of personal property. TSP personnel must include at least one employee that is fluent in English at origin and or destination services. TSP personnel must also be fluent in language of foreign country. The TSP shall not employ a Tiered Helpdesk designed to improve Enterprise Efficiency for service calls related to DOSDC or DOSDD.

3-13.20. Pickup and Delivery Hours.
Pick-up and deliveries will be performed on weekdays during normal business hours (8 am-6 pm local time). Weekend and holiday services are not authorized. If a required delivery date falls on a holiday or weekend the service shall be performed on the next business workday. Only the RTO can authorize services after 6pm or on weekends/holidays. The Forwarder(s) shall provide a three hour window during which the owner of the goods can expect the TSP to arrive to commence packing, delivery or POV pickup or delivery. If for any reason this schedule cannot be met, the Contractor(s) and owner shall mutually agree on a date and time to finish the packing and notify the appropriate Transportation Office of the change and the reasons therefore. The TSP shall make a date available within two days of the originally scheduled pack out.

A TSP shall not submit multiple tender numbers when submitting rate offers for the same type/mode of domestic or international moves. Only one tender number shall be submitted for Domestic Code D shipments, one tender number for Domestic Code C shipments and one tender number for International shipments. Submission of multiple tender numbers could result in the DOS selecting only one or not selecting any at all.

Before consolidating multiple UAB shipments or HHE and POV shipments check with the Embassy to determine if doing so will cause customs delays. Consolidation is not an acceptable reason for missed RDDs and does not relieve the TSP of Released Valuation as defined elsewhere in this RFO and Special Instructions. Excess demurrage caused by consolidation of HHE and POV shipments is not an acceptable accessorai expense.

The (ITGBL Freight Forwarder’s) TSP’s vehicle MUST be in good condition and with the name of the company permanently (Non Magnetic) affixed/placed on the outside of the vehicle.

The TSP shall submit an electronic copy of the inventory to ALMArchive@State.gov no later than three days after the packout. The format of the email shall be: “Employee Name, Inventory, Shipment Number”.

All TSPs accepting shipments under DOSDD shall submit weekly updates of shipments in progress. Reports shall be submitted to TTMContracts@State.gov no later than 9:00 am Eastern Time each Monday covering undelivered shipments to date. Reports shall be in Excel format and comprised of the following fields: Customer Name, Broker, Origin City, Origin State, Destination City, Destination State, Load Date, Delivery Date, Estimated Weight, Miles.

3-13.26. GSA Form 3080 Household Goods Carrier Evaluation Report:
TSPs will initiate the 3080 via the electronic 3080 module in GSA’s Transportation Management Services Solution (TMSS) system. TSPs can access the 3080 module by going to TMSS and clicking on the link to TMSS/CHAMP Shipment. TSPs can then click on the link to Electronic GSA 3080 along the right-hand side of the log on page and then click on “Initiate.” When completing the 3080 information for shipments booked by the DC office, for the Agency Move Coordinator (AMC) email enter DC3080@state.gov and enter 0190000105 for the requested Federal Agency ID Code (FAIC). For shipments booked by the DOS offices other than the DC office, please enter 0190000105 for the FAIC and contact the booking office for instructions on the correct AMC email to enter. It is imperative that this information be entered correctly when submitting 3080s for delivered DOS shipments. If you have any questions about GSA’s electronic 3080, please contact Robyn Bennett at robyn.bennett@gsa.gov. Under no circumstances shall the TSP send the customer a 3080 form soliciting the Traveler’s Social Security Number.

3-13.28. Forms required for the importation of Personal Effects including POVs.
WITH THE EXCEPTION OF THE II RC-159 THE FOLLOWING DOCUMENTS MUST BE PROVIDED TO THE TSP BY THE TRAVELER PRIOR TO PICKUP OF THE HHG or POV FOR US IMPORTATION. Do not request the SSN in association with any form. If an SSN is requested the passport number shall be used in its place.

Exhibit 5 CBP Form 3299 for Free Entry of Unaccompanied Articles (All) Dated 10-2009
3-13.29. Computer Software Requirement:
The DOS has developed an Automated Accessorial Program (paperless) to improve the efficiency of receipt, review, and processing of TSP accessorial requests. All TSPs must have Microsoft Office 2010 software to be in compliance with this requirement.

3-13.30. Rugs/Carpets destined to permanent storage:
All rugs and carpets destined to permanent storage shall be moth flaked, rolled, and wrapped in kraft paper, without folding, at the residence. Rugs which are 2.75 meters by 3.65 meters (9 FT X 12 FT) or larger must be identified on the inventory by color and size. The TSP shall be held responsible for all costs associated with additional services resulting from incorrect servicing of all rugs and carpets.

Refer to Section 12 of this RFO for additional information and requirements for DOSDD.

3-14. Department of State (DOS) – Hagerstown, MD (DOSHW)

The DOS maintains a warehouse at the United States Logistics Center - Hagerstown, Maryland. In this warehouse are shipments of household goods effects that at some point in the past have been placed there in a permanent and/or extended storage status. Rate offers submitted in accordance with Section 3-14 are for the door-to-door delivery of these shipments to their final destination at an international location in accordance with the instructions provided on the government issued Bill of Lading. Shipments may be crated or loose. Services to be provided are non-personal services and include all necessary labor, materials and facilities for pickup, receipt, weighing, and delivery. These services will be at the direction of the DOS and in accordance with this RFO and the HTOS.

3-14.2. Application.
Except for the exceptions and additions noted elsewhere in this Section 3-14, all provisions of DOSDC as identified in section 3-12 of this RFO also apply to DOSHW.

3-14.3. Volume.
Between May 1, 2015 and April 30, 2016, there were approximately 163 shipments with an average weight of 2,900 pounds. However, and as with all estimates, there is no guarantee of shipments and the DOS reserves the right to discontinue any services at its discretion without recourse from the selected TSPs.

3-14.4. Rate Offers.
Rate offers will only be accepted for shipments originating from the Hagerstown, MD warehouse (Service Area MD00) to all international locations. Rate offers will not be accepted for shipments from the international locations back to the Hagerstown, MD warehouse. Rate offers will also not be accepted for Category 1, 2, or 3 vehicles or UAB. TSPs should zero fill these positions when submitting rate offers for DOSHW.

3-14.5. Department of State, Hagerstown Warehouse Responsibilities.
Upon receipt of notification from the TSP that they accept an offered shipment, the designated Hagerstown Staff member will arrange to have the offered household goods effects staged and available within 48 hours of notification/acceptance from the selected TSP. For partial storage removals, the Hagerstown staff will be afforded ample time to communicate storage removal actions with the owner of the household goods effects. This is contingent on the owner’s actions and timeliness. Upon completion, the designated Hagerstown staff member will notify the Operations staff and TSP that the household goods effects are available for pickup. Prior to the pack/pickup date, Hagerstown will notify the TSP of weights and pieces to be removed and any unusual items requiring special attention. TSPs will be provided with existing inventories on all shipments moving under DOSHW.

3-14.6. TSP Responsibilities.
Upon receipt of the Allocation worksheet, the TSP shall contact the designated Hagerstown Staff member within 24 hours of receipt to obtain shipment availability. The TSP is required to load the shipment from the USLC-Hagerstown within 3 business days (5 days during peak season) of issuance of Bill of Lading. Multiple shipments can be scheduled for loading on the same truck to maximize resources. The TSP is required to pack all liftvans on site at the Hagerstown warehouse. TSPs must then deliver the household goods effects back to its agent’s warehouse for preparation and shipment to its final destination in accordance with all DOSDC and DOSHW guidelines. The TSP will be self-supporting in all aspects of their operations. The TSP shall furnish all equipment, materials and tools needed to pack and transport the shipment. The TSP can be charged for use of government resources. All debris generated by the TSP must be removed by the TSP. The TSP will ensure that brand new ISPM#15 standard crates (as defined in DOSDC) are used for all export shipments to post. The TSP shall affix four (4) seals according to the standards laid out above in DOSDC to lift vans.
loaded at the Hagerstown warehouse. The TSP shall band lift vans prior to containerization but banding is not required prior to departing the Hagerstown warehouse. The date that the shipment is reported by Hagerstown as available is the pack date to be used to compute the Required (RDD) Delivery Date. As previously noted, existing inventories are provided by USLC Hagerstown staff. TSPs who reinventory must cross-reference to the storage inventory provided by the USLC Hagerstown staff. All work at the Hagerstown warehouse facility must be completed during operating hours and the TSP must leave the premises prior to the warehouse closing at 4:00 PM.

3-14.7. Claims.
In lieu of the TSP liability at $6.00 as identified in 2-7.5.3, the TSP must offer replacement or repair value for damaged or lost items or in case of total loss, at a base value of $8.50 times the net weight of the shipment in pounds. There will be no additional cost to the DOS for this level of service during transit or SIT. The storage liability charge does not apply for the basic released value. Please note that the TSP retains the option for reviewing the inventory and repacking to certify any questionable items provided the TSP honors the terms of 3-14.6.; TSPs must bring the required materials needed, complete work by 4:00 PM and remove any debris generated by the repacking. Failure to certify the inventory will not be accepted as a reason to deny a claim.

3-15. Department of State (DOS) – Surface Air Pilot DOSSA

The DOS ITGBL program has historically been unable to meet the maximum 75 day transit to post with conventional ITGBL shipments. DOSSA is intended to expand the scope to recognize that in some cases a portion of the shipment may have to move by air to make a 75 day transit time. Under DOSSA, in all cases the final leg to post must move by air. Rate offers submitted in accordance with Section 3-15 are for the door-to-door delivery of shipments to their final destination at an international location in accordance with the instructions provided on the Government issued Bill of Lading. Services to be provided are non-personal services and include all necessary labor, materials and facilities for pickup, receipt, weighing, and delivery. These services will be at the direction of the DOS and in accordance with this RFO and the HTOS.

Except for the exceptions and additions noted elsewhere in this Section 3-15, all provisions of DOSDC as identified in section 3-12 of this RFO also apply to DOSSA.

3-15.3. Volume.
The DOS will implement the pilot at the post below and the count and gross weights for shipments for period May 1, 2016 through August 12, 2106 are included below. However, and as with all estimates, there is no guarantee of shipments and the DOS reserves the right to discontinue any services at its discretion without recourse from any selected TSPs.

3-15.4. Rate Offers.

Rate offers will only be accepted for shipments originating from Washington, DC, Maryland and Virginia (rate filing codes DC00, MD00 and VA00) and all international locations. When submitting rate offers, the Destination Code of 2910 must be used; however, rate offers accepted under DOSSA will apply only to the post of Kinshasa and not the entire country of Democratic Republic of the Congo. DOS may request OTO rate offers from other areas of the United States for the period of the pilot.

3-15.5. Performance of Services.
The TSP shall make routing decisions to ensure a door-to-door transit of no more than 75 days. The TSP may route the first leg of the shipment by either air or surface as required to support the RDD. The final leg to Kinshasa must be by air.

Declaration Form
Importation of Motor Vehicles and Motor Vehicle Engines Subject to Federal Air Pollution Regulations

This form must be submitted to the U.S. Customs and Border Protection (Customs) (42 USC 7522, 7601; 19 CFR 12.73) for each motor vehicle (including motorcycles, disassembled vehicles, kit cars, light-duty vehicle/motorcycle engines) imported into the U.S., except that this form is not required for motor vehicles that are imported by their original manufacturer and are new and are covered by an EPA certificate of conformity and bear an EPA emission control label. One form per shipment may be used, with attachments including all information required to fully describe each vehicle or engine as below. Check the box below indicating the provisions under which you are importing this vehicle or engine. Offroad vehicles/engines and heavy-duty engines must use form 3520-21. Note: Although only imports using codes G, I, K, L, M-3, and D require specific written authorization from EPA, Customs may request EPA review of importer documentation and eligibility for any import using this form. A nonconforming vehicle that is ineligible for the exemptions or exclusions listed below, must be imported through an independent commercial importer (ICI) under codes A, C, J, or Z. For codes A, C, J, and Z, EPA does not authorize the release to the vehicle owner.

Penalties: Any person who knowingly makes any false or fraudulent statement, or omits or conceals a material fact can be fined up to $250,000 or imprisoned for up to 5 years, or both (18 USC 1001). Any person who improperly imports a motor vehicle (including a motorcycle) or engine may be fined up to $32,500 per vehicle or engine (42 USC 7524), and may be subject to forfeiture of the entire importation bond, if applicable (40 CFR 85.1513), and the U.S. Customs Service may seize the vehicle or engine (19 CFR 162.21).

Paperwork Reduction Act Notice
This information is collected to ensure that motor vehicles and engines imported into the U.S. conform with applicable emission requirements. Responses to this collection are mandatory (40 CFR 85.1501 et seq., and Clean Air Act Sections 203 and 286). Information submitted to the Agency under a claim of confidentiality will be safeguarded according to policies set forth in Title 40, Chapter 1, Part 2, Subpart B. The public reporting and recordkeeping burden for this collection of information is estimated to average 30 minutes per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information; process and maintain information; and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2022), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.
II RC-159 Treasury Department Supplemental Declaration (see Exhibit 8)

Background: Office of Management and Budget (OMB) has found that the II RC-159 Treasury Department Supplemental Declaration does not meet guidelines and cannot be demanded by customs officers as a routine form. Nonetheless, some customs officers still require this form possibly causing transportation delays if the form is unavailable. Although the form is not authorized, the forwarder should request the form as the traveler may not be available when the shipment is clearing customs. **Instruct the employee not to fill in the SSN field.** Supply a copy of the passport instead.

The carrier is directed to accept the form and keep it on file. It must not be submitted as a part of a standard customs package. If a customs officer requests the form the carrier is asked to contact our office with the name of the officer so the DOS can work with CBP to resolve the issue. DOS will advise carriers of revised instructions as the situation develops.

SECTION 4
EVALUATION AND ACCEPTANCE

4-1. Evaluation.

4-1.1. General.
Evaluation of a TSP’s rate offer(s) for transportation services will be based on the combination of the TSP’s service performance and its offered charges. That combination will take the form of a Value Index (VI) as explained below.

4-1.2. Performance Evaluation.

4-1.2.1. DOMESTIC. For the 2016-2017 Filing Cycle, evaluation of the TSP’s service performance will be based on data collected from Traffic Managers for a twelve (12) month period and a Customer Satisfaction Index (CSI) measuring each individual TSP’s performance against the average level of performance will be assigned. In those instances when there was no data furnished, the TSP will be considered “Unindexed” and its performance will not be a factor in the evaluation.

4-1.2.2. INTERNATIONAL. For the 2016-2017 Filing Cycle, evaluation of the TSP’s service performance will be based on data collected from Traffic Managers for a twelve (12) month period and a Customer Satisfaction Index (CSI) measuring each individual TSP’s performance against the average level of performance will be assigned. In those instances when there was no data furnished, the TSP will be considered “Unindexed” and its performance will not be a factor in the evaluation.

4-1.3. Value Index (VI).

4-1.3.1. Computation. A TSP’s VI is computed at the time each cost comparison is run. The computation uses the following steps:

1. A base total charges is computed for the cost comparison by adding together
   - Total Transportation Charges (line-haul, packing, and accessorial);
   - SIT Charges for 30 days (pickup/delivery & storage);
   - The greatest vehicle price offered by all TSPs for that cost comparison, if applicable; and
   - The UAB Charge, if applicable (average of the weight breaks found in the base-line rate table in Section 2-7).

2. This base total is absent any discounts or percentages.

3. The average charge by all TSPs on that route is calculated.

4. The average discount is calculated by subtracting the average charge from the base total charges (#1 and #2 above)

5. The charge for each individual TSP is calculated based on its offered discounts/percentages/rates.

6. Each individual TSP’s discount is calculated by using the absolute value (abs) of the amount determined by subtracting the TSP’s charge from the base total charges (abs (#1 and #4 above)

7. The Discount Index (DI) for each TSP is computed by dividing each TSP’s discount by the average discount and multiplying the result by 100 (#5/#2, above)*100).

8. The VI for each TSP is finally computed by summing 70% of the TSP’s Customer Satisfaction Index (CSI) with 30% of the DI ((.7*CSI)+(3*#6, above)).

Example 1. If a TSP’s CSI is 105.37 and its DI is 91.55, its VI = 101.22

((105.37*.70) + (91.55*.30)).

Example 2. If a TSP has no CSI and its DI is 137.96, its VI = 41.39

((0*.70) + (137.96 * .30)).
4-2. Acceptance.

4-2.1. Domestic.
Accepted offers will be listed on the GSA Cost Comparisons for Federal Agency use based on the VI as computed in Section 4-1.3, and in accordance with provisions of Section 4-3.

4-2.2. Agency Specific.
Accepted offers will be listed on the GSA Cost Comparisons for Federal Agency use based on the VI as computed in Section 4-1.3, and in accordance with provisions of Section 4-3.

4-2.3. International.
Accepted offers will be listed on the GSA Cost Comparisons for Federal Agency use based on the VI as computed in Section 4-1.3, and in accordance with the provisions of Section 4-3.

4-3. Cost Comparison Listing.

4-3.1. Definitions.

4-3.1.1. New TSP. New TSP as used in this provision means a TSP approved to participate in the GSA's CHAMP after February 1, 2016.

4-3.1.2. Indexed TSP. Indexed TSP as used in this provision means any TSP, except a new TSP, for which GSA can calculate a CSI.

4-3.1.3. Unindexed TSP. Unindexed TSP as used in this provision means any TSP, except a new TSP, for which GSA cannot calculate a CSI for this Filing Cycle.

4-3.2. TSP Categories.

4-3.2.1. Category 1. All new TSPs will be listed on the cost comparison in cost ascending order.

4-3.2.2. Category 2. Category 2 TSPs are those with VI of 100.0 or greater. All TSPs with a VI equal to or greater than 100.0 as computed in accordance with Section 4-1.3 will be listed in VI descending order. TSPs with a VI less than 100.0 will be listed in no order and be identified as Category 3 TSPs.

4-3.2.2.1. Category 3. Category 3 are all TSPs with a VI of 99.99 or less and all unindexed TSPs. These TSPs will be randomly selected and randomly sorted on each cost comparison requested by a Federal Agency.
### 5-1. Agency Specific Codes.

SECTION 6
FORMAT REQUIREMENTS

6-1. Format Requirements.
TSPs or RFSPs submitting rate offers in response to this RFO MUST submit their rate offers electronically via one of the four methods identified in the Cover Letter of this RFO. TSPs or RFSPs “Uploading” rate offers and not using the TMSS rate filing screens for the creation/addition/deletion of rates offers, must adhere to the following format requirements set out in Section 6-2 below. A TSP or RFSP must have access to the “HHG Rate Filing” module in TMSS before they can create and/or upload rate offers. A TSP or RFSP must contact their Group Administrator for access to the rate filing module if they do not already have access within TMSS. TSPs and RFSPs may use the TMSS help screens for additional assistance with rate filing. Submissions received from TSPs or RFSPs not conforming to format requirements will not be accepted by TMSS and the TSP or RFSP will be notified as set out in Section 1-1.6.

Important Notes on the Rate Filing Process:

1. All TSPs must obtain access to TMSS in order to keep their contact information current by updating such information online in TMSS.
2. Record type ‘H1’ is mandatory and all TSPs must file this record.
3. Record type ‘H2’ is an optional record and should be filed only by a Rate Filing Service Provider [RFSP]. The information provided in this record will be used by TMSS for notifying any file processing related issues to the RFSP. The TSP will not receive any notifications if the rates are being filed by an RFSP.
4. Four new ‘Tender Identifiers’ have been added for the submission of Containerized rate offers – 12,13,14,15.
5. Changes have been made to the ‘Origin’ field for Tender Identifiers 01,02,03,04,12,13,14,15 (see Section 5.2.1)
6. TSPs filing rate offers from/to Canada must now submit a UAB percentage in Positions 61-64.
7. When the rate file preparation is complete, it MUST be saved as an unformatted ASCII (Text Only) flat file (e.g. no tab characters, etc.) before attempting to transfer the file.

SECTION 7
ELECTRONIC SUBMISSION

7-1. Rate Tender Transmission. The below information applies only to rate offer submissions when TSPs or RFSPs are not using the TMSS rate filing screens for the creation/addition/deletion of rate offers, but instead are manually creating rate offers to “upload.”

7-1.1. ELECTRONIC TRANSMISSION.
All electronic rate transmissions submitted in accordance with this request MUST be accomplished via the “Upload Rate File” function of TMSS within the TMSS HHG Rate Filing module. Non-electronic submissions will not be considered.

7-1.2. FORMAT REQUIREMENTS.
Format requirements, as set out in Section 6 must be strictly adhered to. Submissions received from TSPs or RFSPs not conforming to format requirements will be found unacceptable.

7-1.3. FILE PREPARATION.
In order to upload the file, it must be saved and transmitted as an unformatted ASCII (TEXT ONLY) flat file (i.e. no tab characters, etc.). The file must not have a top, bottom, right, or left margin.
Note: The type of software you will be utilizing will determine what must be done to prepare the file for transmission.

7-1.3.1. File Naming Convention. 
This File Naming Convention applies to any initial, new, late, or supplemental rate offer(s) transmitted in accordance with the RFO.

</tbody>
</table>

Example of filenames:
File name where assigned SCAC has four positions: HHGABCD001 where ‘ABCD’ is the SCAC

The TSP or RFSP can send one or more files for rate filing. The TSP or RFSP can send one or more rate types in a single file. It is strongly recommended that the number of files be kept to a minimum by combining multiple rate types. Irrespective of the number of files transmitted a 3-digit file number is required.
Examples of multiple filenames for a SCAC:
TSP transmitting only one file: File Name: HHGABCD001
TSP transmitting two files: First File Name: HHGABCD001, Second File Name: HHGABCD002
TSP transmitting three files: First File Name: HHGABCD001, Second File Name: HHGABCD002, Third File Name: HHGABCD003.

If a TSP or RFSP is unsure of their firm’s SCAC or code in GSA’s CHAMP, contact GSA.

The File Naming Convention identified above MUST be strictly adhered to. If a firm submits multiple rate files on the same day, files named the same will be overwritten; therefore, it is extremely important that files submitted on the same day have different names. Failure to do so will result in the rate offer(s) not being picked up from the TSP’s or RFSP’s Upload directory and/or automatic rejection of the rate offer(s). TSPs will not receive Email for transmitting files with non-standard file names.
7-1.4. **ACCESSING Upload Rate File Function.**

In order to access the "Upload Rate File" function, a firm’s TMSS Group Administrator must first designate who will have access to this function and grant them access via TMSS. The administrator can do this by selecting the Account Information link from the main screen. This takes them to the Account Info-Update Profile screen, where they can select the User List. They will then be able to select the applicable user(s) and check the “Allow Upload” toggle button from the available menu. They will also need to ensure that the ‘Rate File’ toggle button is also checked. Once access has been granted and the rate filing window has been opened, the specified user(s) will have the Upload Rate File Link available from the Review/Edit HHG Rates screen within the HHG Rate Filing Module.

When rate offers are ready for submission, the User will click on the Upload Rate File Link. Java is required to allow for proper loading of the module. If Java is not currently installed on the system, the user will be given a link that will take them to a site for a free download. The user will then need to locate the file and then select it for upload.

7-1.4.1. **UPLOAD DIRECTORY ACCESS.**

Once the rate offers have been uploaded using the Upload Rate File function, the user may verify that the firm’s file was successfully transmitted. If the file doesn’t appear in the firm’s directory, the user will need to “Upload” the file again. This will only assist in verifying that the firm’s rate offer file was transferred successfully and WILL NOT verify that the contents of the firm’s rate offer file have been formatted correctly.

To access the firm’s own directory, click on the File Download link from the main menu. The user will then be taken to a directory tree. Scroll down to find the firm’s folder, which will be identified by its Standard Carrier Alpha Code (SCAC). The user will then be able access the folder and verify that the file(s) are present. NOTE: This will only allow the user to verify that the file is present in the directory. The user will need to follow the provisions of 7-1.5 below to check for error reports and acceptance of rate records in TMSS.

7-1.5. **Confirming Rate Transmission.**

Everyday during the rate filing window at 10:00am, 2:00pm, 6:00pm, and 10:00pm CST, an automated process will search the rate files uploaded that day by TSPs and RFSPs and process them. An email confirmation acknowledging the receipt and processing of the file will be sent to the TSP’s email address OR the RFSP’s email address if an RFSP has filed on behalf of the TSP. The email will contain the number of records processed and the number of errors encountered. In order to receive timely notifications on the outcome of file processing it is essential that a correct email address be kept on file. Error files will be generated and placed in the firm’s directory and will be named as HHGSCAC999ERR where SCAC is the SCAC of the TSP (Not the RFSP), 999 is the original file number assigned by the TSP or RFSP. TSPs and RFSPs will not have an opportunity to correct any errors detected in a file submitted for the last rate offer(s) validation at 10:00pm CST validation on the closing date of October 27, 2016 or March 13, 2017. Users will need to connect to their directory via the File Download Module, using the instructions referenced in 7-1.4.1 (A) to download the error file(s) if any. TSPs and RFSPs will receive notification of rate filing deficiencies in accordance with RFO Section 1-1.7.

The General Services Administration’s (GSA’s) Employee Relocation Resource Center (ERRC) currently has Memorandum of Agreements (MOAs) for the provision of Move Management Services (MMS) under the Centralized Household Goods Traffic Management Program (CHAMP). These MOAs are for GSA’s own internal employee relocations for which GSA issues the Government Bill of Lading or Commercial Bill of Lading and for several other Federal agencies with lower shipment volumes that entered into Memorandum of Understandings (MOUs) with the ERRC to utilize GSA’s MOAs. These MOAs are due to expire on April 30, 2017.

It is the intent of the ERRC to soon issue a sources sought for additional information from approved CHAMP TSPs interested in and qualified to submit rate offers for the non-alternating, Agency Specific Code GSADI. As a result, attached are amended Pages 3-7 and 3-8 which identify the changes (highlighted in “blue”) to Section 3-10 of the 2016-2017 Request for Offers (RFO) dated September 14, 2016. Please refer to the existing RFO for the remainder of Section 3 as well as any other published Amendments that may apply. The 2016-2017 RFO can be found at https://www.gsa.gov/portal/content/103864.

If you have any questions, please contact Robyn Bennett at robyn.bennett@gsa.gov or 816-823-3644 or Kim Chancellor at kim.chancellor@gsa.gov or 816-823-3650.
Brookfield Global Relocation Services is the US Postal Service’s Move Management Provider; however, the US Postal Service has requested that the provisions of CHAMP apply for the relocation of their employees’ personal effects. As a result, only rate offers for General Transportation Services (G rates) will be accepted for USPDC. Rate offers for the provision of Move Management Services (MMS) (M rates) will not be accepted.

3-9.2. Weight Allowance.
1. USPDC is taking exception to the 2,000 pound allowance to cover packing materials as identified in §302-7.2 of the Federal Travel Regulations.
2. Most shipments for USPDC will be bound by the normal 18,000 pound maximum weight entitlement; however, for some employees, the USPDC will authorize up to 25,000 pounds. TSPs will be notified of those employees who have been authorized by USPDC to ship up to 25,000 pounds.

3-9.3. Weight Variance.
In lieu of the weight variance of 115% as provided for in Section 2-7.12, all domestic and international USPDC shipments shall be subject to a 110% weight variance.

3-9.4. Released Valuation.
In lieu of the TSP liability at $6.00 as provided for in Section 2-7.5.2 and 2-7.5.3., all domestic and international USPDC shipments shall be released at $10.00 times the net weight of the shipment in pounds with a maximum TSP liability of $180,000.00 applicable to both shipments in transit and SIT. For shipments authorized by the USPDC at a weight exceeding 18,000 pounds, the maximum TSP liability will remain at $180,000.00. There will be no additional cost to the USPDC for this level of service during transit or SIT. The storage liability charge does not apply for the basic released value.

3-9.5. Excess Released Value.
3-9.5.1. Transportation.
In the event the employee declares a value greater than the base valuation of $10.00 times the net weight of the shipment in pounds, a Full Value Protection Service Shipment Charge of $0.85 per $100 will apply on that portion of the valuation declared in excess of shipments released value of $10.00 times the net weight of the shipment or $180,000.00, whichever is less.

3-9.5.2. Storage-in-Transit.
In the event that the employee declares a value greater than $10.00 times the net weight of the shipment in pounds, a storage liability charge of $0.18 per $100 will apply on that portion of the valuation declared in excess of a shipment’s released value of $10.00 times the net weight of the shipment in pounds or $180,000.00, whichever is less.

3-9.6. Non-Application of Origin Service Charges (OSC) and Destination Service Charges (DSC) – Domestic Shipments Only.
TSPs MAY NOT charge a OSC or a DSC (Items 135A and 135B of the GSA500A Tariff) when billing for a domestic shipment moved under USPDC. All domestic rate offers submitted for USPDC must be inclusive of all accessorials identified in Paragraph 3-9.7, below, and may not be billed as a separate charge(s).

3-9.7. Application of Rate Offers – DOMESTIC SHIPMENTS ONLY.
All DOMESTIC rate offers solicited for USPDC must incorporate the following accessorial services:
- ATC charges
- All long carry charges at origin and at destination
- All stair carries
- One-time elevator charges
- All charges associated with heavy or bulky items, to include pianos/organs
- All charges for shuttle service
- Crating up to $250.00 (any amount above this must have prior approval by the US Postal Service)
- All uncrating
- Extra labor, long carry and all charges associated with mini-storage
- All surcharges or security fees associated with the ocean portion of Alaska moves
- Cost of special motorcycle containers (Clip-Lok)
- All fees for reserving parking on streets or apartment buildings

The USPDC is estimating that the volume of shipments under this RFO is 1,300 shipments.

3-10. General Services Administration (GSA) – Domestic and International (GSADI)
TSPs submitting rate offers in accordance with Section 3-10, may file rate offers applicable between the points specified in Section 5-2 and 5-3 and identified as Agency Specific Codes in Section 5-1.
3-10.1. Application.

While there is no guarantee of any shipments or any future action, it is the intent of GSA’s Employee Relocation Resource Center (ERRC) to enter into a Memorandum of Agreement (MOA) with one or more MMS Providers submitting rate offers for GSADI. Shipments handled under any future MOA would be for GSA’s own internal employee relocations for which GSA issues the Government Bill of Lading (GBL) or Commercial Bill of Lading. In addition, one or more Federal agencies with lower shipment volumes may enter into a Memorandum of Understanding (MOU) with the ERRC to participate in any resulting MOA between the ERRC and a MMS Provider under this GSADI. These lower volume agencies would typically have less than 50 shipments per year and/or be agencies who request to use the ERRC’s MOA to “bridge over” until they can enter into their own MOA with a CHAMP MMS Provider. Any MMS Providers with which the ERRC might enter in to an MOA with would be notified of any additional agencies allowed to use the services agreed to in a resulting MOA.

3-10.2. Provider – Move Management Services (MMS).

GSA is requesting rate offers for the provision of MMS (M rates) only for GSADI. Rate offers for General Transportation Services (G rates) will not be accepted.

3-10.3. Provider – Domestic and International.

TSPs submitting rate offers for GSADI must be approved for both GSA’s Domestic and International programs. TSPs must also have one or more M rate offers submitted under both the Domestic and International programs. If a TSP has approval for both the Domestic and International programs under two separate Standard Carrier Alpha Codes (SCACs), they may submit rate offers under this GSADI as long as all other requirements of GSADI are met.

3-10.4. Prepayment Audit Requirements.

TSPs submitting rate offers for GSADI must have all Prepayment Audit requirements as identified in 41 CFR 102-118 and the U.S. Government Freight Transportation Handbook conducted by an independent, non-affiliated auditor that is either approved under GSA’s Financial and Business Solutions (FABS) Schedule 520, Special Item Number 520-10 or has been certified by GSA’s Audit Division (QMCA) to perform Prepayment Audit services. All costs associated with arranging for and the performance of Prepayment Audits by an independent, non-affiliated auditor as described above must be included in the submitting TSP’s rate offers.

3-10.5. Postpayment Audit Requirements.

TSPs submitting rate offers for GSADI must prepare and submit to QMCA all required documentation to satisfy the Postpayment Audit requirements identified in 41 CFR 102-118 and the U.S. Government Freight Transportation Handbook. Documentation must be submitted either electronically or via Compact Disk (CD). TSPs must also submit a completed summary Postpayment Audit Submission form as provided for in Attachment 1, Postpayment Audit Submission Form. All costs associated with the preparation and submission of the required Postpayment Audit documentation must be included in the submitting TSP’s rate offers.

3-10.6. Initiation of GSA Form 3080 (3080).

TSPs submitting rate offers for GSADI must initiate an electronic 3080 for all shipments moved under GSADI. Electronic 3080s must be initiated via the Transportation Management Services Solution (TMSS) system. In a December 30, 2016 email, TSPs were provided with two (2) options for initiating electronic 3080s along with formatting requirements. 3080s for shipments moving under GSADI must be initiated by either Option 1- accessing the 3080 module via TMSS and entering the basic shipment information as required; or Option 2 - uploading the basic shipment information as required into TMSS in accordance with the formatting instructions. 3080s for GSADI will only be accepted when initiated via Option 1 and/or Option 2.

3-10.7. Participation in GSA’s Extended Storage Tender of Service (XTOS).

While not a requirement to submit a rate offer for GSADI, it is preferable that TSPs have one or more rate offers accepted under GSA’s current XTOS RFO.

3-10.8. Volume.

The GSADI is estimating that the volume of shipments under this RFO is 300 shipments.

3-11. Department Of Interior, National Park Service (NPS) Omaha, NE – Domestic and International (NPSNE)

TSPs submitting rate offers in accordance with Section 3-11, may file rate offers applicable between the points specified in Section 5-2 and 5-3 and identified as Agency Specific Codes in Section 5-1.

3-11.1. Application.

NPSNE applies to all domestic and international shipments for which the NPS office located in Omaha, NE issues the Government Bill of Lading and/or Commercial Bill of Lading. NPSNE is currently responsible for the relocation.
AMENDMENT 2  
EFFECTIVE MAY 1, 2017

The General Services Administration’s (GSA’s), Employee Relocation Resource Center (ERRC) has added a new non-alternating, Agency Specific Code for the Department of Treasury, Office of the Comptroller of the Currency (OCCDC). Acceptable rate offers submitted in response to OCCDC will become effective May 1, 2017. Attached are the new Section 3-16 and original Page 5-1 and amended Page 5-1a of Section 5 of the 2016-2017 Request for Offers (RFO) dated September 14, 2016. Please refer to the existing RFO for the remainder of Sections 3 and 5 as well as any other published Amendments that may apply. The 2016-2017 RFO can be found at https://www.gsa.gov/portal/content/103864.

The OCC utilizes the services of a Move Management Services (MMS) Provider outside of CHAMP; however, the OCC is requesting that the provisions of CHAMP apply for the relocation of their employee’s personal effects. As a result, only rate offers for General Transportation Services (G rates) will be accepted for the OCCDC. Rate offers for the provision of MMS (M rates) will not be accepted.

3-16.2. Application.

3-16.3.2. International.
As identified above, international shipments for OCCDC are limited to London (925L). Furnished housing is provided and for the most part furniture will not be shipped; however, bed(s) may be shipped if they meet the specifications and approval from the General Service Office at the Embassy in London. International shipments are limited to a 7,200 pound maximum weight entitlement. Unaccompanied Air Baggage (UAB) shipments are limited to a 200 pound maximum weight entitlement with an additional 100 pounds for each immediate family member relocating with the employee; however the maximum weight entitlement for UAB may not exceed 500 pounds total.

3-16.4. Released Valuation.
In lieu of the TSP liability at $6.00 as provided for in Section 2-7.5.2 and 2-7.5.3., all domestic and international OCCDC shipments shall be released at $10.00 times the net weight of the shipment in pounds with a maximum TSP liability of $260,000 applicable to both shipments in transit and SIT. For shipments authorized by the OCC at a weight exceeding 26,000 pounds, the maximum TSP liability will remain at $260,000. There will be no additional cost to the OCC for this level of service during transit or SIT. The storage liability charge does not apply for the basic released value.

3-16.5. Excess Released Value.

3-16.5.1. Transportation.
In the event the employee declares a value greater than the base valuation of $10.00 times the net weight of the shipment in pounds, a Full Value Protection Service Shipment Charge of $0.85 per $100 will apply on that portion of the valuation declared in excess of shipments released value of $10.00 times the net weight of the shipment or $260,000, whichever is less.

3-16.5.2. Storage-in-Transit.
In the event that the employee declares a value greater than $10.00 times the net weight of the shipment in pounds, a storage liability charge of $0.18 per $100 will apply on that portion of the valuation declared in excess of a shipment’s released value of $10.00 times the net weight of the shipment in pounds or $260,000, whichever is less.

3-16.6. Non – Application of Origin Service Charge (OSC) and Destination Service Charge (DSC) – Domestic Shipments Only.

AMENDMENT 3
EFFECTIVE MAY 1, 2017

The Department of State has amended Section 3-12.3 Fly America of their non-alternating, Agency Specific Code DOSDC. Attached are amended Pages 3-12a and 3-12b of the 2016-2017 Request for Offers (RFO) dated September 14, 2016. The changes are highlighted in “blue.” Please refer to the existing RFO for the remainder of Section 3 as well as any other published Amendments that may apply. The 2016-2017 RFO can be found at https://www.gsa.gov/portal/content/103864.

If you have any questions, please contact Robyn Bennett at robyn.bennett@gsa.gov or 816-823-3644 or Kim Chancellor at kim.chancellor@gsa.gov or 816-823-3650.
3-12.3. Fly America.
The Fly America Act of 1974 (49 U.S.C. 40118) mandates the use of U.S. air carriers for passenger and cargo air transportation funded by the government. However, exceptions are sometimes given for foreign airlines transporting government-funded cargo, if it is consistent with the goals for international aviation policy stated in section 40401(e) and is provided under a bilateral or multilateral air transportation agreement.

3-12.3.1. Air Transport Agreements.
Air transport agreements establish the basis for airlines of the countries involved to provide international air services for passengers, cargo, and mail. Open-Skies Agreements are a subset of air transport agreements that minimize government involvement in airline decision making about routes, capacity and pricing, and create a procompetitive operating environment for transportation services between the United States and foreign countries. Most air transport agreements do not address the Fly America Act. As of August 2014, seven Open-Skies agreements include provisions that allow foreign carriers to compete for U.S. government-funded transportation (referred to as preference) for contracted cargo traffic.

3-12.3.2. Cargo Preferences in Air Transport Agreements.
The provisions for cargo preferences are unique to each agreement, as are the air transport rights for carriers covered by those agreements. The list below specifies current readings for all-cargo operations for each country with cargo preferences. This will give you a clear answer as to which countries’ carriers are granted the right to carry cargo and/or passengers from the United States to their own country, and which countries’ carriers have been granted the right to carry cargo and/or passengers to a third country. These rights apply to government-funded transport on both scheduled commercial and charter operations.

   - Cargo: Saudi Arabian carriers have the right to compete for transport (passengers and cargo) on flights only between the United States and Saudi Arabia.

   - Cargo: Australian carriers have the right to compete for transport of cargo between points in the United States and points in Australia, and between Australia and any points outside the United States.

   - Cargo: Swiss carriers have the right to compete for transport of cargo between points in the United States and points in Switzerland, and between Switzerland and any other point.

4. United States Japan Memorandum of Understanding signed October 2010: Part XI
   - Cargo: Japanese carriers have the right to compete for transport of cargo between points in the United States and points in Japan, and between Japan and any other point.

   - Cargo: Carriers of the EU, Iceland, and Norway have the right to compete for cargo operations between the United States and any other point, whether in the EU or elsewhere.

Each Party grants the other Party the right to perform international air transportation between points on the following routes:
   - For airlines of the United States, from points behind the United States via the United States and intermediate points to any point or points in Curacao and beyond; and for all-cargo service, between Curacao and any point or points,

Each Party grants the other Party the right to perform international air transportation between points on the following routes:

- For airlines of the United States, from points behind the United States via the United States and intermediate points to any point or points in Azerbaijan and beyond; and for all-cargo service, between Azerbaijan and any point or points.

3.12.3.3. Other Situations.

U.S. carriers often reach code-share or blocked-space arrangements with foreign carriers. It is our understanding that in such situations, U.S. government-procured cargo may be transported by that foreign carrier, provided that the contracting is conducted with the U.S. partner.

Use of carriers that fall under a bilateral or multilateral air transport agreement which the Department of Transportation has determined meets the requirements of the Fly America Act do not require an approved foreign flag waiver signed off by the Department of State. Use of any other foreign flag carrier that does not fall under a bilateral or multilateral air transport agreement will still require a foreign flag waiver. PRIOR authorization for use of a foreign-flag aircraft must be provided by the booking office making the shipment by means of a Justification Certificate Requests for permission to use a foreign flag carrier. Send requests for permission to use a Foreign Flag carrier to the TTMCONTRACTS@STATE.GOV mailbox when the booking office is Washington, DC and to the respective Despatch Agency mailbox when the booking office is one of the Department of State Despatch Agency offices.

Use of a foreign flag carrier not covered by a U.S. Government bilateral or multilateral air transport agreement may be granted for one or more of the following circumstances:

1. no U.S. flag air carrier can provide the specific air transportation needed;
2. no U.S. flag air carrier can accomplish the agency’s mission;
3. no U.S. flag air carrier can meet the time requirements in cases of emergency;
4. there is a lack of or inadequate U.S. flag air carrier aircraft; or
5. to avoid an unreasonable risk to safety when using a U.S. flag air carrier.

TSPs must request a Foreign Flag waiver within three calendar days for UAB and seven calendar days for HHE, CNS and POV from the permission date granted from post or the packout end date (whichever is greater) via e-mail to the booking office. Excessive requests of foreign flag waivers not deemed necessary for any service lanes may result in the TSP’s removal from that lane for the duration of the RFO for DOSDC. Failure to file Foreign Flag Waiver when a Foreign Flag carrier is required and is used may result in immediate removal of the TSP from that lane and or denial of payment.

Under CFR 47.403-3 Disallowance of expenditures. (a) “Agencies shall disallow expenditures for U.S. Government-financed commercial international air transportation on foreign-flag air carriers unless there is attached to the appropriate voucher a memorandum adequately explaining why service by U.S. flag air carriers was not available, or why it was necessary to use foreign-flag air carriers.”
AMENDMENT 4
EFFECTIVE MAY 1, 2017

The Department of State has amended Section 3-13.30 Rugs/Carpets Destined to Permanent Storage of their non-alternating, Agency Specific Code DOSDD. Attached is amended Page 3-25 of the 2016-2017 Request for Offers (RFO) dated September 14, 2016. The changes are highlighted in “blue.” Please refer to the existing RFO for the remainder of Section 3 as well as any other published Amendments that may apply. The 2016-2017 RFO can be found at https://www.gsa.gov/portal/content/103864.

If you have any questions, please contact Robyn Bennett at robyn.bennett@gsa.gov or 816-823-3644 or Kim Chancellor at kim.chancellor@gsa.gov or 816-823-3650.
3-13.29. Computer Software Requirement:
The DOS has developed an Automated Accessorial Program (paperless) to improve the efficiency of receipt, review, and processing of TSP accessorial requests. All TSPs must have Microsoft Office 2010 software to be in compliance with this requirement.

3-13.30. Rugs/Carpets Destined to Permanent Storage:
All rugs and carpets destined to permanent storage shall be moth flaked, rolled, and wrapped in kraft paper, without folding, at the residence. Rugs which are 2.75 meters by 3.65 meters (9 FT X 12 FT) or larger must be identified on the inventory by color and size. The TSP shall be held responsible for all costs associated with additional services resulting from incorrect servicing of all rugs and carpets. **The cost shall be $50.00 (USD) per rug/carpet not to exceed $300.00 per shipment.**

Refer to Section 12 of this RFO for additional information and requirements for DOSDD.

3-14. Department of State (DOS) – Hagerstown, MD (DOSHW)

The DOS maintains a warehouse at the United States Logistics Center - Hagerstown, Maryland. In this warehouse are shipments of household goods effects that at some point in the past have been placed there in a permanent and/or extended storage status. Rate offers submitted in accordance with Section 3-14 are for the door-to-door delivery of these shipments to their final destination at an international location in accordance with the instructions provided on the government issued Bill of Lading. Shipments may be crated or loose. Services to be provided are non-personal services and include all necessary labor, materials and facilities for pickup, receipt, weighing, and delivery. These services will be at the direction of the DOS and in accordance with this RFO and the HTOS.

3-14.2. Application.
Except for the exceptions and additions noted elsewhere in this Section 3-14, all provisions of DOSDC as identified in section 3-12 of this RFO also apply to DOSHW.

3-14.3. Volume.
Between May 1, 2015 and April 30, 2016, there were approximately 163 shipments with an average weight of 2,900 pounds. However, and as with all estimates, there is no guarantee of shipments and the DOS reserves the right to discontinue any services at its discretion without recourse from the selected TSPs.

3-14.4. Rate Offers.
Rate offers will only be accepted for shipments originating from the Hagerstown, MD warehouse (Service Area MD00) to all international locations. Rate offers will not be accepted for shipments from the international locations back to the Hagerstown, MD warehouse. Rate offers will also not be accepted for Category 1, 2, or 3 vehicles or UAB. TSPs should zero fill these positions when submitting rate offers for DOSHW.

3-14.5. Department of State, Hagerstown Warehouse Responsibilities.
Upon receipt of notification from the TSP that they accept an offered shipment, the designated Hagerstown Staff member will arrange to have the offered household goods effects staged and available within 48 hours of notification/acceptance from the selected TSP. For partial storage removals, the Hagerstown staff will be afforded ample time to communicate storage removal actions with the owner of the household goods effects. This is contingent on the owner’s actions and timeliness. Upon completion, the designated Hagerstown staff member will notify the Operations staff and TSP that the household goods effects are available for pickup. Prior to the pack/pickup date, Hagerstown will notify the TSP of weights and pieces to be removed and any unusual items requiring special attention. TSPs will be provided with existing inventories on all shipments moving under DOSHW.

3-14.6. TSP Responsibilities.
Upon receipt of the Allocation worksheet, the TSP shall contact the designated Hagerstown Staff member within 24 hours of receipt to obtain shipment availability. The TSP is required to load the shipment from the USLC-Hagerstown within 3 business days (5 days during peak season) of issuance of Bill of Lading. Multiple shipments can be scheduled for loading on the same truck to maximize resources. The TSP is required to pack all liftvans on site at the Hagerstown warehouse. TSPs must then deliver the household goods effects back to its agent’s warehouse for preparation and shipment to its final destination in accordance with all DOSDC and DOSHW guidelines. The TSP will be self-supporting in all aspects of their operations. The TSP shall furnish all equipment, materials and tools needed to pack and transport the shipment. The TSP can be charged for use of government resources. All debris generated by the TSP must be removed by the TSP. The TSP will ensure that brand new ISPM#15 standard crates (as defined in DOSDC) are used for all export shipments to post. The TSP shall affix four (4) seals according to the standards laid out above in DOSDC to liftvans...

Household Goods Tender of Service

(GSA HTOS)

August 2010 Edition

THIS EDITION CANCELS THE PREVIOUS EDITION
Getting Started

The General Services Administration's (GSA) Household Goods Tender of Service (HTOS) provides the baseline rules for performing services as a provider in the Centralized Household Goods Management Program (CHAMP). As a Transportation Service Provider (TSP) qualified to participate in providing domestic or international transportation services, you need to be familiar with the contents of this document.

The HTOS is divided into twelve (12) Sections with five (5) Appendices. It follows a logical sequence from an Overview, to how to apply and qualify as a (TSP), through to the Forms and Reports required. The Table of Contents is searchable and keyed to each section, if you are using the document online. We recommend that the document be used online as much as possible. Online use allows you to click on many links to forms. The HTOS is mostly written in plain language. In some cases, however, more complex language is required due to law and regulation. Wherever possible, examples have been included to help define a subject.

TSPs use the HTOS in conjunction with the GSA-01 Tariff and the CHAMP Request for Offers (RFO). The GSA-01 Household Goods Government Rate Tender is published and maintained by GSA. It contains the pricing rules for domestic traffic, linehaul, accessorial services, third party services, Storage-in-Transit (SIT), Unaccompanied Air Baggage (UAB) and Privately Owned Vehicles (POV). The HTOS contains the pricing rules for international accessorial services. The Request for Offers (RFO) is the annual acquisition document available to qualified TSPs. In addition to providing rate filing instructions for CHAMP, it amends and updates the HTOS with specialized requirements by some Agencies. For example, the Veterans Administration and the State Department may desire a higher rate of released value per pound than is the minimum required by the HTOS.

While the HTOS is updated infrequently, the RFO and GSA-01 have changes annually. These three documents, along with Subchapter D of the Federal Management Regulation (41 CFR 102-117 and 102-118) and the Federal Travel Regulation (41 CFR 300-304) together comprise the rules for CHAMP. If you are new to the job, you will need to read all of these documents and understand how they fit together to make up all the rules and regulations governing CHAMP.

Do not be intimidated by these documents. They all fit together logically. It will take some time and study to understand all of the content in each. You can always contact the Program Office with concerns and questions.

APPENDIX E –SAMPLE MEMORANDUM OF UNDERSTANDING FOR MOVE MANAGEMENT SERVICES E-1
1 Overview

This Household Goods Tender of Service (HTOS) is used to publish the performance requirements and processes for domestic and international shipments and storage of the Household Goods (HHG) for employees of the Federal agencies pursuant to the Federal Travel Regulation (FTR).

The HTOS is published and managed by:
General Services Administration
Centralized Household Goods Traffic Management Program Office (QMCCB)
(Hereinafter referred to as PMO)
Building 6
1500 East Bannister Road
Kansas City, Missouri, 64131
Website: GSA Household Goods Transportation

1.1 Application

The terms and conditions of the HTOS:

- Apply to shipments between or within the continental United States and trust territories, or possessions of the U.S., or between or within the Continental United States and foreign countries as defined in the annual Request for Offers (RFO)

- Apply to all firms approved to participate in the Centralized Household Goods Traffic Management Program (CHAMP) -- Domestic and International -- and service household goods shipments routed according to the transit times, distance tables and cost comparisons issued by GSA

- Apply to firms participating in CHAMP and servicing household goods shipments routed pursuant to any contract awarded to a participating TSP by GSA or a Federal civilian, non-Department of Defense (DoD), agency

- Supplement or supersede, as the case may be, all service provisions of any applicable tender or tariff under which a shipment may be routed, except where these conditions may be in conflict with applicable Federal, State, and local laws and regulations including international shipments.

1.2 Scope of the Household Goods Tender of Service (HTOS)

The scope of services to be provided includes, but is not limited to, transportation services (linehaul and over-ocean), accessorial services, Storage-in-Transit (SIT), third party services,
shipments of Unaccompanied Air Baggage (UAB), and shipments of Privately Owned Vehicles (POV). It applies to all civilian employees of United States Government (USG) Federal agencies of when relocating under permanent change of station orders. It applies to shipments between or within the Continental United States and trust territories, or possessions of the U.S., or between or within the continental United States and foreign countries as defined in the annual RFO.

This HTOS does not apply to DoD Federal civilian employees who are moved under the Surface Deployment and Distribution Command (SDDC) Defense Personal Property Program (DP3).

1.2.1 Services to be Furnished

Services to be furnished include:

- On-site pre-move surveys (telephonic in limited approved cases)
- Packing at origin residence using proper materials, e.g. cartons, containers, padding
- Inventorying, loading and debris removal at origin
- Shipment or transportation of property from origin to destination
- SIT when required
- Delivery to residence
- Unpacking and debris removal at destination
- Removal and placement of each article in the residence warehouse, or other building
- Disassembly and reassembly of appliances and other approved property, including hiring a third party if required, to perform the service
- UAB shipments, i.e., preparation, shipment and delivery of UAB to overseas locations
- Shipment of POV, i.e., preparation, shipment, and delivery of Privately Owned Vehicles.

1.2.2 Classification of Included Items

The HTOS and its primary related documents (the RFO and GSA-01 Tariff) apply to the class of property defined by 49 U.S.C. Section 13102 (10) (A) as amended, (1st Proviso) in effect at the time of publication. The term “household goods” as used in connection with transportation means the personal effects and property used or to be used in a dwelling, when part of the equipment or supply of such dwelling, and similar property if the transportation of such effects or property is:
• Arranged and paid for by the householder, except such term does not include property moving from a factory or store, other than property that the householder has purchased with the intent to use in his or her dwelling and is transported at the request of, and the transportation charges are paid to the Transportation Service Provider by, the household; or,

• Arranged and paid for by another party.

1.2.3 Excluded Items
Shipments specifically excluded from the scope of this HTOS are:

• Shipments that can be more advantageously or economically moved via parcel post or small package carrier
• Shipments of unusual value
• Explosives and other dangerous articles
• Commodities in bulk
• Commodities injurious or contaminating to other freight or property
• Property which by its inherent nature is liable to impregnate, contaminate or otherwise cause damage to other property or equipment
• Shipments that the Government may elect to move in Government vehicles.

Also excluded are airplanes, mobile homes, birds, pets, livestock, cordwood, building materials, and items which cannot be taken from or delivered to the premises without damage to the items or the premises. Also excluded are packing and crating services performed under a Direct Procurement Method (DPM) contract awarded by a Federal Civilian Agency.

1.3 Other General Provisions

1.3.1 Use of Term Transportation Service Provider (TSP)
The term Transportation Service Provider (TSP) is used throughout this HTOS when referring to federally approved carriers and forwarders accepted by GSA to participate in CHAMP. Shipments of HHG are tendered to the TSP. The TSP is responsible for the actions of its agents performing services associated with a HHG shipment. In the event that the terms “carrier” or “agent” appear within this HTOS, they shall be understood to mean TSP unless it is clear from the context that the term carrier or agent is appropriate to the shipment.
1.3.2 Acceptance of the HTOS
Any TSP wishing to be considered for transportation of HHG under this HTOS must accept all of its terms and conditions. If approved for the program, the TSP will be eligible for the Domestic and International traffic for which they are accepted.

1.3.3 Bills of Lading
CHAMP uses Commercial Bills of Lading (CBL) for domestic shipments. International shipments are moved on a Government Bill of Lading (GBL). The GBL is a controlled document that conveys specific terms and conditions to protect the Government’s interest and serves as the contract of carriage. A CBL is the document used as a receipt of goods and documentary evidence of title during transportation. When an Agency uses a CBL, the specific terms and conditions of a GBL are included in rate tender under this HTOS and the bill of lading shall make reference to the rate tender.

By accepting this HTOS, a TSP agrees that specific terms and conditions of a GBL are included in their rate tender. Specific terms and conditions that apply to either the GBL or CBL are included in 41 CFR 102-117.65, the “U.S. Government Freight Transportation Handbook”, 41 CFR 102-118.135 and 140.

1.3.4 Routing of Shipments
Both domestic and international shipments must be routed using GSA cost comparisons.

1.3.5 Mileage Determination
For distances between domestic points, apply the mileages provided by PC*Miler, issued by ALK Technologies, Inc. See the annual RFO for the version of PC*Miler to apply.

For origins and/or destinations in Canada, Rand-McNally mileage will be used in lieu of ALK Technologies. Rand-McNally will also be used for mileage between the gateways on Alaskan shipments traveling by land through Canada.

For distances between international points, apply the applicable mileage guide, book, or other method used in each particular country to determine mileages.

1.3.6 Industrial Funding Fee
The TSP shall submit the Industrial Funding Fee (IFF) due on all eligible CHAMP shipments. The IFF shall be submitted within sixty (60) calendar days of the end of each calendar quarter. The amount of the IFF amount must equal the sum of all shipment net charges reported to GSA, multiplied by the applicable IFF percentage. Further guidelines on how to calculate the CHAMP IFF, will be found in the annual RFO.
1.3.6.1 Industrial Funding Fee Deficiencies
In the event deficiencies are found in the IFF amounts submitted to GSA, the PMO will notify the TSP in writing of the existing deficiency. The TSP will be given an opportunity to correct the noted deficiency.

1.3.6.2 Correction of Deficiencies in IFF
Failure to acknowledge or correct deficiencies after notification by the PMO will result in the PMO placing the TSP in a temporary non-use status, in accordance with procedures in Federal Management Regulation (FMR) Part 102-117. The PMO is authorized to refer a TSP for suspension or debarment.

1.3.6.3 Failure to Submit IFF
Failure to submit the Industrial Funding Fee due GSA for HHG shipments handled by the TSP, will result in immediate placement of the TSP in temporary non-use status pending revocation of the TSP's approval to participate in CHAMP.

1.4 Revising the HTOS
The HTOS is revised and reissued by the PMO as necessary. This is done through the publication of change pages or reissuing of the document on the HTOS page from the GSA Household Goods Transportation website.

Unless otherwise specified in the Web document, the effective date will be the date of publication (posting) to the website.

The issuance of versions of the HTOS, changes thereto, or reissues thereof will only be by means of publication on the HTOS and RFO Reference Library page on the GSA website.

Unless specifically endorsed by the PMO in writing as part of the publication, versions of the HTOS issued by parties other than the PMO, including reprints of the pages, electronic copies, or any other form of publication, are null and void.
2 Application and Participation

2.1 Overview

Participation in the GSA Centralized Household Goods Traffic Management Program (CHAMP), for both domestic and international Household Goods (HHG) shipments, is open to any household goods carrier or freight forwarder holding appropriate authority (e.g., certificates, licenses, or permits) from the U.S. Department of Transportation, Federal Maritime Commission, or State regulatory authority.

This section describes how an eligible firm may apply for acceptance as a Transportation Service Provider (TSP) for CHAMP. It also describes the conditions for continuing in CHAMP, including restructuring of the approved scope of operations.

A firm may apply to participate in CHAMP at any time, subject to the restrictions set out in Section 2.2, below.

2.2 Restrictions on Applications for Approval

Previous CHAMP TSPs, whether terminated by GSA or voluntarily withdrawn from the program, may apply for approval subject to the restrictions in the following table:

<table>
<thead>
<tr>
<th>If:</th>
<th>Then the firm:</th>
<th>When?</th>
</tr>
</thead>
<tbody>
<tr>
<td>The firm was terminated by GSA</td>
<td>May apply for approval.</td>
<td>One calendar year after termination</td>
</tr>
<tr>
<td>The firm voluntarily withdrew</td>
<td>May apply for approval.</td>
<td>Immediately</td>
</tr>
</tbody>
</table>

See also Section 2.5 below for further information on the approval process for previously approved TSPs.

2.3 Application and Approval Process

TSPs who apply to participate in CHAMP are stringently evaluated and assessed. TSPs qualify on financial stability, business experience, quality assurance, and knowledge of the Household Goods Tender of Service (HTOS). TSPs shall submit a complete approval application package. This approval package is reviewed by the Program Management Office (PMO). If accepted, the TSP will then be approved to participate in CHAMP.

To become an approved CHAMP TSP, go to the GSA Household Goods Transportation website. Find the HHG TSP Approval Requirements under Transportation Service Provider Information. (Household Goods Transportation > Transportation Service Provider Info > Household Goods TSP Info)
• Download the Household Goods Application Instructions
• Download the Domestic Application, if applicable
• Download the International Application, if applicable.

Note that a TSP may apply for domestic approval only, international approval only or both. If a TSP seeks both domestic and international approval both applications shall be submitted. Refer to the downloaded Household Goods Application Instructions for complete details.

To complete an application, the following items shall be provided to the PMO:

• E-mail/attachment containing Domestic and/or International Application(s)
• Completed Carrier Request to Participate and Agreement (see Appendix C – Forms)
• Completed Trading Partner Agreement (see Appendix C Forms)
• Standard Carrier Alpha Code (SCAC) Certification Letter.

Complete and submit the application and documentation as required in the instruction document and this section. An application is not complete until all of the listed items are submitted and any questions from the PMO are satisfactorily answered. Failure to respond to PMO requests for additional information by the suspense date established in the request will delay consideration and may result in termination of the application without action.

GSA will notify applicants of their approval or rejection within sixty (60) calendar days of receipt by GSA of their completed package.

2.4  New Applicants

This section includes additional information about the terms and conditions governing an application for CHAMP. They amplify and extend the information in the Household Goods Application Instructions.

Unless otherwise provided, the term applicant shall mean the applicant firm.

2.4.1 Applicant Information

Information concerning the applicant includes name, postal address, electronic mail address, telephone and facsimile numbers, corporate office, operating authorities, and other forwarders with which the applicant does business. The applicant shall indicate whether or not it is under the financial or administrative control of any other household goods carrier or forwarder, and state the name of the carrier or forwarder controlling the applicant. The applicant will provide a
list of HHG carriers and forwarders which are under its common financial or administrative control.

2.4.2 Agreement to Abide By the HTOS
The applicant shall submit an original signed copy of the “Request to Participate and Agreement to Abide by the Terms and Conditions of the General Service Administration's Centralized Household Goods Traffic Management Program” (see Appendix C – Forms). By this, the applicant agrees that it and its agents shall abide by the terms and conditions of the CHAMP HTOS. If the applicant is applying for both Domestic and International Programs, only one signed original document is required.

2.4.3 Authority and Licenses

2.4.3.1 Applicant
The applicant shall submit any applicable ownership requirement established by law for the type of services in which it engages.

The applicant shall hold all necessary operating authorities, permits and business licenses issued in its name, from appropriate regulatory bodies, for the transportation of personal property, and will provide copies of each authority, permit or business license to the PMO upon demand.

If the firm is exempt from such regulatory certification by operation of law or order of an appropriate regulatory body, it shall so state and be bound by applicable tariff and legal requirements and the provisions of this HTOS.

2.4.3.2 Applicant’s Agents
The applicant shall ensure that its agents also meet any applicable ownership requirements established by law for the type of services in which it engages.

The applicant shall certify that each agent it will use holds all necessary operating authorities, permits, business licenses issued in its name, from appropriate regulatory bodies, for the provision of agent services as defined in this HTOS and will provide copies of each authority, permit or business license to the PMO upon demand.

If an agent is exempt from such regulatory certification by operation of law or order of an appropriate regulatory body, it shall so state and be bound by applicable tariff and legal requirements and the provisions of this HTOS.
Note: Each Agency using CHAMP has the right to establish its own agent approval process in addition to the CHAMP application and approval process. Each Federal agency requiring agent approval is responsible for establishing its own application submission requirements, approval standards, approval processing and issuance.

2.4.4 TSP-Agent Agreement
The applicant shall certify that each agent it will use to provide agent services is party to a valid written agency agreement between itself and the applicant. This agreement shall be in effect at the time of application or will be at the time of use, if approved. The agency agreement shall, at a minimum, contain the language set out in Section 3, setting out the terms and conditions of the agent’s representation of the TSP, the services to be provided, the terms and method of payment for services rendered, the quality control standards expected by the firm and the method of quality measurement, and the terms under which the agreement may be terminated.

2.4.5 Standard Carrier Alpha Code (SCAC) Designation
An applicant shall have a valid SCAC as issued by the National Motor Freight Association, Washington, DC. An applicant’s request will not be processed without the SCAC.

2.4.6 Trading Partner Agreement
The applicant shall complete and sign the Trading Partner Agreement (TPA) form (see Appendix C - Forms) and send the hard copy back with all other required documentation. If applying for both the Domestic and International Programs, only one TPA needs to be submitted. An applicant’s request will not be processed without the TPA.

2.4.7 Cargo Insurance
The applicant shall maintain cargo liability insurance during the term of this agreement. At a minimum, this insurance will be in the amount of $65,000 for any one shipment per (transporting) vehicle and $150,000 for any one disaster causing loss or damage to the contents of two or more shipments per (transporting) vehicle or property otherwise located. The insurance policy shall not contain any provision excluding liability for loss and/or damage for which the firm is responsible under the terms of this HTOS.

The cargo liability insurance certificate shall provide that notice of termination or cancellation be furnished to the PMO thirty (30) calendar days prior to such termination or cancellation.
### 2.4.8 Performance Bond -- International Only

If the applicant is applying for approval to handle international shipments, the firm shall maintain a performance bond during the term of this agreement. The amount of the bond shall be for the greater of $75,000 or 2.5% of the firm's (principal) gross annual revenue derived from CHAMP GBL shipments the preceding calendar year. The bond shall be executed by a surety company appearing on the list contained in the Department of Treasury Circular 570, “Surety Companies Acceptable on Federal Bonds.”

The bond is continuous until canceled by the TSP or surety company. In the event a bond is canceled, it shall be replaced by the close of business on the date of cancellation in order to maintain approval.

Use Standard Form (SF) 25 for this purpose (See Appendix C – Forms). The performance bond must be delivered to the PMO no later than the due date for the filing of rates in the Filing Cycle following applicant’s approval. The performance bond shall be renewed annually in conjunction with rate filing as directed in the RFO.

### 2.4.9 Experience

The applicant shall conduct and maintain operations consistent with standard industry practices and this HTOS so that an acceptable level of service shall continue to be provided.

The applicant shall certify that each agent it will use conducts and maintains operations consistent with standard industry practices and this HTOS so that an acceptable level of service shall continue to be provided.

### 2.4.10 Scope of Operation

The applicant shall submit information about their current and proposed scope of operation. For its current scope of operation, the applicant shall provide the actual number of shipments handled between each serviced service-area pair during the past five (5) years.

### 2.4.11 HTOS Questionnaire

The applicant shall complete the HTOS questionnaire which is designed to familiarize the applicant with the requirements of the HTOS and is contained in the application package on the web (See Section 2.3). GSA reserves the right to require that the HTOS Questionnaire be resubmitted when the applicant has failed to complete a substantial number of the questions correctly.
2.4.12 Quality Control Program
The applicant will furnish information regarding its published internal quality control program covering the functions of traffic management (routing, tracing, and billing), packing, packaging, containerization, employee training, supervision, and, if appropriate, agent supervision. This will include quality goals and objectives with measurable performance standards, measurement techniques, and actions based on those standards.

The applicant will furnish information on how its quality control program is applied to its agents and how it is monitored. In addition, the applicant will describe how its program relates to, and reinforces the quality control program of, its agents.

Valid certification under ISO 9000 or ISO 9001 may be submitted as evidence of an acceptable Quality Control Program in both the applicant’s and its agents’ organizations.

2.4.13 Financial Responsibility
The applicant shall demonstrate its financial responsibility, working capital, and other financial, technical, and management resources.

2.4.14 Agent Facilities
The applicant’s agents shall have the following:

- 2,000 cubic feet of storage space available for the use of the applicant
- Two vehicles, one of which shall be a weather-tight van of at least 1,000 cubic feet capacity and one open bed vehicle with a minimum length of 16 feet each
- One mobile lifting device (e.g., forklift) with a minimum lifting capacity of 4,000 pounds.

2.5 Previously Approved Firms
If the applicant has been terminated or has voluntarily withdrawn from CHAMP participation, reapplication is governed by the rules in Section 2.2. The application shall be supported by statements from all federal agencies that had previously used that firm for household goods transportation services. The statements of support shall be in the form and format specified by GSA.

2.6 Additional Information
GSA reserves the right to request additional or supplemental information when the information contained in the application is insufficient for a proper evaluation. Unless requested by GSA, additional or supplemental information will not be accepted.
2.7 False Statements

A firm shall submit an application in its own name for approval as a TSP. A firm that on its own behalf or on behalf of an agent (a) falsifies, conceals, or covers up by any trick, scheme, or device a material fact; (b) makes any false, fictitious or fraudulent statement or representation; or (c) makes or uses any false writing or document knowing the same to contain any false, fictitious or fraudulent statement or entry on any part of the application or on any document furnished pursuant to this HTOS is punishable by fines, imprisonment, or both (U.S. Code, Title 18, Section 1001).

2.5 Previously Approved Firms Statements of Support | GSA will evaluate the federal support for the applicant to determine whether the applicant’s recommencement of operations or its initiation of operations is supported by at least 75% of its former federal, non-DOD customers.

### 2.9 Approval

A firm will be approved when the PMO’s evaluation determines that the applicant possesses sufficient qualifications, experience, facilities, quality control processes, and financial capacity to participate in CHAMP. The approval of a firm shall include a limitation on the scope of that firm’s operations within the program. The limitation shall be determined in accordance with the following criteria.

#### 2.9.1 New TSPs

New TSPs are those applicants approved as CHAMP TSPs who have never been approved before. The designation “new” will apply until November of the calendar year following the year in which approval was granted. For example, an applicant approved in 2010 will be considered a new firm until November, 2011. GSA will limit the new TSP’s scope of operation to that consistent with the applicant’s experience, resources, quality control processes and financial responsibility.

#### 2.9.2 Applicants Whose Prior Approval Has Been Terminated

A TSP who was previously terminated by GSA and has subsequently successfully reapplied shall be granted a scope of operation not exceeding that previously approved. GSA may determine that a lesser scope is consistent with the applicant’s experience, resources, quality control processes, financial responsibility and prior performance in the program.

#### 2.9.3 Applicants Who Have Voluntarily Withdrawn

A TSP who voluntarily withdrew from CHAMP and has subsequently successfully reapplied shall be granted a scope of operation not exceeding that previously approved. GSA may determine that a lesser scope is consistent with the applicant’s experience, resources, quality control processes, financial responsibility and prior performance in the program.

#### 2.9.4 Advertising of TSP Approval

Except in those instances where the TSP uses information or data publicly available, the TSP shall not refer to GSA approval to participate in the program or participation in the program in commercial advertising in such a manner as to state or imply that the services provided are
endorsed or preferred by the Federal Government or are considered by the Government to be superior to other services.

### 2.10 Rejection of Application to Participate

An applicant may be rejected for the following reasons:

- An applicant's failure to file information by due dates established by the PMO
- An applicant not meeting the financial qualification standards
- An applicant not meeting the business and operational responsibility standards such that a scope of operation cannot be established.

### 2.11 Continued Participation

Once an applicant has been approved to participate, continued participation depends upon:

- The TSP showing a willingness and ability to meet the transportation requirements of the United States Government and the HTOS
- The TSP's maintenance of financial responsibility, working capital, and other financial, technical, quality control processes, and management resources necessary to continue to perform
- The TSP’s Continuation of Insurance. If at any time the TSP's certification statement of cargo liability insurance is not provided to the PMO in accordance with the RFO, the TSP's participation in the program will be immediately terminated
- The TSP’s continuation of Performance Bond. If at any time the TSP's performance bond for the International Program is canceled and not replaced with an acceptable new bond, the TSP's participation in the program will be immediately terminated
- The TSP’s continuation of ISO 9000/9001 Certification. In the event that a TSP's approval is predicated in part on ISO 9000/9001 certification and that certification lapses or is terminated by the certification registrar, the TSP's approval will become conditional until it has completed all parts of the application that were waived because of the ISO 9000/9001 certification. However, should the TSP not meet the evaluation standards approval will be terminated.
- The TSP is prohibited from any assignment of rights. In the event a TSP exercises any right under a currently existing agreement or enters into agreements with parties not subject to its control which in any way infringe, controvert, or otherwise subordinate or
prevent the TSP from deciding unilaterally whether it will or will not submit a claim or file suit against the Government or pay a claim by the Government after the original bill for services performed under this HTOS, the TSP’s approval will be immediately terminated. An exception is the assignment of payment of the TSP’s original bills to a bank for collection.

2.12 Scope of Operation Adjustments

Adjustments to a TSP’s scope of operations are made based on the TSP’s Customer Satisfaction Index (CSI) derived from The Household Goods Carrier Evaluation Report, GSA Form 3080. This is described in Section 7.

2.12.1 Adjustment When the CSI Is Greater Than 105

A CSI greater than 105.00 indicates better than average customer satisfaction. A TSP with a CSI greater than 105.00 may increase its scope of operation by an amount equal to the difference between its CSI and 100.00. For example, a CSI of 109.83 would permit a 9.83% increase in the number of service area pairs (SAP) in the approved scope of operation. See the following computations example.

Note: In these computations all percentages relating to the number of SAPs are rounded up to the next greater whole number (e.g., 0.29 is rounded up to 1.)

<table>
<thead>
<tr>
<th>Sample Scope of Operations Adjustment When The CSI Is Greater Than 105</th>
</tr>
</thead>
<tbody>
<tr>
<td>Program Average = 100.00</td>
</tr>
<tr>
<td>TSP CSI = 109.83 / Current # of SAPs approved = 3</td>
</tr>
<tr>
<td>Step 1:</td>
</tr>
<tr>
<td>109.83 - 100.00 = 9.83</td>
</tr>
<tr>
<td>Step 2:</td>
</tr>
<tr>
<td>Move the decimal two places to the left: 9.83 to .0983 to obtain percent increase</td>
</tr>
<tr>
<td>Step 3:</td>
</tr>
<tr>
<td>3 x .0983 = .29 or an increase of 1 SAP</td>
</tr>
</tbody>
</table>

2.12.2 Adjustment When the CSI is between 95 and 105

A CSI between 95.00 and 105.00 indicates average customer satisfaction. A TSP with a CSI between 95.00 and 105.00 may not change its scope of operation.
2.12.3 Adjustment When the CSI Is Less Than 95
A CSI less than 95 indicates below average customer satisfaction. A TSP with a CSI less than 95.00 will have its scope of operation decreased by an amount equal to the difference between its CSI and 100.00.

2.12.3.1 Reduction of A Multi-Service Area Pair Scope
When a TSP has a multi-service area scope, the TSP will be required to reduce its scope of operation by an amount equal to the difference between its CSI and 100.00. For example, a CSI of 88.23 would require an 11.77% decrease in the number of service area pairs (SAP) in the approved scope of operation. See the following computations:

<table>
<thead>
<tr>
<th>Sample Scope of Operations Adjustment When the CSI is Less Than 95</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Program Average</strong> = 100.00</td>
</tr>
<tr>
<td><strong>TSP CSI</strong> = 88.23 / <strong>Current # of SAPs approved</strong> = 115</td>
</tr>
<tr>
<td><strong>Step 1:</strong> 100.0 - 88.23 = 11.77</td>
</tr>
<tr>
<td><strong>Step 2:</strong> Move the decimal two places to the left: 11.77 to .1177 to obtain decrease</td>
</tr>
<tr>
<td><strong>Step 3:</strong> 115 x .1177 = 13.54 or decrease of 14 SAPs</td>
</tr>
</tbody>
</table>

2.12.3.2 Reduction When the TSP Has a Small Scope of Operations
When a TSP’s CSI is less than 95.00 and the scope of operation adjustment would result in a complete elimination of the TSP’s scope of operations (i.e., zero service area pairs), the scope will not be changed for the filing cycle during which the Customer Satisfaction Index will be effective. This is subject to the following provisions:

- The TSP’s approval will be changed to conditional for the filing cycle during which the Customer Satisfaction Index will be effective
- If the TSP's Customer Satisfaction Index for the subsequent customer satisfaction rating period is 95.00 or greater or the TSP is unindexed for the subsequent customer satisfaction rating period, the conditional approval will be terminated
- In the event the TSP's Customer Satisfaction Index for the subsequent customer satisfaction rating period remains less than 95.00, the TSP's approval will be terminated.
2.12.4 Adjustment When There Is No CSI

The lack of a CSI indicates that GSA has been unable to establish the quality of the TSP's performance. An unindexed TSP may not change its scope of operation.

2.12.5 Adjustments Based On Factors Other Than the CSI

For TSPs that have filed rates since their approval, the approved scope of operation below may be adjusted upon written request by the TSP. This excludes new TSPs. Any approved adjustment will be effective as determined by the PMO. The following sections describe the other factors that may be considered.

2.12.5.1 Adjustment Based On an Increase in Operating Authority

If a TSP's operating authority increases, no adjustment in the assigned scope of operation will be made unless the TSP's current published Customer Satisfaction Index is greater than 105.00. However, GSA reserves the right to require the TSP to submit current information in accordance with the requirements set out in Section 2.5, and to increase, decrease, or not change the TSP's scope of operation based on the evaluation of that information.

2.12.5.2 Adjustment Due To Mergers and Acquisitions

If a TSP's operating authority increases because of a merger or acquisition, no adjustment in the assigned scope of operation will be made unless the TSP's current published Customer Satisfaction Index is greater than 105.00. However, GSA reserves the right to require the TSP to submit current information in accordance with the requirements set out in Section 2.5, and to increase, decrease, or not change the TSP's scope of operation based on the evaluation of that information.

2.12.5.3 Adjustments Based On Reorganization Plans

When a TSP files a petition for reorganization under the laws of the United States or a foreign country, the TSP shall notify the PMO immediately. TSP's approval to participate in the program will be reviewed. If a TSP's plan for reorganization is approved under the laws of the United States, GSA will require the submission of current information in accordance with the requirements set out in Section 2.5, and increase, decrease, or not change the TSP's scope of operation based on the evaluation of that information.

If the TSP fails to notify the PMO of its filing for reorganization its approval to participate in CHAMP will be terminated.
2.12.5.4 Adjustment Based On Financial Capacity
GSA reserves the right to require a TSP to submit current financial information and increase, decrease, or not change the TSP's scope of operation based on the evaluation of that information.

2.12.5.5 Adjustment Based On Redesignation of Principal Operating Company
A TSP's scope of operation will not be adjusted due to the redesignation of the principal operating company by the parent company.

2.12.5.6 Adjustment Based On TSP Name Change
An approved TSP may change its name upon submission of a copy of its approval by the U.S. Department of Transportation or appropriate regulatory authority to the PMO. Such documentation shall clearly demonstrate a change of name. No adjustments in the assigned scope of operation will be made. However, GSA reserves the right to require the TSP to submit current information in accordance with the requirements set out in Section 2.5 above, and to increase, decrease, or not change the TSP's scope of operation based on the evaluation of that information.

2.12.5.7 Adjustment When More than One of the Factors Applies
When more than one of the factors cited in Sections 2.12.5.1 through 2.12.5.6 applies (e.g., an approved reorganization coupled with a name change), GSA reserves the right to determine the factor under the terms of which any adjustment action will be taken.

2.13 Restructuring of Scope of Operation

2.13.1 Restructuring Due to Bankruptcy
A TSP filing a petition for bankruptcy under the laws of the United States or a foreign country shall notify the PMO immediately. When a TSP files a petition for bankruptcy, the TSP's approval to participate will be immediately suspended pending outcome of the bankruptcy proceedings. In the event the TSP fails to notify the PMO of its filing its approval to participate in CHAMP will be terminated.

Upon approval of a reorganization plan by the responsible Bankruptcy Court of the United States, a TSP is required to submit a plan for restructuring of its scope of operation and the information required in Section 2.5.
2.13.2 Restructuring Based On Changes in Traffic Patterns

Over a period of time and for various reasons, a TSP’s predominant and long-term traffic patterns may change. Such changes may result in the CHAMP approved scope of operation no longer matching the traffic patterns of the TSP.

Accordingly and notwithstanding any of the provisions set out in Section 2.5, a TSP may request in writing a restructuring of its scope of operation. Restructuring the scope of operations consists of replacing SAPs. The restructuring will not result in an increase in the scope of operations.

2.13.2.1 Timing of Request

No earlier than five (5) years after the year in which the TSP was approved to participate in the program and in five (5) year increments thereafter, a TSP may request a review of its scope of operations. For example, a TSP approved in calendar year 2006 may request a review of its scope of operation in calendar year 2011 and thereafter in calendar years 2016, 2021, and so on.

2.13.2.2 Procedure

When a TSP has determined that it wants to exercise its right to request a restructuring, the TSP shall notify the PMO in writing of its intent to file a request for restructuring under the terms of this HTOS. Upon receipt of such notice, the PMO will transmit to the TSP the instructions for the submission of its requests. The TSP shall then file the formal request in the anniversary year. A formal request to restructure, as opposed to the notice of intent to request restructuring, received in other than the anniversary year will be rejected.

2.13.2.3 General Content of Instructions

Generally, the TSP shall be required to submit the information identified in Section 2.5 together with sufficient traffic flow statistics and such other information as may be needed to support a conclusion that a substantial, long-term change in traffic patterns different from the approved scope of operation has occurred.

2.13.2.4 Action on the Request

GSA reserves the right to restructure, decrease, or not change the TSP's scope of operation based on the evaluation of the information submitted with the request to restructure.
2.13.3 Needs of the Program

GSA reserves the right to increase or restructure a TSP's scope of operation without regard to the TSP's Customer Satisfaction Index when the needs of the program require such increase or restructuring.

2.14 Updating Approval Information

Whenever an approved TSP makes substantive changes in its organization or operation as described in its approval application, the TSP shall advise the PMO in writing of such changes.

2.15 TSP Withdrawal from CHAMP

A TSP may terminate its participation in the program at any time at its discretion. A TSP withdrawing its approval to participate in CHAMP shall notify the PMO in writing.

2.16 Constructive Withdrawal

A TSP may be withdrawn from participation in the program if it does not file rates in two (2) consecutive years.
3 Responsibilities and Authorities

3.1 Program Manager Responsibilities and Authorities

The following table summarizes the responsibilities and authorities of the GSA Centralized Household Goods Traffic Management Program (CHAMP) Program Manager and the Program Management Office (PMO). In general, the Program Manager is responsible for the overall management and administration of CHAMP. The Program Manager is ultimately responsible for the effective operation of CHAMP and is the final arbitrator in disputes.

Unless otherwise specified in the table below, all provisions are applicable to domestic and international moves. Specific provisions for international are grouped at the bottom of the table.

Initial decisions by the RTO are final and conclusive to Transportation Service Provider (TSP) unless an appeal is made to the Program Manager/PMO.

All documentation preparation and annotation is the responsibility of the Ordering Officer unless specified elsewhere. The Ordering Officer is responsible for distributing the Bill of Lading or GBL.

3.3 Transportation Service Provider (TSP) Table of Responsibilities and Authorities

The table below summarizes authorities and responsibilities of the Transportation Service Provider (TSP). This table is only a summary. Specific TSP responsibilities and authorities are defined throughout the HTOS, especially in Section 5, Household Goods Services, and Section 11, Reporting. The TSP and its agents share in the execution of these responsibilities. Although agents perform a vital role in this regard, the principal responsibility for these requirements is on the TSP. The TSP is always responsible for the actions of its agents.

A TSP can request a waiver of a requirement or approval for a special service. All verbal requests shall be followed up in writing.

Unless otherwise specified in the table below, all provisions are applicable to domestic and international moves. Specific provisions for international are grouped at the bottom of the table.

4 Offers of Service

4.1 Overview

GSA will issue a Request for Offer (RFO) annually to all Transportation Service Providers (TSPs) approved to participate in the Centralized Household Goods Traffic Management Program (CHAMP). During the RFO process, TSPs may submit offers to provide the Household Goods (HHG) transportation services covered by this Household Goods Tender of Service (HTOS). The filing of offers is restricted to an approved TSP’s scope of operation. The scope of operation is determined during the application process described in Section 2 of this HTOS which also details the process for expanding or contracting the scope. Offers outside the TSP’s approved scope of operations will be rejected during the RFO period.

4.2 Geographic Coverage

The geographic areas included in TSP offers of service are defined in the RFO. Additionally:

- Offers for domestic service (with the exception of Alaska) shall be for all points within the defined service areas for interstate and for the full state for intrastate offers
- Offers for service within Alaska or between Alaska and all other points defined as domestic will include only those points identified in the RFO
- Offers for all international service may be between international areas or between international and domestic areas. In either case, offers for international service shall be for all points within the defined service areas and/or countries.

4.3 Annual RFO Process

Instructions and timing for the filing and acceptance of offers, the RFO, will be issued by the PMO on an annual basis, unless changes in the program or other factors require the issuance of different instructions. Except as provided below, all terms, conditions, and instructions are contained in the RFO. In general, the RFO:

- Provides special instructions that amplify the information in the HTOS
- Solicits rates for domestic and international HHG services
- Provides details on the computation of the GSA Industrial Funding Fee (IFF)
- Provides special agency provisions that apply to the HHG shipments of a specific Federal agency
- Provides criteria for the evaluation and acceptance of rate filings
• Provides technical details on the rate filing process.
5 Household Goods Services

5.1 Scope of Service
This section discusses the performance requirements for the shipment and storage of an employee’s household goods. The Responsible Transportation Officer (RTO), or the relocating employee, or a properly authorized representative, shall establish firm service dates in conjunction with the Transportation Service Providers (TSPs) accepting shipments offered under this Household Goods Tender of Service (HTOS). Dates establish the timeline for the prompt performance of all necessary origin and destination services for domestic and/or international shipments including Household Goods (HHG), Unaccompanied Air Baggage (UAB), Privately Owned Vehicle (POV) and Storage-in-Transit (SIT).

5.1.1 General Services to be Furnished
Services to be furnished for all CHAMP shipments include:

- On-site pre-move surveys (telephonic in limited approved cases)
- Packing at origin residence using proper materials, e.g. cartons, containers, padding
- Inventorying, loading and debris removal at origin
- Shipment or transportation of property from origin to destination
- SIT when required
- Delivery to residence
- Unpacking and debris removal at destination
- Removal and placement of each article in the residence warehouse, or other building
- Disassembly and reassembly of appliances and other approved property, including hiring a third party if required, to perform the service
- UAB shipments, i.e., preparation, shipment and delivery of UAB to overseas locations
- Shipment of POV, i.e., preparation, shipment, and delivery of Privately Owned Vehicles.

These services shall be performed on, before or after the date shown on the Bill of Lading (BL) (Commercial Bill of Lading (CBL) or Government Bill of Lading (GBL) as appropriate). The required delivery date noted on the BL will not be construed by the TSP as a request for expedited service unless specifically authorized by the RTO. The physical transfer of individual shipments from one linehaul vehicle to another will be held to a minimum. TSPs shall maintain continuous control of shipments and shall be responsible for monitoring and tracing to ensure prompt completion of all services.
In those instances when a TSP has the capability, it may make available (at no cost to Federal agencies) electronic communications for such purposes as shipment booking, tracing and claims settlement information.

5.1.2 **Additional Scope of Service for International Shipments**

Unless directed otherwise by the employing Federal agency, for international shipments, the TSP shall be required to:

- Place HHG in Type II containers at origin
- Provide surface transportation to the ocean carrier’s terminal
- Transfer of goods to sea shipping container, if necessary
- Provide transportation of shipping containers to port of debarkation
- Transfer goods loaded in Type II containers from sea containers to motor TSP, if necessary
- Deliver HHG into storage or to destination residence or place Type II containers in sea containers at origin residence and transport to destination residence or storage facility. These services supplement the general services to be provided to all CHAMP shipments.

See also those provisions applicable to international shipments only below.

5.2 **General Provisions for HHG Shipments**

This section discusses the general provisions for the transportation of HHG. They apply to all domestic shipments. They also apply to all international shipments subject to the supplementary procedures in Section 5.3 below.

All communication with the government for the purposes of shipping, booking, tracing and settling claims shall be in writing unless waived by the RTO or Program Management Office (PMO). Electronic communications are preferred, if available.

5.2.1 **Pre-Move Survey**

The TSP shall perform a pre-move survey of the HHG to be transported. All surveys are to be conducted onsite at the primary pick-up location. Upon request of the TSP, in extraordinary circumstances, the RTO may waive this requirement in favor of a telephone survey.
5.2.1.1 Conducting the Survey

Appointments shall be made with the employee or their authorized agent, and, if changes need to be made, timely communication is required. The survey will determine items to be shipped, approximate weight, and materials needed to pack and move the shipment. All major items of furniture, appliances and equipment should be noted. Special packing materials needed for fragile items, flat screen televisions, front load washers and dryers or other special materials shall be noted. The scheduled dates for packing and pick-up will be determined at this time. At the time of the survey, the TSP shall provide the employee or their agent a copy of GSA’s “Your Rights and Responsibilities”. This is available from the GSA Household Goods Transportation website at Agency Shipping Household Goods > Rights and Responsibilities Pamphlet.

Upon completion of the survey, the employee or their agent will be provided a signed copy of the pre-move survey including the TSP’s estimated weight and other documentation.

5.2.1.2 Establishing Pick-up Date

TSPs will be provided at least five (5) business days advance notice when tendered shipments. Under unusual circumstances, TSPs may agree, but are not obligated, to accept pick-ups on less than five (5) business days notice. When shipments are accepted with less notice, the TSP is obligated to the agreed pick-up date.

- For domestic shipments, the employee or his authorized representative and the TSP shall establish and agree to a pick-up date.
- For international shipments, the RTO and the TSP shall establish and agree to a pick-up date.

5.2.2 Packing

The TSP is responsible for packing HHG shipments in a professional manner. All items will be packed so as to prevent damage or loss of personal property. The packing will be done in such a manner as to minimize weight. The TSP shall pack efficiently and effectively using the smallest cubic measurement producing packages that will withstand normal movement without damage to the transporting vehicle, liftvan/container, or contents.

The TSP has the responsibility to inspect all pre-packed goods to ascertain the contents, and their condition, and that only articles not otherwise prohibited by the TSP’s tariff and this HTOS are contained in the shipment. Furthermore, when it is determined by the TSP that pre-packed goods require repacking, such packing will be performed by the TSP.
5.2.2.1 Container Requirements
The number and weight of containers will not be greater than necessary to accomplish efficient transport.

5.2.2.1.1 Original Containers
At the employee's request, articles such as electronic equipment and computer equipment and peripheral devices (e.g., printers, modems, external drives, etc.) will be packed in original containers by the TSP when furnished by the employee and if the containers are in good condition for shipping purposes. When original cartons are utilized, the provisions of Section 5.2.2.1.2 below do not apply.

When the original containers are not available and, when necessary to protect electrical equipment for safe transportation or during SIT, such equipment will be completely wrapped in paper or unicellular polypropylene foam and packed in a carton with enough padding to provide insulation necessary to prevent contact of one article with another and to eliminate movement of any article in the liftvan/container. When packing in a carton is not necessary, the items will be properly wrapped and padded for protection.

5.2.2.1.2 Cartons
Cartons of solid or corrugated fiberboard will be used for packing linens, books, bedding, lampshades, draperies or other similar articles. After packing, cartons shall be sealed by taping lengthwise at the joint on top and bottom. The inside dimensions of the carton (length, width, and depth totaled) will not exceed seventy-five (75) inches with a weight limitation of sixty-five (65) pounds. All corrugated cartons shall be stamped with a manufacturer's certificate indicating name of manufacturer, minimum combined weight of facings, size limit, gross weight limit and information indicating type of carton. Cartons lacking such certification are not authorized for use. Egg crates, fruit or vegetable crates, tea crates and similar type boxes will not be used, even when packed by the property employee. Overflow boxes will not be of triwall or corrugated cardboard construction.

5.2.2.1.3 Barrels, Fiber Drums, and Cartons
Wood barrels, fiber drums or cartons with a capacity of not less than five (5) cubic feet are to be used for packing glassware, chinaware, bric-a-brac, table lamp bases and other fragile articles. When packing fragile items has been completed and space is left in a dish pack, such space may be used for packing other lightweight items. These containers will not contain more than 120 pounds. Corrugated containers may be used instead of barrel or drum-type containers. No more than 120 pounds of material will be packed therein. The sum of the interior horizontal and vertical girths will be not less than 157 inches for wooden barrels, fiber
drums or other drum-type containers. The cube of corrugated containers will be determined by actual measurements. All barrels or fiber drums will be securely headed and marked “This End Up.”

5.2.2.1.4 Crates
Except for the packing of grandfather clocks, glass and marble tabletops, projection televisions, flat panel televisions and pool table slate, the use of crates must be authorized by the RTO.

5.2.2.2 Packing Materials
TSPs will only use new materials in sufficient quantities and of sufficient quality to protect the employee’s property during packing, shipping, storage and unpacking. The use of damp, wet or unclean packing is prohibited.

5.2.2.2.1 Wrapping
Wrapping paper or unicellular polypropylene foam will be new, clean and appropriate for the purposes intended. Each item of silverware, silver ornamentation or brass that is not coated to prevent tarnishing will be completely wrapped in unicellular polypropylene foam or non-tarnish tissue paper.

5.2.2.2.2 Paper, Waxed or Treated
All waxed paper used will be manila wax or equivalent. Treated paper may be used if it is butcher type paper.

5.2.2.2.3 Unicellular Polypropylene Foam
All unicellular polypropylene foam wrapping material will be new, clean and will conform to Federal Specification PPP-C-1797A.

5.2.2.2.4 Padding
New and good quality used-wood excelsior pads, unicellular polypropylene foam, shredded paper pads or other equally suitable material will be used when required.

5.2.2.2.5 Filler Material
Good quality wood excelsior pads, wood wool excelsior pads, shredded paper pads, cellulosic (bubble pack, etc.) cushioning material, fiberboard, corrugated fiberboard, unicellular polypropylene foam, unprinted newsprint, and/or kraft paper will be used as a filler.
5.2.2.3 Marking Requirements

All packed or wrapped items shall be marked on the exterior in general terms as to the nature of the contents. Each carton or other piece of the shipment shall be identified with an inventory number that will be recorded on the inventory form.

If a shipment will be going into SIT, each carton or piece of the shipment shall also be identified with a lot number and last name of the employee.

5.2.2.4 Books

Books will be placed in cartons. All books of similar size will be packed together in rows. Pads of solid or corrugated fiberboard will be inserted between rows and packed tightly, wedged with pads or paper, if necessary, to fill out the carton and prevent chafing. Books normally will not be packed more than two (2) rows high in a book carton.

5.2.2.5 Fragile items

Use of clean bubble type or other modern method of packing is required for the packing of glassware, chinaware, bric-a-brac, table lamp bases and other fragile articles. Packing of fragile items shall be such as to keep the articles safe from the normal hazards of transportation. Use of excelsior or shredded paper is not acceptable.

5.2.2.6 Kitchenware

All kitchenware will be padded and packed into cartons. Kitchenware shall not be packed with other items.

5.2.2.7 Linens, Clothing, and Draperies

Linen, clothing, draperies and similar items may remain in drawers, chests, dressers, trunks, etc., when considered safe for carriage. If considered unsafe for carriage, these items will be packed carefully into new cartons which will be properly sealed at residence.

This provision applies to domestic shipments only.

5.2.2.8 Use of Wardrobes

On domestic door-to-door shipments, clothing normally on hangers will be hung in wardrobes.

This provision applies to domestic shipments only. See Section 5.3.11.3 below for the use of wardrobes for international shipments.
5.2.9 Mirrors, Pictures, Stone Table Tops
Subject to the restriction contained in Section 5.2.2.1.4 above, mirrors, pictures and paintings, both glass-faced and non-glass-faced, glass, or stone table tops and similar fragile articles will be wrapped and packed in a crate, if authorized by the RTO, or suitable fiberboard carton. When more than one article is packed in any one crate or carton, a divider will be provided. No more than four (4) articles will be packed in any one crate or fiberboard carton. Stone or marble table tops will be packed separately. Small pictures, paintings, mirrors and similar articles will be carefully packed into cartons and properly sealed at residence.

5.2.10 Lampshades, Ornaments
Lampshades, ornaments, small toys and other small items easily crushed will be wrapped and placed in cartons and will be insulated from the carton walls and from other items. Lampshades will be wrapped individually with new paper or new unicellular polypropylene foam, placed in cartons and cushioned to prevent shifting or damage.

5.2.11 Mattresses
Mattresses will be placed in new mattress cartons or plastic bags at the residence and sealed with tape. Plastic bags, if used, shall have a minimum thickness of 3 mils, and may only be used when a direct delivery address has been designated on the BL.

5.2.12 Rugs and Pads
All rugs and rug pads will be properly rolled and not folded. Rugs will not be folded or bent to an extent that may cause damage to the rug.

5.3 Surface Protection
All articles having surfaces liable to damage by scratching, marring, soiling or chafing will be wrapped at time of loading at residence in textile or paper furniture pads, covers (other than burlap) or other acceptable wrapping materials. When storage of these articles is necessary, they will be afforded the same protection against damage.

5.4 Appliance Servicing
Appliance servicing includes the servicing and unservicing of household appliances and other articles which have free moving parts, mechanisms, attachments or accessories which, if not properly serviced, might be damaged or rendered inoperative during transit. Each appliance serviced will be appropriately labeled to indicate that it must be serviced at destination before use (reversing the process performed at origin).
Appliance servicing will not include disconnecting or reconnecting appliances (including personal computers and related peripheral devices), repairing articles, removal or installation of radio/television antennas or air conditioners, wiring, gas connections, plumbing service, preparing audio equipment for transport, or dismounting and remounting home entertainment systems.

5.2.4.1 Washers
Washers requiring servicing will be secured with washer kits, washer packs, washer locks or special plastic inserts. The use of sheet fiberboard/cardboard is prohibited.

5.2.4.2 Appliances and Electrical Equipment
Appliances and electrical equipment requiring other servicing will be serviced in accordance with the best prevailing industry shipping practices.

5.2.5 Items of Unusual Nature
Items of unusual nature include, but are not limited to, German shanks, grandfather clocks, waterbeds with attached wall units, steel shelving, pool tables, elongated work tables and counters. These items may require special service by a third party to be prepared for safe transportation. This third party service, including disassembly and reassembly, must be approved in advance by the RTO. TSP shall not perform these services unless requested and approved by the RTO.

5.2.6 Disassembly and Reassembly for Transportation
Except as provided in Section 5.2.5 above, the disassembly and reassembly of property such as beds, waterbeds and sectional bookcases for shipment shall be performed by the TSP. The employee is responsible for draining waterbeds and for detaching and reattaching appliances to water and gas lines.

The TSP shall disassemble at point of origin all items of personal property which, in the judgment of the TSP, requires disassembly to ensure safe delivery at destination. Disassembly will be noted on the inventory form at origin.

The TSP is not responsible for removing any outdoor article embedded in the ground or secured to a building, nor the disassembly or assembly of any outdoor articles such as steel utility cabinets, swing sets, slides, sky rides, jungle gyms, television and radio antennas or other outdoor articles of similar nature. If items are disassembled by employee, it will be indicated on the inventory form.
5.2.6.1 Hardware
All nuts, bolts, screws, small hardware and other fasteners removed from articles by the TSP in the preparation for shipment will be placed in a cloth bag or similar durable container and securely attached to the article from which they were removed and will be so noted on the inventory. In the event that hardware that was removed during disassembly is missing during reassembly, the TSP shall be required to furnish replacements.

5.2.6.2 Items Removed From Furniture
Legs and other articles removed from furniture will be properly wrapped, bundled together and identified, e.g., “Dining room table legs, six each”, and listed as a separate item on the inventory.

5.2.7 Preparation of Shipment Inventory
Inventory forms will be of multiple copy design, shall specify the name and address of the TSP, and contain an explanation of the exception symbols used to describe the condition of the goods. In addition, there shall be space for indicating the name of the employee and the date of shipment. The same inventory prepared at origin will be used to verify condition and count upon delivery of the shipment.

5.2.7.1 Preparation of Origin Inventory
The TSP shall, in conjunction with the employee or their authorized agent, prepare an inventory listing all articles received for shipment and their condition at origin. The inventory should list clearly and legibly each article of HHG to the extent necessary to properly identify it. Words such as “household goods” or other general descriptive terms will not be used.

An automated inventory may be used if completed at the place of pick-up when the appropriate descriptive information is recorded and copies are provided as required.

Each copy of the inventory of the shipment will bear the signature of the employee, or the employee's agent, together with the signature of the TSP's representative certifying its accuracy and completeness.

5.2.7.1.1 Listing of cartons and contents
All cartons shall be marked to clearly identify the size of the carton and its contents. The same general identification of contents must also be shown on the inventory. Nothing herein shall be construed as prohibiting the TSP from preparing a detailed or itemized list of carton contents. Each article shall be identified with an inventory number and such numbers shall be recorded on the inventory form.
5.2.7.1.2 Preparation of Inventory for Overflow Items
A separate inventory will be prepared for overflow items, one copy dispatched immediately to the RTO and one copy to the employee at the time of delivery.

5.2.7.1.3 Preparation of Inventory for High Risk Items
Unless specifically authorized by the RTO, the inventory prepared in accordance with this section will not contain a listing of high risk items.

5.2.7.1.4 Listing of Firearms
For all firearms bearing a serial number being shipped pursuant to this HTOS and packed in the original container or a TSP-packed container, the TSP shall place the serial number on the corresponding line in the “condition at origin” column on the descriptive inventory.

5.2.7.1.5 Annotation of Inventory upon Change in Custody
The TSP shall annotate the inventory to show any overage, shortage, and damage found, including visible damage to external shipping containers, every time custody of the property changes from a TSP to a warehouseman or from one TSP to another.

5.2.7.1.6 Exceptions to the Condition of Goods
Exceptions to the condition of the goods shall be recorded specifically for each article and brought to the attention of the employee before the goods are removed from the residence. General terms, such as marred, scratched, dented, worn, torn, gouged, etc., shall not be used without supplemental description as to the degree and location of the exception. If the employee disagrees with the TSP’s description of the condition of an item, the disagreement will be noted on each copy of the inventory.

5.2.7.1.7 Omission of an exception symbol
Special care shall be exercised to ensure that the inventory list reflects the true condition of the property. Omission of an exception symbol will indicate the article is in good condition except for normal wear.

5.2.7.2 Preparation of Destination Inventory
When unloading and unpacking articles at the destination residence, the TSP shall use the same inventory prepared at origin to:

- Verify delivery at destination
- Inspect each article for damage
- Check the inventory against possible loss of or damage to the HHG.
This inspection will be done in conjunction with the employee or their authorized representative. A record will be made of any difference in count or condition from that shown on the inventory list prepared at origin and such record will be jointly signed by the TSP and the employee or their authorized representative. The record of count and condition will be indicated on the inventory form, other delivery document, or the form prescribed by the shipping Federal agency. Discrepancies will be noted on the last page of the inventory. If articles are missing, every effort will be made to locate these items and forward them to the employee by expedited means, at no additional cost to the Government or the employee.

5.2.7.3 Receipt of Firearms

TSPs who deliver firearms in interstate or foreign commerce shall obtain a written acknowledgment of receipt from the recipient of any package containing a firearm.

5.2.8 Pick-up and Delivery Services

When a shipment is accepted at origin, the TSP agrees to meet the required pick-up and delivery dates on the BL unless the RTO provides other instructions. The shipment will be moved according to the transit times in Section 10 unless otherwise modified in the RFO. Expedited service is not permitted unless directed by the RTO.

Pick-up may be performed by the TSP's local agent with transfer to a linehaul agent at the origin terminal facility.

Pick-up and delivery will be performed on weekdays during normal business hours (8 am - 5 pm local time). Weekend and holiday services are not authorized. If a required delivery date falls on a holiday or weekend, the service will be performed on the next available workday. Only the RTO can authorize services after 5 pm local time or on weekends/holidays.

When packing, loading, unloading or unpacking during adverse weather conditions could create a potential hazard to the employee's household goods or personal effects, such services will be suspended until more favorable weather conditions exist unless otherwise mutually agreed to in writing by the TSP and the employee. TSPs shall, if requested, produce a copy of this in writing to the PMO.

5.2.8.1 Protection of Residence Floors & Protection for Buildings

A substantial cover for flooring and carpeting in the employee’s residence will be provided during packing, loading and delivery to prevent scratching, gouging, marring or soiling the floor or carpet of the residence. The TSP shall furnish padding or other protective material for the interior of the buildings, including elevators, for the duration of the move under this HTOS.
5.2.8.2 Unloading, Unpacking and Placement
The TSP or its local agent shall unload the HHG shipment at the employee’s residence, unpack the shipment, and place items as specified below.

Unloading at destination includes:

- One-time laying of rugs
- One-time placing of furniture and like items in the appropriate room of the dwelling or a room designated by the employee
- Unpacking of all boxes, cartons and/or crates
- Placing the contents of the unpacked containers in the room designated by the employee
- Placing items in cabinets, cupboards, or on shelving in the kitchen shall be done when convenient and consistent with the safety of the items and proximity of the area desired by the employee. This does not include arranging articles in a manner desired by the employee
- Re-hanging of all clothes from wardrobes.

5.2.8.3 Recording Loss and Damage
The TSP shall record loss and damage revealed while unloading and unpacking. When unloading and/or unpacking articles at the destination residence, the TSP shall, in coordination with the employee or the employee’s authorized agent, inspect each article for damage and check the inventory against possible loss of or damage to articles. A record will be made of any difference in count and condition from that shown on the inventory prepared at origin, and such record will be jointly signed by the TSP’s representative and the employee or the employee’s authorized agent. Such record or count and condition will be indicated on the Notification of Loss or Damage at Delivery or Notification of Loss or Damage AFTER Delivery documents, as applicable.

5.2.8.4 Removal of Debris
Packing and loading at origin and unloading and unpacking at destination includes removing from the employee’s residence, including driveway and curbside, all empty TSP-provided containers, packing materials, cartons and other debris such as nails accumulated incident to packing and loading. Additionally, any debris which may have accumulated on the street or adjacent property or in parking spaces will be removed.
5.3 **Provisions Applicable to International Shipments Only**

The following provisions are applicable only to international shipments. These supplement the general provisions above.

5.3.1 **Use of US and Foreign Flag Vessels**

The TSP shall use vessels of United States registry for the ocean portion of overseas shipments and book shipments for container or below deck stowage. However, when it is determined that the use of a vessel of United States registry will not provide the required service, the TSP shall request permission to use a Foreign Flag vessel prior to start of shipment.

Requests for permission to use a Foreign Flag vessel shall be made to RTO on the form “Request for Approval of Use of a Foreign Flag Vessel” (see Appendix C). Approval will be granted only when the TSP certifies in writing that US flag shipping is not available or the use of foreign flag shipping is necessary to meet delivery requirements.

5.3.2 **Overflow and Split Shipments**

5.3.2.1 **Ocean Shipments**

Shipments may be split between ocean containers but not between ocean voyages. The TSP shall book all items of a single shipment together on the same vessel and the same voyage or departure. In the event that a portion of any shipment should be shut out by the ocean carrier, the TSP shall notify the RTO.

5.3.2.2 **Non-Ocean Shipments**

If it is necessary to split a shipment for the non-ocean linehaul movement, the established Required Delivery Date (RDD) is applicable to all parts of the shipment.

5.3.2.3 **Use of Agents in Unnamed Localities**

An agent furnishing services in a locality not named in the RFO or HTOS may provide agent services to a requesting TSP provided, however, that the TSP has obtained the permission of the RTO to use that agent prior to commencement of performance.

5.3.3 **Containers**

All HHG containers, i.e., liftvans, used by the TSP shall be constructed to the specifications of the containers tested in accordance with ASTM D4169, "Standard Practices for Performance Testing of Shipping Containers and Systems.”
The primary liftvan for surface shipments under this HTOS is the 206 cubic foot (exterior) box which conforms to the approved material and structure requirements for Surface Deployment and Distribution Command (SDDC) container number 186-A (as modified by SDDC Approval Code 186-1) and SDDC container number 152-A-1 (Mod) as specified in SDDC Pamphlet 55-12.

All containers are to be new, clean and swept. Liftvans will be free from holes or other conditions such as dry rot which could permit the entry of water. Sides and doors, when closed, must fit tightly and securely. Liftvans are to be constructed so as to require a sealant/caulking material to be applied to the joints and door(s) to ensure water tightness. Before each shipment, they will be appropriately caulked, sealed and banded with a material that, when subjected to varying climatic temperatures will not stain or otherwise damage the contents of the shipment. The interior of all containers shall be lined with either a kraft-asphalt-kraft barrier paper of the reinforced type or polyethylene sheeting with a minimum thickness of 4 mils on all sides and the top. New liftvans will be used for each shipment regardless of origin. Liftvans will not become the property of the US Government.

5.3.4 Overflow Boxes (Containerized Shipments)
Overflow containers shall, at the time of use, be new wooden boxes and shall be limited to use for oversized items that cannot be packed into HHG shipment containers (liftvans) prescribed above. The overflow container normally is of a lesser size than those described in ASTM D4169 or SDDC Pamphlet 55-12. Overflow boxes will be constructed in accordance with ASTM D6251, Standard Specification for Wood-Cleated Panelboard Shipping Boxes and will be caulked and lined with plastic during assembly.

5.3.5 Packing and Stuffing Of Containers
When used in door-to-door service, all HHG will be packed and stuffed at origin residence unless specific exception is authorized by the RTO. For the authorized exceptions, such items will be listed on the inventory and it will be noted that those items will be packed at the warehouse. A notation will also be made of the name of the Federal Agency employee who authorized the exception.

5.3.6 Items Containerized at Warehouse
If the RTO permits the TSP to partially containerize a shipment at the warehouse, each item removed from the residence will be annotated on the inventory with code “CW” to indicate that they were containerized at warehouse.
5.3.7 Container Marking
Unless the shipping Federal agency directs otherwise, containers and shipments will be marked according to SDDC Pamphlet 55-12.

5.3.8 Container Seals
The external shipping containers (liftvans) for all containerized HHG will be sealed at the origin pick-up point with accountable seals. Six serial numbered metal seals are required for each household goods liftvan. These seals will secure both ends by overlapping one seal on each side to the ends or door panels and one from the top panel to the ends or doors of the liftvan. Seal numbers will be recorded on the inventory, either beside the container number or annotated by individual container number on the last page of the inventory. The employee or his/her representative will initial on the last page of the inventory attesting to the correct seal numbers listed on the inventory.

5.3.9 Position of Containers
When a shipment is moved via flatbed type vehicle, the containers, i.e., liftvans, will be loaded in an upright position and will not protrude beyond the rear edge of the vehicle bed surface more than twelve (12) inches (no protrusion is permitted on the sides or in front). In all cases of rear overhang, the container must be resting on the weight-bearing surface of the skid.

5.3.10 Wooden Boxes
When using wooden boxes for the packing of property and when such boxes will be stored in an exterior shipping container, such wooden boxes will be new; i.e., used for the first time. The boxes used will be wood cleated plywood or nailed wood. Boxes will be made of new lumber and new plywood and will be well manufactured and free from imperfections which may affect their utility. Size and spacing of nails will be in accordance with the best commercial practice. The use of wood cannibalized from used boxes, re-coopered, or rebuilt wooden boxes is prohibited.

5.3.11 Special Items
5.3.11.1 Bicycles for Overseas Shipment
When shipped as a separate item and not included within a container, bicycles shall be prepared and packed in the following manner: the handle bar shall be loosened, lowered, turned at a right angle from its usual position, swung downward and retightened when necessary. Wheels or mechanisms shall not be removed or disassembled from the frame. When necessary, pedals shall be removed and secured on edge forward of the seat post or above the
back fender. Before placement into the carton, the bicycle will be wrapped with protective wrapping and padding. Empty areas in the container will be filled to prevent shifting or movement during transit. The container shall be constructed or fabricated in a manner which will accept the bicycle without removal of the front or rear wheel assemblies and meet the requirement of Section 5.2.2.1.3, above.

5.3.11.2 Use of Regular Cartons
Small, lightweight, unbreakable items, to include clothing and linens, will be packed into new (regular) cartons which will be properly sealed at residence.

5.3.11.3 Use of Wardrobes
Clothing on hangers in closets and draperies will be packed in flat wardrobes. Hangers will be removed from clothing, and drapery hooks will be removed from draperies. If requested by the employee, the TSP may use hanging wardrobes for clothing normally on hangers.

5.3.11.4 Rugs and Carpets
For international shipments, rugs and pads will be moth flaked, wrapped in kraft paper and placed in rug boxes/cartons for shipment. A wooden crate may also be used, if authorized by the RTO.

5.3.11.5 Firearms
All Privately Owned Firearms (POF) shall be placed in the Number 1 external shipping container. For international shipments, containers shall be positioned so that they are readily accessible for examination by customs officials when required. This shipping container will be closed and sealed at the employee's residence. Under no circumstances will the TSP be permitted to remove the POF to the warehouse or other facility for placement in shipping containers.

5.3.12 Preparation of Container Inventory
“Bingo cards” or a comparable inventory form will be used to record and identify by inventory line item number those items placed in each liftvan or overflow container. This, in effect, will be an individual liftvan inventory which can be cross referenced with the employee's original descriptive inventory.

5.3.13 Preparation of Inventory/Seal Numbers
Each liftvan shall be sealed with a serially numbered seal. The seal number of each liftvan shall be annotated on the original inventory form.
At destination, the seal serial numbers for each liftvan will be verified against the numbers as applied at origin residence, as noted on the inventory.

5.3.14 Pick-up and Delivery

5.3.14.1 Pick-up
The TSP shall provide for the physical removal of the property from the employee's residence and placement into liftvans. Liftvans will not be loaded onto the tailgates of motor vans or on extensions to flat bed trailers or equipment. When authorized by the RTO, the TSP may use moving vans to transport loose property between the residence and the TSP's facility at origin.

5.3.14.2 Delivery Notifications
The TSP shall advise the RTO that a shipment has arrived and is available for delivery. The RTO will have 24 hours in which to confirm delivery arrangements. If delivery arrangements cannot be confirmed by the expiration of the 24 hour period, storage will be authorized and effective as of the date on which the 24 hour period expired.

5.3.14.3 Delivery of Shipments Not Involving SIT
The TSP shall provide for the physical unloading of the contents of the liftvans into the employee's residence at destination.

- For shipments that arrive prior to the RDD, the TSP shall deliver to the employee or employee’s agent prior to the RDD.
- For shipments that arrive after the RDD, the TSP shall deliver in accordance with the RTO's instructions or within two (2) business days after notifying the destination RTO of the shipment's arrival.

5.3.14.4 Delivery of Shipments Involving SIT
The TSP shall provide for the physical unloading of the property from the liftvans into a warehouse for SIT.

5.3.15 Liftvan Weights
The net weight of shipments transported in liftvans will be the difference between the tare weight of the empty liftvan and the gross weight of the packed liftvan.
5.3.16 Shipping Containers

5.3.16.1 Protection of Containers
All HHG shipping containers, i.e., liftvans, moving in linehaul service by flatbed equipment, will be covered with a waterproof tarpaulin or other material providing equal protection. Such material will cover the cargo on the top and sides down to the vehicle bed and all surfaces of the overhang.

Note: Shipments moving to port agent facilities in Baltimore are considered as moving in linehaul service even though they may be moving within the named localities of Washington, DC, or Baltimore, MD.

5.3.16.2 Shipments Held at Terminal Facilities
Shipments not loaded in sea vans, but under the TSP's control and held at terminal facilities awaiting transportation shall be placed in a secured, fenced and covered area which will provide complete protection from the elements. In any case, all shipments held at terminal facilities shall be placed within a secured fenced area.

5.4 Determination of Weight
TSPs will determine the weight of each domestic and international shipment transported prior to assessing any charges dependent on the shipment weight. The weight shall be obtained on a scale approved by the appropriate regulatory authority for use in determining the weight of HHG shipments except as otherwise provided in this section.

5.4.1 Weighing Procedure for HHG
Except as otherwise provided in this section, the weight of each shipment will be obtained by determining the difference between:

- The tare weight of the vehicle on which the shipment is to be loaded prior to the loading and the gross weight of the same vehicle after the shipment is loaded, or
- The gross weight of the vehicle with the shipment loaded and the tare weight of the same vehicle after the shipment is unloaded.

Shipments may be weighed on a certified platform or warehouse scale prior to loading for transportation or after unloading.

TSPs may use platform scales to obtain tare and gross weight of containerized shipments.
5.4.1.1 Items Included in Weight
At the time of either weighing, the vehicle will have installed or loaded all pads, dollies, hand trucks, ramps and other equipment required in the transportation of each shipment. Neither the driver nor any other person shall be on the vehicle at the time of either weighing. TSPs will bill for the net weight of a HHG shipment described on the BL. The net weight will consist of actual goods plus special wooden crates (when approved by the RTO), cartons, barrels, fiber drum and wardrobes used to pack linens, books, bedding, mattresses, lampshades, draperies, glassware, chinaware, bric-a-brac, table lamp bases, kitchenware and other fragile articles and the necessary wrapping, packing and filler material incident thereto. The net weight will include a separate weight for designated Professional Books, Papers and Equipment (PBP&E) and for authorized POV. Nothing else will be included in the net weight.

5.4.1.2 Net Weight of Containerized Shipments
In determining net weight on containerized shipments, TSPs will include in the tare weight all padding material, e.g., paper pads, cloth blankets or any wrapping material used as a substitute for cloth blankets, and blocking and bracing material used for a TSP’s convenience to protect and secure a shipment.

5.4.1.3 Fuel Tanks on TSP’s Vehicle
The fuel tanks on the TSP’s vehicle will be full at the time of each weighing. If the tare weighing is the first weighing performed, no fuel may be added to the vehicle’s tank(s) until after the gross weight is obtained.

5.4.1.4 Detaching Equipment
The trailer of a tractor-trailer vehicle combination may be detached from the tractor and the trailer weighed separately at each weighing, providing the length of the scale platform is adequate to accommodate and support the entire trailer at one time.

5.4.1.5 Right to Observe Weighing
The shipper, the Government or its representative, or any other person responsible for payment of the charges has the right to each and every weighing of the shipment. The TSP shall advise the shipper, or any other person entitled to observe a weighing, of the time and specific location where each weighing will be performed and shall give that person a reasonable opportunity to be present to observe the weighing. Waiver by a shipper of the right to observe any weighing or reweighing is permitted and does not affect any rights of the shipper under these regulations or otherwise.
5.4.2 Weight Tickets

The TSP shall obtain a separate weight ticket for each weighing required under this item except one weight ticket may be used to record both weights when both weights are obtained on the same scale. Every weight ticket shall be signed by the person performing the weighing and must contain the following minimum information:

- The complete name and location of the scale
- The date of each weighing
- Identification of the weight entries thereon as being the tare, gross or net weight
- The company or TSP identification of the vehicle
- The name of the employee of the HHG as it appears on the BL
- The TSP shipment registration or BL number.

The original weight ticket or tickets relating to the determination of the weight of a shipment shall be retained by the TSP as part of the file on the shipment. All invoices presented to collect any shipment charges dependent on the weight transported shall be accompanied by true copies of all weight tickets obtained in the determination of the shipment weight.

5.4.3 Weight Variance

In the event the actual shipment weight is greater than 115% of the pre-move survey weight, the TSP shall notify the RTO or its third-party representative prior to billing the Federal agency. This notification will include the actual weight and pre-move survey weights. The TSP shall be prepared to justify the difference.

In the event the TSP fails to notify the RTO or third-party representative, the TSP stipulates that the constructive weight of the shipment shall be 115% of the pre-move survey weight. In the event the TSP fails to adequately justify the difference between the actual and pre-move survey weights, the TSP stipulates that the constructive weight of the shipment shall be 115% of the pre-move survey weight. The agreed constructive weight shall take precedence over the actual weight for the assessment of transportation, accessorial and storage-in-transit (SIT) charges when based on weight. The RTO has the authority to waive this provision.

A copy of the pre-move survey shall accompany the billing voucher and associated documents when the weight variance rule is applied.
5.4.4 Reweighing Of Shipments
The TSP, upon request of the shipper or his representative, prior to final delivery of the shipment (and when approved by the RTO for international shipments) shall reweigh the shipment. Reweighing of the shipment shall be performed on a scale different from the one on which the original weighing occurred. If a reweighing is required, the shipment shall be reweighed at the time of final delivery.

5.4.5 Constructive Weight
The application of constructive weight will occur only upon written approval of the RTO. If approved, constructive weight will be applied based on seven (7) pounds per cubic foot. When PBP&E or a POV is included as part of the shipment, the weight of such articles will be annotated separately on the BL.

5.5 Storage-In-Transit (SIT)
SIT is the holding of a shipment, or portion thereof, at a facility or warehouse the TSP uses for storage pending further transportation. The TSP shall provide SIT at destination when required. A shipment may be held in SIT for a period not to exceed 180 calendar days.

SIT may not occur at origin unless authorized by the RTO.

The BL will identify the authorized length of SIT, usually much less than 180 calendar days. The TSP shall advise the employee when the storage period will end and determine from the employee whether the shipment, or any portion thereof, will be delivered to the employee’s residence or held in storage.

After the authorized period of SIT ends:

- The TSP’s liability terminates
- The applicable interstate, intrastate or international character of the shipment or portion thereof ceases
- The warehouse is considered the destination of the property
- The warehouseman becomes the agent for the employee
- The property is then subject to the rules, regulations, and charges of the warehouseman
- All future storage charges are the employee’s responsibility.
5.5.1 Facilities
The facilities or warehouses used by the TSP for SIT shall be commercial facilities or warehouses used by the TSP or its agent in the normal course of business for receipt and storage of household goods awaiting further transportation and furnishing the services set out in Sections 5.5.2 through 5.5.7 below. Unless approved by the RTO, the use of trailers, vans, public warehouses, and self-storage units is prohibited.

5.5.2 Location of SIT
SIT will be performed only when shown on the BL. Shipments shall not be placed in SIT at a location in excess of fifty (50) miles from the origin or destination municipality, and shall be at the TSP’s nearest available SIT facility at destination shown in the “Consignee Block” unless specified on the BL or authorized by the RTO. Placing a shipment in SIT does not constitute a delivery or completion of service. Delivery of the shipment to the final destination and completion of destination services shall be performed after the goods are removed from SIT as part of the through service.

5.5.3 Lot Identification
All lots shall be properly identified by the employee’s name, order number, warehouse lot number and BL number. Such identification shall be in plain view on each lot.

5.5.4 Palletization of Property
Personal property shall be stored on skids, pallet bases, elevated platforms or similar storage aids maintaining a minimum of at least two (2) inches clearance from the floor to the lowest part of the HHG. In addition, property shall not be stored in contact with exterior walls. Trash cans, extension ladders, lawn mowers, television antennas, swing sets, and other like items are excluded from this requirement.

5.5.5 Procedures Applicable to Domestic SIT Only

5.5.5.1 Rugs and pads
Rugs, carpets and padding shall be stored on racks in a horizontal position without folding any portion of the rug, carpet or padding.

5.5.5.2 Overstuffed Furniture
Upholstered or overstuffed furniture shall be placed in a normal upright position and covered for protection against dust. No boxes, cartons or other pieces of furniture shall be placed upon this type of furniture. When placed in individual room storage or when containers are employed for warehouse storage, upholstered or overstuffed furniture shall have protection,
padding, blocking and bracing to preclude damage from any pressure against the upholstery, including pressure from its own weight as well as from conditions external to the container.

5.5.6 Procedure Applicable to International SIT Only

5.5.6.1 Removal from Shipping Containers Prohibited
The contents of containerized international shipments shall not be removed from the containers when placed in SIT.

5.5.6.2 Marking Of SIT Containers
All containerized shipments of HHG shall be marked with the employees' name and the GBL number.

5.5.7 Partial Withdrawal from SIT

5.5.7.1 Identification of Items to be Withdrawn
Items for withdrawal from SIT should be indicated by the employee or their authorized agent at the time of packing whenever possible. When the shipment has already been packed, inventory item numbers will be furnished by the employee to the RTO who shall provide the information to the TSP.

5.5.7.2 Items That May be Withdrawn
Only complete cartons or item numbers on the inventory may be withdrawn. Individual cartons shall not be opened.

5.5.7.3 Ordering Partial Withdrawal
Partial withdrawal shall only be ordered by the RTO who shall certify this order on the DD Form 619-1 or other commercial form.

5.5.7.4 Weight of Partial Withdrawal
TSP is responsible for obtaining the weight of the portion withdrawn.

5.5.7.5 Billing for Partial Withdrawal
TSP shall bill for the partial withdrawal of property as directed by the RTO.

5.6 Unaccompanied Air Baggage (UAB)
UAB shall be handled in accordance with the instructions of the shipping Federal agency.
TSP shall be required to provide the movement of UAB, including packing and crating of goods at origin, surface transportation to origin airport, air transportation to destination airport and surface transportation to destination residence. Unaccompanied baggage shall be unpacked by the TSP unless waived by the employee. Certification that unpacking was performed by the TSP will be by the employee on a DD Form 619, or comparable commercial document.

5.7 Privately Owned Vehicles (POV)

5.7.1 Domestic Shipments of POV

When authorized, the transportation of POV within CONUS shall be handled in accordance with the instructions of the shipping Federal agency. The TSP shall:

- Prepare the vehicle for shipment
- Pick the vehicle up at origin
- Transport the vehicle from origin to destination
- Deliver the vehicle to final destination
- Provide Full Replacement Value (FRV) protection based on the current valuation of the vehicle.

5.7.2 International Shipments of POV

When authorized, POV shall be handled in accordance with the instructions of the shipping Federal agency. An agency employee may ship only one POV to a duty post outside CONUS, excluding replacement vehicles. The employing Federal agency reserves the option of Door-to-Door or Port-to-Port services.

The TSP shall provide all transportation services for the POV as listed above. In addition, the TSP shall provide delivery service to the port of exit and delivery to destination residence from the port of entry. Whenever possible, movement of the POV to the port of exit and from the port of entry should be by truck-away service. However, if the distance between origin residence/destination residence and port of exit/port of entry is thirty (30) miles or less, the vehicle may be driven.

5.8 Diversion or Reconsignment

Diversion or reconsignment of a shipment to a destination other than that specified on the BL can only be authorized by written order or oral notice followed by written order of the BL Issuing Officer. The destination area is the territory recognized as the commercial zone for the destination city or municipality shown on the BL.
Instructions furnished by the employee or his/her authorized representative to the TSP to perform local drayage to any point within the commercial zone shall not constitute an order for diversion or reconsignment.

5.9 **Documentation Requirements**

The TSP shall prepare and distribute the following documents. All documents shall be legible in their entirety. Weight tickets shall be certified. Under no circumstances shall employees or their authorized representative be asked to sign a blank or incomplete form, with the exception of the “Unit Price” and “Charge” columns of **DD Form 619** or **DD Form 619-1** which may be incomplete at time of signing.

### 5.10 Tracing

#### 5.10.1 Shipments

When the employee or RTO requests information concerning shipments in transit, TSPs shall promptly determine the location of the shipment and make a prompt report back to the
requestor by electronic means. TSPs shall complete this action within 72 hours for an international shipment, and 24 hours for a domestic shipment.

5.10.2 **Missing Items**

The TSP shall trace any missing property tendered to the TSP upon request from the employee or RTO. The TSP shall trace:

- Missing cartons, containers or loose HHG discovered at delivery to residence
- Missing shipments and shipments that fail to meet their RDD
- Missing liftvan(s)/container(s) when a containerized shipment is placed into SIT and the liftvan(s)/container(s) are found to be missing with no annotation of the BL or inventory to explain the shortage.

The TSP shall promptly report to the requesters the current or last known location of the missing HHG.

5.11 **Impractical Operations**

Nothing in this section requires the TSP to perform any linehaul service or any pick-up or delivery service or any other service from, to, or at any point or location where, through no fault or neglect of the TSP, the furnishing of such services is impractical because:

- The conditions of roads, streets, driveways, alleys or approaches thereto would subject the TSP’s operations to unreasonable risk of loss or damage to life or property
- Loading or unloading facilities are inadequate
- Any force majeure, war, insurrection riot, civil disturbance, strike, picketing or other labor disturbance would (1) subject operations to unreasonable risk of loss or damage to life or property or (2) unreasonably jeopardize the ability of the TSP to render linehaul or pick-up or delivery or any other service from, to, or at other points or locations
- TSP’s hauling contractors, TSP's employees or TSP's agents are precluded, for reasons beyond TSP's control, from entering premises where pick-up or delivery is to be made
- Local, state or federal restrictions, regulations or laws prohibit performance of such services by linehaul equipment
- When service is impractical for reasons stated in this rule, and service can be completed through the employment of services of third parties, the RTO or the origin/destination General Services Officer (GSO) may order such service.
Additionally, when the location of property and goods to be shipped or delivered:

- Is not accessible by a permanent stairway (does not include ladders of any type)
- Is not adequately lighted
- Does not have a flat continuous floor
- Does not allow a person to stand erect.

The TSP is not responsible for the removal or placement of such property or goods unless the employee requests, and the RTO authorizes, such removal or placement as well as the additional labor charges incurred.

### 5.12 Other Exceptions

#### 5.12.1 Provision of Smaller Equipment

Upon request of the RTO, the TSP shall use or engage smaller equipment than its normal road haul equipment or provide extra labor for the purpose of transferring the shipment between the origin or destination address and the nearest point of approach by the TSP’s road equipment.

#### 5.12.2 Lack of Proper Delivery Address

If the BL sets out a specific residential delivery address and delivery cannot be made at the address specified on the BL through no fault of the TSP, and neither the shipping Federal agency, the destination RTO, nor the employee designates another address at which delivery can be made, the TSP shall place the property in SIT when the RTO authorizes the storage.

#### 5.12.3 Constructive Delivery

5.12.3.1 Tender At Nearest Point Of Approach

When it is physically impossible for TSP to perform pick-up of shipment at origin address or to complete delivery of the shipment at the destination address with normally assigned road equipment due to the structure of the building, its inaccessibility by highway, inadequate or unsafe public or private road, overhead obstructions, narrow gates, sharp turns, trees, shrubbery, the deterioration of roadway due to rain, flood, snow or nature of an article or articles included in the shipment, the TSP shall hold itself available at point of pick-up or tender delivery at destination at the nearest point of approach to the desired location where the road equipment can be made safely accessible.
5.12.3.2 Employee Does Not Accept Constructive Delivery

Under the conditions in Section 5.12.3.1 above, if the employee does not accept the constructive delivery of the HHG shipment at nearest point of safe approach by TSP's road equipment to the destination address, the TSP may place the shipment or any part thereof not reasonably possible for delivery, in storage at the nearest available warehouse (see exception below for international shipments). The RTO shall be informed of and approve such action prior to placement in warehouse. The liability on the part of the TSP shall cease when the shipment is unloaded into the warehouse and the shipment is considered as having been delivered.

However, for international shipments, the TSP shall place shipments in SIT at the nearest available SIT facility of the TSP’s agent at destination shown in the “Consignee Block” unless specified on the GBL or authorized by the RTO.

5.12.4 Detention by TSP or Agents Prohibited

Personal property shipments moved under this HTOS are sponsored by the Government of the United States of America and, as such, will not, under any condition or for any reason, be detained by TSPs or agents.

5.12.5 Extended Storage

Extended Storage, also referred to as Non-Temporary Storage (NTS), is not provided under the scope of services for CHAMP. However, if requested by the Federal agency ordering a HHG move under CHAMP, the TSP shall be responsible for delivery to the extended storage warehouse directed by the ordering Federal agency.
6 Move Management Services

6.1 Scope of Move Management Services
The Move Management Services (MMS) provider shall provide all household goods (HHG) transportation services as described in the Household Goods Tender of Service (HTOS) and all move management services as described in this section. The MMS provider shall comply with all requirements of this HTOS including the service, delivery timeframe, billing, reporting, and liability requirements.

6.2 Memorandum of Understanding (MOU)
The MMS provider and the Agency shall enter into a written Memorandum of Understanding (MOU) setting out the terms and conditions of the MMS provider’s responsibilities. In instances when the Agency requests Bill of Lading (BL) preparation and maintenance under Section 6.6.4, the MOU should contain specific instructions on the BL preparation and maintenance, including instructions to complete each portion of the BL.

A sample MOU is provided in Appendix E. This document is only a sample to be used to initiate the MOU drafting process between the Agency and the MMS provider. The Agency and MMS provider must tailor the final MOU to meet the Agency’s specific needs. If requested by the MMS provider and/or the Agency, the GSA Program Management Office (PMO) will review the agreement before implementation.

6.3 Performance as TSP
The MMS provider shall be qualified as a Transportation Service Provider (TSP) in the Centralized Household Goods Traffic Management Program (CHAMP), file rates within its current approved scope of operations, be subject to the Customer Satisfaction Index (CSI) rating system and comply with the requirement to collect and remit to GSA the Industrial Funding Fee (IFF) as specified in the annual Request for Offers (RFO).

6.4 Commissions Prohibited
The payment of a commission from the TSP to a MMS provider is prohibited under CHAMP.

6.5 Required Services
The MMS provider shall arrange, coordinate and monitor each employee’s HHG move from initial notification of the move by the Agency through completion of all move-related transactions required under Sections 6.5.1 through 6.5.7. The MMS provider shall comply with the terms of the MOU when performing these services.
A HHG move within the Continental United States (CONUS) is defined as a basic move consisting of one shipment of HHG and, when specifically authorized by the Agency, shipment of one or more Privately Owned Vehicles (POVs). A HHG move to or from an international location is defined as a basic move consisting of one surface shipment of HHG and, when specifically authorized by the Agency, one or more Unaccompanied Baggage (UAB) shipments and shipment of one or more POVs. Multiple origins and/or destinations may be involved for both CONUS and international shipments.

6.5.1 Customer Service
The MMS provider shall:

- Provide a 24-hour, toll-free telephone number to assist in tracking/tracing shipments
- Resolve problems that occur during the move
- Provide an approved quality control program resolving all problems which might occur
- Assist in filing post-delivery claims for Agencies that choose that optional service.

6.5.2 TSP Selection
An Agency may select the TSP to transport the employee’s HHG or may delegate this responsibility to the MMS provider. If the Agency delegates TSP selection to the MMS provider, the Agency will furnish the MMS provider criteria to use in selecting the TSP. The selected TSP shall be currently approved to participate in CHAMP and shall have approved rates on file with GSA. The MMS provider shall be capable of accessing the GSA Transportation Management Services Solution (TMSS) system to obtain cost comparison information for use in making the TSP selection when delegated this responsibility by the Agency.

6.5.3 Shipment Booking
The MMS provider shall perform the following when booking a shipment:

- Schedule the move with the selected TSP
- Order a pre-move survey
- Identify any special services for authorizing storage-in-transit (SIT) or any special service. Special services include, but are not limited to: shuttle service, special crating, third party servicing, elevator charges, long carry and stair carries
- Indicate in writing all services authorized and identify those that will be paid as an allowance to the employee
Identify those services which the employee requests, but for which the employee will not be paid an allowance and which may be advanced and charged back to the employee.

Inform the employee before performing any service that will be advanced and charged back to the employee.

The provider may develop a generic form for this purpose. Any service shown on a generic form that is not applicable to a particular shipment shall be struck through or marked as “None” or “Not Applicable” before the form is submitted to the Responsible Transportation Officer (RTO) for written approval.

6.5.4 Ensuring TSP Performance

The MMS provider shall ensure that transportation services are performed according to the provisions of this HTOS, notwithstanding the Origin and Destination On-Site Quality Control procedures specified in Section 6.6.7 below. The MMS provider shall also take any action deemed necessary and appropriate to protect the interests of the Agency to ensure proper TSP performance, and to protect both the real and personal property of the employee. When the MMS provider fails to direct performance as required and causes the Agency or employee to incur damages (other than damage to HHG), the MMS provider will be liable to the Agency and the employee, as appropriate, for such damages.

6.5.5 Arranging Storage-in-Transit (SIT)

If an Agency authorizes Storage-in-Transit (SIT), the MMS provider shall arrange the storage under provisions of this HTOS. The MMS provider shall notify the employee of the authorized SIT duration and location and provide the employee’s SIT-provider contact information within five (5) calendar days after delivery into SIT.

6.5.5.1 Monitoring Shipments in SIT

The MMS provider shall monitor shipments in SIT and is responsible for arranging delivery of shipments from SIT. The MMS shall provide a written request for disposition instructions from the employee or the Agency’s destination facility representative at least ten (10) business days before expiration of the authorized SIT period. The request will inform the employee of their personal financial responsibility for any charges incurred for storage in excess of the maximum authorized 180 calendar day period.

6.5.5.2 SIT in Excess of 180 Calendar Days

If SIT exceeds 180 calendar days, the MMS provider shall determine the condition of the employee’s property at the end of this period to protect the Government’s and the employee’s
right to recover for TSP-caused loss or damage. The warehouse automatically will be considered the shipment’s destination upon expiration of the 180 calendar day SIT period at which time the MMS provider’s responsibility for the shipment ends. The shipment then becomes subject to warehouse rules, procedures and charges, to include local drayage charges for delivery out of storage. The employee is responsible for payment of storage charges for any period of storage in excess of 180 calendar days. If any discrepancy exists between other HTOS provisions and the provisions of this paragraph for purposes of SIT, the provisions of this paragraph apply.

6.5.6 Completion of GSA Form 3080

The MMS provider shall furnish the employee GSA Form 3080, “Household Goods Carrier Evaluation Report” for completion of the “Relocating Employee’s Response” section. (This form is available for downloading and printing the GSA Household Goods Transportation web page.) The MMS provider shall request the employee to return the completed evaluation form to the Agency for completion of the “B/L Issuing Officer's/Agency Move Coordinator's Response” section. The MMS provider shall also follow up to ensure both the employee and the Agency complete their respective portions of the form and return it to the PMO. If the employee has not completed the appropriate section on the form within thirty (30) calendar days from the date of delivery of the HHG to the new residence, the MMS provider shall advise the Agency.

6.5.7 Service Performance Audit

The MMS provider shall conduct an independent service performance line item audit of transportation billings. The MMS provider shall document and certify, by line item, whether billed services (including any services specifically requested by the employee) were necessary, were properly authorized and were actually performed. The provider may develop a form for this purpose and, if requested, have it preapproved by the Agency.

This service performance audit is unrelated to an Agency’s prepayment audit of the actual billing charges. (Financial audit is an optional MMS provider service under Section 6.6.2 below). If prepayment audit of transportation bills is performed by the MMS provider under procedures in Section 6.6.2, the MMS provider shall furnish the service performance audit certification along with the transportation billing to the prepayment auditor for audit of the actual billing charges.

6.5.8 Management Information Reports

The Government requires certain management information reports that may or may not be commercially standard. If the MMS provider has a commercial report that would meet an Agency’s stated specific need, it may propose that the Agency use that report instead of the one specified, as long as it can satisfactorily demonstrate how the proposed substitution would
meet the Agency's needs. Reports must contain monthly, quarterly and year-to-date totals when appropriate. The MMS provider shall provide required reports to the Agency within fifteen (15) business days following the month/quarter services were performed.

If requested by the Agency, the MMS Provider shall furnish the following reports with the form, content and frequency specified by the Agency, data elements may be revised by the Agency.

6.5.8.1 Shipment Summary
A summary of the total number of shipments handled for the specified period further broken down into the following categories:

- Number of shipments by Agency activity
- Number of shipments by TSP
- Number of interstate shipments
- Number of intrastate shipments
- Number of shipments to/from an international location

For each category the MMS provider shall show total linehaul and accessorial charges.

6.5.8.2 Claims Summary
A summary of the total number of loss/damage claims handled for the specified period further broken down into the following incremental categories:

- Number of claims by Agency activity
- Number of claims by TSP

- Average number of days between the date of receipt of the initial settlement offer and the date of final settlement
- Average amount claimed and settled interstate
- Average amount claimed and settled intrastate
- Average amount claimed and settled on shipments to/from an international location
The Agency may specify that a claim is delayed if not settled within thirty (30) calendar days or sixty (60) calendar days of its filing. For any claim not settled within the specified thirty (30) or sixty (60) calendar day limit, the MMS provider shall include an explanation for the delay, using the appropriate Delay Codes identified in Appendix D Report Formats.

6.5.8.3 Counseling Contact Summary Report

When an Agency has chosen the optional “Employee Pre-Move Counseling” service, the MMS provider shall present a summary report of counseling contacts showing the employee’s name, date of initial contact and current status of the move including date(s) for the pre-move survey, packing, pick-up and actual or proposed delivery into SIT and/or residence.

6.5.8.4 On-time Services Summary Report

A summary report listing:

- Employee(s) name
- Scheduled pick-up date
- Actual pick-up date
- Scheduled delivery date(s) into SIT and/or residence
- Actual delivery date(s) into SIT and/or residence
- Scheduled date for delivery out of SIT
- Actual date for delivery out of SIT.

When scheduled and actual dates are different, an explanation shall be provided.

6.5.8.5 Specially Requested Reports

Special one-time reports may be furnished to the RTO when the Agency requests and the PMO approves. Content of these reports will be specified at the time of the Agency request and PMO approval.

6.6 Optional Services

If specifically requested by the Agency, the MMS provider shall provide the optional services specified in Sections 6.6.1 through 6.6.8 below.

6.6.1 Employee pre-move counseling

Employee pre-move counseling (as distinguished from a TSP provided pre-move survey) shall include information on the TSP’s commercial moving practices affecting all aspects of the HHG move. It also may include Government-specific information on HHG allowances prescribed in
the Federal Travel Regulation (41 CFR chapters 300-304) as well as information on any Agency internal implementing regulations including weight allowance information. Additionally, the provider shall counsel the employee about services the employee is authorized at Government expense as well as any requested services that are not the Government's financial responsibility and which the employing Agency will charge back to the employee. Some of these services are:

- Extra pick-up/delivery
- Temporary SIT authorized by the Agency

6.6.2.1 Certification

Any auditor (other than a GSA Prepayment Audit Schedule contractor performing under Financial and Business Solutions (FABS) Schedule 520, Special Item Number 520-10) desiring to perform prepayment audit services must be certified by the GSA Audit Division (FBA) to do so. Certification may be obtained by contacting:
General Services Administration  
Federal Supply Service  
Audit Division (FBA)  
1800 F Street, NW  
Washington, DC 20405  

6.6.2.2  Procedures  
The Prepayment Audit procedures under this section are subject to provisions of the Federal Management Regulation part 102-118 (41 CFR parts 102-118).  

Procedures stated in this section reflect requirements that may be used in addition to any other required procedures published in the FMR in developing the MMS provider/Agency MOU.  

The prepayment auditor shall adjust billed charges as appropriate based on the service performance audit as specified in Section 6.5.7 and the prepayment audit before submitting the billing invoice, along with the service performance audit certification, to the Agency for payment.  

6.6.2.3  Adjustments  
Upon instructions from the Agency, the MMS provider shall advise the TSP and the Agency via a statement of differences submitted either electronically or in writing within seven (7) calendar days of receipt of the bill of any adjustment the auditor makes. The statement of differences shall include the following:

6.6.2.4 Appeal Procedures

The Agency will establish an appeal process that directs TSP appeals to an Agency official or to the MMS provider with responsibility for providing adequate consideration and review of the circumstances of the claim. Review of an appeal must be completed within thirty (30) calendar days.

If the TSP disputes the findings and the Agency, or MMS provider if appropriate, cannot resolve the dispute with the TSP, all relevant documents including a complete billing history and the appropriation or fund charged should be forwarded to GSA for a decision. TSP claims must be submitted within three (3) years beginning the day after the latest of the following dates (except in time of war):

- Accrual of the cause of action
- Payment of charges for the transportation involved
- Subsequent refusal for over payment of those charges
- Deduction made to a TSP claim by the Government under 31 U.S.C. 3726.
6.6.3 Performance Standards for Service Performance Audit and Prepayment Audit

The Government will comply with provisions of the Prompt Payment Act (31 U.S.C. 3901(a)(5)). Therefore, within seven (7) calendar days of receiving the TSP’s bill, the MMS provider shall:

- Complete the service performance audit as described in Section 6.5.7, and if optioned
- Complete the prepayment audits as described in Section 6.6.2
- Deliver the consolidated transportation/MMS billing, accompanied by the service performance audit certification, to the Agency for payment.

The MOU between the Agency and the MMS provider shall stipulate whether the Agency or the MMS provider is responsible for remitting payment to the TSP. If the MMS provider is to remit payment to the TSP, the Agency must issue and forward the remittance by check or electronic transfer to the MMS provider in time for the Agency to be deemed in compliance with provisions of the Prompt Payment Act. The MMS provider will not be liable for any late payment interest charge the Agency may accrue on a transportation payment that is not in compliance with the Prompt Payment Act requirements.

6.6.4 Preparation of Shipment Documentation

If an Agency exercises its option to have the contractor prepare the BL, the contractor must comply with the terms and conditions set forth in FMR part 102-117 (41 CFR Part 102-117). On international shipments, the MMS provider shall complete and distribute copies of each GBL following instructions published in the “U.S. Government Freight Transportation—Handbook.” To get a copy of this handbook, you may write to:

The provider shall furnish a legible memorandum copy of all BL or a legible copy of all BL prepared and distributed to the RTO before the shipment pick-up date.

6.6.5 Data Communications Capabilities

The MMS provider shall:

- Provide on-line electronic access to all database information pertaining to task orders and applicable shipment records
• Provide the RTO or designee and the GSA PMO in Kansas City, Missouri, on-line access to all database information pertaining to task orders and shipment records for all accounts established under the terms of this HTOS

• Establish sufficient safeguards to prevent unauthorized access to the database information and make real-time electronic access available

• Furnish clear documentation setting out procedures for access to and use of the database.

6.6.5.1 Data Elements

The database must contain, but is not limited to, the following elements:

• Task/delivery order information

• Shipment information sufficient to generate the management information reports specified in Section 6.5.8.

The shipment database must be maintained in a separate directory with a separate shipment record for each employee move. Shipment files must not be commingled with data maintained for shipments not subject to this HTOS. Each shipment record must contain all information required for that particular shipment including any claims filed by the TSP, status of the claim, etc. using a continuous computer terminal screen, if necessary. Performance data documenting how the move was handled must be collected independently and maintained in this record. The MMS provider shall provide the capability for the RTOs and the GSA PMO to extract and consolidate data such as TSP performance if specific reports are required.

6.6.5.2 Database Maintenance

The MMS provider shall update the database at least once every 24 hours, and provide for on-line electronic access to database elements for a period of one (1) year from date of pick-up. After one year, only a hard copy of the records is required to be maintained for six (6) years after the date of action, as specified under 28 U.S.C. Section 2415.

6.6.6 On-site Quality Control Service

If an Agency requests, the MMS provider shall arrange for quality control personnel to provide on-site inspection services at the origin and destination residences. Inspection services include, but are not limited to:

• Verification of correct inventory coding

• Use of proper packing materials
• Appropriate article servicing
• Equipment and personnel suitability
• Satisfactory performance of unpacking.

The actual cost of any on-site quality control service requested is negotiable between the MMS provider and the Agency. The price agreed upon shall be stated in a written document and retained by both parties. This document is construed as a one-time only amendment to the provider’s rate filing. A copy of the written document shall be included with the MMS provider’s voucher. The MMS provider may engage a third party to perform these services provided they are representatives or employees of a TSP or an agent thereof.

6.6.7 Quality Assurance Plan

If requested by the Agency, the MMS provider shall provide the Agency a quality assurance plan to ensure quality service and shall designate quality assurance personnel to execute the plan.

6.6.8 Claims Preparation, Filing, and Settlement Assistance

If either the employee or Agency requests, the MMS provider shall provide timely loss and damage claim preparation and filing assistance, including follow-up assistance for any subsequently discovered loss or damage. The MMS provider shall review and negotiate any settlement offer that is inconsistent with the TSP’s liability or HTOS provisions, and, in the case of an impasse, shall refer the complete file to the Agency. The MMS provider shall also counsel the employee about potential consequences of signing any full and unconditional release on any offer of settlement before all claims resulting from a particular move have been resolved.
7 Inspection of Services

7.1 Overview
This section describes the processes by which the Government will inspect the facilities and services provided by Transportation Service Providers (TSPs) for Household Goods (HHG) shipments moving under the Centralized Household Goods Traffic Management Program (CHAMP). In general, the Government reserves the right to inspect these facilities and services and deems it necessary to insure not only compliance with the provisions of this Household Goods Tender of Service (HTOS) but also to determine employee satisfaction with these services. The Government will use the results of these inspections to correct deficiencies in a TSP’s services, to provide “best value” recommendations to Federal agencies and to improve the level of employee satisfaction.

The Government may use any and all of the following to inspect and evaluate TSP service levels:

- Inspection by the Program Management Office (PMO) and its designated representative
- Inspection by the Responsible Transportation Officer (RTO) and its designated representatives
- Inspection by the employee or his/her authorized representative
- Collection and analysis of GSA Form 3080, Household Goods Carrier Evaluation Reports. (See also Section 2 on how this information is used to adjust a TSP’s scope of operation.)

The following sections provide additional detail on these procedures. All references to the TSP refer to the TSP and its agents.

7.2 Inspection by the Government

7.2.1 Inspection of Facilities and Operations
The PMO or its designee will have the right to review and inspect the facilities and operations of any CHAMP TSP. The inspections will determine if the equipment, facilities, operations and personnel are adequate and capable of performing the services required by the Government. The inspections will validate that TSP operations have been performed in accordance with the provisions of this HTOS and the requirements of the Federal ordering office.

The authorized representatives may inspect the TSP’s facilities and operations at the TSPs main facility, at the residence of the employee, or at the warehouse or any other facility of the TSP during regular office hours and at any time that work is in progress.
Published corporate TSP quality control programs shall be presented and explained to authorized inspectors when the TSP's facilities are inspected.

7.2.1.1 Inspection of Facilities
The TSP shall furnish PMO representatives with free and reasonable access to its facilities and provide assistance to successfully accomplish the review. The TSP shall provide, without cost to the Government, legible reproductions of any documents requested and required in the performance of the inspection.

7.2.1.2 Inspection of Operations
Authorized representatives of the RTO will have the right to inspect the packing, loading, weighing, pick-up, delivery, unpacking, warehousing and any other services performed or being performed by the TSP. Authorized representatives of the RTO will include:

- GSA personnel designated to perform quality assurance
- The employee or their authorized representative
- Personnel of the employee’s Federal agency designated to perform quality assurance.

7.2.1.3 Inspection by the Employee
Most often, the employee will inspect TSP services in the absence of an authorized GSA representative, the employing agency, or the RTO. The employee’s report of inspection (as documented by employee’s signature on the Bill of Lading (BL), or a joint inspection conducted at delivery or other report are all acceptable reports of inspection and will be considered administratively final.

7.2.1.4 Immediate Corrective Actions
When authorized representatives of the RTO find that packing, loading, unpacking or any other work being performed or already completed does not comply with the terms, conditions or specifications set out in this HTOS, the authorized representative will advise the TSP of the situation. The TSP shall promptly correct the deficiency by taking whatever action is necessary at no additional cost to the Government or the employee.

7.2.2 Reports of Inspection
Reports of inspection will be furnished to the PMO. Upon receipt of an on-site review, the PMO will furnish the TSP a report within ninety (90) calendar days of completion of the on-site review. The report will show the findings of the review and corrective actions, if any, which must be taken by the TSP to bring its operation into compliance with requirements as set forth in this HTOS.
A TSP receiving a report showing corrective actions which need to be taken shall have its approval changed to conditional, and shall have thirty (30) calendar days from date of receipt to institute those corrective actions identified as requiring immediate action and to notify the PMO of completion of those corrective actions.

Reports of inspection by the PMO will be considered as final and conclusive of the performance of the services inspected. If the TSP objects to the rating or required corrective actions imposed by the RTO, the TSP shall first notify the RTO in writing, setting out the basis of the disagreement and requesting the opportunity to resolve it. If the TSP still objects to the RTO’s report, it may appeal to the PMO in accordance with the provisions of Section 3.

7.3 Other Inspections

7.3.1 Inspection of Sorting For Partial Withdrawal from SIT
The employee or any other person responsible for payment of the freight charges will have the right to be present at the TSP’s facility during the sorting of the property for a partial withdrawal from Storage-in-Transit (SIT). The TSP shall deliver, or the employee has the option to pick up, the property.

7.3.2 Inspection of Pre-packed Items by the TSP
The TSP is responsible for all packing. The TSP is authorized to inspect all pre-packed goods to ascertain the contents and determine that only articles not otherwise prohibited by this HTOS are contained in the shipment.

The TSP is authorized to determine that employee packed goods require repacking. Such repacking will be performed by the TSP in a TSP-provided container. The Government will bear the costs for repacking in this instance, subject to the other terms and conditions of this HTOS.

7.4 Acceptance by the Government
Acceptance, as used in this HTOS, means the act of an authorized representative of the Government by which the Government assumes for itself or approves specific services, as partial or complete performance of the requirements of the HTOS.

7.4.1 Warranty
Notwithstanding inspection and acceptance by the Government or any provision concerning the conclusiveness thereof, the TSP warrants that all services performed under this HTOS will, at the time of acceptance, be free from defects in workmanship and conform to the requirements of this HTOS. The RTO will give written notice of any defect or nonconformance to the TSP within forty-five (45) days from the date of acceptance by the Government. This
notice will state either (1) that the TSP shall correct or reperform any defective or nonconforming services, or (2) that the Government does not require correction or reperformance.

7.4.2 Correction and Reperformance
Correction, as used in this section, means the elimination of a defect. If the TSP is required to correct or reperform, it shall be at no cost to the Government, and any services corrected or reperformed by the TSP shall be subject to this clause or if the TSP refuses to correct or reperform, the RTO may correct or replace with similar services and charge to the TSP the cost occasioned to the Government thereby, or make an equitable adjustment in the price for services rendered.

7.4.3 No Correction and Reperformance
If the Government does not require correction or reperformance, the RTO will make an equitable adjustment in the price for services rendered.

7.5 Household Goods Carrier Evaluation Report (GSA Form 3080)
This section describes the Household Goods Carrier Evaluation Report, GSA Form 3080, the procedures for administering the TSP evaluation program and how the GSA Form 3080 response is used to compute the TSP Customer Satisfaction Index (CSI). Section 2, Application and Participation, describes how the CSI is used to adjust the scope of a TSP’s operations. The CSI is also used by Federal agencies in TSP selection and shipment distribution to meet their agency’s service requirements at the lowest cost consistent with those requirements.

7.5.1 Overview
The GSA Form 3080, Household Goods Carrier Evaluation Report, (see Appendix C) is used as a report of inspection and will be provided to the employee and to the RTO. Completed reports assist the PMO in the overall evaluation of customer satisfaction with personal property shipments.

Upon completion of services by the TSP at destination, the employee will complete the RELOCATING EMPLOYEE’S RESPONSE section of GSA Form 3080 and send it to the RTO for completion of B/L ISSUING OFFICER’S/AGENCY MOVE COORDINATOR’S RESPONSE section. After completion by both the employee and the RTO, GSA Form 3080 is returned to the PMO.

The PMO will review each completed form to ensure that all shipments routed under CHAMP received high quality service. After the PMO has reviewed the form, the information contained
on the form will be entered into the Service Performance Index and Evaluation System (SPIES) database.

7.5.2 Calculating the Customer Satisfaction Index (CSI)

The CSI is calculated on an annual basis. Only GSA Form 3080 for shipments with indicated delivery dates between January 1 and December 31 of the calendar year for which the CSI is calculated will be used. The PMO will provide quarterly reports to the TSPs showing the GSA Forms 3080 submitted to date, and the TSP may take action to insure all relevant forms are forwarded to the PMO. However, forms received by the PMO after the last day in February will not be used in the calculation of a TSP’s CSI score for the previous calendar year.

7.5.3 Issuing CSI Score

Based on the number of shipment scores reported to the PMO on GSA Form 3080, a TSP will be issued a CSI or be in “unindexed” status. The following criteria will be used when issuing CSI scores.

7.5.3.1 Unindexed Status

A TSP will not be issued a CSI if:

- The TSP had less than two shipments reported
- The TSP had less than two GSA Forms 3080 returned to GSA
- The TSPs GSA Form 3080 rate of return was less than 90% of the overall program average rate of return for the calendar year
- The TSP did not submit complete shipment information.

7.5.3.2 Indexed status

A TSP will be issued a CSI if:

- The TSP had between two and fourteen GSA Forms 3080 returned to GSA and the TSP’s GSA Form 3080 rate of return was greater than 90% of the overall program average
- The TSP had 15 or more GSA Forms 3080 returned to GSA.

7.5.4 Appeal Procedures.

In the event that the rated TSP disagrees with the evaluation contained on the GSA Form 3080, the TSP has the right to appeal such evaluation as specified below. The objective of these appeal procedures is to resolve the disagreement as close to the point of service as possible.
Except as provided below, an appeal received by the PMO directly from a rated TSP will be rejected.

7.5.4.1 Shipment Not Tendered
If the rated TSP determines that a shipment was not tendered to its company, the TSP shall advise the PMO in writing requesting review and correction.

7.5.4.2 Disagree with the Rating by the Employee
If the rated TSP disagrees with the employee’s evaluation and the employee’s evaluation has not been changed by the RTO prior to submission to the PMO, the rated TSP shall first notify the employee in writing, setting out the basis of the disagreement and requesting the opportunity to resolve it.

Note: If the rated TSP disagrees with the employee’s evaluation and the employee’s evaluation has been changed by the RTO prior to submission to the PMO, the procedures in Section 7.5.4.3 will apply.

7.5.4.2.1 Disagreement is Resolved
If the employee and the rated TSP resolve the disagreement and that resolution changes the employee’s rating, the employee and the rated TSP shall jointly advise the RTO by a single memo signed by both. The RTO will then notify the PMO in writing and request that the rating be changed.

7.5.4.2.2 Disagreement is Not Resolved
If the employee and the rated TSP cannot resolve the disagreement, the rated TSP shall notify the RTO in writing requesting review and resolution. The request will set out the basis of the disagreement, actions taken to resolve the disagreement, and include a copy of the letter to the employee and any records that may have been made of conversations, meetings or correspondence with the employee. The RTO will then investigate the disagreement, determine whether any changes should be made in the rating, and, if so, advise the PMO in writing. The RTO’s determination is final and not reviewable by the PMO.

7.5.4.3 Disagree with Rating by the RTO
In the event the rated TSP disagrees with the RTO’s evaluation, the rated TSP shall first notify the RTO in writing, setting out the basis of the disagreement and requesting the opportunity to resolve it.
7.5.4.3.1 **Disagreement is Resolved**

If the RTO and the rated TSP resolve the disagreement and that resolution changes the RTO’s rating, the RTO and the rated TSP shall jointly advise the PMO in a single memo signed by both.

7.5.4.3.2 **Disagreement is Not Resolved**

If the RTO and the rated TSP cannot resolve the disagreement, the rated TSP and the RTO must jointly prepare a single memo to the PMO signed by both that they request resolution of the disagreement by the PMO and agree to accept the findings of the PMO without further appeal.

The request will set out the basis of the disagreement, actions taken to resolve the disagreement, and include a copy of the letter to the RTO and any records that may have been made of conversations, meetings or correspondence by either party. The PMO will then investigate the disagreement, determine whether any changes should be made to the rating, and, if so, advise the rated TSP and the RTO in writing and correct the rating. If the rated TSP and the RTO cannot agree to jointly request review and resolution by the PMO, the original rating will remain in effect.

7.5.4.3.3 **Oral Appeals**

Oral appeals will be construed as without merit and be rejected.
8 Invoicing and Payments

This section describes the process for invoicing Household Goods (HHG) services (including the movement of Unaccompanied Air Baggage (UAB) and Privately Owned Vehicles (POVs) and how to remit payment for the GSA Industrial Funding Fee (IFF). Each portion of a shipment shall be rated at the rate in effect on the date of initial pick-up of the shipment, based on the applicable weight of the entire shipment. TSP’s shall refer to the annual RFO for complete details on rates and charges.

8.1 Invoicing

8.1.1 Voucher and Supporting Documents

GSA has prescribed the Public Voucher for Transportation Charges, SF 1113, and Memorandum Copy, SF 1113-A, for use by TSPs in billing charges for authorized HHG services furnished to the U.S. Government. These forms are available from the GSA Forms Library and URLs are provided in Appendix C.

The SF1113 and one SF 1113-A shall be submitted to the billing office specified on the BL. The SF 1113 shall be supported by the BL and other documents required in the table below.

## 8.1.2 Electronic Payments

The Federal agencies ordering HHG services will establish their own procedures for the submission of TSP invoices. This may include requiring the use of electronic commerce systems that include fees paid by the TSP. The TSP shall be responsible for complying with the agencies’ payment procedures.
8.2 Composition of Charges

8.2.1 Applicable Rate
All charges for transportation and related services for shipments handled shall be in accordance with the lowest applicable tariff or tender, and shall be billed to the Federal agency shown in the “Bill Charges to” block on the Bill of Lading. The TSP’s public voucher for charges shall be supported by the documents specified in Section 8.1. Failure to submit any of the documents shall result in rejection of the associated charges.

8.2.2 Applicable Rate in Absence of Accepted Rate
At the time of approval, GSA establishes a TSP’s approved scope of operation. Federal agencies are encouraged to use those TSPs that have approved rates filed in conjunction with the TSP’s scope of operations for household goods shipments. If the selection of TSPs for a specific route is limited, the acceptance and movement of a shipment by the TSP outside of its approved scope of operations over routes for which the TSP has no accepted rates or whose rates have been canceled shall constitute an agreement by that TSP to perform the transportation services at the lowest rate filed by any TSP on that route.

8.2.3 Applicable Charges on Overweight International Shipments
RTOs may require TSPs to report the actual weight of international shipments prior to movement (See Section 11.2). This is to determine if the actual weight is in excess of the employee’s authorized allowance. If this should occur, and the TSP fails to notify the RTO of the shipment weight and moves the shipment from origin to destination, TSP shall collect from the Government those transportation and accessorial service charges, including terminal services charges, in an amount equal to the charges accruing to the authorized shipment weight, not the actual shipment weight. The TSP shall have no recourse to the employee for the additional charges.

8.2.4 Applicable Weight When Reweigh Performed
When a shipment is reweighed in accordance with Section 5.4.4, charges will be based on the lower of the two net scale weights. In the event the reweigh information is not available at the time of the TSP’s initial submission of its invoice, the TSP may either present a supplemental billing adjusting the transportation charges or adjust supplemental billings to reflect the reweigh weight.
8.3 **Adjustment Based On Rate Differentials Involved In the Use of Foreign Flag Shipping**

Adjustments in rates will be permitted when rate differentials are involved due to the use of Foreign Flag Shipping. A Justification Certificate (see Appendix C) is required for the use of a Foreign Flag vessel. When increases or decreases occur in rates due to the use of Foreign Flag Shipping, billing and documentation submitted in connection with the GBL shipment will have differences between the Foreign Flag vessel rate and the rate used in computing the accepted transportation single factor rate (SFR). The ocean freight bill which must be submitted to support each GBL and the rate will be adjusted in favor of the TSP or the Government on the basis of this bill. An example of the adjustment required in the event of an ocean rate increase would be:

International GBL Shipment Adjustment Example

- **SHIPMENT**: 3,000 lb, 450 cu ft., Single Factor Rate = $32.00 per cwt
- **STEP 1.** Original Charges Due: 3,000 lb x $32.00 per cwt = $960.00
- **STEP 2.** Ocean rate used in constructing the effective GBL rate:
  - 81 cents per cu ft
- **STEP 3.** Paid to Foreign Flag Ocean TSP as stated on the ocean freight bill and computed in accordance with the measurement rule stated in tariff governing the rate:
  - 90 cents per cu ft (9 cents per cu ft difference)
- **STEP 4.** Supplemental charge for ocean freight
  - 450 cu ft at 9 cents per cubic foot = $40.50.
- **STEP 5.** Total charges due TSP: $960.00 + $40.50 = $1,000.50.

8.4 **Reductions in Charges**

8.4.1 **Late Delivery Reduction**

A late delivery reduction of $100.00 per day will be payable to the Federal agency paying the transportation charges for each calendar day, or fraction thereof, when the actual transit time for direct delivery shipments exceeds the transit time as defined in Section 10 and the RFO. This reduction is subject to the following conditions:

- When the Government and the TSP mutually agree to a transit time longer than the transit time as shown in Section 10 or the RFO, the penalty will begin on the day after the agreed date.
● When the Government and the TSP mutually agree to a transit time chart other than the chart in Section 10 or the RFO, the penalty will begin on the day after the agreed date.

● When a shipment consigned to Storage-in-Transit (SIT) at destination is en route and the destination is changed to a direct delivery, the transit time is negotiable and no penalty occurs for late delivery.

● This reduction will apply only for shipments which:
  o Weigh or are rated at 3,500 pounds or more that are picked up during the period from October 1 through May 14 of each subsequent year or
  o Weigh or are rated at 5,000 pounds or more that are picked up during the period from May 15 through September 30 of each year.

● This reduction will apply when reconsigment or diversion is made on a shipment, based on the applicable mileage and weight of the shipment from point of diversion to the new destination.

● This reduction will not apply if delay is caused by reasons beyond the TSP’s control, described as “Impractical Operation” in Section 5.

● This reduction will not apply to a shipment, or portion thereof, which is lost or destroyed in transit and cannot be delivered due to such loss or destruction.

● This reduction will not apply to an overflow portion of the shipment when the overflow weight represents less than twenty (20 percent of the total shipment weight and contains nonessential items (possessions not needed to maintain day-to-day housekeeping during the period of time between delivery of the main portion of the shipment and delivery of the overflow).

The total reimbursement to the Federal agency will not exceed:

● An amount equal to the linehaul transportation charges for the shipment on a domestic shipment.

● An amount equal to total charges for an international shipment, excluding SIT.

This payment satisfies the Government's right to equitable adjustment for failure to perform, but does not waive, mitigate, or satisfy any other right or remedy available to the Government on account of late delivery by the TSP.

### 8.4.2 Improper Customs Clearance Reduction

In the event that a TSP improperly clears a shipment through customs (for example, a Department of State (DOS) shipment is cleared as a Department of Defense (DoD) shipment,
8.5 Other Charges

8.5.1 Valuation Charges
Although the liability in excess of that declared by the shipping Federal agency is an expense of the owner, the charges will be billed by the TSP to the finance office of the Federal civilian executive agency sponsoring the shipment and identified as a separate item of billing.

8.5.2 Delivery/Pick-up at a Mini-Storage Warehouse
Except as otherwise provided herein, if shipment is delivered to or picked up at a mini-storage warehouse, the rates for transportation include only the unloading or loading at door, platform or other point convenient or accessible to the vehicle.

8.5.3 Charges for Repacking Pre-packed Items
The Government will bear the costs for the TSP repacking employee-packed goods that the TSP has determined require repacking. The charges for such repacking shall be based on the actual size of the carton(s) provided, subject to the Max-pack provisions of the TSPs' bureau issued interstate government rate tender.

8.5.4 Charges for Reweigh
The TSP may bill the Government for the cost of the reweigh scale charge but an original copy of the scale charge invoice shall be included with the billing. No reweigh service charge will apply.

8.5.5 Charges for Crating Services
Crating services will be quoted, billed and paid as provided in the GSA-01 tariff or Section 12 of this HTOS. If a third party is used to provide crating services and the charges are in excess of those provided in the GSA-01 tariff or Section 12, the office that issued the BL or the RTO has the authority to waive or negotiate the excess crating charges, in whole or in part, based on the circumstances of the use of third party services.

8.5.6 Excessive Distance Carry
For domestic shipments refer to Item 160 of the GSA-01 tariff. For international shipments refer to Section 12.26 of the HTOS.
8.6 Storage-In-Transit (SIT) Charges

8.6.1 Warehouse Handling Charges
Warehouse handling charges for shipments placed in Storage-in-Transit (SIT) will be in accordance with the applicable tariff and tender for the destination municipality shown on the BL, unless otherwise specifically authorized by the RTO. In the event the TSP is authorized to use trailers, vans, public warehouses and self-storage units, one-half the applicable warehouse handling rate will be paid.

8.6.2 Storage Charges
Storage charges for shipments placed in SIT will be in accordance with the applicable tariff and tender for the destination municipality shown on the BL, unless otherwise specifically authorized by the RTO. In the event the TSP is authorized to use trailers, vans, public warehouses and self-storage units, one-half the applicable storage rate will be paid.

8.6.3 Domestic SIT Pick-up or Delivery Charges
Pick-up or delivery charges for shipments placed in SIT will be in accordance with the applicable tariff and/or tender for the destination point shown on the BL, unless otherwise specifically authorized by the RTO.

8.6.4 International SIT Pick-up or Delivery Charges
On shipments delivered from SIT, the applicable transportation charges will be the delivery transportation rate from the nearest available TSP agent’s DoD or DOS-approved SIT facility at destination shown in the “Consignee Block” to final destination.

8.6.5 Placement in SIT on Different Dates
When property is placed in SIT in segments on different dates, the transportation rates and additional service charges in effect on the date of the pick-up of the initial shipment will apply to each property segment placed in SIT.

8.6.6 Use of a Facility for the TSP's Convenience

8.6.6.1 Nearest Available Facility Rule
Should the TSP use a more distant facility instead of its nearest facility for its own convenience, SIT and related charges will be based on the TSP’s nearest available DoD or DOS-approved facility. The nearest available DoD or DOS-approved storage facility is defined as that TSP’s facility which has DoD or DOS-approval, has space for the shipment, and is accepting Federal civilian non-DoD traffic from the TSP.
8.6.6.2 Reduction in Charges for TSP’s Convenience

In the event the storage occurs at a point other than the TSP's agent's nearest available facility, regardless of the cause and without the approval of the RTO, and in the event that the transit time for delivery from the actual point of storage to the final destination exceeds the transit time between the TSP's agent's nearest available facility and the final destination, the total charges shall be subject to a reduction equal to the Government paid cost of temporary quarters for the excess transit time.

8.6.7 Additional International Provisions for SIT Charges

8.6.7.1 Storage Charges at Destination

When SIT is at destination, charges (including charges for additional services, advances and other properly authorized charges) will be billed after SIT is completed.

8.6.7.2 Agent Refusal of International SIT Shipment

If the agent refuses to accept a shipment (e.g., because of the TSP's refusal to provide a waiver or due to the TSP's poor payment history) the agent's facility will be considered “available” for the purpose of determining charges under the provisions of Section 8.5.6 without regard to which destination warehouse the TSP uses.

8.6.8 Charges Applicable To Portion

The transportation charges to apply on a portion of a SIT shipment delivered from warehouse location to destination will be the applicable transportation rate based on the weight of such portion, subject to the provisions of Section 8.6.19 on withdrawals.

8.6.9 Overflow

On property consigned to SIT where an overflow of property requires that a split shipment be delivered to the warehouse on different dates, the charges for such property will be as follows:

- Transportation charges from initial point of pick-up to warehouse location will be based on the combined weight of the property stored in transit, and computation of transportation charges will be as provided in Section 8.6.5
- Storage charges in effect on date of initial pick-up will apply and be assessed separately on each portion of shipment stored in transit, except the 1,000 pound minimum weight will apply to the combined weight of property stored in transit. Storage will be rated separately on each portion added
- Warehouse handling charges will be based on the combined weight of the property placed in SIT and will apply only once
- All subsequent charges will be based on the combined weight of the SIT property.

8.6.10 Withdrawal of Property
During SIT, the employee may withdraw a portion of the property. When the selection of items requires unstacking/restacking all or a portion of the shipment, charges for such handling will be assessed in accordance with labor charge provisions in the applicable government tariff. Charges for transportation furnished, if any, for the portion selected for delivery will be assessed on the same basis as an individual shipment. The following will be applicable to the portion remaining in storage:
- Storage charges will continue to apply on the weight of remainder of the property
- Charges for transportation furnished, if any, for the delivery of the remainder of the property will be assessed on the same basis as an individual shipment.

Billing of charges incident to partial withdrawal of property will be in accordance with the instructions of the RTO.

8.6.11 Removal from SIT and Extra Pick-up
When property is removed from SIT and extra pick-ups are ordered, the transportation rates and additional service charges in effect on the date of the pick-up of the initial shipment will apply based on the weight of the property removed from SIT or constituting the extra pick-up.

8.7 Payment In The Event Of Shipment Termination

8.7.1 Termination of a Domestic Shipment
In the event a TSP’s right to provide services is terminated by the RTO as provided in Section 3, the TSP will be paid up to the point of termination for services actually performed. Payment to the terminated TSP will be based on the actual services performed, less the difference between the terminated TSP's billing and the billing of the replacement TSP.

8.7.2 Termination of an International Shipment
In the event a TSP’s right to provide services is terminated by the RTO as provided in Section 3, the TSP will be paid up to the point of termination on a prorated basis for the services actually performed. The basis of proration shall be negotiated between the RTO and the TSP. Upon determination, the RTO’s decision shall be final and conclusive.
8.8 Charges for Lost or Destroyed Shipment

8.8.1 Total Loss
When the shipment is totally lost or destroyed in transit, the TSP shall not collect, nor require a payment of any charges. Nevertheless, the TSP may collect, and the shipper shall be required to pay any specific valuation charge that may be due. However, this provision shall not be applicable to the extent that any such loss or destruction is due to the act or omission of the shipper.

8.8.2 Partial Loss
In the event that any portion of a shipment of HHG is lost or destroyed in transit, the TSP shall refund that portion of its charges (including any charges for accessorial or terminal services) corresponding to that portion of the shipment which is lost or destroyed in transit. TSPs shall determine, at their own expense, the portion of the shipment not lost or destroyed in transit.

In order to calculate the charges applicable to the shipment as delivered, the TSP shall multiply the percentage corresponding to the portion of the shipment delivered by the total charges applicable to the shipment as tendered by the shipper. If the charges so computed exceed the charges otherwise applicable to the shipment as delivered, the lesser of those charges shall apply.

Nevertheless, the TSP may collect, and the shipper shall be required to pay, any specific valuation charge that may be due. The provisions section shall not be applicable to the extent that any such loss or destruction is due to the act or omission of the shipper or Acts of God.

8.8.3 Partial Loss Involving More Than One Transportation Vehicle – International Only
In the event of the loss or destruction of any part of a shipment being transported on more than one vehicle, the TSP shall collect charges as provided in Section 8.8.2.

8.9 Other Provisions

8.9.1 Application of Prompt Payment Act
The Prompt Payment Act, 31 USC 3901, et seq., applies to shipments transported under this HTOS.
8.9.2 Payment of Debt
Should any Federal agency be advised that a TSP filing rates under the terms of this HTOS has failed to comply with the terms of an arrangement entered into between the TSP and an agency of the Federal Claims Collection Act of 1966 relating to transportation services, that Federal agency may place the TSP in nonuse or disqualification status until such time as the TSP has complied with the terms of the arrangement.

8.9.3 Excess Costs - International Only
To enable the Government to collect excess costs incurred due to TSPs defaulting on shipments in transit, TSPs assuming the onward movement will maintain records of all excess costs including demurrage, storage, etc., over and above those normally associated with a shipment. These records will be provided to the RTO or PMO on request.

8.10 Limitation of Action – Claims for Charges

8.10.1 Filing of Claims by TSPs
All claims and actions at law by TSPs for recovery of their charges on shipments subject to the provisions of this HTOS will be filed within three (3) years (not including any time of war) from the date of any one of the following, whichever is later:

- Final delivery of the property
- Payment of the transportation charges thereon
- Subsequent refund of excess charges
- Deduction of such excess charges from TSP's account.

8.10.2 Filing of Claims Against TSPs
All claims and actions at law against TSPs for recovery of excess charges on shipments subject to the provisions of this HTOS will be filed within three (3) years (not including any time of war) from the date of payment of the charges thereon.

8.10.3 Government’s Breach of Limitation – International Only
Provided, however, that if the limitation of actions set forth in this item is breached by the Government by the filing of a claim or action at law (other than by mistake or inadvertence) at a time other than stated in this section, this section will be of no force and effect and will be void ab initio.
8.11 **Payment of GSA Industrial Funding Fee (IFF)**

8.11.1 **Remittance of GSA IFF**

The GSA Industrial Funding Fee (IFF) will be remitted to GSA on the basis of shipments billed as reported, in the PMO Shipment Report (Section 11 and Appendix D) and in accordance with the provisions of the annual RFO. The remittance may be transmitted either by check or by electronic funds transfer.

8.11.1.1 **Remittance by Check**

Checks shall be made payable to “GSA-GL474.1[SCAC Code]”; e.g., “GSA-GL474.1[YZAB]”. The check register/memo line must identify the quarter (i.e. 1stqtr10, 3rdqtr11) and the GBL/BL number or include with the IFF submission a copy of the shipment report containing such information.

8.11.2 Failure to Submit Remittance

The failure to submit the remittance as required by this section and in accordance with the time frames established in Section 1.3.6 will result in the TSPs immediate placement in temporary nonuse pending revocation of the its approval to participate in the CHAMP.
9 Liability and Claims

9.1 Transportation Service Provider (TSPs) Liability for Loss or Damage

Transportation Service Providers (TSPs) providing domestic or international transportation services, pursuant to the provisions of this Household Goods Tender of Service (HTOS), shall offer full replacement value protection for each shipment. This includes all transportation services (including accessorial and terminal services) furnished by a TSP for which the TSP assumes liability for loss and damage. This will not exceed the full replacement value of the items transported.

9.1.1 Released Value

All surface and Unaccompanied Air Baggage (UAB) shipments (domestic and international) are released at full value.

All Privately Owned Vehicle (POV) shipments (domestic and international) are released at the current value of the vehicle based on the National Automobile Dealers Association (NADA) value for the vehicle. See Section 9.1.3.2 for more details.

9.1.1.1 Base Valuation

The TSP shall refer to the current Request for Offers (RFO) for the base valuation for various shipments. Note that different Federal agencies may require different base valuation amounts for their employees.

9.1.1.2 Increase in Basic Released Value

Should the employee elect to specify a released value different from that specified on the Bill of Lading (BL), after the BL has been issued but prior to the date of pick-up, the TSP should have the employee contact the Responsible Transportation Officer (RTO) and request an amendment to the original BL indicating the desired valuation.

9.1.2 Exceptions to TSP Liability

9.1.2.1 Overall Exceptions

The TSP is not responsible for loss or damage caused by:

- Acts of God, public authority or negligence of the employee and/or employee's agent
- Hostile or warlike action in the time of peace or war, including action in hindering, combating or defending against an actual, impending or expected attack, including
The burden of proof shall be on the TSP to show that the immediate cause of the loss or damage was one or more of the exceptions listed above which relieved it of liability.

9.1.2.2 Government Custody

Except as provided below with respect to concealed loss or damage, the TSP shall not be liable for loss or damage when the TSP can reasonably establish that such loss or damage occurred while the shipment was in the effective custody and control of the Government.

9.1.3 Extent of TSP’s Liability

9.1.3.1 Liability for Non-Vehicular Personal Property

Except when loss or damage arises out of causes beyond the control and without the fault or negligence of the TSP, the TSP shall be liable to the United States Government or the employee for the loss of or damage to any article in an amount not to exceed the released value of any article over which the TSP has control or custody. Custody on the part of the TSP shall be considered to begin at the time performance of service commences and shall continue until services are completed. This includes, but is not limited to, all times while the property is being:

- Packed
- Picked up
9.1.3.1 Non-Vehicular Property Delivered To a Foreign Post - International Shipments

Subject to the general provisions stated above, and in the event non-vehicular personal property is lost or damaged, the measure of damages for a shipment delivered to a foreign post shall be repair or replacement not to exceed the replacement value of the item at the foreign post. The foreign post value must be within ten percent (+/-10%) of the Continental United States (CONUS) replacement value at the point of origin at the time of arrival at the port of debarkation. In the event the foreign post value is not within ten percent (+/-10%), the measure of damages will be the CONUS replacement value of the item at the point of origin at the time of arrival at the port of debarkation plus the cost of transportation and delivery of the property, including customs clearance, to the employee at the post. Replacement value must be based on replacement of the property with property of comparable kind and quality.

9.1.3.1.2 Non-Vehicular Property Delivered Within CONUS

Subject to the general provisions stated above and in the event personal non-vehicular property is lost or damaged, the measure of damages for a shipment to be delivered within the CONUS shall be repair or replacement not to exceed the replacement value of the property at the point of destination in the United States, including the cost of transportation and delivery of the property, including customs clearance if applicable, to the employee at the destination residence. Replacement value must be based on replacement of the property with property of comparable kind and quality.

9.1.3.2 Liability for Vehicular Property

9.1.3.2.1 International Shipment

In the event of loss or damage to vehicular property during the course of an international shipment, the measure of damages will be the cost of repair or replacement not to exceed the current value of the vehicle based on the NADA value for the vehicle (in the month of landing converted to local currency) plus the cost of rental of a comparable vehicle for the period of
time during which the vehicle is unavailable for employee use. However, the liability for the

cost of rental shall not exceed the current value of the vehicle. The quality of repair or
replacement must equal or exceed the standards applied in the CONUS.

9.1.3.2.2 Domestic Shipment

In the event of loss or damage to vehicular property during the course of a domestic shipment,
the measure of damages will be the cost of repair or replacement not to exceed the current
value of the vehicle based on the NADA value for the vehicle, plus the cost of rental of a
comparable vehicle for the period of time during which the vehicle is unavailable for employee
use. However, the liability of the cost of rental shall not exceed the current value of the
vehicle. The quality of repair or replacement must equal or exceed the standards applied in the
CONUS.

9.1.3.3 Liability for Real Property Damage

The TSP shall be liable for any damage sustained to the premises or property of the employee
caused by the TSP, its agents or employees.

9.1.3.4 Liability for High Risk Items

The TSP's legal liability for loss or damage to high risk items shall be the same as for any other
property lost or damaged. Unless covered by a high risk program established in accordance
with Section 9.1.5 below, a TSP’s liability for high risk items shall in no way be limited to a value
less than that established under the terms of the level of service stated on the BL.

9.1.3.5 Liability for Concealed Loss/Damage

The TSP shall be liable for concealed loss or damage discovered by the employee within
seventy-five (75) calendar days after delivery if the employee notifies the TSP, in writing, of the
loss and/or damage within seventy-five (75) calendar days from the date of delivery. The
notification requirement cited here does not mean that a claim cannot be filed after seventy-
five (75) calendar days by the employee. Lack of notification shall not be used as the sole basis
for denying a claim.

9.1.3.5.1 Burden Of Proof When Notice Is Given

If the employee provides written notification of the discovered loss or damage within seventy-
five (75) calendar days after delivery, the TSP shall bear the burden of proving that it did not
cause the loss or damage. If a claim for concealed loss or damage is filed more than seventy-five
(75) calendar days after delivery and the TSP received notice of all or some of the loss or
damage within that period, the TSP shall bear the burden of proving that it did not cause the
loss or damage for which it received notice and on the property for which the employee did not give notice.

9.1.3.5.2 Burden Of Proof When Notice Is Not Given
If the employee files a claim for concealed loss or damage and the TSP did not receive notice of any of the loss or damage within the seventy-five (75) calendar day period, the employee will bear the burden of proving that the TSP caused the loss or damage.

9.1.3.6 Liability for Delay
The TSP shall be liable for the inconvenience and extra expense caused to the employee and to the Government if the employee is required to obtain temporary quarters due to the TSP's failure to pick-up or deliver the household goods shipment in accordance with the instructions provided by the RTO, the employee, or his authorized representative. Equipment failure, actions by other TSPs or agents, and illness or error by persons in its employ or in the employ of its agents, among others, are considered within the control of the TSP and may not be used as a basis for denying a claim for damages due to delay.

9.1.3.7 Liability for Terminated Shipments
In the event a shipment is terminated by the Government and is assigned to another TSP for completion of service, both the terminated and the assigned TSPs shall be jointly liable for any loss or damage to the shipment and for any delay. The Government reserves the right to file any claim for property loss or damage or for shipment delay with either the terminated TSP or the assigned TSP, and the TSP against which the claim is filed shall be responsible for settling the claim in full without waiting for any acknowledgment of liability or reimbursement from the other TSP.

9.1.3.8 Liability for Prohibited Items
When a TSP undertakes the shipment of items prohibited by law or regulatory bodies which are injurious or contaminating to the shipment, the TSP shall be liable for loss or damage resulting from its failure to decline such items.

9.1.3.9 Liability for Missing Articles
If the missing articles are not found within thirty (30) calendar days from the date of shipment delivery, they shall be presumed lost by the TSP and payment to the employee will be made upon the filing of a claim without dispute.

In the event the missing articles are located subsequent to claims action by the employee or the Government, the TSP shall hold the articles at the point of location, notify the RTO, and await
disposition instructions. When articles/items are returned to the employee, any claims which have been paid in favor of the employee shall be readjusted in the TSP's favor.

9.1.4 Employee Failure to Verify Inventory
The TSP shall not deny liability for property loss or damage solely on the basis that the Government, the employee, or the employee's authorized representative failed to verify the origin or destination inventories.

9.1.5 Establishment of High Risk Program
A high risk program limiting a TSP's liability for loss of or damage to high risk items may only be established with the approval of the RTO and be evidenced by a written agreement setting out the terms and conditions established by the shipping Federal agency. The mere issuance of a BL to a TSP with a pre-existing high risk program is not sufficient to incorporate the terms of such high risk program into the government's contract of carriage.

9.2 Preparation and Filing of Claims
The TSP shall furnish to the employee all reasonable and necessary assistance in the preparation and filing of claims. Included in such assistance are inspections of the damaged property, if requested, completion of claim forms, and obtaining estimated repair costs at no cost to the employee.

9.2.1 Claims for Loss of or Damage to Personal Property
Claims for loss of or damage to personal property shipped pursuant to this HTOS must be filed with the TSP by the shipping Federal agency, provided, however, that with the approval of the shipping Federal agency, the employee or his/her authorized representative may file the claim on behalf of the employee and the Government.

9.2.2 Claims for Damage to Real Property
Claims for damage to real property belonging to the employee at the time of shipment or subsequent thereto must be filed with the TSP by the shipping Federal agency, provided, however, that with the approval of the shipping Federal agency, the employee or his/her authorized representative may file the claim on behalf of the employee and the Government.

9.2.3 Inconvenience Claims
Inconvenience claims may be filed with the TSP by either the employee or the Government. When the claim is filed by the employee, the TSP shall be liable for the reasonable costs incurred by the employee in excess of those reimbursed to the employee by the Government.
When the claim is filed by the Government, the TSP shall be liable for the reimbursement made by the Government to the employee for the temporary quarters obtained by the employee.

9.2.4 Claims for Injury
Claims for injury shall be filed with the TSP by the injured party.

9.2.5 Claims for Delay
Claims for delay may be filed by the employee, his/her authorized representative or by the Federal agency paying the cost of the services provided pursuant to this HTOS.

9.2.6 Minimum Filing Requirements
The minimum requirement to file a claim is written communication from a claimant filed with the Government or the TSP and must include:

- Sufficient facts to identify the shipment (or shipments) of property involved
- An assertion of liability for alleged loss, damage, injury, or delay
- A demand for the payment of a specified or determinable amount of money.

This written communication will be considered in compliance with the provisions for filing claims on the BL or other contract of carriage.

9.2.7 Documents Not Constituting Claims
Bad order reports, appraisal reports of damage, notations of shortage or damage on freight bills, delivery receipts or other documents, notifications of loss or damage at or after delivery, or inspection reports issued by the TSP or their inspection agencies, whether the extent of the loss or damage is indicated in dollars and cents or not, standing alone, will not be considered sufficient to comply with the minimum claim filing requirements specified above.

9.2.8 Supporting Documents

9.2.8.1 Minimum Requirements
When necessary to an investigation, each claim for each article must be supported by a statement of the nature and extent of such damage, the basis for the amount claimed (i.e., date article purchased, original cost, amount of depreciation, actual cash value at time of loss or damage) or the full replacement value, in those cases where shipments are released to full replacement value.
9.2.8.2 Inconvenience Claims

Inconvenience claims shall be supported with an itemized listing of costs incurred and payments made by the Government to the employee.

9.2.9 Only Claim

When a claim asserted for loss of an entire package or an entire shipment cannot otherwise be authenticated upon investigation, the TSP shall obtain from the claimant a certified statement, in writing, that the property for which the claim is filed has not been received from any other source.

9.2.10 Inventory Correctness

When a claim is asserted for loss of an article, either contained in a carton or as a stand-alone item, and it is not specified on the inventory, the item shall be construed as present and the TSP shall not contest a claim for the missing item, unless the TSP can establish that the inventory was a complete listing of all items in the shipment and that the article was not received by the TSP.

9.3 Claims Settlement

The TSP shall acknowledge a claim in writing within ten (10) calendar days and shall settle the claim settled within thirty (30) calendar days of receipt.

9.3.1 Settling Property Loss or Damage Claims

The TSP shall satisfy a claim by repairing or replacing the property lost or damaged to the extent of TSP liability with materials of like kind, quality, and condition at time of acceptance by the TSP. Repair or replacement will also be construed to include payment in cash.

In the event that estimates of repair costs are obtained by the employee, either on his/her own or at the request of the TSP, the estimator's cost to furnish such estimates shall be reimbursable to the employee. However, if the terms of the estimate provide that the cost of the estimate will be deducted from the cost of repairs when repairs are completed, the TSP's liability will not exceed the cost of repairs.

9.3.2 Delays in Settlement

If the claim cannot be processed and disposed of within thirty (30) calendar days after receipt thereof, an additional thirty (30) calendar day period will be available for settlement of the claim. The TSP shall, at that time, advise the claimant and the RTO in writing or electronically of the status of the claim and the reason for the delay in making final disposition. The TSP shall retain a copy of such advice to the claimant in its claim file.
9.3.3 Claim Settlement Penalty
If the TSP does not settle the claim within thirty (30) calendar days after receipt, the TSP shall pay a $25.00 per day penalty to the Ordering Agency. The total penalty shall not exceed $250.00. The RTO can waive the penalty in whole or part depending on the circumstances.

9.3.4 TSP Failure to Settle
Failure to make settlement within the initial thirty (30) calendar day period (or the maximum sixty (60) calendar day period if proper notice is given) shall be construed as a refusal by the TSP to settle the claim. If a TSP fails to settle a claim in the time allowed or to its legal liability as determined and to the satisfaction of the employee, the Federal agency paying the costs of the shipment, Ordering Officer and RTO are authorized to make a determination of TSP liability for:

- Equitable adjustment for incomplete or non-performance of services
- Loss of or damage to real and personal property.

In making these decisions, the RTO should interview the TSP and the employee or authorized representative and review the TSP’s settlement offer (if any) and all supporting schedules and documentation. Upon review, the RTO will determine the propriety of the settlement or, when appropriate, direct the TSP to resettle in the amount or amounts determined to be proper by the RTO.

9.3.5 Setoff
Failure to make settlement within the initial thirty (30) calendar day period, or the maximum sixty (60) calendar day period shall be construed as a refusal by the TSP to settle the claim and as an admission of its liability to the full extent of the law and this HTOS.

If the TSP refuses to settle a claim, the RTO or Program Manager can initiate action to collect the money due from the amount owed the TSP.

9.4 Additional International Provisions
The following provisions apply to TSPs performing international HHG shipments.

9.4.1 Liability for General Average/Salvages
On ocean shipments, in addition to the TSP’s liability as otherwise provided in this HTOS, the TSP assumes full liability for and shall pay all contributions in general average or salvage assessed against personal property and shall provide bonds or make arrangements for the prompt release of the shipments from any maritime lien arising there from.
9.4.2 Government Liability

The United States Government (DOS or other US Government agencies assuming effective custody) will be liable to the TSP for damage to or loss or destruction of liftvans due to negligence of the Government, reasonable wear and tear excepted.

9.5 Limitation of Action – Claims for Property Loss or Damage

The time frame for the filing of claims for property loss and damage shall be in accordance with the laws of the United States of America and the terms and conditions of the applicable Bill of Lading.
10 Transit Times

10.1 Overview
This section provides transit times for both domestic and international Household Goods (HHG) shipments moved in accordance with the provisions of this Household Goods Tender of Service (HTOS). This includes shipments delivered directly to a residence or delivered to storage at destination.

The transit times in this section are the maximum number of transit days allowed. Transit times may be waived in writing by the Responsible Transportation Officer (RTO).

Transportation Service Providers (TSPs) should refer to the Request for Offers (RFO) for special transit times required by specific Federal agencies.

10.1.1 Measurement of Transit Time
Transit time will be measured in calendar days from the date loading is completed to the date on which the shipment is offered for delivery at the residence. When the last day of the transit time falls on Saturday, Sunday, a local or a Federal holiday, then the next United States Government business day will be considered the last day of transit. In the event storage-in-transit (SIT) occurs at origin, transit time will be measured based on the transportation from the point of SIT to the delivery residence.

The transit times are based on the assumption that a TSP shall be given a minimum of five (5) business days’ notice before the pick-up date of shipment. If less than five (5) business days’ notice is given the TSP, the transit times will be increased by one (1) business day for each day under the five (5) business day notice period.

10.2 Domestic Transit Times
Section 10.2.1 defines the allowable transit times for HHG shipments moving between Continental United States (CONUS) locations, and between CONUS and Canada locations.

The transit time for a Privately Owned Vehicle (POV) is the same as that for other HHG shipments, except for the locations shown in Section 10.3.

A transit time penalty applies if the TSP fails to meet the POV transit time specified in this section or Section 10.3. The TSP shall notify the applicable department or agency within 24 hours of any expected delay. Also, the TSP shall arrange for the employee’s use of a rental car at the TSP’s expense. The rental must be the same, or comparable, size/model as the POV the
employee shipped. The RTO may waive this penalty in whole or in part based on the circumstances of the delay.

### 10.3 POV Transit Time Exceptions

The transit times in this section are an exception to Section 10.2. Entries in the following table are the allowable number of days of transit time for POV shipments:

- Between CONUS locations and locations in Alaska, Guam, Hawaiian Islands, Puerto Rico and the Virgin Islands and
- Between locations in Alaska, Guam, the Hawaiian Islands, Puerto Rico and the Virgin Islands.

The TSP shall notify the applicable Federal department or agency in writing of the port(s) it intends to use to meet the transit time required.

10.4  **International Transit Times**

10.4.1  **Between any State, Trust Territory, or Possession of the United States and Named Countries**

The transit times in this Section 10.4.4 apply to HHG shipments picked up and delivered between any State, Trust Territory, or Possession of the United States and the named countries. These are the maximum transit times in calendar days applying to international shipments unless waived by the RTO in writing.

10.4.2  **Between International Locations**

The transit time for HHG shipments going between international locations is limited to sixty (60) calendar days. The RTO may adjust this time in writing.

10.4.3  **POVs**

The transit time for a POV is the same as that for other HHG shipments.

A transit time penalty applies if the TSP fails to meet the POV transit time specified in this section or Section 10.3. The TSP shall notify the applicable department or agency within 24 hours of any expected delay. Also, the TSP shall arrange for the employee’s use of a rental car at the TSP’s expense. The rental must be the same, or comparable, size/model as the POV the employee shipped. The RTO may waive this penalty in whole or in part based on the circumstances of the delay.

10.4.4  **International Transit Time Table**

Entries in the following table are the allowable number of calendar days of transit time for HHG shipments between any State, Trust Territory, or Possession of the United States and the named countries. This table includes the GSA reporting codes (see Appendix D) for cross reference purposes.

### 10.5 Unaccompanied Air Baggage Transit (UAB) Times

Transit time for Unaccompanied Air Baggage (UAB) is eighteen (18) calendar days, unless waived by the RTO in writing.
11 Reporting Procedures

This section defines the reports that Transportation Service Providers (TSPs) shall submit during the performance of Household Goods (HHG) shipment services under the provisions of this Household Goods Tender of Service (HTOS). It also described how these reports are used to control HHGs shipment process.

11.1 Reports to the Relocating Employee

Reports required to be furnished to the relocating employee are listed here. Some additional information on employee reports is contained in Reports to the Responsible Transportation Officer (RTO), Section 11.2.

11.2 Reports to the Responsible Transportation Officer (RTO)

11.2.1 Reports Applicable to All Shipments

The TSP shall provide the following reports to the RTO on all HHG shipments. When indicated, a copy of the report shall be provided to the employee or their authorized representative.

</tr>
<tr>
<td>2. Failure to Justify Weight Variance -- If, when requested, the TSP fails to satisfactorily justify the difference between the actual and pre-move survey weights, the TSP agrees that the constructive weight of the shipment will be 115% of the pre-move survey weight. The constructive weight shall take precedence over the actual weight for the assessment of transportation, accessorial, and SIT charges when based on weight. 11.2.2 Reports Applicable to International Shipments Only

The TSP shall provide the following reports to the RTO on international HHG shipments only. When indicated, a copy of the report shall be provided to the employee or their authorized representative.

| Actual Weight of International Shipment In Excess of Employee’s Authorized Allowance |

| 3. Actual weight of the international shipment |                  |                |

**Notes:**

1. If the shipment weighs in excess of the employee’s authorized allowance, the RTO will notify the TSP when it may move the shipment. This time will not be counted against the allowable transit time, and payment will be authorized for any SIT at origin.

2. If, when requested, the TSP fails to notify the RTO of the actual weight of an international shipment and moves the shipment from origin to destination, the TSP shall collect from the Government an amount equal to the allowable charges due for the employee’s authorized shipment weight. In this situation, the TSP is prohibited from collecting anything from the relocating employee for the excess weight.

11.3 Reports to the Program Management Office (PMO)

11.3.1 Shipment Report

The TSP shall furnish to the Program Management Office (PMO) a quarterly report of shipments billed to the Federal Agencies during the previous quarter on shipments handled under the HTOS provisions.

- The report should contain a listing of all Centralized Household Goods Traffic Management Program (CHAMP) shipments including 1st Proviso household goods, Unaccompanied Air Baggage (UAB), and Privately Owned Vehicles (POVs). For purposes of this report, use the date of submission of the Public Voucher for Transportation Charges, SF 1113, as the billing date for including shipments in this report.

- The Shipment Report shall be submitted within sixty (60) calendar days after the end of each calendar quarter. GSA’s Industrial Funding Fee (IFF) will only be collected on household goods shipments; however, the report should contain a listing of all shipment elements, including household goods, POV, and UAB. See Section 1.3.6 and the annual Request for Offers (RFO) for information on the GSA IFF.

- The PMO will notify the TSP or its Service Provider via e-mail of any errors. If a report needs to be corrected, the error file name will have the letter “E” appended to the submitted file name per Section 3 of Appendix D (shipment error reports only), and will be placed in the TSP’s directory, or directory of a Service Provider.
• The error report will contain a list of the identified errors found within the report. To resubmit, the TSP or Service Provider shall correct the errors and upload the entire shipment file back to GSA.

11.3.1.1 Failure to Submit Reports or Correct Deficiencies

Failure to submit shipment reports or to correct identified deficiencies in submitted shipment reports in two consecutive quarters and/or three of four quarters will result in the placement of a TSP in temporary non-use status in CHAMP, withdrawal of a TSP's rates in the Transportation Management Services Solution (TMSS) database and possible subsequent revocation of its approval to participate in CHAMP.

Failure to submit a shipment report or to correct deficiencies in a submitted shipment report in one of the four quarters will result in an incomplete report submission status and will affect a TSP's Customer Satisfaction Index (CSI) score.

11.3.1.2 Correcting Deficiencies in Shipment Reports

An automated e-mail will notify each TSP of its report status if it fails to submit a required report or if errors have been found in a submitted shipment report. Upon notification, the TSP shall have ten (10) calendar days to submit the identified shipment report or to correct the identified errors. If the report is not submitted or the errors are not corrected and resubmitted within the ten (10) calendar days, another automated e-mail will be sent to the TSP. If the TSP fails to submit the shipment report or to correct the identified errors in a submitted shipment report in two consecutive quarters or three of four quarters, GSA will send a certified letter to the TSP identifying the deficiencies and will give the TSP thirty (30) calendar days to correct the deficiencies. If the TSP fails to correct the deficiencies within the thirty (30) calendar days, the TSP shall be placed in a temporary nonuse status in CHAMP and its rate offers will be removed from the TMSS database. GSA will then issue a second certified letter notifying the TSP of its temporary nonuse status in CHAMP, the removal of its rate offers from TMSS and the TSP shall be given a final thirty (30) calendar days to correct the deficiencies. If GSA does not receive the required shipment reports or acceptably corrected shipment reports within the thirty (30) calendar days, the TSP's approval to participate in CHAMP will be revoked.

11.3.1.3 Negative Reports Required

TSPs are required to submit a negative report even if a shipment was not billed during the quarter. The TSP shall be considered non-responsive if it fails to file a shipment report.
11.3.2 Claim Settlement Report
TSPs may furnish to the PMO a quarterly report of claims settled during the calendar quarter on shipments under the HTOS provisions.

11.3.2.1 Content
For the purpose of this reporting requirement, the reportable claim settlement date is the first offer of full payment, partial payment or full denial made by the TSP.

11.3.2.2 Date Due if Submitted
If the TSP chooses to submit the Claims Settlement Report, it will be submitted within sixty (60) calendar days after the end of each calendar quarter. The submission of a claim settlement report is optional. The absence of this report will not affect a TSP’s status in CHAMP.

11.3.3 Content and Format Requirements
The Shipment Report and Claims Settlement Report shall meet the content and format requirements set out in Appendix D.

11.3.4 Electronic Filing Only
Required reports shall be submitted using electronic media. Hard copy (i.e., paper) shipment and claim reports will not be accepted. In those instances where hard copy reports are submitted to the PMO, it will be considered the same as a failure to submit reports.
12 International Accessorial Services Rules, Rates, and Charges

PART I – Overview Information

12.1 Structure of this Section
This section contains rules as well as specific rates and charges permissible under the GSA Centralized Household Goods Traffic Management Program (CHAMP) International Program for Accessorial Services. It consists of five (5) parts:

Part I, Overview Information, introduces this section.

Part II, Accessorial Services, contains the rules for accessorial service and defines the rules, rates and charges for those services when provided to CHAMP international Household Goods (HHG) shipments.

Part III, Geographic Application of Rates for Accessorial Services, defines the rates for those services that vary by geographic service area. It is used in conjunction with Part II to develop the charges for accessorial services. These services are:

- Labor Charges (described in Section 12.7) that apply to HHG and Unaccompanied Air Baggage (UAB) shipments when service is performed at points within the Continental United States (CONUS), Canada, and Hawaii. Part III provides the regular and overtime hourly labor rate that applies for the listed service areas.

- Long Carries (described in Section 12.26). Part III lists the appropriate schedule to apply from Section 12.26 when determining the long carry charge.

- Storage-in-Transit (SIT) and Warehouse Handling (described in Section 12.17). Part III provides the charges that apply for SIT and related warehouse handling services for the listed service areas.

- Pick-up and Delivery (P/D) (described in Section 12.19). Part III lists the appropriate schedule to apply from Section 12.19 when determining the Pick-up and Delivery charge.

Part IV, Surface Linehaul Rate Tables, defines the rates for linehaul service. It is also used in conjunction with Part II to develop the charges for accessorial services.

Part V, Service Area Designations, defines service area numbers corresponding to the states, counties, and provinces. These service areas are used to establish the applicable rates and charges for certain services described in Part II and performed at the service areas listed in Part III.
12.2 **International Accessorial Services**

The accessorial services in this section are additional services which may be required to successfully complete an international HHG shipment. This Section addresses international services only. Domestic accessorial rules are contained in the GSA-01 tariff. These services may be furnished by the Transportation Service Provider (TSP) upon request of the shipper at the rates or charges specified in Parts II, III, and IV in this section. The rates in this section apply to accessorial services performed by the TSP and are in addition to the single factor rate (SFR) for surface transportation from point of origin to point of destination or destination warehouse.

12.3 **Minimum Weights**

Except as otherwise provided, the minimum weight for surface HHG shipments shall be 1,000 pounds (450kg); and the minimum weight of UAB shipments shall be 45 kilograms (100 lbs).

12.4 **Conversion Factors**

To convert U.S. customary units to metric units, multiply by the conversion factor. To convert metric to U.S. customary units, divide by the conversion factor.

Part II – Accessorial Services

12.6 Auxiliary Services

Auxiliary Services covers all services for which no charges are otherwise provided in the Household Goods Tender of Service (HTOS) or Request for Offers (RFO), when such services are authorized and confirmed in writing by the RTO on a DD Form 619 (Statement of Accessorial Services Performed) or comparable commercial form.

Charges for auxiliary service:

(1) Per additional vehicle: US$29.45 per hour

(2) Labor: Apply labor rates contained in Section 12.7

12.7 Labor Charges

A. Labor Charges cover all services for which no charges are otherwise provided in the HTOS or RFO when such services are authorized and confirmed in writing by the Responsible Transportation Officer (RTO) on a DD Form 619 (Statement of Accessorial Services Performed) or comparable commercial form.

B. Charges based on time are computed by multiplying the hourly rate by the time involved. When fractions of an hour are used, charges will be as follows: 15 minutes or less, one-quarter of an hour; 16 to 30 minutes, one-half hour; 31 to 45 minutes, three-quarters of an hour; and in excess of 45 minutes, 1 hour.

C. See Part III, Geographical Application of Rates and Schedules, for Labor Rates to apply to HHG and UAB shipments when service is performed at points within CONUS, Canada, and Hawaii.

D. Applicable Labor Charge when service is performed at points other than those within CONUS, Canada and Hawaii is at the rates shown below:

12.8 Waiting Time

A. This section will not apply when waiting time is the fault of the TSP.

B. Loading and unloading or pick-up and delivery will be performed during regular working hours. (See definition in Section 5.2.8). Waiting time charges will be applicable only between these hours at rate of US$29.45 per hour per vehicle, less free waiting time.

C. Free waiting time is allowed as follows:
   - For direct deliveries, three (3) hours
   - For deliveries from storage-in-transit, one (1) hour
   - For attempted pick-up of HHG only, one (1) hour.

D. Additional waiting time, after expiration of the free waiting time, requires RTO prior approval and is subject to the TSP’s convenience.

E. Charges based on time are computed by multiplying the hourly rate by the time involved. When fractions of an hour are used, the charges will be as follows:
   - 15 minutes or less, one-quarter of an hour
   - 16 to 30 minutes, one-half hour
   - 31 to 45 minutes, three-quarters of an hour
   - In excess of 45 minutes, one hour.

F. Labor charges for the vehicle driver and helper(s) will be at the hourly labor rate in Section 12.7, Labor Charges

12.9 Overtime Loading and Unloading

A. Except as otherwise provided for and subject to applicable notes below, an additional charge of US$2.35 per net hundredweight (45kg) will apply for each overtime loading or unloading when this service is performed outside of regular working hours and when authorized and confirmed, in writing, by the RTO.

B. Overtime loading and unloading charges apply when:
   - The service is performed outside of regular working hours
• The service is made necessary by landlord requirements or is required by prevailing laws or ordinances
• The service is rendered at the specific written request of RTO or its agent.

The shipper or its agent shall be notified of the additional charge specified in this section for this service before the loading or unloading begins. See following notes:

Note 1: Overtime loading and unloading charges will be based on the net hundredweight (45 kg) of the shipments subject to a minimum of 500 pounds (227 kg).

Note 2: Overtime loading and unloading charges will not apply when service is performed for the TSP’s convenience or when shipments are delivered to a warehouse at destination.

Note 3: Overtime loading and unloading services will be rendered only at the option of the TSP. Service involving loading or unloading at a warehouse must be agreed to by the warehouseman.

Note 4: Outside of regular working hours is defined as follows:
• Between 5 p.m. and 8 a.m., except Saturdays, Sundays, and holidays
• During any hour on Saturday
• During any hour on Sunday
• During any hour on officially declared Foreign National, U.S. National or State holidays, except such charges shall apply on State holidays only when service is rendered within that State on that holiday.

12.10 Reweigh - Household Goods
A. The TSP shall reweigh the shipment prior to delivery when requested to do so by the RTO. The lower of the two net scale weights will be used for determining transportation charges. The TSP may bill the Government for the cost of the reweigh scale charge but an original copy of the scale charge invoice shall be included with the billing. No reweigh service charge will apply.

B. Reweigh provisions are not applicable when constructive weight is used in accordance with Section 5.4.5.

12.11 Crates/Special Containers
A. Compensation to the TSP is authorized for construction of crates/containers necessary for safe transit of motorcycles, mopeds, minibikes and items of unusual nature such as, but not limited to, hang gliders, sail boards, hot tubs, slate pool tables, marble/glass table tops and
certain grandfather clocks (e.g., those with protruding glass faces), and other similar articles requiring special protection.

B. External shipping containers are authorized for items that will not fit into standard HHG shipping containers.

   (1) Compensation: US$4.55 per cubic foot, (US$152.00 per cubic meter) no minimum charge.

   (2) Container becomes property of the Government.

C. Internal crates are authorized for items that will fit standard HHG shipping containers but require additional protection for safe transit.

   (1) Compensation: US$14.45 per crate or US$3.35 per cubic foot (US$112.00 per cubic meter) whichever is greater.

   (2) Crates remain the property of the employee.

D. TSPs are responsible for notifying the RTO of any property requiring crates/containers prior to performing service. RTO must provide written authorization prior to construction of crates/containers.

E. With the exception of vehicular equipment, such as motorcycles, mopeds, minibikes, the RTO is responsible for determining the necessity of TSP’s, as well as employees’, requests for crating. Vehicular items are not automatically approved for crating. See Section 5.2.2.1.4.

Note: Some countries require that motorcycles be crated separately. It is the responsibility of the TSP to determine which destinations have this requirement.

F. If a TSP utilizes crates retained by the employee from a previous move, compensation for service performed will be made under labor costs.

G. Flat Panel televisions include Plasma and Liquid Crystal Display (LCD) types, which are, by design, four (4) inches or less in depth and are incapable of standing alone without a form of support. Flat panel televisions must always be handled in an upright position. Flat panel televisions must be packed in the original manufacturer’s shipping container, if available and serviceable. If original packing materials are not available, flat panel televisions in excess of 60 inches (diagonal screen size) may be wrapped and crated for maximum protection. For televisions that are 60 inches or less (diagonal screen size), TSPs are authorized to use corrugated cartons which are specially designed to ship flat panel televisions. Crating charges apply only for televisions in excess of 60 inches (diagonal screen size) and are subject to the provisions of Sections 5.2.2.1.4 and 8.5.5 above. There will be no additional compensation for labor costs when using the original container or the corrugated cartons.
12.12 Unpacking Service - UAB Only

A. Additional charges apply when unpacking service for UAB is requested by the RTO and verified by the employee.

   (1) When a TSP unpacks the external container/crate, and places each article in the residence or other building, a US$.60 per cubic foot (US$20.00 per cubic meter) charge will apply.

   (2) When a TSP unpacks the internal cartons and places each article in the residence or other building, the TSP has the option of billing a per cubic foot (cubic meters) charge as outlined in (1) above, or a per carton charge, whichever is greater. TSP shall not bill for both.

   (3) Charges shall be in accordance with the following table.

### 12.13 Extra Pick-up or Delivery

A. Portions of a shipment may be picked up or delivered at one or more place of origin, destination or enroute, provided all portions of the shipment are made available to the TSP at the same time. Service under this section will be authorized by proper entry on the BL or by ordering of the service and certification on DD Form 619 or a comparable commercial form by the RTO.

C. Land transportation rates, when applicable, will be calculated on the weight of the additional pick-up or delivery. When the TSP is required to unstuff and restuff containers to affect the extra pick-up/delivery, the labor rates in Section 12.7 will apply.

D. Charges for Extra Pick-up or Delivery of UAB will be as follows:

1. Portions of a shipment may be picked up or delivered at one or more places at origin or destination, provided that all portions of the shipment are made available to the TSP at the same time. Services performed under this section will be ordered on a DD Form 619 or comparable commercial form and certified by the RTO.

2. An additional charge of US$12.85 per extra pick-up or delivery per shipment will apply.

### 12.14 Attempted Delivery to Residence from SIT

A. Compensation to a TSP for attempted delivery to residence from Storage-In-Transit (SIT), when the failure to deliver is not the fault of the TSP, will be as follows:

1. Round trip mileage from the warehouse to residence and return:
   
   (a) If total mileage is fifty (50) miles (80 km) or less, Pick-up or Delivery Transportation Rate on SIT shipments will apply. See Section 12.19 and Part III for rate to apply.
   
   (b) If total mileage is greater than fifty (50) miles, (80 km) applicable provisions of the linehaul tables in Sections 12.28 to 12.35 of Part IV will apply.

2. Warehouse Handling: A second warehouse handling charge will apply if the shipment is again placed into SIT.

Note: If the shipment remains on the same vehicle until delivered, this additional warehouse handling charge will not apply.

3. Waiting Time: The provisions of Section 12.8, Waiting Time, will apply if TSP is required to wait at residence.
(4) SIT: If property is again placed into SIT, the same SIT control number will apply. Storage charges in CONUS and Canada will continue at the additional daily rate. Storage charges overseas will continue on a thirty (30)-day basis for HHG and a fifteen (15)-day basis for UAB.

12.15 Attempted Pick-up and Direct Delivery Charges
A. Whenever an attempted pick-up or direct delivery occurs, under conditions stated in the definition of the term in Appendix A, the service will be supported by DD Form 619 or comparable commercial form certified by the RTO.

B. Charges for this service will be computed as follows:
   1. Per vehicle: US$29.45 per hour.
   2. Labor: Apply labor rates contained in Section 12.7.
   3. Waiting Time: One hour free time in accordance with Section 12.8 (HHG only).

12.16 Delivery to Storage in Government Facilities
Shipments delivered to storage in Government facilities will be considered terminated. The Government facility will be considered the final delivery point for the shipment.

12.17 SIT and Warehouse Handling Charge Household Goods Surface Shipment
A. SIT and warehouse handling charges are in dollars and cents per net hundredweight (45kg) and apply based on the location of warehouse where SIT service is provided. Charges for these services will be based on the actual weight of goods stored, subject to a 1000 pound (454 kg) minimum. Rates in effect on the date of initial pick-up at origin will apply.

B. This section applies when SIT is ordered by the RTO and performed by a TSP or its agent.
   1. CONUS and Canada locations: Storage charges apply for each day of storage and apply for the exact time SIT service is rendered. Storage days will include the day goods are placed in storage, and the day goods are removed from storage. If the goods are removed from storage on the same day they are placed in storage, one (1) day of storage will apply.

   2. Overseas locations: Storage charges apply for thirty (30) calendar days of storage or fraction thereof, and each time SIT service is rendered. Storage days will include the day goods are placed in storage, but not the day removed from storage. If the goods are removed from storage on the same day they are placed in storage, one (1) thirty (30) day storage period will apply.

C. The warehouse handling charge applies once each time a shipment is placed into SIT.
D. Except as provided below, a shipment or portion thereof may be placed in SIT one or more times for an aggregate period not to exceed 180 calendar days unless additional storage is authorized by the RTO. If additional SIT is authorized, the RTO will notify TSP of the projected termination date. When not removed from SIT at the expiration of the time limit specified in this section:

- The liability of the TSP will terminate at midnight on the 180th day or at the end of the extended SIT period authorized by the RTO
- The through GBL character of the shipment will cease
- The warehouse will be considered the destination of the shipment
- The warehouseman will become the agent for the shipper
- The shipment becomes subject to the rules, regulations and charges of the warehouseman.

EXCEPTION: When the employee has requested final delivery of their property at least five (5) business days before the expiration of storage, and when the TSP, through no fault of the employee, does not deliver the property prior to the end of the 180 day period (or any extension thereof) then SIT charges will not apply after the 180 calendar days or at the end of the extended SIT period. All other provisions under the original tender will continue in effect until property is delivered to final residence.

E. Delivery to residence will be made on the date requested. If prior commitments prevent the TSP from delivering on that date, then delivery will be made as soon as possible thereafter. In any event, storage charges will cease on whichever of the following dates is earlier:

1. Requested delivery date, or five (5) business days following the date of notification to deliver, whichever is later; or
2. Date of actual delivery for CONUS and Canada locations, or the date immediately prior to the date of actual delivery for overseas locations.

F. See Part III for the SIT and warehouse handling rate to apply when service is performed at points within CONUS and Canada.

OVERSEAS APPLICATION: Rates apply as shown below based on the location of the warehouse where Storage-in-Transit service is provided. Also see Section 5.8.

(5) An administrative fee of US$15.00 per shipment will apply.

E. For delivery or pick-up of shipments from or to SIT in the Hawaiian Islands other than Oahu, the rate of US$8.20 per gross hundredweight (45kg) in addition to the rate above will apply.

F. Pick-ups and/or deliveries may be made after regular hours on non-business days at the written request of the RTO, subject to the TSP's concurrence and additional charges. If this service is provided for the convenience of the TSP with the member's concurrence, additional charges will not apply.

G. Charges noted above are in addition to the SFR.

12.21 Termination of Shipment – HHG

A. A shipment will be terminated when appropriate and ordered by the RTO or other authorized Government representative.

B. When an order for termination is received, the TSP shall locate the shipment, advise RTO of shipment’s location and take necessary action to secure the shipment and stop onward movement. RTO will issue a Government Bill of Lading (GBL) Correction Notice to reflect the termination point.

C. The following will apply to shipments terminated for the convenience of the Government:

   (1) For shipments terminated prior to departure from the origin area (CONUS, Canada and overseas), applicable payments are authorized as follows:

   (a) A charge of US$54.00 per net hundredweight (45kg) including the use of packing materials and stuffing into HHG containers.

   (b) SIT Charges, warehouse handling charges and delivery to SIT when required and authorized.
(c) When SIT is not ordered, apply appropriate linehaul rate table to cover local drayage charges.

(2) For shipments terminated after movement from origin but before commencement of ocean or air transportation, applicable payments are authorized as follows:

(a) A charge of US$54.00 per net hundredweight (45kg) including the use of packing materials and stuffing into HHG containers.

(b) See the linehaul tables in Part IV for rates to cover local drayage from residence to warehouse.

(c) See the linehaul tables in Part IV for rates from origin warehouse to point of termination.

(d) SIT and warehouse handling charges apply when required and authorized by the RTO.

(3) For shipments terminated during or after completion of over-water transportation, the applicable payments are authorized as follows:

(a) TSP’s SFR to rate area of the termination point or TSP’s SFR to the rate area of the original destination point whichever is less, minus US$3.00 per hundredweight (45kg) for non-performance of the unpacking services. The GBL Correction Notice will reflect this reduction.

(b) If the shipment is to be delivered to a residence or warehouse also within the rate area of the termination point, the TSP’s SFR as specified above plus appropriate charges for additional services as ordered by the RTO on a DD Form 619 or comparable commercial form will apply.

(4) A termination charge of US$40.00 per shipment will apply in addition to other charges authorized in this section. The termination charge will be supported by the GBL Correction Notice.

D. When shipments are terminated through the fault of the TSP, the provisions for termination of performance in Section 3.2 apply.

Note: Any charges for services performed after the termination of the shipment will be in accordance with applicable rules and rates specified in this section.

12.22 Termination of Shipment – UAB

A. A UAB shipment will be terminated when appropriate and ordered by a RTO or other authorized Government representative.
B. When an order for termination is received, the TSP shall locate the shipment, advise the RTO of shipment's location and take necessary action to secure the shipment and stop onward movement. The RTO will issue a GBL Correction Notice to reflect the termination point.

C. The following will apply to UAB shipments terminated for the convenience of the Government:

   (1) For shipments terminated prior to departure from the origin area (CONUS, Canada and overseas), applicable payments are authorized as follows:

      (a) A charge of US$5.00 per gross hundredweight (45kg) for packing, including the use of packing materials and stuffing into containers, if used.

      (b) SIT charges, warehouse handling charges, and delivery to or from SIT, when required and authorized.

      (c) Unpacking charges, if applicable.

      (d) When SIT is not ordered, apply the appropriate linehaul rate table from Part IV to cover local drayage charges.

   (2) For shipments terminated after movement from origin but before commencement of ocean or air transportation, applicable payments are authorized as follows:

      (a) A charge of US$5.00 per gross hundredweight (45kg) for packing, including the use of packing materials and stuffing into containers.

      (b) Applicable linehaul rates from Part IV for mileage from origin to point of termination.

      (c) SIT and warehouse handling charges, when required and authorized.

      (d) Unpacking charges, if applicable.

   (3) For shipments terminated during or after completion of over-water transportation, applicable payments are authorized as follows:

      (a) TSP's SFR to rate area of the termination point or TSP's SFR to the rate area of the original destination point, whichever is less.

      (b) If the shipment is to be delivered to a residence also within the rate area of the termination point, the TSP's SFR rate as specified above, plus appropriate charges for additional services as ordered by the RTO on a DD Form 619 or comparable commercial form, will apply.
(4) A termination charge of US$10.00 per shipment will apply in addition to other charges authorized in this section. The termination charge will be supported by the GBL Correction Notice.

D. When shipments are terminated through the fault of the TSP, the provisions for Termination of Performance in Section 3.2, apply. The termination charge of US$10.00 will not apply.

12.23 Reshipments – Household Goods

A. This section applies to shipments which are terminated for the convenience of the government and which require over-ocean transportation either by air or water. A reshipment normally will be handled by the TSP who originally tendered the shipment, if that TSP has a cost effective GSA-approved rate on file.

B. The point of termination will be considered the final destination of the original shipment and the GBL will be adjusted accordingly.

C. Onward movement of property will be treated as a new shipment under a new GBL. The following procedures will be followed in determining applicable rates for the new GBL.

   (1) If the TSP originally handling the shipment has a cost effective GSA-approved rate on file to the new destination, that SFR, less US$54.00 per net hundredweight (45kg) will apply. The reduction will be supported by RTO annotation on the original GBL.

   (2) If the TSP originally handling the shipment does not have a cost effective rate on file to the new destination, an acceptable rate will be negotiated with RTO or the shipment will be tendered to another TSP.

   (3) If the shipment is tendered to another TSP with a cost effective GSA-approved rate on file, the SFR will be reduced by US$49.00 per net hundredweight (45kg) for non-performance of packing services. The shipment will be taken out of the containers and stuffed into other containers and original containers returned to owner.

D. The above procedures are not applicable to those shipments terminated and retendered due to the fault of the TSP, such as TSP bankruptcy or failure to complete movement as defined in Section 3.2, Termination of Performance. In these instances, due to the need to expedite onward movement, shipments will remain in the original TSP’s containers. These containers will be made available to the original TSP by the new TSP at destination.

E. Old and new GBLs will be cross-referenced.
12.24 Reshipments-Unaccompanied Air Baggage

A. This section applies to UAB shipments which are terminated for convenience of the Government and which require over-ocean transportation either by air or water. A reshipment normally will be handled by the TSP originally tendered the shipment if that TSP has a cost effective, GSA-approved rate on file or negotiates an acceptable one-time-only (OTO) rate with GSA.

B. The point of termination will be considered the final destination and the original GBL will be terminated at that point.

C. Onward movement of property will be treated as a new shipment under a new GBL. The following procedures will be followed in determining applicable rates for the new GBL:

   (1) If the TSP originally handling the shipment has a cost effective, GSA-approved rate on file to the new destination, that SFR, less US$5.00 per gross hundredweight (45kg) for nonperformance of packing will apply. The reduction will be supported by a RTO annotation on the original GBL.

   (2) If the TSP originally handling the shipment does not have a cost effective, GSA-approved rate on file to the new destination, an acceptable OTO SFR will be negotiated or the shipment will be tendered to another TSP.

   (3) If the shipment is tendered to another TSP, this SFR will be reduced by US$5.00 per gross hundredweight (45kg) for nonperformance of packing services.

D. Old and new GBLs will be cross-referenced.

12.25 Shipments Diverted After Commencement of Transportation Service

A. Upon instructions made and confirmed in writing by RTO, shipments will be diverted subject to the provisions and charges shown below. However, when charges are assessed in accordance with the provisions of this item, the charges associated with delivery from SIT in this section will not apply.

B. The term “diverted” or “diversion” as used here means a change to a new destination point more than fifty (50) miles (80 km) from the original destination point. A diversion will be made only at an ocean port of embarkation, an ocean port of debarkation, or at destination point. If the RTO directs the movement of the shipment to a place which is less than fifty (50) (80 km) miles from the original destination point of the shipment, the shipment will be terminated at the point designated by the RTO and no diversion will occur. In such instances, the SFR will be that applicable to the original destination point. If the RTO directs the movement of the
shipment to a place which is more than fifty (50) (80 km) miles from the original destination point, the transportation charges as stated below in this section will apply.

EXCEPTION: The provisions of this section will not apply if instructions are received to change the destination of a shipment that is in SIT at destination. In such instances, transportation charges to the new destination point from the SIT warehouse will be computed under the provisions of Pick-up/Delivery Transportation Rate to apply on SIT shipments (Section 12.20).

C. When an order for diversion is received by the TSP, diligent effort shall be made by the TSP to locate the shipment at the ocean port of embarkation or debarkation or destination and complete the diversion ordered. The TSP will not be responsible for failure to complete the diversion ordered, unless such failure is due to error or negligence of the TSP or its employees.

D. Upon receipt of a diversion certificate from the RTO, and when properly affixed to TSP’s invoice to support billing for diversion charges, a US$40.00 per shipment charge will apply and, when applicable, the following additional provisions, and associated rates and charges will apply:

This excess valuation charge will be in addition to the SFR.

**Storage-in-Transit (SIT):** If a value greater than $_______ (Fill in amount) times the net weight of the shipment in pounds is expressly declared, a Full Value Protection Service Storage Liability Charge of $_____ (Fill in amount) will apply on that portion of the valuation declared in excess of shipments released at full value of $_______ (Fill in amount) times the weight. Agent - A business firm, corporation, or individual acting for or on behalf of a TSP. A bona fide agent of a personal property TSP, as distinguished from a broker, is a person who, or business enterprise which, represents and acts for a TSP and performs its duties under the direction of the TSP pursuant to a pre-existing agreement with the TSP providing for a continuing relationship between the two.

Alternate Transportation Service Provider -- Alternate TSP as used in this HTOS for purposes of domestic shipments means a person acting individually or as an established business furnishing origin, linehaul, or destination services for a specific shipment other than the principal TSP. It includes TSPs operating in conjunction with the principal TSP on the basis of interline or trip lease arrangements.

The TSP is authorized compensation for labor services and/or vehicle use in accordance with the applicable tariff and/or tender for the origin municipality shown on the bill of lading.

Attempted Delivery - When a TSP fails to perform delivery services, through no fault of its own, at an employee’s residence. The TSP is authorized compensation on direct delivery and from SIT shipments for labor services and/or vehicle use in accordance with the applicable tariff and/or tender for the destination municipality shown on the bill of lading.

Auxiliary Services - RTO approved labor services and/or non-standard linehaul or delivery vehicles used by the TSP to pick up or deliver shipments when the origin or destination is
inaccessible by virtue of building design or roadway nonexistence, design, condition, construction, or obstacles.

B

Bill of Lading (BL) - An accountable shipping document used for the acquisition of authorized transportation and related services from commercial TSPs for the movement of GSA sponsored HHG shipments. If the TSP is required to correct (or reperform) it shall be at no cost to the Government, and any corrected services shall be subject to this provision of the HTOS. If the TSP refuses to correct the defect, the RTO may correct or replace with similar services and charge the cost incurred by the Government to the TSP, or make an equitable adjustment in the price for defective services rendered.

The following form entitled “Transportation Service Provider Request to Participate and Agreement to Abide by the Terms and Conditions of the General Services Administration’s Centralized Household Goods Traffic Management Program (CHAMP)” shall be submitted with the application process.
TRANSPORTATION SERVICE PROVIDER REQUEST TO PARTICIPATE AND AGREEMENT TO ABIDE BY THE TERMS AND CONDITIONS OF THE GENERAL SERVICES ADMINISTRATION’S CENTRALIZED HOUSEHOLD GOODS TRAFFIC MANAGEMENT PROGRAM (CHAMP)

This requests approval to participate in the General Services Administration’s (GSA) Centralized Household Goods Traffic Management Program (CHAMP). 3. Freight Reference.
This agreement, in addition to the terms and conditions stated in Paragraph 5, is subject to the terms and conditions of the following documents:

- Optional Form 280
- GSA Freight Traffic Management Program Request for Offers

This agreement, in addition to the terms and conditions stated in Paragraph 5, is subject to the terms and conditions of the following documents:

- GSA Centralized Household Goods Traffic Management Program Tender of Service.
- Optional Form 280
- GSA Centralized Household Goods Traffic Management Program Request for Offers

5. Terms and Conditions.
A) GSA will place electronic documents in a publicly accessible website (www.KC.GSA.GOV/FSST) and when warranted in the directory of a confirmed trading partner (trading partner/<SCAC>), hereinafter referred to as directory. It will receive documents from confirmed trading partners in each confirmed trading partner’s directory via I-FTP. Receipt by the trading partner is considered to occur when the document is placed in either the public directory or the trading partner’s directory, as the case may be.
1. Introduction.
This agreement prescribes the general procedures and policies to be followed when Electronic Commerce (EC) is used for transmitting and receiving requests for offers, rate tenders, or other business information in lieu of creating one or more paper documents normally associated with conducting business with the General Services Administration.

The General Services Administration (GSA or the agency) will transmit and receive using the File Transfer Protocol (FTP) of the Internet network (I-FTP) such transaction sets (documents) as it chooses and as established by the governing tender of service or the request for offers. These transaction sets will be transmitted to those firms, organizations, agencies, or other entities (trading partners) recognized by GSA that agree to accept such documents and to be bound by the terms and conditions contained in those documents, this agreement, and any applicable tender of service.

2. Purpose.
This agreement is to ensure that all EC obligations are legally binding on all trading partners. Further, the use of any electronic equivalent of a standard business document referenced in Paragraphs 3 and 4 will be deemed an acceptable business practice and that no trading partner will challenge the admissibility of the electronic information in evidence, except in circumstances in which an analogous paper document could be challenged. Where participant is used in this agreement it will mean carrier/forwarder as applicable.

G) If a participant uses a broker, shipper agent/Intermodal Marketing Company, or filing service to file its rates with GSA, documents submitted on behalf of the participant will be accepted as though submitted by the participant and GSA. The use of a broker, shipper agent/Intermodal Marketing Company, or filing service does not relieve the participant of any of its rights or obligations under the terms of this agreement, including the maintenance of a valid trading partner agreement with GSA.

None of the parties in this agreement will be liable for failure to properly conduct EC in the event of war, accident, riot, fire, flood, epidemic, power outage, labor dispute, act of God, act of public enemy, malfunction or inappropriate design of hardware or software, or any other cause beyond such party’s control. If standard business cannot be conducted by EC, GSA will, at its discretion, return to a paper based system.

B) GSA will bear the costs of maintaining the GSA FTP server and the costs of placing documents issued by GSA in the appropriate directory on the GSA FTP server, and the costs of managing documents put on the GSA FTP server by its trading partners. The agency’s trading partners are responsible for all costs associated with getting documents from or putting documents on the GSA FTP server.

C) When the transmissions are submission or fate tenders, the submitting firm must have first met all applicable approval requirements set out in the applicable, governing Tender of Service.

D) GSA will be responsible for the accuracy of documents issued by it and placed in the GSA FTP server directory. GSA will not be responsible for errors occurring in documents put on the GSA FTP server, nor will GSA be responsible for errors occurring in documents gotten from the GSA FTP server.

E) GSA will not be responsible for any damages incurred by a trading partner as a result of missing or delayed transmissions when the problem is not with or caused by GSA or the agency’s FTP server.

F) Any document placed in a directory maintained on the GSA FTP server is to be considered a valid and authentic document backed by the same guarantees of legitimacy as are found in a paper transaction. Likewise, any document from a trading partner put into a directory on the GSA FTP server will be considered a valid and authentic document backed by the same guarantees of legitimacy as are found in a paper transaction.

8. Agreement Review.
The agreement will be effective on a continuing basis, except as provided in Paragraph 9, below; provided, however, that GSA may from time to time make such changes to the agreement as are necessary, and the trading partner may request review of the agreement at any time.

A) If GSA terminates a participant’s participation in the GSA Freight Traffic Management Program and/or the GSA Centralized Household Goods Traffic Management Program, this agreement will be considered terminated as of the date notice is given to a firm of its participation termination.

B) If a participant terminated its participation in the GSA Freight Traffic Management Program and/or the GSA Centralized Household Goods Traffic Management Program, this agreement will be considered terminated as of the date notice of such termination is received by the GSA.
7. Effective Date.
The effective date of this agreement will be the latest of the date(s) shown on the signature page of this document.

C) Except as provided above, this agreement may be terminated by either GSA or its trading partner, effective 30 days after receipt of written notice by either party. Termination will have no effect on transactions occurring before the effective date of termination.

10. Whole Agreement.
This agreement and all addenda constitute the entire agreement between the parties. No changes in terms and conditions of this agreement will be effective unless approved and signed by both parties. At the inception of this agreement, Addendum/Addenda (is) (are) not applicable. As the parties develop and implement additional EC capabilities, addenda may be incorporated into this agreement. Each addendum will be signed and dated by both parties. The latest date contained on the signature page will be the effective date of the addenda. The addendum will be appended to this agreement.

5 Claims Report Format Requirements.

If a claims report is furnished, format requirements, as set out below, shall be adhered to. Submissions received from TSPs or Service Providers not conforming to the record and report formatting requirements will be unacceptable and will be rejected and the information not accepted by the database.

5.1 Claims Report Header Record

The first line of the Claims Report is the Header Record providing information about the TSP’s report. The Header Record is position sensitive. Positions marked with an asterisk (*) are numeric and shall, if necessary, be zero filled from the left (i.e., 00250).

### 5.3 Claim Settlement Delay Code Specifications

Codes beginning with a “C” apply specifically to reasons for a late settlement because of a TSP’s act or omission; codes beginning with a “P” apply specifically to reasons for a late settlement because of an employee’s act or omission. Codes “C99,” “P99,” and “Z99” are used to indicate a
group of reasons for a late settlement; see below for additional information. Except as otherwise specified, the Delay Codes shall begin in position 81.

<table>
<thead>
<tr>

If this code is used, it shall begin in position 81 with the specific codes following it, e.g., C99C12C13. Do not use for an 'other' or 'unknown' indication. Do not use by itself or with only one other code (Example: C99 or C99C12).</td>

<td>Adjuster Failure: Indicates that the adjuster hired by the TSP failed to complete review and settlement action within sixty (60) calendar days or to provide the TSP with its report so that the TSP could complete settlement within sixty (60) calendar days. If the adjuster’s failure was based on inability to meet with the employee, use Delay Code P12.</td>
</tr>
<tr>
<td>C13</td>
<td>Repair Estimates: Indicates that the TSP failed to obtain estimates of repair in sufficient time to make a settlement offer within sixty (60) calendar days (see DTOS Paragraph 10-2 for the requirement that the TSP obtain repair estimates). 6 Claim Report File Naming Convention

This line is the File Naming convention for the Claim Report. The File Name Record is position sensitive. Positions marked with an asterisk (*) are numeric and shall, if necessary, be zero filled from the left (i.e., 00250). Save the file as a comma-separated file (.CSV) then rename as necessary (.CLM). The File Naming Convention identified below shall be adhered to. File names shall be eight (8) characters, and the file extension will reflect the record type.

7 Shipment Report and Claims Report Submission Requirements

7.1 Electronic Submission Required

Reports shall be submitted electronically via the Transportation Management Services Solution (TMSS) system using the Report Upload module. Hard copy (paper) reports will not be accepted. Submissions received from TSPs or filing services not conforming to the report submission specifications will be rejected.

7.2 Electronic Report Submission Instructions

The Shipment Report and Claims Report (if furnished) shall be submitted via TMSS using the Report Upload module and shall meet the transmission requirements defined below. If your
TSP has never submitted reports electronically to the General Service Administration (GSA) and intends to directly transmit the required reports via TMSS using the Report Upload module instead of using a Service Provider, your TSP shall need to contact the Program Management Office (PMO) in writing on company letterhead to receive a user ID and password. A facsimile or e-mail request is acceptable.

7.3 Format
Format requirements as set out in this section shall be adhered to and shall be uploaded via TMSS using the Report Upload module. Submissions received from TSPs or services not conforming to the record requirements will be unacceptable and not incorporated in the database.

7.4 File Preparation
In order to transfer the file(s) via TMSS using the Report Upload module, the file shall be uploaded as unformatted (TEXT ONLY) flat file, (i.e., no tab characters, etc.). The file shall not have a top/bottom/left margin, page feeds, or embedded blank records.

Note: The use of Java software is a requirement to upload reports. If you do not currently have Java, you can receive a free download from the TMSS web site. GSA suggests using "File > Save As > Text Document" to prevent saving any formatting along with the text. Be sure to change the .TXT file extension to the required one after saving the text file, .SHP or .CLM.

7.5 Accessing the Report Upload Module
In order to access the new “Report Upload” module, your TSP’s administrator shall first designate who will have access to this module and grant them access via TMSS. Your TSP’s administrator can do this by logging on to TMSS, selecting “Account Info,” then “User List,” and then selecting the applicable user and checking “Allow Upload.” TSPs may also contact GSA to receive access.

When shipment and claim reports are ready for submission, the user can select the “Report Upload” link located in the left margin of the main TMSS page. At that point, the module will load and bring the user to a login screen. Please note that the user’s system shall have Java installed to allow for proper loading of the module. If Java is not currently installed on the system, the user will be given a link that will take them to a site for a free download. At the login screen, the user will be asked to input a User Name and Password. The User Name and Password is the same as is used for annual rate submissions. If your TSP’s User Name and Password is not known, please contact GSA.
7.5.1.1 Directory Access

Once the user has logged on, the Browse button will become activated. To upload reports, select the Browse button. A pop-up window will appear identifying folders on your computer’s hard drive. Go to the directory location of the reports and select the file(s). Next, select OK. The files will appear to transfer and will be displayed in the current window. Help Files are also available to assist with the upload process which is very similar to attaching a document to an e-mail. Please note that the system will only accept files with a .shp or .clm extension, which falls in line with the file naming conventions identified above. No files containing any other extension will be accepted.

7.5.1.2 Verification of file transfer

Once the reports have been uploaded, the user can verify their existence and/or download files back off of TMSS via the “File Download” module that is located in the left margin of the main TMSS page. When “File Download” is selected, a login window will appear. The user will need to use the same User Name and Password that is used to login to “Report Upload.” Once that is complete, the user will be taken to a screen similar to that of Windows Explorer. The user will need to click on the “HHG” directory and will then be taken to a list of folders designated by the Standard TSP Alpha Codes (SCAC). The user will need to scroll down to find their TSP’s folder and then will be able to verify all files that have been uploaded into their TSP’s directory. To download a file, the user will just need to click on the file to be given the option to save it. At this point you should be able to see your TSP’s file identified in your assigned directory. If the file doesn’t appear, you will need to “Upload” the file again. The steps identified above will assist you only in verifying that your TSP’s claim and/or shipment report(s) file was transferred successfully. Following these steps WILL NOT verify that the contents of your TSP’s reports have been formatted correctly—only that GSA has received a file.
Appendix E – Sample Memorandum of Understanding for Move Management Services

This Appendix contains the sample Memorandum of Understanding (MOU) between an Agency and a Move Management Services firm referenced in Section 6 of the Household Goods Tender of Service (HTOS). Note that this is only a sample; other services, such as personally procured moves or extended storage, might be included depending on an Agency’s needs. The MOU may also be expanded to include more operational procedures and Transportation Service Provider (TSP) selection criteria depending on the Agency’s needs.

It is the Agency’s responsibility to draft, negotiate, and finalize an MOU with its Move Management Services firm prior to the beginning of services. The Centralized Household Goods Traffic Management Program (CHAMP) Program Management Office (PMO) will also review your drafted MOU prior to signature if requested.
MEMORANDUM OF UNDERSTANDING

for

The Performance of

Move Management Services

for

Household Goods Shipments

Between

___________ (Insert Agency Designation) _________

And

______ (Insert Move Management Company) ______

Effective Date: _______
1.0 General

The AGENCY, and the MOVE MANAGEMENT FIRM, agree that the MOVE MANAGEMENT FIRM will provide move management services and commercial relocation services according to the specifications and requirements as set forth in the current GSA Domestic and International Household Goods Tender of Service (HTOS). All Household Goods (HHG) shipments shall be conducted under the GSA Centralized Household Goods Traffic Management Program (CHAMP) program with CHAMP approved Transportation Service Providers (TSPs). Other government agencies may join this household goods agreement upon agreeing to reimburse the AGENCY a per-move fee for its program management services. In that case, the other government agencies will substitute their agency name wherever “the AGENCY” is used when reading this agreement, but the AGENCY shall be the ultimate program manager of this agreement.

2.0 Scope

This MOU applies to the shipment and storage of all domestic and international household goods moves as defined by the HTOS and authorized for the benefit of the Government and funded by the AGENCY. The discounts offered through this agreement shall be equal to or less than a comparable move performed under the undiscounted Tariff GSA-01.

3.0 Definitions

3.1 Household Goods Moves

All services related to the packing, loading, transportation, storage and delivery of household goods are included as defined in the CHAMP HTOS. All move management services, including receiving service requests, conducting employee counseling, creating a cost comparison of program rates with the GSA-01 Tariff, making TSP selections, preparing bills of lading, preparing shipment invoices, conducting TSP performance evaluations, auditing TSP services and costs, preparing claims documentation, assigning selected shipments to storage-in-transit (SIT), preparing and submitting service requests to TSPs, maintaining the MOVE MANAGEMENT FIRM’s web application with the most current programming and shipment information, and preparing and submitting management reports to the AGENCY and participating TSPs. For technical reasons, to comply with CHAMP provisions, the TSP shown on household goods bills of lading will be the MOVE MANAGEMENT FIRM (insert MOVE MANAGEMENT FIRM SCAC) regardless of the underlying TSP actually performing the services. Where the MOVE MANAGEMENT FIRM does not have GSA approved scope of operations, a one-time-only (OTO) rate quote will be used. For CONUS shipments, the bottom line discount for out-of-scope OTO rates shall be (fill in) percent for transportation and (fill in) percent for storage.
3.2 Transportation Services Provider (TSP)

This is motor common carrier for domestic and off-shore moves or freight forwarder for international moves. It is not a broker. TSPs for these moves shall be qualified under the provision of the CHAMP HTOS and other procedures.

3.3 Bills Of Lading

CHAMP uses Commercial Bills of Lading (CBL) for domestic shipments. International shipments are moved on a Government Bill of Lading (GBL). The GBL is a controlled document that conveys specific terms and conditions to protect the Government’s interest and serves as the contract of carriage. A CBL is the document used as a receipt of goods and documentary evidence of title during transportation. When an Agency uses a CBL, the specific terms and conditions of a GBL are included in rate tender under CHAMP and the bill of lading shall make reference to the rate tender.

By accepting this MOU, a TSP agrees that specific terms and conditions of a GBL are included in their rate tender. Specific terms and conditions that apply to either the GBL or CBL are included in 41 CFR 102-117.65, the “U.S. Government Freight Transportation Handbook”, 41 CFR 102-118.135 and 140.

3.4 CHAMP Program Manager

The HTOS is published and CHAMP managed by the General Services Administration Centralized Household Goods Traffic Management Program Office (QMCCB), Building 6, 1500 East Bannister Road, Kansas City, Missouri, 64131 (hereinafter referred to as PMO).

3.5 Agency Point of Contact and Program Manager

(Insert the AGENCY point of contact information)

This representative has the authority to initiate a HHG move in all of its parts and to obligate the AGENCY and other government agencies (OGA) party to this MOU to expend funds to support a course of action necessary to continue the progress of a household goods shipment to its completion. The HHG PM or designee is the primary agency person for initiating a move management service request under this agreement. The HHG PM or designee can and shall appoint other AGENCY personnel as responsible for initiating and managing moves. The number and type of personnel involved will vary depending on the size of the AGENCY and the extent to which operations are centralized.
3.6 Move Management Services

All services necessary for coordinating the packing, loading, movement, storage, unpacking, placement, assembly, disassembly, counseling, advising, estimating, performing cost comparisons, cost projections and site surveys, data collection and retention, reporting, billing the government, receiving government payments, and disbursing payments to subcontractors, and other related services for employee household goods shipments.

3.7 Peak Season

For AGENCY shipments, the peak HHG moving season shall start May 1st and end September 30th. The remainder of the year is the industry’s non-peak season.

3.8 Self-authorization for Accessorial Services

Whenever an accessorial service is required and an AGENCY/OGA authorization cannot be granted in a timely manner, the MOVE MANAGEMENT FIRM may initiate the necessary service to maintain the progress of a move that would be otherwise delayed. A written authorization must follow before payment. A TSP may not self-authorize accessorial services.

3.9 Self-Pack and Load

TSPs selected and managed by the MOVE MANAGEMENT FIRM in the AGENCY program shall contain a move in its entirety within their own transport systems or networks of drivers and equipment and facilities to the maximum extent possible. Transferring a shipment to another agent or TSP is prohibited when the originating TSP has equipment, facilities, and personnel to handle the move in its entirety.

3.10 Short Notice Move

Any requested move that has five (5) business days or less from the day of the MOVE MANAGEMENT FIRM’s notification to the required pick-up date is a short notice move. The MOVE MANAGEMENT FIRM shall not be penalized for a failure to meet the requested pick-up schedule. Telephone pre-move surveys are allowed without AGENCY approval.

3.11 Storage-in-transit (SIT)

The necessary warehousing of HHG pending delivery to the permanent residence is not to exceed 180 calendar days or the agency-approved storage period, whichever is less. Storage generally occurs at destination but may occur at origin upon presentation of a satisfactory justification by the TSP to the AGENCY or the MOVE MANAGEMENT FIRM.
4.0 Statement of Work

4.1 Initiation of Service and Authorizations – Household Goods

HHG PM or designee will notify the MOVE MANAGEMENT FIRM of employee moves by entering the request on the MOVE MANAGEMENT FIRM web site. HHG PM or designee may temporarily also use telephone, fax, or other electronically agreed upon method for notification. A legible copy of the (insert appropriate final travel/transportation authorization) must follow but the minimum information necessary for the MOVE MANAGEMENT FIRM to initiate a move is:

- Employee’s name
- Employee’s phone numbers at work and home
- Copy of the current (insert the appropriate interim travel authority if any).

The HHG PM or designee will provide the MOVE MANAGEMENT FIRM with a telephone number to contact the employee for counseling purposes. The MOVE MANAGEMENT FIRM will attempt to contact the employee within twenty-four (24) hours after receiving the initial request for move management services. If the MOVE MANAGEMENT FIRM is unsuccessful in contacting the employee within forty-eight (48) hours, the MOVE MANAGEMENT FIRM will advise the HHGFR and ask for assistance.

4.2 Prior Authorization of Accessorial Services

4.2.1 Under normal conditions prior authorizations are required before the performance of any accessorial services. All charges must be supported with approved HHG PM or designee authorizations prior to payment.

4.2.2 The MOVE MANAGEMENT FIRM’s self-authorizations for accessorial services are intended to maintain the progress of a move that would be otherwise delayed. The MOVE MANAGEMENT FIRM may self-authorize multiple accessorial services listed in the adopted tariff GSA-01 for a cumulative amount up to $ (_insert amount_) for other than crating and shuttle service when it is necessary to maintain the momentum of the move. If essential additional services exceed this limit, the MOVE MANAGEMENT FIRM shall contact the HHG PM or designee to obtain a written authorization (fax, e-mail) before such services may be ordered. All the MOVE MANAGEMENT FIRM self-authorized services shall be subject to review by the HHG PM or designee. When the charges for accessorial services, other than crating and shuttle service, exceed the cumulative $ (insert amount) self-approval threshold, prior approval from the HHGFR must be received. Each crating and shuttle service may each incur up to $ (insert...
amount) in charges independently of other accessorial services before a HHG PM or designee’s prior approval will be required.

4.2.3 In the event the MOVE MANAGEMENT FIRM fails to obtain the written approval/authorization for additional accessorial services, the MOVE MANAGEMENT FIRM will be personally and financially liable to the TSP for those charges.

4.3 Counseling

The MOVE MANAGEMENT FIRM will contact the employee and provide information, guidance and/or instructions derived from the Federal Travel Regulation (FTR) and the AGENCY implementing policies regarding all aspects of their move including, when requested, alternatives for a government move which would include a personally procured move. These topics include, but are not limited to, the following list.

- Allowances under the Federal Travel Regulation (FTR) and the AGENCY policy
- On-site pre-move survey responsibilities
- Released shipment valuation and excess shipment valuation
- Disassembly and reassembly of household furniture
- Shipment and storage services that are paid by the Government
- Authorized storage-in-transit (SIT) and extra pick-ups and drop-offs
- Name and address of the SIT warehouse and SIT delivery out procedures
- Appliance servicing
- Professional Books, Materials (papers) & Equipment (PBP&E) documentation and the AGENCY approval requirements
- Packed by owner (PBO) packaging and inspection of contents and repacking
- Do-it-yourself move instructions with reference to SIT, allowable costs and liability issues, if an AGENCY chooses to include personally procured moves in its program
- Transportation of Privately Owned Vehicles (POV) and alternative methods of transporting them
- Claims filing procedures and general assistance and guidance.
4.4 Additional Stops or Services for the Benefit of the Employee

The MOVE MANAGEMENT FIRM will instruct all AGENCY employees that additional pick-ups or drop-offs occurring within a direct route from the origin to destination are normally allowable, however, additional charges are payable by the employee. The MOVE MANAGEMENT FIRM, the Agency Program Manager or designee, and the employee must review the costs for an out-of-route exception. The HHG RM or designee will advise the MOVE MANAGEMENT FIRM of the employee’s decision to request the additional stop or not. Charges for additional pick-ups or drop-offs must be shown on the bill of lading with any other charges payable by the employee. The MOVE MANAGEMENT FIRM shall prepare a Bill of Collection (BOC) summarizing charges payable by the employee. The AGENCY is responsible for validating the BOC.

4.5 On-site Inspections

The HHG PM or designee may request on-site service inspections at either the shipment origin or destination point for an additional charge of $ (_insert amount_) per inspection. Optional origin or destination inspection services must be requested in writing and by calling the MOVE MANAGEMENT FIRM at least 24 hours in advance to allow scheduling.

4.6 TSP Selection Criteria – Household Goods

The AGENCY HHG Program Manager or designee may provide a list of TSPs to the MOVE MANAGEMENT FIRM that will be used for AGENCY shipments. (Insert instructions, if any that agency wishes to use such as rotating basis.) The AGENCY may delegate selection of TSPs to the MOVE MANAGEMENT FIRM.

4.7 TSP Performance Criteria

The AGENCY HHG Program Manager or designee and the MOVE MANAGEMENT FIRM will establish a TSP’s performance. Performance criteria may include:

- Professionalism and courtesy of TSP personnel
- Accuracy of the pre-move survey
- Containment of the pack, load, delivery and storage by the participating TSP
- Overall quality of TSP service and responsiveness to requests
- Frequency, processing, handling, and settlement of claims and other problems
- Scores of the GSA Form 3080 evaluations
- Administrative excellence of move coordination, documentation, and billing.
4.8 Preparation of Bills of Lading (BL)

The MOVE MANAGEMENT FIRM will prepare and distribute BL for shipments of HHG, UAB, and domestic and international POVs.

Domestic household goods shipments and POV shipments use the CBL. Use of the CBL bills of lading incorporates the terms and conditions of a government shipment, as specified in 41 CFR 102-117.65, the “U.S. Government Freight Transportation Handbook”, 41 CFR 102-118.135 and 140 and this agreement.

The MOVE MANAGEMENT FIRM will maintain accountability of records and physical security of the BL numbers supplied, and will manage their distribution to comply with the terms of the GSA HTOS and this agreement. All BL must be accounted for.

The MOVE MANAGEMENT FIRM may issue a separate BL for each international shipment of household goods, UAB, PBP&E and POVs, when required.

The MOVE MANAGEMENT FIRM will prepare BL prior to shipment pick-up and forward the BL to the TSP in a timely manner.

Upon request, the HHG program manager or designee will provide the MOVE MANAGEMENT FIRM with BL preparation instructions and a sample BL that will identify all pertinent BL data elements and information.

4.9 Valuation Charges

The MOVE MANAGEMENT FIRM is authorized to order valuation of $(_establish AGENCY level not less than $5.00 per pound_) times the shipment weight [up to $(_establish AGENCY level not less than $54,000_) whichever is less)]\(^1\), on domestic, international, and OCONUS shipments of household goods at no cost to the AGENCY or to the employee. The BL will reflect Full Value Replacement. TSP invoices shall not list standard shipment valuation charges. Shipment valuations in excess of $(_the established AGENCY limit per pound_) times the shipment weight or $(_the established AGENCY level_), whichever is less, shall be charged to the employee at $(_agreed upon rate_) per $100 of excess valuation during transit and $(_agreed upon rate per $100 while in storage._)

Excess shipment valuations requested by an employee must be in writing from the employee. The MOVE MANAGEMENT FIRM will inform the employee that they will be financially

\(^1\) The minimum requirement here is to specify the basic valuation level which may be no less than $5.00 per pound. The agency may establish a top limit of FRV coverage consistent with its authority from the FTR.
responsible for the cost of excess valuation. Excess valuation must be shown on the bill of lading.

In the event the MOVE MANAGEMENT FIRM fails to obtain a written excess valuation request prior to the shipment pick-up from the employee, the MOVE MANAGEMENT FIRM will be held financially responsible for payment of any excess valuation charges to the TSP and storage facility.

4.9 Service Auditing

The MOVE MANAGEMENT FIRM will require all TSP billings to be sent directly to the MOVE MANAGEMENT FIRM to be pre-audited. Within five (5) calendar days after receipt of the TSP’s billings, the MOVE MANAGEMENT FIRM will certify on the invoice that the verified accessorrial services billed by the TSP were necessary, properly authorized, actually performed, and documented in writing.

The MOVE MANAGEMENT FIRM will “flag” any HHG invoices that contain excess valuation charges and/or additional pick up/drop-off charges in order for the AGENCY (financial service activity) to initiate collection letters for these charges.

At the request of the HHG program manager or designee, the MOVE MANAGEMENT FIRM will be required to schedule onsite origin or destination HHG service inspections. An additional fee of $ (establish amount) shall be assessed for completed inspections. Consideration must be given to the practicality of performing an on-site inspection to prevent a delay of the move. When the situation strongly suggests an on-site inspection is necessary, a reasonable delay of the move is acceptable.

4.10 Management Reporting

The MOVE MANAGEMENT FIRM will, at a minimum, maintain the following continuously available web site HHG reports:

- Order Summary and Contact Report
- Shipment Summary Report for HHG, POV, UAB, & PBP&E
- Claims Summary Report
- TSP Utilization Report
- Bill of Lading Log Sheets
- Raw Shipment Data in a downloadable format
• Individual GSA Form 3080 Report and Period Specific GSA 3080 Summary Report
• Shipment Billing Report with Charge-backs to Employees
• Shipment Distance and Weight Summary Report
• Business Summary and Socio-Economic Spend.

The MOVE MANAGEMENT FIRM will prepare and submit a report to the HHG program manager or designee on all authorized additional move management services, such as on-site inspections and HHG program cost avoidances revealed during auditing.

The MOVE MANAGEMENT FIRM will use its best efforts to insure all GSA Forms 3080 are completed and returned. The goal for the return rate of GSA Form 3080 is ninety (90) percent or higher.

(Note: The next paragraph of this provision is optional. If the agency elects to have the Move Management Firm collect GSA Form 3080 data, the agency must establish verification and validation procedures to insure the accuracy of the data collected and submitted. This should be done in conjunction with the CHAMP PMO.)

The MOVE MANAGEMENT FIRM will telephonically obtain employee responses for the GSA Form 3080, Household Goods TSP Evaluation, within three (3) weeks after completion of delivery of the employee’s household goods to the permanent residence. The GSA Form 3080 evaluation forms will be provided by the MOVE MANAGEMENT FIRM and be available for viewing on their web site.

The MOVE MANAGEMENT FIRM will conduct semi-annual performance reviews with the HHG program manager or designee. This may occur in conjunction with an “All TSP” meeting.

4.11 Accessorial and Third Party Services:

The list of chargeable accessorial services that could arise during the movement of an employee’s household goods is included in the GSA-01 Tariff (for domestic shipments) and Section 12 of the GSA HTOS (for international shipments). The MOVE MANAGEMENT FIRM will identify those services required for a particular move and obtain the necessary HHG program manager’s written authorizations. the MOVE MANAGEMENT FIRM may self authorize, in writing, all required accessorial services to maintain the progress of a move when the cumulative charges for all accessorial services (except crating and shuttle service) are $(_establish level_) or less. Crating and shuttle service have separate self-approval maximums of $(_establish level_) each. The MOVE MANAGEMENT FIRM may proceed without a written authorization if the shipment would be unduly delayed. However, all accessorial services must
be documented, in writing, by the MOVE MANAGEMENT FIRM prior to payment. The HHG program manager shall arbitrate the MOVE MANAGEMENT FIRM’s self-approved services disputes between the TSP and the MOVE MANAGEMENT FIRM when unresolved disagreements occur. His/her decision shall be binding upon both parties.

4.12 Billing Information

The selected TSP shall submit a bill to the MOVE MANAGEMENT FIRM who will then submit an invoice to the AGENCY (insert appropriate financial activity) and receive payment from the (insert appropriate financial activity). Upon verification that accessorial services properly approved were necessary and were actually performed, the MOVE MANAGEMENT FIRM shall provide the written authorizations and include a request for payment of the accessorial charges in their billing. The MOVE MANAGEMENT FIRM shall retain all shipment billing documentation for a minimum of six (6) years from the payment date.

4.13 Storage-in-Transit (SIT)

SIT, when required, is generally authorized for an initial storage period not to exceed ninety (90) calendar days. The initial period may be extended in thirty (30) calendar day increments or in one ninety (90) calendar day increment with the total storage days not to exceed 180 calendar days. The employee will be counseled as to the period of authorized storage and their liability if storage exceeds the AGENCY-approved limit. Storage costs identified on billing documents shall be separated between the AGENCY’s obligation and the employee’s obligation when any charges are payable by the employee. Charges for excess shipment weight placed into storage will be payable by the employee.

The MOVE MANAGEMENT FIRM will require the TSP to obtain authorization from the MOVE MANAGEMENT FIRM before the placement of the shipment into SIT at origin. Storage at the destination is standard. Storage shall not be permitted when the cost of the driver’s waiting time and reduced handling are suitable alternatives. The MOVE MANAGEMENT FIRM will notify the employee of the actual location for the SIT within five (5) calendar days after delivery into SIT. This notification will be provided in writing or be available from the web application and will clearly state the date of expiration of the initial authorized storage period. The MOVE MANAGEMENT FIRM will notify the employee of the expiration of storage at least ten (10) business days prior to the expiration of authorized storage. The MOVE MANAGEMENT FIRM will counsel the employee of their liability for additional charges, changes of liability coverage from TSP to warehouseman’s care, and the risks to the employee if authorized storage expires and the HHG remain in storage.
The MOVE MANAGEMENT FIRM will instruct all the AGENCY employees to submit a written request to the (_appropriate AGENCY activity_) for any requested extension of SIT beyond the initial authorized period. The (_appropriate AGENCY activity_) will notify the MOVE MANAGEMENT FIRM of additional authorized SIT. If additional SIT storage is desired by the employee but not approved, the employee will be advised of their responsibility for the storage charges. The employee’s failure to have their property deliver-out from storage on or before the last agency-approved storage day, will initiate storage charges to the employee provided the employee was given at least ten (10) calendar days notice of the requirement from the MOVE MANAGEMENT FIRM to remove the property from storage by a certain date.

5.0 Further Agreements

The MOVE MANAGEMENT FIRM will obtain written pre-authorizations from the HHG program manager or designee to conduct a telephone pre-move shipment survey (other than for a short-notice move) or to perform a shipment pick-up or delivery on a Saturday, Sunday or Holiday. Additional charges for services performed on a weekend or holiday shall be payable by the employee, unless the services are for the TSP’s convenience.

Whenever the actual weight of the household goods shipment varies from the estimated weight on the pre-move survey by plus or minus ten (10) percent or more, the MOVE MANAGEMENT FIRM will notify the HHGFR. When a shipment exceeds the maximum authorized regulatory shipment weight, a reweigh shall be conducted. An actual shipment weight in excess of 110 percent of the pre-move survey weight must be acceptably justified to the HHG program manager or the MOVE MANAGEMENT FIRM before payment for the additional weight may be approved. The MOVE MANAGEMENT FIRM and the HHG program manager shall evaluate the reasonableness of a TSP’s explanation. Their determination shall be final. The employee must be notified of their potential indebtedness resulting from any weight in excess of the regulated weight limit.

The MOVE MANAGEMENT FIRM will maintain a 24-hour, 7 days per week, telephone and web site accessibility for the AGENCY employees and the AGENCY program officials.

The MOVE MANAGEMENT FIRM will provide the employee an electronic or pocket-sized pamphlet listing procedures and relevant information for use by the employee.

All amendments or changes to this agreement must be in writing and signed by a responsible officer of the MOVE MANAGEMENT FIRM and the AGENCY HHG program manager.

This MOU is effective from the date of signature and will remain in effect until terminated by either party but not longer than five (5) years. Termination prior to natural expiration shall be
effective upon the receipt of ninety (90) calendar days notification or some other mutually agreeable notification period and a *Letter of Intent to Terminate* specifying a date by which the agreement shall be terminated.

In no instance will this MOU exceed the terms of the GSA HTOS or permit the participation of licensed brokers.

All shipment records created during this agreement, all records submitted for uploading into the web application prior to this agreement to establish a historic database resource, and all records completed after this agreement has been terminated and during the agreement closeout period, are the property of the AGENCY and shall be provided to the AGENCY in a downloadable format suitable for maintaining data integrity and viability compatible with effective data management protocols. The AGENCY may request record updates for incomplete records for up to three (3) years after the MOU termination date.

The MOVE MANAGEMENT FIRM will secure personally identifiable information of all employees from unauthorized disclosure and secure all other data from unauthorized release. Social Security Numbers may not be requested from employees and may not be saved in any database or other record.

Introduction

The General Services Administration’s Domestic 500A (GSA500A) Tariff (Tariff) serves as the principal domestic Tariff that governs the transportation of household goods (HHG), personal effects, property and other similarly defined articles between points in the United States (U.S.) (including the District of Columbia and Alaska but excluding Hawaii) and between points in the U.S. (including District of Columbia and Alaska but excluding Hawaii) and points in Canada for the account of the U.S. Government – GSA – in accordance with the terms and conditions of GSA’s Centralized Household Goods Traffic Management Program (CHAMP). This Tariff is published and maintained by GSA. It contains two components: 1) the Tariff rules, regulations and governing provisions as published in this electronic document, and 2) a Microsoft Excel Workbook shown in the Baseline Rate Tariff Files (Appendix B), listing the applicable baseline rates and charges applicable for transportation and accessorial (additional) services. References to this Tariff include both components.

GSA does not endorse any 3rd party software or products that utilize information or data found in either this Tariff and/or Appendix B to compute shipment costs. GSA is not responsible for any discrepancies between such 3rd party software or products and those contained in this Tariff and/or Appendix B. Only the rates, charges and provisions provided by GSA will be the final authority for payment.

Distance-based rates and charges between points in the U.S. are determined by PC*Miler issued by ALK Technologies, Inc. based on the applicable 5-digit postal zip codes obtained from the National 5-Digit Zip Code and Post Office Directory issued by the United States Postal Service (USPS). However, for shipments with an origin and/or destination within Canada, mileage distances will be determined by the Rand McNally Mileage Guide 19, in lieu of ALK Technologies, Inc.

To simplify the application of charges, this Tariff incorporates many of the commonly applied individual Additional Services charges into a single Origin/Destination Service Charge that applies in addition to the transportation charges. The Service Areas and their associated Services Cost Schedules and other non-mileage based rates and charges for services performed at points in the U.S. are determined based on the applicable 3-digit postal zip code issued by the USPS. Services performed at points in Canada are based on a single cost schedule for all points in Canada.

The shipment charges are based on the shipment weight, the distance the shipment is transported and the additional services provided at each location. To determine the distance, first, use the 5-digit postal zip code applicable at the points of origin and destination to determine the mileage between the two points. Second, use the 3-digit postal zip code to determine the appropriate origin and destination Service Areas and their associated Services Cost Schedules to determine the rates and charges applicable for additional services performed at each location.
Transportation Charges
(Refer to Section 2 for Application of Transportation Charges)

The transportation charges in this Tariff include one shipment loading at the point of origin, vehicle transportation to the point of destination and shipment unloading at destination. Transportation charges do not include the additional services listed in Section 1 and 2 of this Tariff.

Transportation charges named apply for the transportation of HHGs:

1. Between points in the U.S. (including the District of Columbia and Alaska but excluding Hawaii); and
2. Between points in the U.S. (including District of Columbia and Alaska but excluding Hawaii) and points in Canada.

Unless otherwise specifically provided in this Tariff, all rules, rates and charges in effect on the date the shipment is picked up shall apply. In addition, any transportation and storage discounts that apply are based on the date the shipment is picked up, unless otherwise specifically provided in this Tariff.

Additional Services
(Refer to Section 2 for Application of Additional Services)

Additional Services rates and charges apply for services that are requested by the Bill of Lading Issuing Officer (BLIO) as necessary to complete the shipment. Appendix B of this Tariff names the applicable Additional Services rates and charges.

Limitation of Action

All claims and actions at law by the issuing Transportation Service Provider for recovery of its charges on shipments subject to the provisions of this Tariff will be filed in accordance with 49 U.S.C. Sec. 14705.
Section 1: Rules and Regulations
Item 1
Application of Tariff

1. This Tariff applies for the transportation of household goods (HHG) shipments between all points in the United States (U.S.) (including the District of Columbia and Alaska but excluding Hawaii) and between points in the U.S. (including District of Columbia and Alaska but excluding Hawaii) and points in Canada transported under the General Services Administration’s (GSA’s) Centralized Household Goods Traffic Management Program (CHAMP). This Tariff has no application for shipments that are not transported under GSA’s CHAMP program.

This Tariff is published and made available to all users. It contains two components: 1) the Tariff rules, regulations and governing provisions as published in this electronic document, and 2) a Microsoft Excel Workbook shown in the Baseline Rate Tariff Files, Appendix B (Appendix B), listing the applicable baseline rates and charges applicable for transportation and accessorial (additional) services. References to this Tariff include both components.

2. In submitting a rate offer(s), the Transportation Service Provider (TSP) represents to the Federal Government that services shall be performed in accordance with the rules and regulations of this Tariff, the applicable GSA Household Goods Tender of Service (HTOS) and applicable GSA Request for Offers (RFO), each as amended or superseded. By submitting a rate offer, the TSP also affirms that it possesses the required Operating Authority to transport HHG shipments from, to or between places set forth in the TSPs individual rate offer(s). The GSA’s Employee Relocation Resource Center (ERRC) reserves the right to place in temporary non-use or to revoke any TSP’s participation in CHAMP, to include all or some accepted rate offers, if found to have filed a rate offer(s) in a location in which they do not possess the appropriate authority.

Item 2
Available for Future Use

Item 3
Prior Rates

For rates in effect prior to the effective date of the implementation of this Tariff, please refer to the GSA Government Rate Tender Number GSA01, supplements and reissues thereto. Items not brought forward, revised or renumbered are hereby cancelled and designated as Available for Future Use.
Item 4
Weighing and Weights

1. TSPs transporting shipments shall determine the weight of each shipment transported prior to the assessment of any charges depending on the shipment weight. Except as otherwise provided in this Item, the weight shall be obtained on a scale meeting the definition of a certified scale as provided in 49 CFR 375.103.

2. Weighing Procedure

   a. Except as otherwise provided in this Item, the weight of each shipment shall be obtained by determining the net weight – the difference between the tare weight of the vehicle on which the shipment is to be loaded prior to the loading and the gross weight of this same vehicle after the shipment is loaded; or, the difference between the gross weight of the vehicle with the shipment loaded and the tare weight of the same vehicle after the shipment is unloaded.

   b. At the time of both weighings the vehicle shall have installed or loaded all pads, dollies, hand trucks, ramps and other equipment required in the transportation of such shipments. Neither the driver nor any other persons shall be on the vehicle at the time of either weighing unless the scale facility where the weighing occurs requires that the driver remain on the vehicle. In those instances, the driver must remain on the vehicle during all weighings of the shipment.

   c. The fuel tanks on the vehicle shall be full at the time of each weighing or, in the alternative, no fuel may be added between the two weighings when the tare weighing is the first weighing performed.

   d. The trailer of a tractor-trailer vehicle combination may be detached from the tractor and the trailer weighed separately at each weighing providing the length of the scale platform is adequate to accommodate and support the entire trailer at one time.

   e. Containerized shipments or shipments weighing 1,000 pounds or less, may be weighed on a certified platform or warehouse scale prior to loading for transportation or subsequent to unloading. The net weight of shipments transported in containers shall be the difference between the tare weight of the container, including all pads, blocking and bracing used or to be used in the transportation of the shipment and the gross weight of the container with the shipments loaded therein (49 CFR 375.509(d)).

   f. The Owner (or his/her designated representative) or the Bill of Lading Issuing Officer (BLIO) (or his/her designated representative) shall have the right to observe all weighings of the shipment. If requested by the Owner or the BLIO, the TSP must advise said party of the time and specific location where each weighing will be performed and must give that party a reasonable opportunity to be present to observe the weighing or reweighing. Waiver of the opportunity to observe any weighing or reweighing does not affect any right of the Owner or the Agency under applicable regulations or otherwise.
g. TSPs may substitute manufacturer’s weight for automobiles, trucks, vans, motorcycles, campers and boats in lieu of obtaining separate weight tickets on these articles whenever such articles are included within a shipment. Manufacturer’s weight will be obtained from either the Branham Automobile Reference Book, the National Automobile Dealers Association (N.A.D.A.) Official Used Car Guide (the “Guide”), or from other appropriate reference sources of manufacturer’s weight or the Owner may provide the TSP with copies of manufacturer’s documents evidencing the weight of the article included in the shipment, unless otherwise weighed as part of the gross weight of the shipment.

h. Professional Books, Papers and Equipment (PBP&E) shall be weighed separately on a platform or other type scales. Where an adequate scale is unavailable, a constructive weight of 7 pounds per cubic foot will apply for approved PBP&E.

3. Weight Tickets

a. TSP shall obtain a separate weight ticket for each weighing required under this Item except when both weighings are performed on the same scale, one weight ticket may be used to record both weighings. Every weight ticket must be signed by the weigh master performing the weighing and must contain the following information:

1) The complete name and location of the scale;
2) The date each shipment was weighed;
3) Identification of the weight entries (tare, gross, and/or net weights);
4) Company or TSP identification of the vehicle;
5) Owner’s last name as it appears on the Bill of Lading; and
6) The TSP’s shipment registration or Bill of Lading number.

b. The original weight ticket or tickets relating to the determination of the weight of a shipment must be retained by the TSP as part of the file on the shipment. All invoices presented to collect any shipment charges dependent on the weight transported must be accompanied by true copies of all weight tickets obtained in the determination of the shipment weight. This also applies to weight tickets to support reweighs as identified in Paragraph 4 of this Item.

4. Reweighing of Shipments

a. TSPs, upon request of the Owner or the BLIO, must accomplish requested reweighs prior to the actual commencement of unloading the shipment for delivery or into storage. TSP must inform the Owner and BLIO of the reweigh and allow either party the opportunity to witness the reweigh. Waiver of the opportunity to observe any weighing or reweighing does not affect any right of the Owner or Agency under these regulations or otherwise. Reweighing of the shipment shall be performed on a scale different from the one on which the original weighing occurred.

b. When the initial weighing of a shipment results in a weight which exceeds 18,000 pounds, the TSP MUST reweigh the shipment prior to the actual commencement of unloading the shipment for delivery to residence or into storage. If a reweigh is not performed, the TSP MAY NOT invoice for more than 18,000 pounds.
c. When a shipment is reweighed in accordance with Paragraph 4.a. or b. of this Item, the lower of the two net scale weights shall be used for determining the applicable charges and copies of both sets of weight tickets must be submitted to the Agency responsible for the payment of the charges prior to invoicing for charges.

d. The TSP may bill the Agency for the cost of the reweigh scale charge but no reweigh service charge will apply.

Item 5
Expeditied Service, Exclusive Use of Vehicle or Space Reservation for a Portion of Vehicle

When the BLIO or Agency orders a specific vehicle service, i.e., Expedited Service, Exclusive Use of Vehicle or Space Reservation for a Portion of Vehicle, the TSP will provide the service in accordance with the provisions below:

1. Expedited Service:

   a. Expedited Service as used herein means tendering delivery of a shipment of less than 5,000 pounds on or before a specified date.

   b. Expedited Service is subject to the availability of equipment for a particular service desired. An Agency may obtain expedited service on a shipment of less than 5,000 pounds and transportation charges shall be computed on the basis of 5,000 pounds and Tariff rates applicable to 5,000 pounds. The TSP shall not be required to provide Exclusive Use of Vehicle under this Paragraph. For exclusive use of vehicle, refer to Paragraph 2 of this Item.

      Bill of Lading to be marked or stamped:

      ( ) EXPEDITED SERVICE ORDERED BY AGENCY
      DELIVER ON OR BEFORE ______________________________________

   c. Except in case of the fault of the Owner, BLIO or Agency, in the event the shipment is not tendered for delivery on or before the delivery date, this Item shall not apply. In such case, the charges for the shipment shall be subject to all other applicable rules and provisions of this Tariff.

2. Exclusive Use of a Vehicle:

   a. Subject to the availability of equipment, the BLIO or Agency may order Exclusive Use of a Vehicle of specific cubic capacity, for transportation of a shipment. Transportation charges shall be based on actual weight subject to minimum charges as
follows:

1) If the capacity of vehicle ordered is 1,400 cu.ft. or less, the minimum charge shall be based on 9,800 pounds.
2) If the capacity of vehicle ordered is in excess of 1,400 cu. ft., the minimum charge shall be based on 7 pounds per cubic foot of total vehicle space ordered.

b. If at time of loading such shipment, the TSP does not have available a vehicle of capacity ordered, the TSP may substitute a vehicle or vehicles of an equivalent or greater capacity. Transportation charges and minimum therefore shall be the same as would apply had the TSP furnished a vehicle of the capacity ordered.

Bill of Lading to be marked or stamped:

( ) EXCLUSIVE USE OF A ________________ CU.FT. VEHICLE ORDERED

3. **Space Reservation for Portion of Vehicle:**

Subject to availability of equipment, the BLIO or Agency may reserve a portion of the capacity of a vehicle by ordering a specific quantity of space and accepting transportation charges based on the actual weight of the shipment subject to the minimum weights as follows:

- 300 cu.ft. or less  2,100 Pounds
- More than 300 cu. ft.  700 Pounds per each 100 cu. ft. or fraction thereof ordered

Bill of Lading to be marked or stamped:

**Item 6**

**Consolidation of Shipments**

The term “shipment” means property tendered by one Agency, and accepted by the TSP for loading the same day or consecutive days, at one place or origin (except as otherwise provided in Item 28), for one Owner, at one destination (except as otherwise provided in Item 28), and covered by one Bill of Lading. The name of only one Agency and one Owner shall appear on the Bill of Lading, but the Bill of Lading may also specify the name of a party (or more than one party when Item 28 is applicable) to notify of the arrival of the shipment at destination(s). (Refer to Item 17 for computation of charges on a portion of a shipment stored in transit.)
Item 7
GSA Approved Transportation Service Providers (TSPs)

TSPs participating in this Tariff must be approved to participate in GSA’s CHAMP. Refer to Approval Requirements for additional information.

Items 8 – 11

Item 12
Cancellation of Tariff Pages, Items or Portions Thereof

Normally, this Tariff will be updated and revised on an annual basis by the reissue of the publication. If it becomes necessary in the opinion of GSA to issue interim updates or revisions, the updates and revisions will be accomplished by issuing a Supplement(s) to the Tariff. The provisions of any Supplement(s) issued, which amend or cancel portions of the Tariff, will be incorporated into the next subsequent annual reissue of the Tariff.

Item 13

Item 14
Inspection of Articles

1. When the TSP or its agent believes it necessary that the contents of packages be inspected, they shall make such inspection, cause it to be made, or require other sufficient evidence to determine the condition and contents of the property.

2. TSP will not accept the following:

   a. Property which by its inherent nature is liable to impregnate, contaminate or otherwise cause damage to other property or equipment.

   b. Articles which cannot be taken from or delivered to the premises without damage to the articles or the premises.

Item 15
Available for Future Use
Item 16
Fuel Policy

1. Except as specified below, the amount of the Fuel Surcharge to apply will be calculated (as provided herein) based on the distance between the origin address as identified on the Bill of Lading and the destination address as identified on the Bill of Lading, and if applicable, the distance between the Storage-in-Transit (SIT) facility and the shipment origin as identified on the Bill of Lading (when SIT is performed at origin) or the distance between the SIT facility and the shipment destination address as identified on the Bill of Lading (when SIT is performed at destination) as determined by using the governing distance guide(s) identified in Item 18.

   a. The provisions of this Item shall apply on any applicable transportation segment transported by truck between points in the U.S. (including the District of Columbia and Alaska but excluding Hawaii) and between points in the U. S. (including the District of Columbia and Alaska but excluding Hawaii) and Canada (excluding mileage traversed through Canada on shipments traveling between Alaska and the Lower 48 states via all-motor service) (refer to NOTE 1).

   b. The amount of the Fuel Surcharge will be based on the mileage specified by ALK Technologies, Inc. However, for shipments originating from or destined to points in Canada, the amount of the Fuel Surcharge will be based on the mileage specified by Rand McNally (refer to Item 18).

   c. For shipments originating in or destined to other international points, the amount of the Fuel Surcharge will be calculated as provided in Paragraph 1 of this Item based on the distance between the port of embarkation or debarkation and the origin or destination of the shipment within the U.S.

2. The “national U.S. average” price per gallon of diesel fuel will be determined based on the price stated by the U. S. Department of Energy (DOE), U. S. Energy Information Administration’s (EIA’s) survey of “Retail On-Highway Diesel Prices on the first Monday of each calendar month.” This price will be obtained by calling the DOE Fuel Hot Line at 202-586-6966 or via the DOE website at:

   http://www.eia.gov/petroleum/gasdiesel/

3. If the first Monday of the calendar month is a Federal holiday, the price will be determined based on the stated DOE price that is available on the next subsequent business day.

4. The applicable Fuel Surcharge will be subject to the adjustment each month as provided in Paragraphs 2 and 3 of this Item and the applicable diesel fuel price obtained from the DOE will apply on the fifteenth (15th) day of the same month. The Fuel Surcharge will apply for shipments loaded beginning on the 15th day of the month and
remain in effect through the 14th day of the following month.

For example, if the reported price of self-service diesel fuel determined on Monday, June 4th is $3.499 per gallon, the Fuel Surcharge based on that price would apply for shipments loaded as of June 15th through July 14th. Then, if the reported price of diesel fuel on Monday, July 2nd increased to $3.699 per gallon, the Fuel Surcharge based on the new amount would apply for shipments loaded as of July 15th through August 14th.

5. The amount of the Fuel Surcharge to apply will be calculated based on the per gallon price of diesel fuel, determined as provided herein, that exceeds $2.999 per gallon multiplied by the billable distance (miles) and factored by the miles-per-gallon amount under the following formula:

\[
\text{Total Billable Miles DIVIDED by 5.0 Miles-Per-Gallon MULTIPLIED BY} \\
\text{An amount equal to the DOE National U.S. Average Diesel Fuel Price LESS $2.999 EQUALS the amount of the Fuel Surcharge to apply.}
\]

**Example:**

Miles: 750  
750/5 = 150 gallons

DOE Fuel: $4.595  
$4.595 – 2.999 = 1.59

Fuel Surcharge:  
150 x $1.59 = $238.50

6. To eliminate rounding issues, calculations will be truncated at 2 decimals for the gallons consumed, the difference in the cost of fuel, and the calculation of the charge. No rounding up or down will take place in determining the calculation.

**Examples:**

<table>
<thead>
<tr>
<th>Gallons Consumed</th>
<th>Fuel Cost</th>
<th>Calculation</th>
</tr>
</thead>
<tbody>
<tr>
<td>1194 miles</td>
<td>DOE price $4.711</td>
<td>$4.711 - $2.999 = $1.712</td>
</tr>
<tr>

<td>$1.71 X 238.80 = $408.348</td>
</tr>
<tr>

<td>$408.34 will be used</td>

7. Notwithstanding any other provisions of this Tariff, the Fuel Surcharge as identified in this Item WILL APPLY on SIT shipments when such shipments are delivered to or removed from the SIT location during the period that a Fuel Surcharge was in effect. At the time of billing, the TSP must provide documentation of the distance between the SIT facility and the shipment origin as identified on the Bill of Lading (for SIT at origin) or the distance between the SIT facility and the shipment destination as identified on
NOTE 1: Shipments to/from Alaska are only authorized a Fuel Surcharge for the portion driven in Alaska if they are picked up/delivered over 50 miles from the named Alaskan points. Shipments from/to Fairbanks, Alaska are not authorized additional transportation charges between Anchorage, Alaska and Fairbanks, Alaska and TSPs are not authorized a Fuel Surcharge when the shipment is picked up/delivered 50 miles or less from Fairbanks, Alaska. For these shipments, the waterhaul charge includes transportation between Tacoma, Washington and Fairbanks, Alaska. Shipments that are picked up/delivered over 50 miles from the nearest named Alaskan point are authorized a Fuel Surcharge if applicable.

NOTE 2: If a Privately Owned Vehicle (POV) is transported on the same truck with the household goods, the TSP will not be entitled to charge a separate Fuel Surcharge for the POV. If the POV is not going to be transported with the household goods, then prior to the commencement of loading, the TSP must notify the Agency responsible for payment of the charges that a separate Fuel Surcharge may be required and written approval from the Agency must be obtained. If the POV is transported via a car hauler and the car hauler charges a Fuel Surcharge, that Fuel Surcharge can be passed through to the Agency as a separate line item. The TSP must provide a copy of the original bill to the Agency for reimbursement. If the POV is transported via a separate household goods truck/trailer, the TSP may calculate a Fuel Surcharge using the standard procedures identified in this Item.

NOTE 3: In the event the shipment is transported from origin to port or port to destination on an ocean line through Bill of Lading, the TSP is not entitled to a Fuel Surcharge in accordance with this Item and can only pass through any fuel surcharge amount that may be generated from the ocean line. The TSP must provide a copy of the original bill to the Agency for reimbursement.

**Item 17**

**Storage-in-Transit (SIT)**

1. Storage-In-Transit (SIT) of property covered by this Tariff is the holding of the shipment or portion thereof in the facilities or warehouse used for storage by the TSP or its agent pending further transportation and will be effected only at specific request of the BLIO and as shown on the Bill of Lading or under the conditions specified in Paragraph 15 of this Item. The facilities or warehouses used by the TSP or its agent for SIT shall be commercial facilities or warehouses used by the TSP or its agent in the normal course of business for receipt and storage of household goods awaiting further transportation. Unless approved by the BLIO in writing, the use of trailers, vans, public warehouses and self-storage units is prohibited.
2. The TSP must provide SIT at destination unless SIT at origin is specified on the Bill of Lading or authorized in writing by the BLIO. Shipments shall not be placed in SIT at a location in excess of fifty (50) miles from the destination address as identified on the Bill of Lading (or origin address as identified on the Bill of Lading if SIT at origin is specified on the Bill of Lading or approved in writing by the BLIO) and shall be at the TSPs’ or agent’s nearest available SIT facility or warehouse to the destination address as identified on the Bill of Lading unless otherwise specified on the Bill of Lading or authorized by the BLIO in writing. Placing a shipment in SIT does not constitute a delivery or completion of service. Delivery of the shipment to the final destination and completion of destination services shall be performed after the goods are removed from SIT as part of the through service.

3. All SIT and related charges shall be based on the destination address as identified on the Bill of Lading (or origin address as identified on the Bill of Lading if SIT at origin is specified on the Bill of Lading or approved in writing by the BLIO) without regard to the actual storage location.

4. A shipment or portion thereof may be placed in SIT one or more times for an aggregate period not to exceed 150 days. When not removed from SIT at midnight of the 150th day, liability of the TSP shall terminate after such time, the interstate or intrastate character of the shipment or portion thereof shall cease, the warehouse location shall be considered the destination of the property, the warehouseman shall become the agent for the Owner, the property shall then be subject to the rules, regulations and charges of the warehouseman and the Owner shall be responsible for all future storage charges (refer to Item 17-2).

5. When SIT is at origin (as either specified on the Bill of Lading or with written approval of the BLIO), charges may be billed after SIT is effected as follows:

   a. Transportation charges between the origin address as identified on the Bill of Lading and warehouse location where SIT is effected (refer to Item 210).

   b. Storage charges due at time of billing.

   c. Charges for additional services, third party charges and other lawful charges.

6. When SIT is at other than origin, charges must be billed at the time SIT is effected, as follows:

   a. Transportation charges between the origin address as identified on the Bill of Lading and the destination as identified on the Bill of Lading, regardless of where the shipment is actually stored.

   b. At the time of billing under this Paragraph, storage charges due the TSP may be billed. Storage charges for subsequent days of storage that property remains in SIT may be billed as they become due.

   c. Charges for additional services, third party charges and other lawful charges.
7. Delivery of shipments to residence from SIT at origin, en route or at destination will be made on the date requested, if possible. If the TSP is unable to perform delivery on that date, every effort will be made to deliver as soon as possible subject to the following:

   a. If shipment is not removed from storage by the 5th working day (excluding Saturday, Sunday and Holidays) after the requested delivery date(s), storage charges will cease to accrue after such date.

   b. If shipment is removed from storage prior to the 5th working day after the requested delivery date(s), storage charges will cease to accrue the day the shipment is removed.

8. The transportation charges to apply on a shipment when only a portion of a shipment is stored in transit en route to destination will be the applicable transportation rate based on the total weight of the entire shipment, for total distance between pickup and delivery as identified by the origin and destination addresses specified on the Bill of Lading, plus additional service charges applicable to each portion of the shipment, as applicable. The total charges for any picked-up and/or delivered portions shall apply from the point of origin to destination address as identified on the Bill of Lading regardless of the storage locations.

9. The transportation charges to apply on a portion of a SIT shipment delivered from storage location to destination will be the applicable transportation rate based on the actual weight of such portion, subject to the minimum weights provided in this Tariff and Paragraph 13.

10. On property consigned to SIT where an overflow of property requires a split shipment delivered to the storage location on different dates, the charges for such property shall be as follows:

    a. Transportation charges from initial point of pickup to delivery address as identified on the Bill of Lading based on the combined weight of the property stored in transit and computation of transportation charges will be as provided herein.

    b. Storage charges in effect on the date of initial pickup will be assessed separately on each portion of shipment stored in transit, except the 1,000 minimum weight will apply to the combined weight of property stored in transit. Storage will be rated separately for each portion added, subject to the provisions of this Item and Item 185.

    c. All subsequent charges will be based on the combined weight of the property stored in transit.

11. When the BLIO provides notice to the TSP that the destination has changed from the original Bill of Lading, such change must be recorded on the Bill of Lading (Correction Notice) and a copy provided to the TSP. When the interstate character of the shipment is terminated at the storage location before expiration of the time limit specified in Paragraph 4 of this Item, transportation and other lawful charges shall apply per Paragraph 5 or 6 of this Item, whichever is applicable.
12. When household goods have been placed into SIT at the TSP’s or agent’s storage location, both the TSP and the warehouseman must have in their possession records showing the following:

   a. An itemized list of the property with the Bill of Lading number noted thereon.

   b. The shipment’s point of origin and destination.

   c. The condition of each article when received at and forwarded from the storage location.

   d. The dates when all charges, advances or payments were made or received.

   e. Dates property was delivered to and forwarded from the storage location.

13. During the SIT period, the Owner may withdraw a portion of the property. When the selection of items requires un-stacking and/or re-stacking of the shipment or a portion of the shipment, charges for such handling shall be assessed in accordance with Item 120. Charges for transportation furnished, if any, for the portion selected for delivery shall be assessed on same basis as would apply to that portion as an individual shipment. With reference to the portion of the shipment, which remains at the storage location, the BLIO may elect in writing to terminate the SIT service and place the remaining property in storage with the warehouseman in possession, in which event the storage location will be considered the destination of the property. If the Owner elects to have the remaining portion remain in SIT, the following shall be applicable:

   a. Storage charges shall continue to apply on the weight of remainder of the property.

   b. Charges for transportation furnished, if any, for the delivery of the remainder of the property shall be assessed on the same basis as would apply to that portion as an individual shipment.

14. During the SIT period, the Owner, if approved in writing by the BLIO, may add property to that already in SIT. Charges for such property added shall be as follows:

   a. Transportation charges on the addition apply from the initial point of pickup and warehouse location.

   b. Storage charges as provided in Item 185 will apply on the addition, subject to a 1,000 pound minimum charge.

   c. All subsequent charges including SIT will be based on the total weight of the combined property.

15. If delivery cannot be made at the address specified on the Bill of Lading because of impractical operation as defined in Item 33, or for any reason other than the fault of the TSP, and neither the Owner or BLIO designates another address at which delivery can be made, TSP will place the property in SIT pursuant to the provisions of this Item and the BLIO must be promptly notified accordingly.
16. When property is placed in SIT, the TSPs limitations on liability also apply to the party in possession of the property.

**Refer to Item 210 for the Application of SIT Pickup and Delivery Transportation Charges**

**NOTE 1:** When property is placed in SIT in segments on different dates, the transportation rates and additional service charges in effect on the date of the pick-up of the initial shipment will apply to each property segment placed in SIT.

**NOTE 2:** When property is removed from SIT and extra pick-ups are ordered, the transportation rates and additional service charges in effect on the date of the pick-up of the initial shipment will apply based on the weight of the property removed from SIT or constituting the extra pick-up.

**NOTE 3:** Each portion of the shipment will be rated at the applicable rate in effect on the date of the pickup of the initial shipment, based on the total weight of the entire shipment.

**NOTE 4:** Refer to Item 17-2 for provisions governing Notification by TSP When Status of a SIT Shipment Changes.

**Item 17-1**

**Attempted Delivery to Residence from SIT**

(17-1A) – Attempted Delivery – 50 Miles or Less

(17-1B) – Attempted Delivery – Over 50 Miles

(17-1C) – Attempted Delivery – 1st Day

(17-1D) – Attempted Delivery – 50 Miles or Less – Overtime

(17-1E) – Attempted Delivery – Over 50 Miles – Alaska

TSP compensation for attempted delivery to residence from SIT when failure to deliver is not the fault of the TSP will be as follows:

1. Round Trip distance from the storage facility to residence and return:
   a. If total mileage is 50 miles or less, Item 210, Pickup or Delivery Transportation Charges on SIT Shipments will apply.
   b. If total mileage is greater than 50 miles, the transportation rate in the applicable linehaul rate section will apply.

2. **SIT:** A second first day storage charge will apply when the shipment is returned to SIT at the warehouse location and the same SIT control number will apply. Storage
charges will continue to apply at the additional daily rate until shipment is removed or
delivered from storage, except as provided in Item 17, Paragraph 7.

3. **Waiting Time:** The provisions of Item 120 **WILL APPLY** if TSP is required to wait at
residence.

**NOTE 1:** If the shipment remains on the same vehicle until delivered the second first
day storage charge as identified in Paragraph 2 of this Item will not apply.

**NOTE 2:** The provisions of this Item **will not** apply;

   a. When the delivery is attempted after 5:00 p.m. or before 8:00 a.m. unless
      prior approval is received in writing from the BLIO; or

   b. When the delivery is attempted between the hours of 8:00 a.m. and 5:00
      p.m. but at a time other than that previously requested or agreed to by the Owner; or

   c. If delivery is not attempted or Owner is not otherwise contacted, within 90
      minutes of the prearranged and agreed to delivery time.

---

**Item 17-2**

**Notification by TSP When Status of a SIT Shipment Changes**

1. The TSP rendering SIT shall, no less than 10 days prior to the expiration of either
   the specified period of time during which the goods are to be held in such SIT or the
   maximum period of time provided in Item 17 for SIT, notify the Owner in writing of:

   a. The date of conversion to extended storage.

   b. The existence of a 9-month period subsequent to the date of conversion to
      extended storage during which the Owner may file claims against the TSP for loss
      and/or damage which occurred to the goods in transit or during the SIT period.

   c. The fact that at midnight on the date of conversion the liability of the TSP shall
      terminate and the property shall be subject to the rules, regulations and charges of the
      warehouseman.

2. The required notification shall be made by facsimile transmission; email; overnight
   courier; or certified mail, return receipt requested. TSPs holding goods for SIT for a
   period of time less than 10 days shall, no less than 1 day prior to the expiration of
   the specified time during which the goods are to be held in such storage, give notification to
   the Owner of the information specified in Paragraph 1.a., b. and c. of this Item and
   maintain a record thereof as part of its record of the shipment. Failure or refusal of a
   TSP to notify the Owner in accordance with the foregoing shall automatically effect a
   continuance of the TSP liability pursuant to the applicable Tariff provisions with respect to
   SIT until the end of the day following the date upon which notice is given.
3. When converted to extended storage, it must be done so in the name of the Owner and the Owner must be provided with the contact information of the extended storage location to include the telephone number, mailing address and/or email address. Once converted to extended storage, the Agency may not revive the TSP’s liability under the original Bill of Lading or reinstate the original Bill of Lading. If the Agency wishes to continue the funding of the shipment and pay for continued storage and/or for delivery of the shipment, it must enter into a new contract with the warehouseman and/or the delivering entity.

4. For shipments converted to Owner’s expense, the TSP will refund any prepayments due to the non performance of the service (i.e. Item 105A (Unpacking), 135B, etc…).

5. The provisions of this Item will apply and take precedence over corresponding provisions of Item 17.

The application of this Tariff is governed by the postal zip code of each area or place within the U.S. as assigned by the U.S. Postal Service (USPS) in the National 5-Digit Zip Code and Post Office Directory. The first three (3) digits of the applicable postal zip code define the applicable geographic service areas for rate application purposes and the determination of non-mileage related charges (refer to Appendix B). For Canada,
the Province is used to determine the applicable geographic service areas for determination of non-mileage related charges (refer to Appendix B).

NOTE 1: This Tariff uses mileage distances specified by PC*Miler issued by ALK Technologies, Inc. to rate shipments between points in the U.S. All mileage determinations are based on the applicable 5-digit zip code as obtained from the National 5-Digit Zip Code and Post Office Directory issued by the USPS.

NOTE 2: For shipments with an origin and/or destination within Canada, mileage distances specified in Mileage Guide Number 19 issued by Rand McNally will be used in lieu of ALK Technologies, Inc.

NOTE 3: If the USPS changes a 3-digit code area of a postal zip code after the effective date of this Tariff, the old 3-digit code area shall continue to apply for shipment rating purposes until a new corresponding 3-digit code area is incorporated into a revised edition or supplement to this Tariff.

NOTE 4: References to specific publications also refers to the subsequent reissues and/or amendment of/to these publications.

3. The interest penalty payment will be computed based on the percentage interest rate determined by the Secretary of the Treasury for interest payments pursuant to the Contract Disputes Act of 1978 (41 U.S.C. § 7109(b)).

4. Interest penalty amounts which remain unpaid at the end of any 30 day period shall be added to the initial applicable transportation bill and, thereafter, additional applicable interest penalties shall apply to an amount equal to the transportation bill plus remaining unpaid penalties.

1. When the time involved is 15 minutes or less, the charge shall be for one quarter of an hour.

2. When in excess of 15 minutes but not more than 30 minutes, the charge shall be for one half hour.

3. When in excess of 30 minutes but not more than 45 minutes, the charge shall be for three quarters of an hour.

NOTE: All shipments subject to weighing provisions as provided in Item 4.

Item 26
Available for Future Use
Item 27

Warehouse Pickup and Delivery Service

1. When a shipment is delivered to or picked up from a warehouse (including third party warehouse and self-storage/mini-warehouse locations), the charges for transportation include only the unloading or loading at door, platform, or other point convenient or accessible to the vehicle.

2. Refer to Item 225 for application of charges to apply when the TSP enters the warehouse (including third party warehouse and self-storage/mini-warehouse locations) at the BLIO’s request, for the purpose of removing items stored from or placing items into the warehouse (including third party warehouse and self-storage/mini-warehouse locations) (refer to Item 17 for application of SIT charges).

Item 28

Stopoffs (Extra Pickups and Extra Deliveries) and Diversions

(28A) – Stopoff - Extra Pickup

(28B) – Stopoff - Extra Delivery

(28C) – Diversion Charges

1. Self-storage/mini-warehouse locations. Extra pickup charges will not apply when the only pickup/delivery is from a self-storage or mini-warehouse.

2. Stopoffs and Diversions. This Item contains the provisions that apply when a shipment is diverted or when additional stops are made to perform extra pickups or deliveries.

3. Stopoffs. At the request of the BLIO, in writing and/or on the Bill of Lading, extra stops or calls will be made at locations necessary to accomplish the extra pickup or extra delivery of portions of the shipment.

   a. Extra stops or calls are additional pickups made after the first pickup or additional deliveries made prior to the final delivery of the shipment. Each such extra stop or call shall constitute an extra pickup or delivery. An extra stopoff fee will apply for each extra pickup or delivery that is performed, in addition to the transportation and additional service charges provided in Paragraph 3. b. and c. of this Item.

   b. Transportation charges on shipments with extra pickups or extra deliveries are determined based on the weight of the total shipment, including any additional weight picked-up or delivered at any stopoff(s), and will be rated based on the mileage from the origin address identified on the Bill of Lading to the destination address identified on the Bill of Lading VIA any stopoff point(s).
c. The rates for additional services performed in conjunction with any extra pickup(s) will be based on the additional service rates applicable at the shipment origin address as identified on the Bill of Lading. The rates for additional services performed in conjunction with any extra delivery(s) will be based on the additional service rates applicable at the shipment destination address as identified on the Bill of Lading.

4. **Diversions.** Upon instructions made and confirmed in writing by the BLIO, a shipment will be diverted subject to the following terms and conditions:

a. The term “diversion” as used herein means either:

   1) A change in the destination (while en route) to a destination outside of a 30 mile radius of the original destination address as identified on the Bill of Lading; or
   2) A change in the route at the request of the BLIO.

b. When the TSP receives an order for diversion, diligent effort will be made to locate the shipment and effect the change desired, but the TSP is not responsible for failure to effect the change ordered unless such failure is due to error or negligence on the part of the TSP.

c. The transportation charges on shipments diverted to a new destination, while the vehicle is en route to or upon arriving at the original destination as identified on the Bill of Lading will be based on the total transportation charge from the shipment origin as identified on the Bill of Lading to the point where the shipment was diverted, plus the transportation charge from the point where the shipment was diverted to the final destination.

d. On shipments diverted to a warehouse for SIT at a location other than the original destination as identified on the Bill of Lading, the warehouse will be considered the destination point and transportation charges to the warehouse will be assessed under the provisions of Paragraph 4. c. of this Item. Charges for storage and further transportation will apply based on the rates and charges named in this Tariff.

e. These provisions are not applicable if diversion instructions are received prior to the movement of the shipment or if the shipment is in SIT at destination. For delivery out of destination SIT, shipments will be rated according to charges for further transportation in Item 210 and subject to the discounts in effect on the Bill of Lading that brought the shipment into SIT.

Refer to Appendix B for Stopoff and Diversion Charges

   c. No storage of shipment is required; and
   d. No preliminary or en route servicing by use of dry ice, electricity or other preservative methods is required of the TSP.

3. Perishable plants will be accepted for transportation provided:
   a. The shipment is to be transported not more than 150 miles and/or delivery accomplished within twenty-four hours from time of loading;
   b. No storage is required; and
   c. No preliminary or en route servicing or watering or other preservative methods are required of the TSP.

4. TSP will not be responsible for any perishable article included in a shipment without the TSP’s knowledge.

5. TSP WILL NOT ACCEPT for shipment under any circumstances tanks or bottles designed to contain butane or propane, including tanks and containers for gas barbecue grills, torches, tools or appliances. This prohibition also includes tanks or bottles that have been certified as empty.

Item 33
Impractical Operations and Application of Shuttle Service

1. **Impractical Operations.** Nothing in this Tariff shall require the TSP to perform any service at any point or location where, through no fault or neglect of the TSP, the furnishing of such services is impractical because:
a. Conditions of roads, streets, driveways, alleys or approaches thereto would subject operations to unreasonable risk of loss or damage to life or property;

b. Loading or unloading facilities are inadequate;

c. Any force majeure, war, insurrections, riot, civil disturbance, strike, picketing or other labor disturbance would:

   1) Subject operations to unreasonable risk of loss or damage to life or property, or
   2) Jeopardize the ability of the TSP to render linehaul or pickup or delivery or any other service from, to or at other points or locations;

d. TSP’s hauling contractors, TSP’s employees or TSP’s agents are precluded, for reasons beyond TSP’s control, from entering premises where pickup or delivery is to be made; or

e. Local, state or Federal restrictions, regulation or laws prohibit performance of such services by linehaul equipment.

When service is impractical for reasons stated in this rule and service can be completed through the employment of services of a third party, refer to Item 35.

2. Application of Shuttle Service. Refer to Item 125 for details on shuttle service charges and/or extra labor charges which shall be in addition to all other transportation or accessorial charges.

a. It is the responsibility of the Owner to make the shipment accessible to the TSP or accept delivery from TSP at a point at which the normally assigned linehaul vehicle/equipment may be safely operated.

b. When it is physically impossible for the TSP to perform pickup of a shipment at origin address or to complete delivery of shipment at destination address with normally assigned linehaul vehicle/equipment due to the structure of the building, its inaccessibility by highway, inadequate or unsafe public or private road, overhead obstructions, narrow gates, sharp turns, trees, shrubbery, the deterioration of roadway due to rain, flood, snow, or nature of an article or article’s included in the shipment, the TSP shall hold itself available at point of pickup or tender delivery at destination at the nearest point of approach to the desired location where the linehaul vehicle/equipment can be made safely accessible (which may be the TSP’s nearest warehouse or storage facility).

c. If the conditions detailed in Paragraph 2.b. of this Item occur and, in the opinion of the TSP, constitute the need for shuttle service, the TSP must submit a request in writing to the BLIO identifying the reason(s) why shuttle service is needed. The request must then be approved in writing by the BLIO prior to the performance of shuttle service.
d. When so approved in writing by the BLIO, the TSP will use or engage smaller equipment than its normal linehaul equipment or provide extra labor for the purpose, if possible, of transferring the shipment between the origin or destination address and the point of transfer (which may be the TSP’s nearest warehouse or storage facility) TO OR FROM the TSP’s linehaul equipment.

e. Charges for the shuttle service to cover labor and the additional vehicle will be as provided in Item 125 and shall be in addition to all other transportation or additional service charges.

f. If shuttle service is approved and performed in accordance with this Item, the TSP must submit the following documentation when billing for shuttle service:

1) Copy of the request submitted to the BLIO as to why shuttle service was requested;
2) Copy of the written approval from the BLIO approving the use of a shuttle;
3) Copy of the document containing the signature of the Owner specifically identifying that shuttle service was performed; and
4) Additional documentation verifying that the shuttle did occur (an additional loading/unloading took place), which could include:
   a) Equipment rental receipts, if appropriate; or
   b) Dispatch logs identifying the equipment and driver that were used to perform the transfer to or from the TSP’s linehaul equipment, with dates; or
   c) Weight tickets from a larger vehicle and not the smaller vehicle; or
   d) Reweigh ticket if one was requested.

g. In accordance with this Item, shuttle service is defined as a truck to truck transfer. If, however, and in rare and/or unique circumstances only, it is determined that a shipment or portions thereof moved via the use of smaller equipment only and without a transfer to a TSP’s linehaul equipment will best meet the needs of the Agency, then the TSP must submit a request in writing to the BLIO identifying the specific reason(s) why the use of smaller equipment without a shuttle component will best meet the needs of the Agency. The request must then be approved in writing by the BLIO prior to the performance of service. When billing for the use of smaller equipment only, the TSP must submit the documentation identified in 33.2.f.1), 2) and 3) as it applies to the use of smaller equipment. The copy of the request submitted to the BLIO (33.2.f.1)), with the signature of the BLIO as acknowledgement and approval (33.2.f.2)) must specifically identify the reason(s) for the use of smaller equipment only and that a shuttle (truck to truck transfer) will not be provided. The copy of the document containing the signature of the Owner (33.2.f.3)) specifically identifying that the service was performed must also be submitted.

h. If the Owner does not accept the shipment at the nearest point of safe approach by the TSP’s linehaul vehicle/equipment to the destination address and shuttle service is not approved, the TSP may place the shipment or any part thereof not reasonably possible for delivery in SIT at the nearest commercial facility or warehouse used by the TSP or its agent in the normal course of business for receipt and storage of household goods awaiting further transportation. The liability on the part of the TSP will cease
when the shipment is unloaded into the warehouse and the shipment shall be considered as having been delivered. All accrued charges on the shipment shall be due and payable upon delivery to the warehouse. Any subsequent movement from the warehouse shall constitute a new shipment.

Item 35
Third Party Charges

(35A) – Third Party Service

(35B) – Service Charge – Florida Keys and Points in Canada

1. This Item applies, unless otherwise specified herein, when prior approval has been provided in writing by the BLIO for the TSP to obtain services of others (companies not owned by the TSP or its Agent or their personnel, drivers or crew) for the completion of the move or as may be required by Federal, State or Local law. These services include, but are not limited to third party service charges, parking permits, agricultural inspections and any other services not otherwise identified in this Tariff but requested and approved in writing by the BLIO as necessary for the completion of the move. All such Third Party Charges must be supported by paid receipts and will apply in addition to all other applicable Tariff charges provided that prior approval for services has been authorized in writing by the BLIO.

2. Exception: Prior approval is NOT REQUIRED for the payment of toll (bridge and ferry) charges advanced by the TSP for expenses incurred by the TSP as a result of transiting bridges or ferries that are subject to officially assessed Federal, state, county or local use fees (refer to NOTE 1). All such charges must be supported by paid receipts and will apply in addition to all other applicable Tariff charges.

Refer to Appendix B for Service Charges

NOTE 1: Except as otherwise specifically provided herein, tolls are restricted to bridges or ferries that are subject to officially assessed Federal, state, county or local use fees. Third Party Charges will not apply for highway, turnpike or other related service charges. The charges for these costs must be included in a TSP’s transportation charge. Shipments, however, transported from or to Plantation Key, FL or Islamorada, FL and points south and west in the Florida Keys and the Canadian points identified in Appendix B, will be subject to a transportation service charge. This charge shall apply in addition to any applicable bridge and ferry charges, based on the weight at which the linehaul transportation charges are computed. Tolls should be based on the weight of the shipment, subject to the applicable minimum weights.
NOTE 2: When only a portion of a shipment is transported over a bridge or ferry, the charge will be based on the weight of such portion, subject to applicable minimum weights.

NOTE 3: When the origin or destination of the shipment, or a portion thereof, is located at a point accessible only by the use of a ferry, the following provisions apply:

   a. The actual ferry charges will be billed by the TSP to the Agency as Third Party Charges as provided herein.

   b. When TSP’s normal linehaul vehicle/equipment cannot be accommodated by the ferry system, shuttle service will be provided, subject to the charges and provisions named in Item 33, Paragraph 2 and Item 125.

   c. Waiting time charges as provided in Item 120 will apply commencing with the arrival of the TSP’s vehicle/equipment at the ferry point of embarkation, during the vehicle/equipment crossing and terminating when the vehicle/equipment disembarks from the ferry. The allowable free waiting time provisions provided in Item 120 will not apply during the ferry waiting and transportation period described herein.

NOTE 4: Fuel surcharge is not authorized and shall not be billed or paid on Third Party Services.

NOTE 5: Third Party Charges do not apply to servicing washers and other household articles that require bracing/stabilization (and debracing/destabilization) of moveable parts IN or ON such appliances. The cost of this service is considered to be part of the TSP’s transportation charge. Refer to Item 120, Paragraph 6 for an exception to front load washing machines and associated pedestals.

NOTE 6: Crating is not authorized as a Third Party charge (refer to Item 105, Part 3 for exceptions). When crating is accomplished in combination with a Third Party Service (i.e. pool table disassembly), the TSP will be reimbursed for the cost of the crate, not to exceed the authorized cost for same size crate utilizing Item 105. The TSP must provide documentation identifying the crate dimension and separate costing for the crate. TSPs will only be paid according to the charges in Item 105. Crating DOES NOT APPLY to flat screen televisions with screen sizes 60 diagonal inches and below (refer to Item 105).

Item 40
Annual General Price Adjustment

1. This Item provides for the mechanism by which GSA may choose to apply a General Price Adjustment (GPA) to the rates and charges contained in this Tariff.
2. Unless otherwise provided, effective November 1st of each calendar year, the rates and charges in this Tariff shall, upon taking other factors into consideration, as appropriate, be subject to a GPA as determined by the specified U. S. Department of Labor indices for a preceding 12 month annual basing period, April to April. GSA will provide notification to TSPs on changes, if any, to the rates and charges contained in Appendix B in conjunction with such adjustment.

3. Applicable U.S. Department of Labor indices are as reported on the Bureau of Labor Statistics (www.bls.gov) website as follows:
   a. CPI Index information is based on the Consumer Price Index, for All Urban Consumers (CPI-U). Not seasonally adjusted, U.S. City Average, for All Items (less Food and Energy), Series ID cuur0000SA0L1E.
   b. CEU Index information is based on the average hourly earnings of production workers in the National Employment Index for Hours and Earnings, Not seasonally adjusted, for Transportation and Warehousing, specialized freight trucking, under NAICS Code 4842, Series ID ceu4348420008.

4. The GPA will be based on the increase in the CEU times .41 (representing the labor portion of TSP’s expenses) plus the increase in the CPI times .59 (representing the reciprocal of .41) as specified in Paragraph 3 of this Item.

5. To determine the GPA to apply, if any:
   a. First, determine the unadjusted indexes for each index (CPI and CEU) applicable at the beginning and at the end of the specified 12 month basing period (April to April).
   b. Second, to determine the percentage increase in the CEU, subtract the ending CEU from the beginning CEU and divide that answer by the beginning CEU and then multiply that answer times .41.
   c. Third, to determine the percentage increase in the CPI, subtract the ending CPI from the beginning CPI and divide that answer by the beginning CPI and then multiply that answer times .59.
   d. Finally, add the two weighted subtotals together to determine the GPA percentage increase/decrease that may apply. The GPA and background calculations will be rounded to the 9th decimal place. All final costs will be rounded to the second decimal place (i.e. background data is $1.245343423, will round to $1.25).

For example (X = index number to be determined as provided herein):

CPI Index = \( \frac{X}{X} \times \frac{X}{X} \times .59 \times X \)

CEU Index = \( X \times \frac{X}{X} \times .41 \times X \)

6. The GPA, if applicable, will apply for all shipments loading beginning November 1st through the following October 31st, based on the April-to-April annual basing period; for
example, the April 2016 to April 2017 basing period will be applied on November 1, 2017.

7. Notwithstanding any other provisions of this Tariff, the GPA WILL NOT APPLY to the charges advanced for the performance of Third Party Services, Item 35 or Full Value Protection Service, Item 190.

Transit Time Penalty

A transit time penalty charge of $100 per day will apply when the actual transit time for direct delivery shipments exceeds the transit time defined in Section 10, Transit Times of GSA’s applicable HTOS and shall be payable to the Agency paying the charges for each calendar day, or fraction thereof. Transit time will be measured in calendar days from the date loading is completed to the date on which the shipment is offered for delivery at the residence, except when the last day of the transit time falls on a Saturday, Sunday or Federal Holiday, then the next Government working day will be considered the last day of transit, subject to Section 8.4.1., Late Delivery Reduction of GSA’s applicable HTOS.

**Item 46**

Collection of Transportation Charges on Household Goods Shipments Involving Loss or Destruction-in-Transit

TSP can collect, or require the Agency to pay, any applicable transportation charges (including charges for additional services) when a shipment is totally lost or destroyed in transit, only if in accordance with the terms and conditions of GSA’s CHAMP, the TSP has paid to the Owner Full Replacement Value for the lost or destroyed items.

TSP must indicate on the Bill of Lading the minimum weight or volume – base rate and the minimum charges applicable to the shipment.

2. If the TSP fails to comply with the provisions of Paragraph 1 of this Item the minimum weight or volume provisions will not apply, and in lieu thereof, the actual weight or actual volume of the shipment will be used to determine the applicable transportation charges.

Item 58
Removal or Placement of Property from or to Inaccessible Locations

It is the responsibility of the Owner to make property available to the TSP and to remove and place property from or to attics, basements and other locations where the location of property and goods to be shipped or delivered is 1) not accessible by a permanent stairway (does not include ladders of any type), 2) is not adequately lighted, 3) does not have a flat continuous floor, or 4) does not allow a person to stand erect. If the BLIO requests and TSP agrees to the removal or placement of property from or to such areas not readily accessible, Item 120, Extra Labor charges, will apply for this service. Approval in writing by the BLIO is required prior to the performance of service.
Item 59

2. Charges for the extra driver, if furnished, will be as follows, and shall be in addition to all other applicable Tariff charges:

   a. Rate applies per hour for the extra driver’s service based on the time vehicle departs from the point of the loading until the time vehicle arrives at point of unloading.

   b. In addition to the charge identified in Paragraph 2.a. of this Item, mileage charges will apply for transportation for the return of extra driver to point of loading.

Refer to Appendix B for Travel Time-Extra Driver Charges

similar property if the transportation of such effects or property is:

a. Arranged and paid for by the householder, except such term does not include property moving from a factory or store, other than property that the householder has purchased with the intent to use in his or her dwelling and is transported at the request of, and the transportation charges are paid to the carrier, by the householder; or

b. Arranged and paid for by another party.
SECTION 2:
TRANSPORTATION CHARGES AND ADDITIONAL SERVICES

Application of Transportation Charges

Transportation charges in this Tariff include the loading of the shipment at the point of origin, vehicle transportation to the point of destination and the unloading of the shipment at destination but do not include the Additional Services identified in Sections 1 and 2 of this Tariff.

The Transportation Charges are shown in three (3) separate Sections contained in the Baseline Rate Tariff Files, Appendix B (Appendix B):

1) Section 3 contains the Linehaul transportation charges applicable between all points in the United States (U.S.) (including the District of Columbia but excluding Alaska and Hawaii) and between all points in the U.S. (including the District of Columbia and Alaska but excluding Hawaii) and Canada.
2) Sections 4 and 5 are Reserved and Available for Future Use.
3) Section 6 contains Waterhaul (Ocean) transportation charges applicable between the Port of Tacoma, Washington and any point within a 50 mile radius of the TSP’s Port Facility at the named point(s) in Alaska.
4) Section 7 contains transportation charges applicable between the named points in Alaska identified in Section 6 and points in Alaska that are more than a 50 mile radius of the TSP’s Port Facility at the named point(s) in Alaska.

Transportation charges apply for shipments of household goods (HHG) consisting entirely of articles embraced in Item 100 and apply based on the actual weight of the shipment plus the weight additives named in Item 130, when applicable, subject to the minimum weights provided in the rules of the Tariff.

Distance-based rates and charges between points in the U.S. are determined by PC*Miler issued by ALK Technologies, Inc. based on the applicable 5-digit postal zip codes obtained from the National 5-Digit Zip Code and Post Office Directory issued by the U.S. Postal Service (USPS).

Exception: For shipments with an origin and/or destination within Canada, mileage distances will be determined by the Rand McNally Mileage Guide 19, in lieu of ALK Technologies, Inc.

Unless otherwise specifically provided in this Tariff, all rules, rates and charges in effect on the date the shipment is picked up shall apply. In addition, any transportation and storage discounts that apply are based on the date the shipment is picked up,
unless otherwise specifically provided in this Tariff.

**NOTE 1:** Compensation methodology for all shipments between U.S. (including the District of Columbia but excluding Hawaii) and Alaska will be based on the Ocean Waterhaul table utilizing the port of Tacoma, WA.

**NOTE 2:** TSPs electing to use the Alcan Highway will be compensated based on compensation methodology identified in NOTE 1, above.

**NOTE 3:** Refer to Item 227 for the application of shipments to and from Alaska.

### Application of Additional Services

Additional Services rates and charges apply for services that are requested by the Agency and/or the Bill of Lading Issuing Officer (BLIO) or are necessary to complete the shipment. Appendix B of this Tariff names the applicable Additional Services rates and charges.

Except as may otherwise be specifically provided for, the Additional Services rates and charges provided for in this Section 2 apply throughout the U.S. (including the District of Columbia and Alaska but excluding Hawaii) and Canada and are in addition to all other rates and charges in this Tariff.

All shipments moving pursuant to GSA’s CHAMP under the provisions of this Tariff are deemed to be released at an amount equal to $6.00 times the weight of the shipment (in pounds) or the declared lump sum value, whichever is greater (refer to Item 190 for provisions to apply).

To simplify the application of charges, this Tariff incorporates many of the commonly applied individual Additional Services charges into a single Origin/Destination Service Charge that applies in addition to the transportation charges. The Service Areas and their associated Services Cost Schedules and other non-mileage based rates and charges for services performed at points in the U.S. are determined based on the applicable **3-digit postal zip code** issued by the USPS. Services performed at points in Canada are based on a single cost schedule for all points in Canada.

If the USPS changes a 3-digit code area of a postal zip code after the effective date of this Tariff, the old 3-digit code area shall be used for rating purposes until a new corresponding 3-digit code area is incorporated into a revised edition or a supplement to this Tariff, including Appendix B.

Packing and Unpacking Services

(105A) – Full Packing and Unpacking Service

(105B) – Pack Regular Crate

(105D) – Debris Removal Within 30 Days

(105E) – Unpack Regular Crate

(105J) – Storage Inspection Fee (in lieu of Full Packing Service ONLY)

Packing

1. This Item applies when the TSP furnishes the cartons and performs the packing of some or all of the articles in the shipment. This Item applies on a hundredweight basis for complete (full-pack jobs) shipments. Overtime labor rates will only apply after the TSP has the pre-approval in writing from the BLIO. Regular time and overtime rates apply, based on the time of the day and day of the week that the service is performed. The rates contained in Appendix B include the containers, cartons and packing materials.

2. The Agency will pay for Full Packing and Unpacking Service only when packing is performed and the TSP has provided the applicable service at origin and destination. TSP’s rates/discounts off the Tariff will apply to the total of full pack/unpack service.

3. For shipments that are terminated after packing has begun but before shipment departs the origin pickup address:

   a. In order to be paid for services rendered, the TSP is required to submit a legible inventory, signed by the Owner or his/her designated representative and approved by the BLIO, of all items packed, disassembled, or prepared for movement. TSP will be compensated for packing/unpacking charges based on all items packed, disassembled or prepared for movement and listed on the inventory by cubic foot of the Items. The cubic feet will be converted to a weight basis using 7 pounds per cubic foot.

   b. Unpacking charges (if applicable) will apply based on the destination address as identified on the Bill of Lading.

Refer to Appendix B for the Applicable Charges Defined in Parts 1, 2, and 3 of this Item

Except as otherwise provided, the charges for the services provided in this Item apply based on the location where the service is provided as identified by the origin or
destination address shown on the Bill of Lading and the TSP performs packing, unpacking, debris removal, crating or uncrating service described herein for the shipment.

**Part 1: Full Packing and Unpacking Service**

Full Packing and Unpacking Service includes all of the cartons, containers and packing service required and provided by the TSP to pack the shipment for transportation (refer to NOTE 7 of this Item).

Full Packing and Unpacking Service rates apply based on the net weight of the shipment and include all cartons and containers (refer to NOTE 9 of this Item) furnished by the TSP. Full Packing and Unpacking Service consists of packing and unpacking of all such cartons and containers and debris removal on the day of delivery. Owner is authorized to retain all cartons and containers, but may elect to surrender all or a portion of cartons and containers to the TSP at delivery for removal. Debris removal of such cartons and containers for up to 30 days after delivery will only be performed when authorized by the BLIO and must be pre-approved in writing (refer to Part 2 of this Item).

Full Packing and Unpacking Service charges do not include crating service (refer to Part 3 of this Item) and will not apply on shipments that the TSP does not pack (e.g. shipments released from extended storage, shipments from SIT where the Bill of Lading has been terminated). In lieu of Full Packing Service, an inspection fee per actual net cwt will apply for shipments that pickup from storage warehouse and are already packed (refer to Appendix B, Item 105J for the charge to apply).

The charges in this Part 1 apply based on the net shipment weight. The weight of motor passenger vehicles (automobiles, pick-up trucks, vans, sport utility vehicles and dune buggies) and any weight additives applicable in Item 130 will be deducted from the shipment weight prior to determining the Full Packing and Unpacking Service charges contained in this Part.

**Part 2: Debris Removal Service**

a. Debris Removal Charges apply when BLIO requests in writing that the TSP perform debris removal of cartons unpacked by the Owner subsequent to the date of delivery and the service is performed.

b. Debris Removal Service applies in conjunction with Owner-unpacked cartons; a debris removal charge WILL NOT APPLY for the cartons unpacked by the TSP at the time of delivery.

c. Debris removal service performed after delivery must be performed within thirty (30) days of delivery date and be preapproved in writing by the BLIO.

**Part 3: Crating Service**

a. Crating Service charges apply when the TSP is requested in writing by the BLIO to provide crates (specially constructed for mirrors, paintings, glass or marble tops and
similar fragile articles) based on the gross measurement of the crate (subject to a minimum charge based on four (4) cubic feet). The packing service charge for crates applies per cubic foot and includes the construction and packing of such crates, which remain the property of the Owner. Separate charges apply for the unpacking of crates.

b. When the Owner furnishes crate(s) for TSP to pack items, TSP may only charge labor for the sealing of crate and for uncrating.

c. In the event the TSP does not possess qualified personnel to construct such crates (specially constructed for mirrors, paintings, glass or marble tops and other similar fragile articles), TSP may request written preapproval from the BLIO to obtain Third Party Services to perform the construction of such crates; the request to the BLIO must include an estimate of the anticipated crating charge. If written preapproval from the BLIO is received, TSP may engage a Third Party for the construction of such crate(s) and the charges of the Third Party Provider, as supported by the paid receipt, will apply in lieu of the charges provided in Appendix B. However, the BLIO has the right to negotiate the crating charges, in whole or in part, based on the circumstances of the use of Third Party Services.

NOTE 1: When Item 105J (Reinspection Fee) applies in lieu of Full Packing Service of Item 105A (Full Pack), the appropriate full unpack amount due will be based on the applicable rate named for unpacking service in Appendix B.

NOTE 2: Unless prior written authorization is obtained from the BLIO, all crating shall be done at the origin residence as identified on the Bill of Lading. All uncrating shall be done at destination residence as identified on the Bill of Lading.

NOTE 3: Extra Stops. On shipments picked up or delivered at more than one location, the requested pickup address as identified on the Bill of Lading and the requested delivery address as identified on the Bill of Lading shall be the basis for determination of rates and charges under this Item.

NOTE 4: Overtime Hours. The TSP must have prior, written approval from the BLIO for overtime hours. Container Service charges for packing, unpacking, debris removal and crating/uncrating apply when service is performed during regular service hours, which, for purposes of this Item, are defined between 8:00 a.m. and 5:00 p.m. Monday through Friday (excluding holidays). When service is performed on Saturdays, Sundays or holidays, or between the hours of 5:00 p.m. and 8:00 a.m. Mondays through Fridays, charges for overtime service will apply subject to written preapproval by the BLIO. When performed for the TSP’s convenience, overtime shall not apply. Overtime for debris removal or crating service, if applicable, will be paid in accordance with overtime labor rates in Item 120D. Overtime for Full Pack/Unpack Service will be paid under the labor rates in Item 175.

The TSP will guarantee either replacement of articles lost or destroyed while in the TSP’s custody, reimbursement for the full replacement cost (as determined by current retail price for the same or similar Items of like kind, quality and functionality), or repairs, or the cost of repairs to the damaged item(s) to the extent necessary to restore the Item(s) to the same condition as when received by the TSP from the Owner. Actual replacement articles, if any, shall consist of articles of like kind and quality without deduction for depreciation.

4. TSP’s maximum liability shall not exceed the released or declared value on the shipment or the full cost of repair to the damaged property, whichever is less. TSP shall have the option of repair or replacement of damaged articles or providing reimbursement equal to the cost of the repair or the cost of the replacement.

5. All items which are replaced or for which the full current market value has been paid become the property of the TSP.

6. Provisions of this Item are contractual limits of liability as provided for in Section 14706 of the ICC Termination Act of 1995 and are not to be construed as “insurance.”

Item 227
Alaska Shipments

This Item applies to the transportation of HHG shipments BETWEEN all points in the U.S. (including the District of Columbia but excluding Hawaii) AND the named Alaskan
points including intra-state Alaska.

1. The applicable Transportation Charges and related Sections are identified below and are contained in Appendix B:

   1) **Section 6** contains Waterhaul (Ocean) transportation charges applicable between the Port of Tacoma, Washington and any point within a 50 mile radius of the TSP’s Port Facility at the named point(s) in Alaska.
   
   2) **Section 7** contains transportation charges applicable between the named points in Alaska identified in Section 6 and points in Alaska that are more than a 50 mile radius from the TSP’s Port Facility at the named point(s) in Alaska.

2. Compensation methodology for all shipments between U.S. (including the District of Columbia but excluding Hawaii) and Alaska will be based on the Ocean Waterhaul table utilizing the port of Tacoma, WA.

3. TSPs electing to use the Alcan Highway will be compensated based on compensation methodology identified in Paragraph 2 of this Item.

4. Shipments to/from Alaska must utilize the point in Section 6 that is nearest to the requested pickup address and/or the requested delivery address as identified on the Bill of Lading.

5. Shipments traveling Intra-state Alaska will be based on linehaul mileage compensation (Section 7) and will not be compensated based on Ocean Waterhaul tables.

6. A TSP may charge as a separate line item a fuel surcharge for bunker charges on shipments moving from/to Alaska. The TSP must provide a copy of the original bill to the Agency for reimbursement.

**Item 228**

**Shorthaul Factor**

1. A shorthaul factor will apply for shipments moving 800 miles or less (via all modes combined).

2. Shorthaul distance is computed by determining the mileage between the origin address as identified on the Bill of Lading and destination address as identified on the Bill of Lading and is measured as hundred weight-miles (CWT-M).

3. CWT-M is determined by multiplying total shipment MILES times CWT.

   **Refer to Appendix B for Shorthaul Charges**

**NOTE 1:** TSP shall not bill for a Shorthaul Factor until final delivery of the shipment.
NOTE 2: Exclusions apply such as changes prior to pickup and diversions.

NOTE 3: In order to determine if a shorthaul factor is applicable, TSP must factor in all transportation segment miles. If a shorthaul factor is paid and a shipment moves greater than 800 miles, the TSP MUST reimburse the Government the total shorthaul amount paid.

NOTE 4: Excludes all Alaska Interstate shipments.
Appendix A: How to use this Tariff
Appendix A
How to Use this Tariff

This Appendix A of the General Services Administration's (GSA's) Domestic 500A (GSA500A) Tariff (Tariff) provides instructions and examples for rating shipments transported under GSA's Centralized Household Goods Traffic Management Program (CHAMP) utilizing this Tariff.

The Baseline Rate Tariff Files, Appendix B (Appendix B), of this Tariff names the baseline Linehaul/Transportation and the Additional Services rates and charges which are then subject, as appropriate, to the accepted linehaul/transportation and Storage-in-Transit (SIT) percentage discounts in effect for each Transportation Service Provider (TSP). These discounts can be found in GSA's Transportation Management Services Solution System (TMSS) and are based on the date a shipment was picked up.

NOTE 1: TSPs file discounts as a percentage off of the Tariff; however, when displayed in TMSS they are shown as a percentage of the Tariff. When applying the linehaul/transportation discount and/or the SIT discount, use the percentage of the Tariff. To determine this, take 1.00 minus the filed discount where the discount is expressed as a fraction (for example a 55% discount is 0.55). So if a 55% linehaul/transportation discount was filed by a TSP, you would multiply the charges by 45% (1.00 - .055 = .45) to determine the discounted charges. In this Appendix A, the percentage to apply to calculate discounted charges (45% in our example) will be referred to a TSP's Linehaul/Transportation Discount Factor (LDF) or a TSP's SIT Discount Factor (SDF).

NOTE 2: For terms, conditions and application of rates and charges when shipping Privately Owned Vehicles (POVs) and/or Unaccompanied Air Baggage (UAB) (Alaska and Canada only), please refer to the applicable CHAMP Request for Offers (RFO). Refer to TMSS for accepted rate offers and discounts.
Determining Linehaul/Transportation (LH) Charges

The LH charges are the charges associated with loading, transporting and unloading a shipment. The LH charges are distance-based and are applicable between points in the United States (U.S.) (including the District of Columbia and excluding Hawaii) as determined by PC*Miler issued by ALK Technologies, Inc. Mileage determination are based on the applicable 5-digit postal zip codes obtained from the National 5-Digit Zip Code and Post Office Directory issued by the U.S. Postal Service (USPS).

Exception: For shipments with an origin and/or destination within Canada, mileage distances will be determined by the Rand McNally Mileage Guide 19, in lieu of ALK Technologies, Inc.

Formula: \[ LH = (BLH + OLF + DLF + SH) \times LDF \]

NOTE: Shorthaul (SH) may or may not apply. Refer to the Tariff for additional information.

1) Determine the Base Linehaul (BLH) charge by going to the “Linehaul” tab of Appendix B to view Section 3 – Linehaul. Using the applicable mileage (based on the origin and destination addresses as identified on the Bill of Lading) and the weight of the shipment, locate the BLH.

In our example, BLH = $9,362.00
2) Determine the **Origin Linehaul Factor (OLF)** and **Destination Linehaul Factor (DLF)** by going to the “City Reference” tab of Appendix B. Using the first three digits of the origin zip (528 in our example) and the destination zip (731 in our example), find the applicable Service Areas (292 for the origin and 636 for the destination in our example).

Next go to the “Geographic Schedule” tab in Appendix B and find the row for the Origin Service Area to identify the applicable OLF ($1.68 per cwt in our example) and then find the row for the Destination Service Area to identify the applicable DLF ($0.22 per cwt in our example). Multiply each factor by the shipment cwt.

In our example:
- The OLF would be $1.68 times 85 = $142.80
- The DLF would be $0.22 times 85 = $18.70

3) In accordance with the Tariff, determine if a **Shorthaul (SH)** factor applies to the shipment. If it does, the SH factor is determined by multiplying the shipment cwt times the miles (CWT-M or 85 x 682 = 57,970 in our example). Go to the “Additional Rates” tab of Appendix B and find Item 228. Then find the row that corresponds with the CWT-M.

In our example, SH = $245.71

4) Determine the **LH** by adding together the BLH, the OLF, the DLF, and the SH (if applicable) and then multiplying by the TSP’s LDF.

In our example, it would be:

$$\left(9,362.00 + 142.80 + 18.70 + 245.71\right) \times .45 = 4,396.14$$
Determining Linehaul/Transportation (LH) Charges for Shipments From and To Alaska

The LH charges are the charges associated with loading, transporting and unloading a shipment. The LH charges are distance-based and are applicable between points in the United States (U.S.) (including the District of Columbia and excluding Hawaii) as determined by PC*Miler issued by ALK Technologies, Inc. Mileage determinations are based on the applicable 5-digit postal zip codes obtained from the National 5-Digit Zip Code and Post Office Directory issued by the U.S. Postal Service (USPS).

Exception: For shipments with an origin and/or destination within Canada, mileage distances will be determined by the Rand McNally Mileage Guide 19, in lieu of ALK Technologies, Inc.

The Linehaul charges for shipments from and to Alaska are determined from three separate rate tables contained in Appendix B:

a) Linehaul/Transportation charges applicable between all points in the U.S (including the District of Columbia but excluding Alaska and Hawaii) and the Port of Tacoma, Washington (refer to Section 3);

b) Waterhaul (ocean) transportation charges applicable between the Port of Tacoma, Washington and any named point within a 50 mile radius of the TSP’s Port Facility at the named point(s) in Alaska (refer to Section 6); and

c) Linehaul/Transportation charges applicable between the named points in Alaska identified in Section 6 and points in Alaska that are more than a 50 mile radius of the TSP’s Port Facility at the named point(s) in Alaska (refer to Section 7).

Formula: \[ LH = (BLH + WH + OLF + DLF + SH) \times LDF \]

**NOTE:** SH may or may not apply. Refer to the Tariff for additional information.

1) Determine the **Base Linehaul (BLH)** charge by going to the “Linehaul” tab of Appendix B to view Section 3 – Linehaul. Using the applicable mileage (based on the origin or destination address as identified on the Bill of Lading and the Port of Tacoma, Washington) and the weight of the shipment, locate the BLH Charge.

   In our example, BLH = $13,006.00

2) Determine the **Waterhaul (WH)** charge by going to the “Accessorials” tab of the Appendix B to view Section 6 – AK Waterhaul. Using the applicable named point in Alaska and the weight of the shipment, locate the WH charge.

   In our example, WH = $17,073.00

3) Determine the **Origin Linehaul Factor (OLF) and Destination Linehaul Factor (DLF)** by going to the “City Reference” tab of Appendix B. Using the first three digits of the origin zip (826 in our example) and the destination zip (997 in our example), find the applicable Service Areas (880 for the origin and 22 for the destination in our example).

   Next go to the “Geographic Schedule” tab in Appendix B and find the row for the Origin Service Area to identify the applicable OLF ($1.02 per cwt in our example) and then find the row for the Destination Service Area to identify the applicable DLF ($5.23 per cwt in our example). Multiply each factor by the shipment cwt.

   In our example:
   - The OLF would be $1.02 times 100 = $102.00
   - The DLF would be $5.23 times 100 = $523.00

4) In accordance with the Tariff, determine if a **Shorthaul (SH)** factor applies to the shipment. In our example, it does not.

5) Determine the **LH** by adding together the BLH, the WH, the OLF, the DLF, and the SH (if applicable) and then multiplying by the TSP’s LDF.

   In our example, it would be:
   
   \[(\$13,006.00 + \$17,073.00 + \$102.00 + \$523.00) \times .45 = \$13,816.80\]
Determining Non-Linehaul Rate/Additional Services Rates and Charges

The Service Areas and their associated Services Cost Schedules and other non-mileage based rates and charges for services performed at points in the U.S. (including the District of Columbia and excluding Hawaii) are determined based on the applicable 3-digit postal zip code (the first 3-digits of the 5-digit Zip Code) issued by the USPS. Use the 3-digit postal zip code to determine the appropriate origin and destination Service Areas and their associated Services Cost Schedules for the rates and charges applicable for the Additional Services performed. Additional Services performed at points in Canada are based on a single cost schedule for all points in Canada.

1) Determine Origin Service Charge (OSC) and Destination Service Charge (DSC)

a) Determine OSC (135A)

**Formula:**  

$135A = (135A \text{ rate} \times \text{shipment cwt}) \times \text{TSP’s LDF}$

i. Determine the OSC by first referring to the “City Reference” tab of Appendix B. Using the first three digits of the origin zip as identified on the Bill of Lading (528 in our example), find the applicable Origin Service Area (292 in our example).
ii. Next go to the “Geographic Schedule” tab in Appendix B and find the row for the Origin Service Area to identify the applicable OSC ($5.02 per cwt in our example).

iii. Using this number, compute the charge by using the 135A rate x the shipment cwt and then multiply that by the TSP’s LDF.

In our example, the OSC would be ($5.02 x 85) x .45 = $192.02

b) Determine DSC (135B)

Formula: 135B = (135B rate x shipment cwt) x TSP’s LDF

i. Determine the DSC by first referring to the City Reference tab of Appendix B. Using the first three digits of the destination zip as identified on the Bill of Lading (731 in our example), find the applicable Destination Service Area (636 in our example).

ii. Next go to the “Geographic Schedule” tab in Appendix B and find the row for the Destination Service Area to identify the applicable DSC ($5.01 per cwt in our example).

iii. Using this number, compute the charge by using the 135B rate x the shipment cwt and then multiply that by the TSP’s LDF.

In our example, the DSC would be ($5.01 x 85) x .45 = $191.63.

2) Determine Full Packing and Unpacking Service (105A)

Formula: 105A = ((Full Packing rate x shipment cwt) + (Full Unpacking rate x shipment cwt)) x TSP’s LDF

NOTE: Before determining Full Packing and Unpacking Service charges, use the Origin Service Area (292 in our example) and go to the “Geographic Schedule” tab of Appendix B to identify the appropriate Origin Services Cost Schedule (2 in our example). Then use the Destination Service Area (636 in our example) to identify the appropriate Destination Services Cost Schedule (3 in our example). Then refer to the "Additional Rates" tab of Appendix B.

a) Determine Full Packing (105A)

i. Look up the Full Packing rate for the Origin Services Cost Schedule (2 in our example) and the weight bracket (16,000 lbs and under in our example). (Note - there are 4 service areas so make sure to use the one that applies to the appropriate Origin Services Cost Schedule). In our example, the rate would be $58.98 per cwt.
ii. Multiply the rate by the shipment cwt
In our example, Full Packing would be $58.98 X 85 = $5,013.30.

b) Determine Full Unpacking (105A)

i. Look up the Full Unpacking rate for the Destination Services Cost Schedule (3 in our example) and the weight bracket (Note - there are 4 service areas so make sure to use the one that applies to the appropriate Destination Services Cost Schedule. And there is only one Unpacking rate per Destination Services Cost Schedule regardless of the weight). In our example, the rate would be $6.78 per cwt.

ii. Multiply the rate by the shipment cwt
In our example, Full Unpacking would be $6.78 X 85 = $576.30.

c) Determine Full Packing and Unpacking Service Charge (105A)

Add the Full Packing charge and the Full Unpacking Charge together and then multiply the total by the TSP's LDF.

In our example, the Full Packing and Unpacking Service Charge would be ($5,013.30 + 576.30) x .45 = $2,515.32

3) Determine Crating/Uncrating Regular Crate Rates (105B and 105E)

Formula:  
Crating = (Crating rate (per schedule) x cubic foot) x TSP's LDF
Uncrating = (Uncrating rate (per schedule) x cubic foot) x TSP's LDF

NOTE: Crating and uncrating is charged by cubic foot and is subject to four cubic feet minimum. Crating is based on the rate per cubic foot at the Origin Services Cost Schedule and uncrating is based on the Destination Services Cost Schedule.

a) Determine Crating (Regular Crate) (105B)

i. In the "Additional Rates" tab of Appendix B, look up the rate for Item Code 105B for the Origin Service Cost Schedule (2 in our example). (Note - there are 4 service areas so make sure to use the one that applies to the appropriate Origin Services Cost Schedule). In our example, the rate would be $28.29 per cubic foot.

ii. Multiply the rate by the cubic feet of the crate (4.30 in our example) and then multiply that by the TSP's LDF.
In our example, Crating would be ($28.29 X 4.30) X .45 = $54.74.
b) **Determine Uncrating (Regular Crate) (105E)**
   
i. In the "Additional Rates" tab of Appendix B, look up the rate for Item Code 105E for the Destination Services Cost Schedule (3 in our example). (Note - there are 4 service areas so make sure you use the one that applies to the appropriate Destination Services Cost Schedule). In our example, the rate would be is $7.17 per cubic foot.

   ii. Multiply the rate by the cubic feet of the crate (4.30 in our example) and then multiply that by the TSP's LDF.

   In our example, Uncrating would be ($7.17 X 4.30) X .45 = $13.87.

4) **Determine SIT CHARGES (185A and 185B)**

   **Formula:**
   
   185A = (1st Day SIT Charge x shipment cwt) x TSP’s SDF  
   185B = (Addl SIT Charge x shipment cwt x Days) x TSP’s SDF

   **NOTE:** SIT rates are based on the origin or destination address as identified on the Bill of Lading and are NOT determined by the address of the SIT facility.

   To calculate SIT charges, refer to the "Geographical Schedule" tab of Appendix B and apply the SIT rates shown based on the Origin or Destination Service Area of the shipment.

   a) **Determine SIT First Day & Warehouse Charges (185A)**

   i. In the “Geographic Schedule” Tab of Appendix B, look up the “185A SIT First Day and WHouse (per cwt)” rate applicable to the Origin Service Area (if SIT is at origin) or Destination Service Area (if SIT is at destination) of the shipment (in our example, SIT is at destination so the rate is $15.80 per cwt)

   ii. Multiply the rate by the shipment cwt and then multiply that by the TSP’s SDF.

   In our example, SIT would be ($15.80 x 85) x .53 = $711.79

   b) **Determine SIT Additional Days (185B)**

   i. In the “Geographic Schedule” Tab of Appendix B, look up the “185B SIT Addl Days (per cwt)” rate applicable to the Origin Service Area (if SIT is at origin) or Destination Service Area (if SIT is at destination) of the shipment (in our example, SIT is at destination so the rate is $0.67 per cwt)

   ii. Multiply the rate by the shipment cwt to get the additional day SIT rate ($0.67 x 85 = 56.95).
iii. Take the additional day SIT rate and multiply it by the number of additional days and then multiply that by the TSP’s SDF.

In our example, SIT Additional Days would be (56.95 x 29) x .53 = $875.32

5) Determine P/D SIT - 50 Miles or Less (210A)

Formula: 210A = 210A table charge x TSP’s SDF

NOTE: SIT rates are based on the origin or destination address as identified on the Bill of Lading and are NOT determined by the address of the SIT facility.

To calculate SIT charges, refer to the "Geographical Schedule" tab of Appendix B and apply the SIT rates shown based on the Origin or Destination Service Area of the shipment.

Determine P/D SIT - 50 Miles or Less (210A)

i. In the “Geographical Schedule” of Appendix B, identify the “SIT P/D Schedule” based on the Origin Service Area (if SIT is at origin) or the Destination Service Area (if SIT is at destination) (in our example, SIT is at destination and the SIT P/D Schedule is 3).

ii. In the "Accessories" tab of Appendix B, look up “Item 210A P/D SIT – 50 Miles or Less” and identify the applicable Services Cost Schedule (3 in our example) and the weight being delivered to locate the rate ($3,579 in our example).

iii. Multiply that rate by the TSP’s SDF.

In our example, P/D SIT–50 Miles or Less would be $3,579 x .53 = $1,896.87
