

GSA's EVSE Blanket Purchase Agreements

Executive action calls for the federal government to work with industry to achieve 100% of light-duty vehicle acquisitions as Zero-Emission Vehicles (ZEVs) by 2027 and 100% of all vehicle acquisitions as ZEVs by 2035. GSA leverages industry partnerships to offer the full spectrum of products and services to support agencies electrification goals. As agencies ramp up their electric vehicle acquisitions, GSA's Blanket Purchase Agreements (BPAs) provide a streamlined ordering process and reduced administrative burden for agencies looking to acquire a range of electric vehicle supply equipment (EVSE) solutions including hardware, software, and ancillary services.

GSA manages 15 BPAs in all, nine of which are with small businesses. These 60-month agreements include over 1,400 EVSE products across more than 20 unique EVSE manufactured brands with ordering preferences for small, disadvantaged businesses. GSA anticipates onboarding additional products periodically as they are added to GSA's Multiple Award Schedule. Charging platforms and networked stations that receive [FedRAMP](#) authorization are available for ordering through the BPA. **As of January 2024, ChargePoint and Chargeie networked solutions are FedRAMP Authorized and available for ordering.** Products that are still undergoing GSA IT security reviews will not be available for ordering through the BPAs until their certification is complete. Agencies can purchase these products through [GSA Advantage](#) MAS contracts, but will need to evaluate each product at the agency level to ensure it meets all agency-specific privacy, IT, and cyber supply chain requirements.

CLIN	Description	Price Range
CLIN 0001	Level 1 Charging Stations	\$450 - \$69,852
CLIN 0002	Level 2 Charging Stations	\$279 - \$73,350
CLIN 0003	DC Fast Charging Stations	\$13,127 - \$266,138
CLIN 0004	Solar/Off-grid Charging Stations	\$64,605 - \$574,191
CLIN 0005	Portable Charging Stations	\$5,907 - \$73,350
CLIN 0006	Site Planning/Validation and Preparation Work	\$55 - \$367 (hourly) / \$553 - \$6,980 (other)
CLIN 0007	Power Management and Metering	\$60 - \$28,711
CLIN 0008	Network Data Plans and Packages	\$20 - \$5,924
CLIN 0009	Operation, Repair and Maintenance Plans	\$20 - \$62,998
CLIN 0010	Non-Conventional Solutions	\$151,617
CLIN 0011	Accessories and Components	\$3 - \$14,590
CLINs 002, 003 & 010	Charging as a Service	\$106 - \$460 (monthly plan) \$1,207 - \$109,187 (1-5 year plan)

Pricing and detailed descriptions along with contact information for BPA-Holders can be found at gsa.gov/evse.

GSA's EVSE Blanket Purchase Agreements

The following BPA-Holders and Brands are represented:

BPA Number	BPA Holder	Business Size	Brands	Platforms Undergoing FedRAMP IT Security Process
47QMCA22A0002	Ameresco Federal Solutions, Inc.	LB	BTC and EVConnect	EVConnect
47QMCA22A0003	Apollo Sunguard Systems, Inc.	SB, SDVOSB	ChargePoint*	
47QMCA22A0004	Beam Global	SB	Beam Global	
47QMCA22A0005	Carahsoft Technology Corporation	LB	ChargePoint*	
47QMCA22A0006	District Fleet, LLC	SB, SDB, HUBZone	ABB, BTC Power, ChargePoint*, EVConnect, EVoCharge, Freewire, PowerCharge and Tritium	EVConnect
47QMCA22A0007	Eaton Corporation	LB	Eaton	
47QMCA22A0008	Energy Systems Group, LLC	LB	(services only)	
47QMCA22A0009	Global Enterprise, Inc.	SB	Livingston Energy	
47QMCA22A0010	Lioce Group Inc., The	SB	Blink	Blink
47QMCA22A0011	OSC Solutions, Inc.	SB, VOSB	(services only)	
47QMCA22A0012	Pacific Lighting Management, Inc.	SB, HUBZone	EVConnect, Clipper Creek, EVLoop, EVSE LLC	EVConnect, EVLoop, Blink
47QMCA22A000A	PCS Energy, LLC	SB	EvoCharge, Chargeie*	
47QMCA22A000X	Siemens Industry, Inc.	LB	Siemens	DepotFinity, EVGateway
47QMCA22A000Y	Verdek, LLC	SB	ABB E-Mobility, BP Pulse, ChargePoint*, Efacec, EVConnect, EVoCharge, Freewire	BP Pulse, EVConnect
47QMCA22A000Z	WSP USA Solutions Inc.	LB	(services only)	

*ChargePoint and Chargeie have completed the FedRAMP process and have achieved authorizations to operate.

GSA's EVSE Blanket Purchase Agreements

Complementing these BPAs, GSA's Public Building Service (PBS) has awarded Indefinite Delivery Indefinite Quantity (IDIQ) Contracts for design, build and construction services for EVSE installation. The established FAR Subpart 51.1 Class Deviation CD-2022-04 allows these IDIQ contractors to purchase directly from the BPAs, making GSA a one-stop shop to meet agencies' charging station needs. All contracts can be used by agencies directly or GSA can provide assisted acquisition services delivering a complete, turnkey solution. Reach out to PBS at pbs-evse-solutions@gsa.gov for more information or gsafleetfvteam@gsa.gov for information on the BPAs or visit gsa.gov/electrifythefleet.
