Supporting Your Mission with Governmentwide Acquisition Contracts

Introduction to the Alliant Small Business GWAC

GSA's Alliant Small Business (SB) is a multiple-award, indefinite-delivery, indefinite-quantity (IDIQ) Governmentwide Acquisition Contract (GWAC) offering comprehensive and flexible IT solutions worldwide. All awardees have top secret facility clearances and can provide best-value Information Technology (IT) solutions to federal agencies globally, while strengthening opportunities in federal contracting for small businesses.

The scope of Alliant SB is aligned with the Federal Enterprise Architecture, which encompasses all components of an integrated IT solution, including new technologies that may emerge during the life cycle of the contract. This GWAC provides IT solutions through performance of a broad range of services, which may include the integration of various technologies critical to the services being acquired.
