

What data is available in beta.SAM.gov at this time?

The robust search tool on beta.SAM.gov accesses the same production data that exists in the legacy systems. Special permissions or login credentials are not required to access beta.SAM.gov publicly available data. The data presented will be production data from the systems until users are able to enter data directly into beta.SAM.gov. Users are able to view detailed records for all of the domains below:

Assistance Listings

Formerly Catalog of Federal Domestic Assistance (CFDA)

Assistance listings provide a comprehensive description of all federal assistance including information on eligibility, how to apply, and matching requirements.

Contract Opportunities

Formerly Federal Business Opportunities (FBO)

For acquisitions of supplies and services, agencies are required to publish notices of proposed contract actions expected to exceed \$25,000. Notices included solicitations, pre-solicitations, sole source justifications, and other notices.

Contract Awards

Formerly Federal Procurement Data System (FPDS)

Executive agencies shall use FPDS to maintain publicly available information about all unclassified contract actions exceeding the micro-purchase threshold, and any modifications to those actions that change previously reported contract action report data, regardless of dollar value. Contract actions include definitive contracts, indefinite delivery vehicles (IDVs), delivery orders, purchase orders, contract modifications and other types of contract actions.

Entity Information

Formerly System for Award Management (SAM)

Entity Registrations. Anyone who wants to be considered for a federal award (acquisition awards, assistance awards, or both).

Exclusions. Exclusions declare individuals, firms, and others ineligible from receiving certain federal awards.

Federal Hierarchy

The federal hierarchy provides an organization hierarchy of funding and awarding departments or independent agencies, sub-tier organizations, and offices.

Wage Determinations

Formerly Wage Determinations OnLine (WDOL)

Wage determinations provide the required wage rates and fringe benefit rates that must be met on federal procurement contracts for each labor category covered by the Davis Bacon Act or the Service Contract Act as determined by the U.S. Department of Labor.
