Helpful Tips: Buttons on-screen

Buttons	Descriptions
	You can order up to six cards per day, per customer number. Select the “ Add Card ” button to populate another card entry.
	Once you’ve added a card and decide you no longer want the card entry you can select the “ Hide Card ” button. By selecting the “Hide Card” button the data is wiped out for that entry only. The data is no longer available.
	The “ Clear All ” button clears everything on screen.
	The “ Print ” button allows you to print the data on screen. Similar to printing a webpage. This feature allows you to save the file as a pdf for your records.
	The “ Submit ” button allows you to transmit your transaction. Once your transaction is submitted you will receive an email confirming that your transaction is completed.
	“ Clear Address ” button allow users to clear the address on screen for that section only.
