PURPOSE AND USE

The purpose and use of this matrix is to assist Ordering Contracting Officers (OCOs) as well as OASIS+ Contractors with what clauses / provisions might be applicable at the Task Order level depending upon the contract type. This resource is not intended to be an exhaustive list of the applicable provisions and clauses at the Task Order level. The OCO must still ensure that in addition to the included clauses at the Master Contract level that flow down to the Task Order, all applicable clauses are included in the awarded task order depending upon the specific requirements.

The OCO shall identify any Optional, and/or Agency-specific provisions/clauses for each individual task order solicitation and subsequent task order award. The OCO will provide the provision/clause number, title, date, and fill-in information (if any), as of the date the task order solicitation is issued. Utilization of the FAR Smart Matrix for applicability of provisions and clauses for the specific contract type and requirements is highly encouraged. OCOs may also find the new Acquisition Regulation Comparator (ARC) tool helpful in determining applicable agency-specific clauses and provisions that cross-map from the applicable FAR clauses. Both tools are accessible on acquisition.gov (<https://www.acquisition.gov/far-smart-matrix> and <https://www.acquisition.gov/arc>).

CONGRESSIONAL NOTIFICATION OF TASK ORDER AWARDS

Congressional notifications are not issued by GSA at the Master Contract level for issued Task Orders. There is nothing specific in FAR 16.505 regarding congressional notifications at the Task Order level; however, the Contractor and OCOs should be aware that the Task Order issuing agency may have specific guidance as to reporting on their Task Order awards. The Task Order is where the actual work is defined, competed, awarded and funded; hence, the Task Order award may have congressional interest. For example, if the DoD awards a Task Order that meets 1279 reporting criteria, it should be reported per DFARS 205.303 Announcement of contract awards.

ORDER OF PRECEDENCE

FAR 52.215-8 Order of Precedence-uniform Contract Format (Oct 1997) is applicable to the Master Level contract. If there is a conflict between task order terms and conditions and Master Contract terms and conditions, the Master Contract terms shall take precedence.

PROVISIONS INCORPORATED BY REFERENCE AT TASK ORDER LEVEL

Task Orders may incorporate one or more provisions by reference with the same force and effect as if they were given in full text.

Upon request, the Contracting Officer will make their full text available. Also, the full text of a provision may be accessed electronically online via www.acquisition.gov/FAR.

The following FAR **provisions** apply at the Task Order level, as applicable, depending upon the contract type of the Order, or as specifically referenced in the applicable Order:

Note: Fixed Price (**FP**); Cost Reimbursement (**CR**); Time-and-Materials / Labor-Hour (**TM**); Small Business (**SB**); and Unrestricted (**UR**).

(Note: Provision numbers followed by an asterisk () require fill-ins by the OCO if determined applicable and incorporated into the Order.)*

SECTION I - CONTRACT CLAUSES

I.1 TASK ORDER CLAUSES

I.1.1 Department of Defense (DoD) Agency-specific Required Provisions and Clauses

For DoD Task Orders issued under this Master Contract, provisions and clauses from the DoD FAR Supplement (DFARS) have been incorporated into the Master Contract Section J, Attachment J-4 Department of Defense Required Provisions and Clauses for Task Orders. If applicable, the OCO may utilize the Attachment J-4 to ensure the required DFARS provisions and clauses will flow down to the Task Order Level. The required provisions and clauses are updated through the version date indicated on the J-4 attachment. Alternate and supplemental provisions and clauses from Command-specific and/or DoD Component levels are not included and may be incorporated by the OCO into the specific solicitation and subsequent Task Order. The required DoD provisions and clauses are updated through the Master Contract version date indicated on the J-4 attachment. Should Attachment J-4 not reflect any updated DoD provision or clause at the time of Task Order solicitation or award, the OCOs may insert those required updated provisions or clauses into their Task Order. Periodically, during the term of the Master Contract, an update to Attachment J-4 Department of Defense Required Provisions and Clauses for Task Orders may be executed on the Master Contract via a bilateral contract modification.

I.1.2 Department of Labor (DoL) Agency-Specific Required Provisions and Clauses

For Task Orders issued subject to Service Contract Labor Standards or construction wage rate requirements, provisions and clauses from FAR Part 22 have been incorporated into this section. Only the applicable provisions and clauses shall flow down to the Task Order Level. Alternate, supplemental, or agency-level provisions and clauses may be incorporated by the OCO into the specific solicitation and subsequent Task Order. Should this list not reflect any updated DoL provision or clause at the time of Task Order solicitation or award, the OCOs may insert those required updated provisions or clauses into their Task Order. Periodically, during the term of the Master Contract, an update to these DoL Required Provisions and Clauses may be executed on the Master Contract via a bilateral contract modification.

(Note: Provision/clause numbers followed by an asterisk (*) require fill-ins by the OCO if determined applicable and incorporated into the Order.)
