

**Board of Directors Training
GSA 2009**

Over the years, many colleagues, such as yourself, have shared with us their stories about difficult challenges and rewarding successes in working with Child Care Center Boards of Directors. We thought these lessons learned were important to share.

In partnership with Child Care Exchange, we have written a book that contains our best ideas, stories from the field and sample lists, forms and templates. We hope this hands-on tool will be a valuable resource and guide for you in working with Boards to build and sustain high quality programs for young children.

Let us know if you are interested in being notified when our book is released in the Fall of 2009. We have enjoyed supporting you in your quest to develop a dynamic and effective Board for your program. Feel free to be in touch and share your stories and questions or to request on-site training or technical support for your program or Board.
