

# GSA Multiple Award Schedule (MAS) 3D Printing and Additive Manufacturing Solutions Capabilities Report

October 2021

To learn more, visit [www.gsa.gov/3dprint](http://www.gsa.gov/3dprint) or email us at [3dprint@gsa.gov](mailto:3dprint@gsa.gov)

## GSA MAS 3D Printing and Additive Manufacturing Capabilities - Products and Services

Through the GSA MAS Program, you have access to agile, long-term government wide contracts with commercial companies that provide access to innovative commercial products and services at fair and reasonable prices. These companies are regularly adding new and innovative 3D Printing/Additive Manufacturing products and services to their GSA contracts to meet unique and evolving needs.

This report includes a snapshot of GSA MAS sources for the broad range of 3D Printing capabilities listed in the below chart. Our goal in continuously expanding capabilities under the MAS program and providing this capabilities report is to help agencies meet operational requirements, maximize their procurement budgets, extend the useful life of their equipment/systems, and secure their supply chains from prohibited products. GSA and our suppliers are continually adding new and innovative products and services to their GSA Contracts. Go to [3D Printing Solutions and Additive Manufacturing Solutions on GSA eLibrary](#) to see a complete list of MAS contractors offering 3D Printing products and/or services along with contract information.

## About The Suppliers in This Report

### **New in this report** - GSA contractors can support Medical applications of 3D Printing!

In addition to desktop and industrial applications, many of GSA's contractors are able to support your agency's medical applications of 3D Printing by offering bio-printers and bio-inks, FDA approved and biocompatible materials, and FDA registered processes for sterilizing 3D printed medical parts and devices that can also be digitally fabricated for you. Use this Key to identify which contractors can support your specific 3D printing application:

**D- Desktop**

**I- Industrial**

**M- Medical**

- This report is a result of industry surveys conducted of MAS suppliers from August to September of 2021 and may not represent all 3D Print/Additive Manufacturing products and services offered under MAS. GSA and our suppliers are continually adding new and innovative products and services to their GSA Contracts. **Go to [3D Printing Solutions and Additive Manufacturing Solutions on GSA e-Library](#) to see a complete list of MAS contractors offering 3D Printing products and/or services along with contract information.**
- If a supplier listed in this report is a MANUFACTURER, the listing includes an ASTERISK \*, otherwise the supplier is a reseller. *NOTE: Some manufacturers may also be resellers of products that they do not manufacture themselves.*
- All listings include a link to the supplier's commercial website. For terms and conditions related to each contract, go to [www.gsaelibrary.gsa.gov](http://www.gsaelibrary.gsa.gov) and search for the GSA contract number listed below.
- Supplier listings include socio-economic status with these indicators. Status is based on the System for Award Management (SAM) at the time of this report:

### **Socio-economic description Key**

**sm** - small business

**w** - Woman Owned business.

**wo** - Women Owned Small business (WOSB).

**ew** - Economically Disadvantaged Women Owned Small business.

**h** - SBA Certified HUBZone Firm.

**v** - Veteran Owned Small business.

**dv** - Service Disabled Veteran Owned Small business.

**d** - SBA Certified Small Disadvantaged business.

**8a** - SBA Certified 8(a) Firm

## How To Use This Report

### Market Research

Not sure what you need? Use this report as a Market Research Tool. Contact the suppliers to gather additional information on their capabilities and abilities to meet your unique requirements. The suppliers are organized in subcategories throughout this report, based on *commonly requested* capabilities and therefore may not be inclusive of every capability available. All listings in this report include the GSA contract number, as well as point of contact information and a link to the supplier's commercial website. For terms and conditions related to each contract, go to [www.gsaelibrary.gsa.gov](http://www.gsaelibrary.gsa.gov) and search for the GSA contract number.

### Obtain Quotes

***Do you already know what you need?*** You can send your requirement or Statement of Work (SOW) to the suppliers in this report via email or [GSA Ebuy](http://GSA Ebuy). Every company listed in this report holds a GSA contract and can be found in GSA Ebuy, [www.ebuy.gsa.gov](http://www.ebuy.gsa.gov), which is GSA's electronic request for quote system.

***Need help building your requirements?*** Let GSA create and manage a request for information (RFI) for you with our FREE value-added [MarketResearch as a Service \(MRAS\)](#). This tool is an easy and fast way for you to visualize the competition and socioeconomic responses that you can expect for your specific requirement if you use GSA's acquisition vehicles.

### Tips for Contacting These Suppliers

- The suppliers' email addresses and phone numbers are included for every supplier.
- **Don't forget to ask for GSA pricing and additional quantity volume discounts!**
- When contacting the suppliers in this report, let them know you saw their company listed in this report, the [GSA 3D Printing/Additive Manufacturing Capabilities Report](#).

### Helpful Resources

[www.ebuy.gsa.gov](http://www.ebuy.gsa.gov) - GSA Ebuy is an electronic request for quote system. In GSA Ebuy, you can access all suppliers listed in this report.

[www.gsaelibrary.gsa.gov](http://www.gsaelibrary.gsa.gov) - GSA Elibrary provides access to all GSA MAS contract holder terms and conditions.

[Market Research as a Service \(MRAS\)](#) - Take advantage of this free value-added service. Let GSA help you build your requirement with a Request for Information (RFI) designed for you.

## Equipment

Resellers in this report offer brands manufactured by 3D Systems, AgieCharmilles, Envisiontec, EOS, FELIXprinters, Formlabs, Fusion 3D, GF Machining Solutions, HP, Kodak, LulzBot, Markforged, Materialise, Mikron, Phillips, RepRap, Ultimaker, ZMORPH and more. **Medical Applications Note:** Bio-printers refers to equipment used to print with biological materials (cells, tissues, etc). However companies listed as supporting medical applications below but do not offer bio-printers, may offer other printing equipment and FDA approved materials that are approved to print biocompatible medical and dental devices.
