PURPOSE AND USE

The purpose and use of this matrix is to assist Ordering Contracting Officers (OCOs) as well as OASIS+ Contractors with what clauses / provisions might be applicable at the Task Order level depending upon the contract type. This resource is not intended to be an exhaustive list of the applicable provisions and clauses at the Task Order level. The OCO must still ensure that, in addition to the included clauses at the Master Contract level that flow down to the Task Order, all applicable clauses are included in the awarded task order depending upon the specific requirements.

*The OCO shall identify any Optional and/or Agency-specific provisions/clauses for each individual task order solicitation and subsequent task order award. The OCO will provide the provision/clause number, title, date, and fill-in information (if any), as of the date the task order solicitation is issued. Utilization of the FAR Smart Matrix for applicability of provisions and clauses for the specific contract type and requirements is highly encouraged. OCOs may also find the new Acquisition Regulation Comparator (ARC) tool helpful in determining applicable agency-specific clauses and provisions that cross-map from the applicable FAR clauses. Both tools are accessible on Acquisition.gov (https://www.acquisition.gov/far-smart-matrix and https://www.acquisition.gov/arc).

Note: *As of the latest RFO update (4/20/2026), updates to the FAR subpart 52.3 Provision and Clause Matrix are forthcoming. The current SMART Matrix and ARC tools may not reflect the provision and clause citations in the current RFO at the time of this latest amendment to the OASIS+ solicitations. Referencing the RFO (https://www.acquisition.gov/far-overhaul) is highly recommended to ensure the appropriate citation of provisions and clauses.

CONGRESSIONAL NOTIFICATION OF TASK ORDER AWARDS

Congressional notifications are not issued by GSA at the Master Contract level for issued Task Orders. However, contractors and OCOs should be aware of specific congressional notification requirements that may apply at the Task Order level. Certain situations, for instance, under FAR 16.504-3(a)(4)(D)(ii) (GSA Class Deviation RFO-2025-16) addressing single-award contracts over $150 million with public interest determinations and FAR 16.507-6(b)(6) (GSA Class Deviation RFO-2025-16) regarding task/delivery orders for DoD, NASA, and Coast Guard using specific competition exceptions require congressional notification. Contractors and OCOs should reference these FAR sections to determine if their specific circumstances trigger notification requirements. The Task Order issuing agency may also have specific guidance as to reporting on their Task Order awards. The Task Order is where the actual work is defined, competed, awarded and funded; hence, the Task Order award may have congressional interest. For example, if the DoD awards a Task Order that meets 1279 reporting criteria, it should be reported per DFARS 205.302 Public Announcement. Contractors and OCOs are responsible for ensuring compliance with all applicable congressional notification requirements for their specific Task Order awards.

ORDER OF PRECEDENCE

FAR 52.215-8 Order of Precedence-Uniform Contract Format (Oct 1997) (Deviation Nov 2025) is applicable to the Master Level contract. If there is a conflict between task order terms and conditions and Master Contract terms and conditions, the Master Contract terms shall take precedence.

PROVISIONS INCORPORATED BY REFERENCE AT TASK ORDER LEVEL

Task Orders may incorporate one or more provisions by reference with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a provision may be accessed electronically online via www.acquisition.gov/far-overhaul

The following FAR **provisions** apply at the Task Order level, as applicable, depending upon the contract type of the Order, or as specifically referenced in the applicable Order:

Note: Fixed Price (**FP**); Cost Reimbursement (**CR**); Time-and-Materials / Labor-Hour (**TM**); Small Business (**SB)**; and Unrestricted (**UR**).

(Note: Provision numbers followed by an asterisk (*) require fill-ins by the OCO if determined applicable and incorporated into the Order.)
