Information Technology Commodities

## GSA Federal Acquisition Service, Integrated Technology Services **The National Information Technology Commodity Program**

GSA Federal Acquisition Service, Integrated Technology Services recently launched the National Information Technology Commodity Program. The program's mission is to procure IT commodities and ancillary (integral and related) services for customers located nationwide using innovative solutions. The program offers innovative ordering end-to-end solutions for IT commodities for federal, state, and local government customers nationwide.

# National Information Technology Commodity Program

## Looking to buy IT Commodities and Ancillary Services?

### Commodities:
