

# Alliant GWAC

Custom hardware, software, and services solutions purchased as a total package

## Introduction to Alliant GWAC:

GSA's Alliant is a multiple-award, indefinite-delivery, indefinite-quantity (IDIQ) Governmentwide Acquisition Contract (GWAC) offering comprehensive and flexible IT solutions worldwide. All awardees have top secret facility clearances and can provide best-value Information Technology (IT) solutions to federal agencies globally, while strengthening opportunities in federal contracting for small businesses. The Alliant contract has an ambitious goal of 50% of all subcontracted dollars performed by small businesses over the life of the contract.

The scope of Alliant is aligned with Federal Enterprise Architecture, which encompasses all components of an integrated IT solution, including new technologies that may emerge during the life cycle of the contract. This GWAC provides IT solutions through performance of a broad range of services which may include the integration of various technologies critical to the services being acquired.

## Ordering

Prior to issuing orders under Alliant, federal contracting officers (COs) must receive training on the use of the Alliant contract and be granted a written delegation of procurement authority from the GWAC program office.

Training is offered at no cost via:

- On-site training conferences and events
- Conference calls
- Web or video conference
- A self-paced, online course at the Defense Acquisition University - [www.dau.mil](http://www.dau.mil)

## For More Information

For more information about how the Alliant GWAC can provide your agency with state-of-the-art IT solutions, contact the Enterprise Acquisition Division at (877) 534-2208, email [alliant@gsa.gov](mailto:alliant@gsa.gov), or visit [www.gsa.gov/alliant](http://www.gsa.gov/alliant).

See the back of this publication for the Features and Benefits of using the Alliant GWAC.

Features	Benefits
<ul style="list-style-type: none"> <li>A \$50 billion dollar program ceiling and a five-year base period with one five-year option</li> </ul>	<ul style="list-style-type: none"> <li>Allows for long-term planning of large-scale program requirements</li> </ul>
<ul style="list-style-type: none"> <li>Scope aligned with Federal Enterprise Architecture (FEA) and Department of Defense Enterprise Architecture (DODEA)</li> </ul>	<ul style="list-style-type: none"> <li>Conforms to Office of Management and Budget (OMB) policy mandates for IT investments and coincides with the current IT definition at any given time</li> </ul>
