

**PROSPECTUS – ALTERATION  
PHILLIP BURTON FEDERAL BUILDING & U.S. COURTHOUSE  
SAN FRANCISCO, CA**

Prospectus Number: PCA-0154-SF16  
Congressional District: 12

**FY2016 Project Summary**

The General Services Administration (GSA) proposes a repair and alteration project to reconfigure existing vacant space and upgrade impacted building systems at the Phillip Burton Federal Building & U.S. Courthouse (Phillip Burton FB-CT). The project includes the buildout for backfill of approximately 140,000 rentable square feet for occupancy by the Department of Defense - Army Corps of Engineers, U.S. Department of Education and U.S. Government Accountability Office. These agencies will relocate from leased space to the Phillip Burton FB-CT resulting in a reduction of approximately \$8.1 million in annual lease payments to the private sector.

**FY2016 Committee Approval and Appropriation Requested**

**(Design, ECC and M&I).....\$27,270,000**

**Major Work Items**

Interior construction; fire protection and life safety, plumbing, mechanical, electrical, and heating, ventilation and air conditioning (HVAC) upgrades; building demolition

**Project Budget**

Design (FY2016) .....	\$2,630,000
Estimated Construction Cost (ECC) .....	\$22,300,000
Management and Inspection (M&I).....	\$2,340,000
<b>Estimated Total Project Cost (ETPC)*.....</b>	<b>\$27,270,000</b>

\*Tenant agencies may fund an additional amount for alterations above the standard normally provided by the GSA.

**Schedule**

	<b>Start</b>	<b>End</b>
Design and Construction	FY2016	FY2018

**Building**

The Phillip Burton FB-CT is located in the Civic Center area of San Francisco. The building is the largest commercial office building in the vicinity and the largest federal building in the San Francisco metropolitan area. Constructed in 1964, the building consists of 22 stories above ground with two underground levels of parking. Situated on 2.6 acres of land area, the building has approximately 1,244,600 rentable square feet with 236 underground parking spaces.

The building is rectangular in shape and sheathed in an aluminum and glass exterior with a limestone and granite stone facade over concrete walls and columns. The building was renovated from 1989 through 1995 for asbestos removal and tenant space changes. The front plaza was redesigned and reconstructed in 2000. A new main entry project to enhance the security and first impressions of the building was completed in December 2005.

**Tenant Agencies**

Judiciary; Department of Justice; U.S. Postal Service, U.S. Department of Treasury Department; General Services Administration; Department of Homeland Security; Department of Defense; Department of Education; Government Accountability Office

**Proposed Project**

The proposed project will reconfigure and realign approximately 140,000 rsf to accommodate the relocation of the Department of Defense – U.S. Army Corps of Engineers, U.S. Department of Education and U.S. Government Accountability Office, currently housed in leased space. The reconfiguration of space requires demolition and interior construction and associated plumbing, fire protection, electrical, lighting and HVAC upgrades.

**Major Work Items**

Interior Construction	\$9,371,000
Plumbing Upgrades	310,000
HVAC Upgrades	2,315,000
Fire Protection Upgrades	3,416,000
Electrical Upgrades	7,013,000
Selected Building Demolition	<u>875,000</u>
<b>Total ECC</b>	<b>\$23,300,000</b>

PHILLIP BURTON FEDERAL BUILDING & U.S. COURTHOUSE  
SAN FRANCISCO, CA**

Prospectus Number:       PCA-0154-SF16  
Congressional District:       12

---

**Justification**

The relocation of tenant agencies currently housed in leased space will result in substantial cost savings for the government and taxpayer.

**Summary of Energy Compliance**

This project will be designed to conform to requirements of the Facilities Standards for the Public Buildings Service and will implement strategies to meet the Guiding Principles for High Performance and Sustainable Buildings. GSA encourages design opportunities to increase energy and water efficiency above the minimum performance criteria.

**Prior Appropriations**

None

**Prior Committee Approvals**

None

**Prior Prospectus-Level Projects in Building (past 10 years)**

<b>Prospectus</b>	<b>Description</b>	<b>Fiscal Year</b>	<b>Amount</b>
111-5 (ARRA)	Energy and water savings	FY2009	\$7,143,500

**Alternatives Considered (30-year, present value cost analysis)**

Alteration: .....	\$68,689,000
Lease .....	\$185,304,000
New Construction: .....	\$95,956,000

The 30-year, present value cost of alteration is \$27,267,000 less than the cost of new construction with an equivalent annual cost advantage of \$1,558,000.
