

Ordering Accessories

Some security containers can accommodate various accessories (e.g. laptop organizers, Legal-to-Letter size conversion rails, form holders, caster bases, shallow and regular drawers, rifle carts, etc). **These accessories are manufacturer specific.**

If you require a **security container with accessories**, then please submit an Off-Line order via the *Standard Form 344 (SF 344) and email this form to rpc@gsa.gov or securitycontainers@gsa.gov. You may also fax the SF 344 to 817-574-2551. Please list the NSN for the cabinet required and any accessories you wish to purchase. Let GSA do the work of ordering the accessories for you (no fee will be assessed for the ordering of accessories). This will ensure your accessories properly fit in the required container.

If you require **only accessories** for a security container you currently have, then please go to GSAdvantage and order your accessory via part number. The GSA Approved label will list the manufacturer of your item. Please make sure to order an accessory from that same manufacturer in order to ensure consistency between your container and the required accessory.

If you require **only a security container**, then please click on the GSA Global Supply link and order the required container via National Stock Number.

**Detailed instructions on how to fill out Standard Form 344 are given in the FEDSTRIP Operating Guide .*
