

Acknowledgments (Unaudited)

The U.S. General Services Administration appreciates everyone who contributed to the fiscal year 2022 Agency Financial Report (AFR). The AFR represents our agency's dedication to delivering on our mission to provide value and savings in real estate, acquisition, technology, and critical mission-support services across Government.

Our AFR could not have come together without the work of the Office of Financial Management. The office's year-round efforts to compile GSA's financial statements and accompanying notes, monitor internal controls and improper payments, and manage the financial statements audit empower GSA to be an effective and responsible steward of public funds.
