Make GSA Your Source for Furniture and Furnishings!

Whether your agency is military or civilian, we're ready to support your acquisition of furniture and furnishings! With GSA, you will experience flexible options designed to accommodate your agency's unique needs. Combined, these benefits give you comprehensive choices versatile enough to meet any furniture requirement – for not only offices but also educational settings and conference rooms. GSA is the one-stop source for all your furniture needs!

Highlights of GSA's Flexible Requisition and Acquisition Methods:

Requisitioning from GSA

The furniture we offer your agency is specially chosen to meet your ongoing and recurring needs. And because we've already procured in-demand furniture on your agency's behalf, getting it through GSA Global Supply™ is a simple requisition between agencies. There's no need to comparison shop, saving you time! Also, most orders include standard shipping, and "Direct Delivery" products are identified clearly.

A sampling of our most popular furniture – including desks, chairs and file cabinets – is presented in this catalog. To view our complete offering: (1) Visit www.GSAGlobalSupply.gsa.gov; (2) select "Go" beneath the "Browse Products" option; and (3) choose the "Furniture and Furnishings" tab. There you will discover a huge selection of products – including seating, dormitory furniture, office accessories and much, much more.

For further information about ordering from GSA Global Supply, see page i.

Purchasing from GSA Vendors

Choose from thousands of furniture and furnishings available from hundreds of pre-qualified vendors when you use our Multiple Award Schedule (MAS) program. Because these furniture products cover the breadth of the commercial marketplace, you're sure to find a perfect solution for your agency. Typically, the MAS route is faster and easier than open-market procurements. And, although an acquisition is more involved than a requisition through GSA Global Supply, issuing a purchase order through the MAS program may be the key for obtaining furniture not widely requested enough to be in GSA Global Supply's inventory. To learn more, visit www.gsa.gov/furniture.

Letting GSA Manage the Process

As you may know, the complexity of a furniture project can be overwhelming. In today's workplace, you may require instrumental assistance with planning, procurement or project management – or any combination of the three. For approximately 20 years, GSA has been helping agencies like yours acquire furniture and furnishings – and we can help you, too. Our fee-based assisted services for furniture procurements are ideal for large projects requiring a contracting office experienced in furniture, furnishings and office equipment. For more information, call (703) 605-9200.

Ensuring Reuse with Personal Property Management

Reuse is recycling! That's why the federal government's priority source of supply is screening agencies' excess personal property inventories for reuse. To support this worthwhile effort, GSA's Personal Property Management program offers a spectrum of previously used products to federal agencies, state and local governments, and citizens. And you can be part of the action, whether you want or have excess property. GSAXcess®, a special Web-enabled platform, makes it easy for you to report, search and select excess property – and that includes furniture. GSAXcess also enables you to narrow your search by state/territory and find whether excess product is available for transfer or donation. Items are organized into user-friendly groups, so your search and selection is click-through convenient. Get started at www.gsa.gov/gsexcess!

In addition to the furniture available through the National Stock Number (NSN) program, GSA has contracts in place with hundreds of vendors that offer a wide variety of furniture and furnishings. The selection is comparable to that of the commercial marketplace but without the burden of a performing an open-market procurement. For detailed descriptions of the products below and vendor listings, please access the GSA eLibrary through www.gsa.gov/elibrary.

- **71 – Furniture** has products for workstation systems, executive casegoods, conference rooms, waiting areas, dormitory, residential, and outdoor spaces. This Schedule includes Special Use Furniture for industrial facilities, hospitals, classrooms, museums and other non-traditional areas. It also provides Miscellaneous Furniture, such as security filing cabinets, safes, vault doors, and map files. The Packaged Furniture program combines other Schedules to create total environments for an easier acquisition process.
- **72 – Furnishing and Floor Coverings** has ancillary items such as lamps, draperies & coordinating bedding, wall art, artificial plants and other decorative products. It also offers solutions for carpets, mats, padding, resilient flooring, recycled and/or biobased content flooring, flooring recycling programs, and installation services.
- **71 II K – Comprehensive Furniture Management Services** offers furniture design/layout, installation, project management, asset management, furniture refinishing, repair, and reupholstering.

Both NSNs and GSA part-numbered items carry the same customer benefits. All products are FAR compliant and AbilityOne guaranteed, and we can ship anywhere on the globe. Plus, all purchases are backed by GSA Global Supply customer service!

We now have a wider range of offerings than ever before, helping you fulfill your furniture and furnishing needs and providing you with quality products at cost-saving prices.

Our established NSN special ordering program is designed for your convenience. **The Integrated Workplace Acquisition Center (IWAC) has already done it for you.** There is no need to comparison shop thanks to requisition-based ordering. In addition, all installation and zone freight fees have been predetermined, and inside delivery rates have also been pre-negotiated.

For additional ease, GSA places your order for you. All orders are “Direct Delivery” and shipped by the vendor to your location. The NSN program is the ideal method to satisfy your furniture-related needs.

Direct Delivery

Nearly all the products in this catalog are Direct Delivery items, which are identified by the  icon. These items will be shipped from the contractor rather than by a GSA Global Supply depot. It is important to plan for longer lead-times on Direct Delivery items.

With Direct Delivery, you will experience the same requisition and billing relationship with GSA Global Supply as you do for stocked items.

Lead Times

Our contracts for desk chairs include a provision that they ship within **63** days of the vendor receiving your order.

Contracts for contemporary steel, traditional-style steel and traditional-style wood office furniture include a provision that they ship within **93** days of the vendor receiving your order. Dormitory and quarters furniture ship within 60 days of the vendor receiving your order.

Quick Ship Program: Several GSA furniture contracts include a “Quick Ship” provision, which enables you to get needed furniture shipped within **30** days of the vendor receiving your order. The Quick Ship Program applies only to high-priority requisitions, Priorities 01 through 08. Look for the  *Quick Shipment Available*, which identifies “Quick Ship” products. (A nominal fee is assessed for using the Quick Ship Program.)

Prices

“Direct Delivery” furniture products show the approximate delivered price for each item. (Please note that prices do not include inside delivery or installation.)

Prices may vary according to your geographic location. To determine exact pricing, visit www.GSAGlobalsupply.gsa.gov. Log in, or enter your ZIP code when prompted while viewing product details. The price shown will reflect the charge for delivery to your location. If you do not have Internet access, please call (800) 525-8027.

Inside Delivery

To add to your convenience, our furniture contracts include “inside delivery” provisions (with established pricing). This option allows new products to be sent exactly where you need them. Please make sure to request this service when you place your order. To request inside delivery, follow the guidelines below.

- For phone or fax orders, request inside delivery and provide the name and phone number of a point of contact, as well as the exact location for delivery (e.g., floor and room number).
- For FEDSTRIP/MILSTRIP orders, mark “Inside Delivery Required” on the Activity Address Code Record or in the “Mark For” or “Remarks” section of your requisition. Provide the name, phone number and exact location for delivery (e.g., floor and room number).
- For orders through www.GSAGlobalsupply.gsa.gov or *GSA Advantage*[®], click on the “Change Price/Address” field while viewing your shopping cart. (The field is located under the “Item Details” column and brings up a new screen.) In the blank fields, type “inside delivery” and the contact information of the recipient. (Please note that this must be done for each item needing inside delivery.)

The fee for this service is \$3.85 per 100 lbs, with a minimum shipment charge of \$35.10. The maximum charge per shipment is \$410. Inside delivery does not include unpacking, leveling, removal of cartons, etc.

Reminder: Be sure to check building and elevator accessibility before requesting the “inside delivery” service. Whenever the building or elevator will not accommodate the item(s), rates will be negotiated between the customer and the contractor.

If you have questions regarding this service, or any furniture questions, you may call the Integrated Workplace Acquisition Center (IWAC) at (800) 488-3111.

Installation

We offer installation for some larger furniture items, with a minimum 10-item purchase. For additional information on installation services, please contact the IWAC Customer Service at (703) 605-9300.

Low cost personal property solutions for your agency

Comply with federal requirements

Greatest ROI for taxpayers

Meeting today's mission requirements includes using excess property as the first source of supply. GSA offers solutions that enable government entities to dispose of and obtain excess property ranging from common place goods to specialized equipment. Using GSAXcess®, an online system that records, tracks and controls the worldwide inventory of excess property, customers can obtain items that are no longer required by the holding agency to meet federal mandates and save hundreds of millions of taxpayer dollars.

We are GSA. We're here to help.
