*Resolved by the Committee on Transportation and Infrastructure of the United States House of Representatives*, that pursuant to 40 U.S.C. §3307, appropriations are authorized for a lease of up to 140,277 net usable square feet of space, and 950 parking spaces, for the U.S. Department of Veterans Affairs (VA) for an outpatient clinic in the vicinity of Macon, GA to provide continued and expansion services for the Macon veteran community at a proposed unserviced annual cost of \$6,471,000 for a lease term of up to 20 years, a prospectus for which is attached to and included in this resolution.

Approval of this prospectus constitutes authority to execute an interim lease for all tenants, if necessary, prior to the execution of the new lease.

*Provided that*, to the maximum extent practicable, the Administrator shall include in the lease contract(s) a purchase option that can be exercised at the conclusion of the firm term of the lease.

*Provided further*, if the General Services Administration delegates to any other agency the authority granted by this resolution, the Administrator of General Services shall oversee and monitor such delegation of authority to ensure such delegation is carried out consistent with the law and authority provided.

*Provided further*, that the Administrator shall require that the delineated area of the procurement is identical to the delineated area included in the prospectus, except that, if the Administrator determines that the delineated area of the procurement should not be identical to the delineated area included in the prospectus, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

*Provided further*, not later than 30 calendar days after the date on which a request from the Chairman or Ranking Member of the Committee on Transportation and Infrastructure of the House of Representatives is received by the Administrator of General Services, the Administrator shall provide such Member a response in writing that provides any information requested regarding the project.

*Provided further*, prior to entering into this lease or approving a novation agreement involving a change of ownership under this lease, the Administrator of General Services shall require the offeror or the parties requesting the novation, as applicable, to identify and disclose whether the owner of the leased space, including an entity involved in the financing thereof, is a foreign person or a foreign-owned entity; provided further, in such an instance, the Administrator of General Services shall notify the occupant agency(ies) in writing, and consult with such occupant agency(ies) regarding security concerns and necessary mitigation measures (if any) prior to award of the lease or approval of the novation agreement.

*Provided further*, the Administrator of General Services shall require tenant agency(ies) to agree to reporting actual utilization data on at least an annual basis during occupancy and such reports are transmitted to the Committee.

Estimated Unserviced Rental Rate: <sup>1</sup>	\$46.13 per NUSF
Estimated Total Unserviced Annual Cost: <sup>2</sup>	\$6,471,000

**Justification**

A new 140,277 NUSF lease in Macon, GA, will allow for the replacement and expansion of the existing Macon Outpatient Clinic and the Robins Air Force Base Annex.

The current primary care, mental health, certain specialty care, ancillary, and ambulatory surgery spaces at the existing Macon Outpatient Clinic, Robins Air Force Base Annex, and the Carl Vinson VA Medical Center are inadequate and undersized for the current and projected veteran workload demand for services. Specifically, workload for ambulatory services and procedures and mental health stops and services is projected to increase over the next 20 years.

The new facility will enhance VA outpatient services by closing space gaps identified in VA's Strategic Capital Investment Planning process. This new lease will allow VA to provide comprehensive primary care, mental health, specialty care, ambulatory surgery, and ancillary services to the veteran population in the Macon area in a rightsized and state-of-the-art healthcare facility in a timely manner. Being housed in a rightsized, Patient-Aligned Care Team-designed,<sup>3</sup> and more accessible facility will allow better optimized VA care delivery, improved veteran satisfaction, increased team coordination, improved workflows, and improved recruitment and retention for VA staff.

The proposed project aligns with the following VA Departmental Strategic Goals:

1. Deliver Timely, Accessible, High-Quality Benefits, Care and Services
  - VA delivers timely, accessible, high-quality benefits, care, and services to meet the unique needs of veterans and all eligible beneficiaries.
2. Improve Experiences, Satisfaction, Accountability and Security
  - VA ensures governance, systems, data, and management best practices improve experiences, satisfaction, accountability, and security.

**Summary of Energy Compliance**

---

<sup>1</sup> This estimate is for fiscal year 2025 and may be escalated by 2.2 percent annually to the effective date of the lease to account for inflation. The proposed rental rate is unserviced (taxes, insurance, management, and maintenance and repair reserves included); however, the lease contract may include operating expenses paid by the lessor.

<sup>2</sup> New leases may contain an escalation clause to provide for annual changes in real estate taxes.

<sup>3</sup> Patient-Aligned Care Team design focuses on open office work environments, separation of patient and staff flows, and modular adaptable design.

The Government will incorporate energy efficiency and sustainability requirements into the Request for Lease Proposal and other documents related to the procurement of space based on the approved prospectus. The Government encourages offerors to exceed minimum requirements set forth in the procurement, and to the maximum extent practicable requires offerors to comply with the Energy Star requirement and other statutory and regulatory requirements.

**Resolutions of Approval**

Resolutions adopted by the House Committee on Transportation and Infrastructure and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required net usable area.

**Interim Leasing**

The Government will execute such interim leasing actions as are necessary to ensure continued housing prior to the effective date of the new lease. It is in the best interest of the Government to avert the financial risk of holdover tenancy.
