MEMORANDUM FOR PBS REGIONAL COMMISSIONERS
 PBS ASSISTANT COMMISSIONERS
 PBS REGIONAL DESIGN AND CONSTRUCTION DIRECTORS
 PBS REGIONAL FMSP DIRECTORS
 PBS ACQUISITIONS MANAGEMENT DIRECTORS

FROM:

David Insinga, FAIA
Chief Architect
Office of the Chief Architect
Public Buildings Service

A handwritten signature in black ink, appearing to read "David Insinga".

SUBJECT: Addendum to the 2018 P100

The purpose of this memorandum is to update the 2018 P100 with cost cutting measures, updated standards, and new legislation. Cost cutting items were identified in the P100 Cost Impact Study that was developed by National Institute of Building Sciences for the PBS Engineering Division.

The attached addendum is effective immediately for all new contracts that contain design work that are covered per the P100. For prior year funded projects, regions may decide to incorporate these addenda as applicable, after considering budget and schedule constraints on the design and construction contracts.

If you have any questions on this action, please contact Lance Davis at lance.davis@gsa.gov
