

U.S. General Services Administration

FedFleet 2024

January 22 to January 25, 2024

Walter E. Washington Convention Center
801 Mt. Vernon Place NW
Washington, DC 20001

FedFleet 2024 Schedule

Monday, January 22, 2024				
Time	Room: 145 AB			
1:00 PM - 5:00 PM	Federal Fleet Boot Camp			
Tuesday, January 23, 2024				
Time	Room: 146 ABC			
9:00 AM - 10:00 AM	Welcoming Remarks and Keynote Speakers			
Time	Exhibit Floor, Lunch, Computer Lab & Ask Expert Sessions			
10:00 AM - 12:00 PM	Exhibit Floor: Visit Vendor Booths on Exhibit Floor & Electric Vehicle Ride and Drive Room 150: Computer Lab - Hands-on System Application Help			
12:00 PM - 1:00 PM	Lunch			
1:00 PM - 3:00 PM	Exhibit Floor: Visit Vendor Booths on Exhibit Floor & Electric Vehicle Ride and Drive Room 150: Computer Lab - Hands-on System Application Help			
1:00 PM - 1:30 PM	Room 146AB: Ask an Expert Session: Fleet Electrification & Data Reporting			
1:45 PM - 2:15 PM	Room 146AB: Ask an Expert Session: GSA Fleet Service Representative			
2:30 PM - 3:00 PM	Room 146AB: Ask an Expert Session: Post-Pandemic Fleet Utilization & Efficiency			
Time	Room: 145AB Track: Policy	Room: 146AB Track: Electrification	Room: 147AB Track: Offerings	Room: 151AB Track: Data
3:15 PM - 4:15 PM	Federal Fleet Management Regulations and Policies and FAQs (Repeated)	EVSE Planning	Supply Chain / Cyber Security Panel	GSAFleet.gov - What is Coming and Customer Feedback (Repeated)
Wednesday, January 24, 2024				
Time	Room: 145AB Track: Policy	Room: 146AB Track: Electrification	Room: 147AB Track: Offerings	Room: 151AB Track: Data
9:00 AM - 10:00 AM	Best Practices in Federal Fleet Management	Consideration for Ordering a ZEV	Light Duty Vehicle Industry Panel	GSAFleet.gov Wallet & Understanding your GSA Fleet Bill
Time	Exhibit Floor, Lunch, Computer Lab & Ask Expert Sessions			
10:00 AM - 3:00 PM	Exhibit Floor: Visit Vendor Booths on Exhibit Floor & Federal Electric Vehicle Ride and Drive Room 152: Computer Lab - Hands-on System Application Help			
1:00 PM - 1:30 PM	Room 146AB: Ask an Expert Session: Policy Edition			
1:45 PM - 2:15 PM	Room 146AB: Ask an Expert Session: Fleet Electrification & Data Reporting			
2:30 PM - 3:00 PM	Room 146AB: Ask an Expert Session: GSA Fleet Service Representative			
Time	Room: 145AB Track: Policy	Room: 146AB Track: Electrification	Room: 147AB Track: Offerings	Room: 151AB Track: Data
3:15 PM - 4:15 PM	VAM, Budget Narratives and Fleet Management Plans	GSA ZEV & EVSE Current & Future Offerings	Short-Term Rental: Case Studies & FAQs	GSAFleet.gov (How to Organize your Hierarchy)
Thursday, January 25, 2024				
Time	Room: 145AB Track: Policy	Room: 146AB Track: Electrification	Room: 147AB Track: Offerings	Room: 151AB Track: Data
8:30 AM - 9:30 AM	Personal Liability when Driving a GOV	ZEV Charging Data	MAS/Non-Standard/Express Desk Orders and You	Your GSA Fleet Card
9:45 AM - 10:45 AM	Personal Property Management and Exchange/Sale	EVSA & Using Telematics for Electrification	Vehicle Safety and Recalls	Understanding and Improving Your Agency's FAST Fleet Data Quality Metric
11:00 AM - 12:00 PM	Home to Work Transportation	Agency Panel on Best Practices on Electrification	GSA Fleet Offerings	Telematics and Fleet Management
12:00 PM - 1:00 PM	Lunch Room 150: Computer Lab - Hands-on System Application Help			
1:00 PM - 2:00 PM	Federal License Plates and the Vehicle Registration System	EO 14057 & Gov-wide Electrification Progress	Medium & Heavy-Duty Vehicle Industry Panel on Emission Changes	Inflation & Fleet Costs Increasing: How Can Fleet Managers Help
2:15 PM - 3:15 PM	Federal Fleet Management Regulations and Policies and FAQs (Repeated)	EVSE Best Practices: Agency Wide & Site Level	Acquisition & Best Practices	Connected Vehicle with Telematics
3:30 PM - 4:30 PM	Property Management vs Fleet Management	ZEV Planning	Marshalling & Securing Your Vehicle for the Exchange Process	GSAFleet.gov - What is Coming and Customer Feedback (Repeated)

Sessions and times are subject to change without notice.

FedFleet 2024 Detailed Schedule

Sessions and times are subject to change without notice.

Monday, January 22, 2024				
Time	Room	Session Title	Presenters	Session Description
1:00 PM - 5:00 PM	145AB	Federal Fleet Boot Camp	Krystal J. Brumfield (GSA OGP), Patrick McConnell (GSA OGP), Marcerto Simms (GSA OGP), Joddy Garner (GSA OGP), Eric Adams (GSA OGP), James Vogelsinger (GSA OGP), Chouaib Touraq (GSA OGP), Ron Stewart (INL), Kristin Kenausis (EPA), Jesse Bennett (NREL), Julian Bentley (Bentley Energy), Miguel Welanetz (GSA Fleet), Tom Moriarty (GSA Fleet), and Adlore Chaudier (Tech Systems)	Federal fleet managers have many roles in managing their agency's motor vehicle assets. This is your opportunity to learn about Fleet policies, procedures, and mandates, and to ask any questions you have concerning the Federal fleet management process in an informal environment geared towards learning and two-way conversations! Learn a little about a lot of topics so you can plan the rest of your week!

Tuesday, January 23, 2024				
Time	Room	Session Title	Presenters	Session Description
9:00 AM - 10:00 AM	146ABC	Welcoming Remarks & Keynote Speakers	Crystal Philcox, Sonny Hashmi, and Andrew Mayock	Join Crystal Philcox, Assistant Commissioner for Travel, Transportation and Logistics, Sonny Hashmi, Federal Acquisition Services Commissioner, and Andrew Mayock, Federal Chief Sustainability Officer, in welcoming attendees to FedFleet 2024.
10:00 AM - 12:00 PM	Exhibit Floor	Visit Vendor Booths on Exhibit Floor & Federal Electric Vehicle Ride and Drive		
10:00 AM - 12:00 PM	150	Computer Lab - Hands-on System Application Help		
12:00 PM - 1:00 PM	Lunch			
1:00 PM - 3:00 PM	Exhibit Floor	Visit Vendor Booths on Exhibit Floor & Federal Electric Vehicle Ride and Drive		
1:00 PM - 3:00 PM	150	Computer Lab - Hands-on System Application Help		

Tuesday, January 23, 2024

Time	Room	Track	Session Title	Presenters	Session Description
1:00 PM - 1:30 PM	146AB		Ask an Expert Session: Fleet Electrification & Data Reporting	Facilitator: Lisa Wheatley (GSA Fleet) Panel: Neil Gilligan (PBS CEVI), Paul Cullen (PBS CEVI), Casey Crandell (CEQ), Mark Singer (NREL), Sharath Kallaje (INL), Leidy Boyce (NREL), and Jesse Bennett (NREL)	Have questions about the Federal fleet electrification initiative, your ZEVs on order, how to accelerate your ZEV or infrastructure deployment, the future of the industry, how to acquire EVSE, requirements, reporting, or any other electrification needs? This session will allow you to pose questions to experts on the subject.
1:45 PM - 2:15 PM	146AB		Ask an Expert Session: GSA Fleet Service Representative	Kevin Tobin, Cody Peter, Andrew Gallagher, Heidi Schaeffer, and Michael Baure (GSA Fleet)	Come talk with a GSA Fleet Service Representative (FSR). Learn the valuable role they play in helping you manage your fleet. GSA FSRs will also answer your questions and provide feedback in an open forum session.
2:30 PM - 3:00 PM	146AB		Ask an Expert Session: Post-Pandemic Fleet Utilization & Efficiency	Pete Pulli and Dave Whitehill (GSA Fleet)	The COVID 19 pandemic caused fleet utilization to drop and fleet costs to rise. What can we do as Fleet managers to Right Size our fleets and to lower costs? Fleet experts will also discuss the importance of electric vehicle utilization.
3:15 PM - 4:15 PM	145AB	Policy	Federal Fleet Management Regulations and Policies and FAQs (Repeated)	Marcerto Simms, Joddy Garner, Eric Adams, and James Vogelsinger (GSA OGP)	Explore how Federal regulations governing motor vehicle management fit into an overall framework of laws, regulations, and policies. We will cover Federal Management Regulation 41 CFR 102-34 "Motor Vehicle Management" and how it relates to your job as a fleet manager in the field. Bring your questions about motor vehicle regulations and policies!
	146AB	Electrification	EVSE Planning	Cabell Hodge and Ranjit Desai (NREL)	Learn how to leverage NREL's EVI-LOCATE tool to plan EV charging stations for your fleet and estimate the costs. EVI-LOCATE provides a web platform in which you can diagram your EVSE site plan, assess requirements for electrical upgrades, estimate the cost of installation, and roll your results up to an agency level. The panelists will also discuss other tools and processes that can feed EVI-LOCATE, such as identifying how many charging ports and what power levels you need for your fleet of EVs.
	147AB	Offerings	Supply Chain/Cyber Security Panel	Facilitator: Len Fedoruk Panel: Kevin Tierney (General Motors), William Mazzara (Stellantis), and Faye Francy (Auto ISAC Association)	Join the Supply Chain Industry Panel to discuss how the vehicle industry is addressing concerns regarding potential cyber threats to vehicles and supply chains.
	151AB	Data	GSAFleet.gov - What is Coming and Customer Feedback (Repeated)	Jenevieve Doerr (GSA Fleet)	Join us for an insightful session where we'll dive into the exciting future developments on GSAFleet.gov, as well as how your valuable feedback is shaping its future to better serve your needs and streamline your fleet management processes. Be part of the conversation and help shape the future of GSAFleet.gov!

Wednesday, January 24, 2024

Time	Room	Track	Session Title	Presenters	Session Description
9:00 AM - 10:00 AM	145AB	Policy	Best Practices in Federal Fleet Management	Facilitator: Joddy Garner (GSA OGP) Panel: Todd Sharp (Library of Congress) and Richard Cantu (Treasury)	This panel discussion approaches best practices in Federal fleet management from the perspective of people, process, and technology. A panel of current Federal fleet managers will share their experiences with fleet management, provide tips and best practices that fleet managers can use in their own agencies, and hold a Q&A session with attendees.
	146AB	Electrification	Consideration for Ordering a ZEV	Rebecca Spears and Michael Zeigler (GSA Fleet)	GSA's Zonal Operation experts will provide guidance to consider when ordering Zero Emission Vehicles (ZEV). You will gain valuable insight on how to order the best vehicles to meet your mission needs.
	147AB	Offerings	Light Duty Vehicle Industry Panel	Facilitator: Len Fedoruk Panel: Greg Wood (Ford Motor Company), Phil Bockhorn (Stellantis), Randy Parker (Hyundai America), and Sandor Piszar (General Motors)	A discussion on the state of the global industry and what we can expect in the near term of products, services, and challenges that manufacturers and fleets will face in the coming years.
	151AB	Data	GSAFleet.gov Wallet & Understanding Your GSA Fleet Bill	Meghan LaVoo and Sezen Onat (GSA Fleet)	Join the GSA Fleet team as we demo GSAFleet.gov's new Wallet feature and walk through the billing process for GSA Fleet Leasing, Short Term Rental, and Purchasing programs. We will review recent changes to GSA Fleet bills and discuss what's to come with G-invoicing to ensure the billing process runs as smoothly as possible. Experts will be available to answer any questions you have as time permits.
10:00 AM - 12:00 PM	Exhibit Floor	Visit Vendor Booths on Exhibit Floor & Federal Electric Vehicle Ride and Drive			
10:00 AM - 12:00 PM	150	Computer Lab - Hands-on System Application Help			
12:00 PM - 1:00 PM	Lunch				
1:00 PM - 3:00 PM	Exhibit Floor	Visit Vendor Booths on Exhibit Floor & Federal Electric Vehicle Ride and Drive			
1:00 PM - 3:00 PM	150	Computer Lab - Hands-on System Application Help			
1:00 PM - 1:30 PM	146AB	Ask an Expert Session: Policy Edition		Facilitator: Marcerto Simms (GSA OGP) Panel: Jim Vogelsinger (GSA OGP), Cheryl McClain-Barnes (GSA OGP), and Cabell Hodge (NREL)	Come prepared to ask these policy experts anything from insight into the latest Federal fleet policy questions about vehicle management to how effective policy can help your operations meet their mission requirements. Experts from Vehicle Policy, Travel Policy and NREL will be on the panel to help answer your questions.

Wednesday, January 24, 2024

Time	Room	Track	Session Title	Presenters	Session Description
1:45 PM - 2:15 PM	146AB		Ask an Expert Session: Fleet Electrification & Data Reporting	Facilitator: Lisa Wheatley (GSA Fleet) Panel: Emily Kotz (NREL), Ron Stewart (INL), Osvaldo Laboy Figueroa (PBS CEVI), Chris Towery (PBS CEVI), Brendan Casey (CEQ), Ranjit Desai (NREL), and Julian Bentley (DOE)	Have questions about the Federal fleet electrification initiative, your ZEVs on order, how to accelerate your ZEV or infrastructure deployment, the future of the industry, how to acquire EVSE, requirements, reporting, or any other electrification needs? This session will allow you to pose questions to experts on the subject.
2:30 PM - 3:00 PM	146AB		Ask an Expert Session: GSA Fleet Service Representative	Janelle Crawford, Matthew Aldridge, Sergio Rodriguez, and Todd Perry (GSA Fleet)	Come talk with a GSA Fleet Service Representative (FSR). Learn the valuable role they play in helping you manage your fleet. GSA FSRs will also answer your questions and provide feedback in an open forum session.
3:15 PM - 4:15 PM	145AB	Policy	VAM, Budget Narratives and Fleet Management Plans	Facilitator: Eric Adams, (GSA OGP) Panel: Ron Rogers (DOL), Michelle Kirby (INL), and Dionne Chisolm (DHS)	Vehicle Allocation Methodology (VAM) is a requirement to help agencies reach their optimal fleet size and structure. Annual Fleet Management Plans (FMP) and A-11 Budget Narratives will be discussed and how it all relates to your agency meeting their optimal fleet size and structure goals. Fleet managers will be part of this panel discussion so you can learn the insights into these mandated Federal fleet requirements. This workshop is for attendees at all levels of fleet management from the field to the Agency Fleet Manager!
	146AB	Electrification	GSA ZEV & EVSE Current & Future Offerings	Lisa Wheatley (GSA FAS), Chris LaRocque (GSA PBS CEVI), and Jimmy Rogue (GSA PBS CEVI)	Learn about GSA's zero-emission vehicle and infrastructure offerings and get a jump start on your EVSE acquisition! Remember infrastructure is the first step to electrifying your fleet! Also learn about GSA's FedRAMP authorized EVSE solutions and contracts available and ready to use!
	147AB	Offerings	Short-Term Rental: Case Studies & FAQs	Joe Niewiadomski and Kendron Stoklosa (GSA Fleet)	GSA Fleet's Short Term Rental Program (STR) offers a wide variety of vehicles and equipment to support seasonal work, special events, and surge requirements, as well as replacements during repairs and maintenance. Short Term Rental manages the procurement for agency customers and efficiently partners with commercial rental providers. This session will discuss some of the intricate projects STR has supported along with a deep dive into some of the more frequently asked questions.
	151AB	Data	GSAFleet.gov (How to Organize Your Hierarchy)	Juan Landa (GSA Fleet)	Join us for a session to discuss how office management in GSAFleet.gov will allow you to control the alignment of your agency owned and GSA leased vehicles. This standardization in organization will provide the opportunity to: consolidate data sets for improved reporting, eliminate the need for offering dedicated pages so you can see your entire fleet on one screen, help your organization automate your workflow for your fleet managers, and reduce the need to add multiple permissions/roles when approving your Fleet Managers in GSAFleet.gov.

Thursday, January 25, 2024

Time	Room	Track	Session Title	Presenters	Session Description
8:30 AM - 9:30 AM	145AB	Policy	Personal Liability When Driving a GOV	Devin Beckes (GSA Fleet)	This program addresses legal issues applicable to Government employees and managers. The session will cover the basics of the Federal Torts Claims Act and discuss cases where a Federal employee would not be liable, cases where a Federal employee would be liable, and ways to protect yourself.
	146AB	Electrification	ZEV Charging Data	Emily Kotz (NREL) and Leidy Boyce (NREL)	Understanding your EV and EVSE capabilities can make a difference when planning your fleet electrification. Learn how to develop an EV charging strategy using EV charging technology while saving energy. Although each charging provider operates within its unique settings, there are key built-in functionalities to help manage EV load growth and develop EV charging schedules that are tailored to customer needs. This session will also discuss required reporting and best practices for how to track the electricity used by your fleet EVs and site EVSE units to provide accurate reporting for FAST and the FEMP Annual Energy Management Data Report.
	147AB	Offerings	MAS/Non-Standard/Express Desk Orders and You	Claudia Epps, Benjamin Koses, Russ Miller, and Charlesvincent Agbisit (GSA Fleet)	This session will provide an overview of GSA Fleet's program for GSA Multiple Award Schedule (MAS)/Non-Standard/Express Desk acquisitions. Get familiarized with the specialty vehicle ordering process, types of vehicles ordered, general requirements, and why you have to take the path less traveled for these unique, non-traditional orders.
	151AB	Data	Your GSA Fleet Card	Brian Moseley and Daniel Sessions (GSA Fleet)	The course covers the GSA SmartPay Fleet Card program, fraud detection and prevention, and some of the unique needs related to fleet cards.
9:30 AM - 9:45 AM	Break				
9:45 AM - 10:45 AM	145AB	Policy	Personal Property Management and Exchange/Sale	Facilitator: Tamela Jones (GSA Personal Property) Panel: Bill Garrett & Cindy Gardiner (GSA OGP), Lori Lambert & Antonio Williams (GSA Personal Property)	This session introduces the basic principles, laws, and regulations governing the use, management, and disposal of Federal personal property. This session also discusses Federal property management policies and guidance including the Exchange/Sale Authority and focuses on property owned and managed by the Federal Government. The session will conclude with a panel of personal property management professionals to answer your questions concerning the disposal and sale of personal property assets.
	146AB	Electrification	EVSA & Using Telematics for Electrification	David Baas (GSA Fleet) and Mark Goody (Geotab)	GSA Fleet and Geotab are proud to introduce the Electric Vehicle Suitability Assessment (EVSA) tool that uses your fleet telematics data to pinpoint vehicles that are suitable for electric vehicle (EV) replacement based on range and charge requirements using data intelligence. The EVSA tool provides a total cost of ownership (TCO) estimate factoring in GSA Fleet's leasing rates and ZEV incremental costs to help inform your fleet electrification roadmap. This session will cover the technical advantages of this EV procurement recommendation tool and the eligibility requirements and process for getting started with an EVSA for your organization.
	147AB	Offerings	Vehicle Safety and Recalls	Carol Boros and Harold Powell (GSA Fleet)	Vehicle recalls are a permanent part of fleet management. Vehicles are more reliable, last longer, and are much more complicated than ever before - and new designs mean recalls. Join us to discuss best practices for getting recalls addressed while still achieving your mission. Likewise, learn how to keep your most valuable assets, your drivers, safe and productive with the help of safety training and new technology.
	151AB	Data	Understanding and Improving Your Agency's FAST Fleet Data Quality Metric	Ron Stewart and Sharath Kallaje (INL)	In recent years, the FAST management team provides a data quality metric to each Federal agency reporting fleet data to FAST, along with a small set of priority areas for the agency to focus on in improving the quality of their fleet data submission. In this session, members of the FAST support team will help attendees understand the intent of the metric, what goes into it, how to interpret it, and how the metric can provide important insights into aspects of the agency's fleet data submission needing improvement. The FAST support team will also provide recommendations for important steps each agency can take to improve their submission's quality metric and will touch on steps they are taking to help, as well.

Thursday, January 25, 2024

Time	Room	Track	Session Title	Presenters	Session Description
10:45 AM - 11:00 AM	Break				
11:00 AM - 12:00 PM	145AB	Policy	Home to Work Transportation	Facilitator: Eric Adams (GSA OGP) Panel: David Jackson (VA) and Edra Scott (VA)	Home to Work Transportation is a hot topic in Federal fleet management. The future of work has changed with many working remotely and the rollout of electric vehicles. This workshop will include a review of 41 CFR 102-5 and FMR Bulletin B-35. What is the cost benefit of home to work use? Are agencies tracking the costs? Do you have agency policy on home to work transportation?
	146AB	Electrification	Agency Panel on Best Practices on Electrification	Facilitator: Lisa Wheatley Panel: Roger Kult (FPAC-USDA), Jeanine Smith (DHS), and Steve Redfearn (Army)	There is no one size fits all to deploying electric vehicles and charging infrastructure. However, there is a lot of innovative work being done across government accelerating the Fleet's electrification progress. Listen to different panelists share their process, successes, challenges, and lessons learned. Come prepared with questions! This is a session you won't want to miss.
	147AB	Offerings	GSA Fleet Offerings	Christie Kingsland, Steve Olds, and Dan Buckingham (GSA Fleet)	Join us for an engaging conference session that unveils the world of GSA Fleet Offerings, products, and services designed to revolutionize your fleet. Whether you're a small or a large agency, this session is your gateway to optimizing your fleet management strategy. Our expert speakers will walk you through a diverse array of Fleet Offerings, providing insights into the latest innovations, technological advancements, and solutions. Whether you're a seasoned fleet manager or just exploring new possibilities, this session is your comprehensive guide to optimizing your fleet's potential.
	151AB	Data	Telematics and Fleet Management	Windsor Sippel and Zack Hughes (GSA Fleet)	Telematics is quickly becoming one of the core aspects of modern fleet management. This session, hosted by GSA Fleet's Innovation Branch, will give an overview and progress update of the GSA Fleet telematics program, as well as cover how telematics can help with the requirements of EO 14057, current initiatives, and the Innovation Branch's goals. The session will also provide an in-depth look at some of the data collected by telematics and useful applications of that data which will enable you to gain insight into your fleet and how to manage it most efficiently.
12:00 PM - 1:00 PM	150	Computer Lab - Hands-on System Application Help			
12:00 PM - 1:00 PM	Lunch				
1:00 PM - 2:00 PM	145AB	Policy	Federal License Plates and the Vehicle Registration System	Patrick McConnell (GSA OGP), Christian Oddsund (GSA Fleet), Dan Lindner (UNICOR), and John Dawson (UNICOR)	GSA's Office of Government-wide Policy (OGP) and GSA Fleet work together on the Federal license plate program. This workshop will be an overview of the program's policies and procedures. The GSAFleet.gov Vehicle Registration System will also be discussed. The panel includes representatives from UNICOR, OGP, and GSA Fleet.
	146AB	Electrification	EO 14057 & Gov-wide Electrification Progress	Casey Crandell (CEQ)	Join the White House's Council on Environmental Quality to learn about EO 14057 ZEV acquisition requirements and how to accelerate your agency's progress. Also hear about governmentwide progress, agency best practices, and what to expect in the year to come.
	147AB	Offerings	Medium & Heavy-Duty Vehicle Industry Panel on Emission Changes	Facilitator: John Hampson (GSA Fleet) Panel: Jeff Bodkin (Daimler Trucks) and Rick Motkowicz (GSA Fleet)	A panel of industry and government engineering experts will discuss the implications of the CARB regulations impacting medium/heavy duty truck sales and registrations in California and Washington, and the near-term vision of alternative fueled Class 6 to Class 8 trucks. How will the industry "fill the gap" with the elimination of diesel and gasoline engines in these markets?
	151AB	Data	Inflation & Fleet Costs Increasing: How Can Fleet Managers Help	Facilitator: Karl O'Moore (GSA Fleet) Panelists: SMSgt Aaron C. Wilson (USAF), Terry Gilbert & Scott Ford (GSA Fleet)	Fleet costs are racing up. Every stage of Total Cost of Ownership has escalated since the pandemic. What can you do to mitigate these budget burners? Join GSA Fleet and agency fleet manager experts to learn how we can achieve our mission under challenging times.

Thursday, January 25, 2024

Time	Room	Track	Session Title	Presenters	Session Description
2:00 PM - 2:15 PM	Break				
2:15 PM - 3:15 PM	145AB	Policy	Federal Fleet Management Regulations and Policies and FAQs (Repeated)	Marcerto Simms (GSA OGP), Joddy Garner (GSA OGP), Eric Adams (GSA OGP) and James Vogelsinger (GSA OGP)	Explore how Federal regulations governing motor vehicle management fit into an overall framework of laws, regulations, and policies. We will cover Federal Management Regulation 41 CFR 102-34 "Motor Vehicle Management" and how it relates to your job as a fleet manager in the field. Bring your questions about motor vehicle regulations and policies!
	146AB	Electrification	EVSE Best Practices: Agency Wide & Site Level	Julian Bentley (DOE)	The EVSE Accelerator is an initiative led by CEQ, and supported by FEMP and GSA, to engage with Federal agencies involved in EVSE deployment to gain a broad understanding of what works and what does not work in various EVSE deployment scenarios. The goal of this collaborative effort is to translate these lessons learned and findings into potential actionable recommendations to accelerate EVSE deployment across Federal agencies. Learn about the results from this initiative, including refining the ZEV Ready framework, helping headquarters collaborate with individual sites, capturing and sharing EVSE knowledge, and other possible tools and resources from CEQ, FEMP, and GSA.
	147AB	Offerings	Acquisition & Best Practices	Amber Robles (GSA Fleet) and Miguel Welanetz (GSA Fleet)	So many vehicles. So little time. Come join the GSA Fleet Offering Support Division to learn about roadblocks to and best practices for ordering the right replacement vehicles for your fleet to meet mission requirements.
	151AB	Data	Connected Vehicle and Telematics	Patrick Egan and Kyle Bromir (GSA Fleet)	They aren't just cars anymore; they're computers on wheels. Modern vehicles are arriving directly from the factory with a proliferating number of connected technologies. The vehicles the government receives are no different. Join us on a discussion of how GSA Fleet is working with industry, Federal Government stakeholders, and vehicle OEMs on ensuring the vehicle you receive is protected to the highest levels possible against hostile actors of all origins. We will also provide updates on our popular GSA Fleet Telematics service and how you can best implement telematics in your fleet.
3:15 PM - 3:30 PM	Break				
3:30 PM - 4:30 PM	145AB	Policy	Property Management vs Fleet Management	Patrick McConnell (GSA OGP)	Motor vehicles are personal property in the Federal asset management arena. Property Managers will benefit from learning more about the complexities of fleet management and how to incorporate the management of the motor vehicle fleet into their property management programs successfully.
	146AB	Electrification	ZEV Planning	Mark Singer (NREL) and Jesse Bennett (NREL)	Learn about DOE FEMP resources and tools available to support ZEV planning. The ZEV Ready Center breaks down the process of ZEV planning into manageable steps with specific roles to allow sites to confidently make progress toward ZEV implementation. FEMP provides the FleetDASH and ZPAC tools to help agencies evaluate their fleet, target successful ZEV acquisitions, and effectively plan for long-term adoption goals. The session will cover the existing resources and provide an overview of planned updates.
	147AB	Offerings	Marshalling & Securing Your Vehicle for the Exchange Process	Madison Tilo (GSA Fleet) and Troy Saunders (GSA Fleet)	Learn about the vehicle exchange process and what to expect when the time comes to replace your GSA Fleet asset. From turn-in prep, understanding the new vehicle acceptance, to unique Zero Emission Vehicle considerations. This session will prepare you for your customer experience at our contracted marshalling vendor.
	151AB	Data	GSAFleet.gov - What is Coming and Customer Feedback (Repeated)	Jenevieve Doerr (GSA Fleet)	Join us for an insightful session where we'll dive into the exciting future developments on GSAFleet.gov, as well as how your valuable feedback is shaping its future to better serve your needs and streamline your fleet management processes. Be part of the conversation and help shape the future of GSAFleet.gov!
