Welcome!

The Schedules Input Program (SIP) is designed to help you format and submit your GSA/VA Schedule contract products and services to GSA Advantage. GSA Advantage (www.gsaAdvantage.gov) has over 300,000 registered Federal buyers located throughout the world. We invite you to join the over 10,000 vendors currently using SIP to submit and maintain their government catalogs on GSA Advantage.

What are the benefits of GSA Advantage?

- Exposes your products and services to a worldwide Federal audience
- Has the potential to increase Federal sales
- Provides an excellent marketing and ordering tool

What are the benefits of using SIP?

- SIP software is free to Schedule vendors
- Allows you to provide product descriptions, web-links, photos, pricing and discounts, accessories and more to Federal buyers

How does SIP work? Use SIP to input individual products and services, or for larger catalogs (200+), you may use SIP [import](#) which is included with this software. There are also a number of 3rd party vendors who can submit your file for a fee. SIP files submitted to GSA are reviewed by your GSA/VA contracting officer who will compare your submission to your contract and either approve or send back to you for corrections. Approved files are posted to GSA Advantage for ordering.

How do I get started? First, [register](#) with our Vendor Support Center (VSC). The VSC will provide you a user ID and password. We also recommend you review our [Startup Kit](#).

Who can I contact if I have questions? Our VSC help desk stands ready to assist you. You may contact us at 877-495-4849 (M-F 7:30-5:30 EST), or send an email to: vendor.support@gsa.gov. The VSC also provides SIP training if needed.
